EXPLANATION

The New Hampshire Coastal Program (NHCP) issued a Request for Proposals (RFP) on May 7, 2018 for projects that enhance coastal resilience to current and future hazards. Projects eligible to receive funding from NHCP's competitive Coastal Resilience Grant opportunity included those that build the capacity to address future coastal flood risk and design, permitting, and/or construction of site-specific projects that enhance coastal community and ecosystem resilience. Eleven eligible proposals were received and ranked according to selection criteria and selection committee discussion. Four proposals were selected to receive funding, including the proposal submitted by the Town of Newmarket for this project. A scoring matrix that includes a list of the staff who participated in proposal review, along with their titles and level of experience is provided in Attachment B.

The purpose of this project is to replace a 36 inch corrugated metal culvert on Lubberland Creek at Bay Road with a sixteen-foot wide and nine-foot-tall concrete box culvert. This culvert replacement project is designed to achieve three primary goals for coastal and climate resilience: (1) to restore aquatic connectivity at the system's tidal/freshwater interface allowing diadromous fish passage at the perched Bay Road culvert; (2) to enhance the resilience of the Lubberland Creek salt marsh, Great Bay estuary's second largest contiguous salt marsh and documented exemplary natural community, by removing the existing tidal restriction at Bay Road with a

structure that will allow upstream salt marsh migration; (3) to remediate the flood hazard of this road-stream crossing, which overtops during flood events and thereby compromises public safety and contributes excess sediments and nutrients to Great Bay.

Total project costs are budgeted at \$113,329. DES will provide \$75,553 of the project costs through this federal grant. The Town of Newmarket will provide \$37,776 in matching funds. A budget breakdown is provided in Attachment A.

In the event that the Federal funds become no longer available, general funds will not be requested to support this program. The agreement has been approved as to form, substance, and execution by the Office of the Attorney General.

We respectfully request your approval:

Robert R. Scott, Commissioner

CERTIFICATE OF COVERAGE

In accordance with those statutes, its Trust Agreement and bylaws, Primex³ is authorized to provide pooled risk management programs established for the benefit of political subdivisions in the State of New Hampshire.

Each member of Primex³ is entitled to the categories of coverage set forth below. In addition, Primex³ may extend the same coverage to non-members. However, any coverage extended to a non-member is subject to all of the terms, conditions, exclusions, amendments, rules, policies and procedures that are applicable to the members of Primex³, including but not limited to the final and binding resolution of all claims and coverage disputes before the Primex³ Board of Trustees. The Additional Covered Party's per occurrence limit shall be deemed included in the Member's per occurrence limit, and therefore shall reduce the Member's limit of liability as set forth by the Coverage Documents and Declarations. The limit shown may have been reduced by claims paid on behalf of the member. General Liability coverage is limited to Coverage A (Personal Injury Liability) and Coverage B (Property Damage Liability) only. Coverage's C (Public Officials Errors and Omissions), D (Unfair Employment Practices), E (Employee Benefit Liability) and F (Educator's Legal Liability Claims-Made Coverage) are excluded from this provision of coverage.

The below named entity is a member in good standing of the New Hampshire Public Risk Management Exchange. The coverage provided may, however, be revised at any time by the actions of Primex³. As of the date this certificate is issued, the information set out below accurately reflects the categories of coverage established for the current coverage year.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend, or alter the coverage afforded by the coverage categories listed below.
