**THE STATE OF NEW HAMPSHIRE**  
**DEPARTMENT OF TRANSPORTATION**

**VICTORIA F. SHEEHAN**  
**COMMISSIONER**

**WILLIAM CASS, P.E.**  
**ASSISTANT COMMISSIONER**

Bureau of Construction  
June 7, 2016

Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with Cold River Bridges, LLC of Walpole, NH (Vendor 261883) on the basis of a low bid of \$811,756.50 for bridge rehabilitation work on the bridge carrying NH 123 over the Connecticut River, from the date of Governor and Council approval through August 11, 2017 unless extended by the Department in accordance with the Standard Specifications. 100% Betterment Funds.

Funding is available as follows:	<u>FY 2016</u>	<u>FY 2017</u>
04-96-96-963015-3039		
Highway Betterment Aid		
400-500870 Highway Contract Payments	\$200,000.00	\$611,756.50

2. Further authorize that a contingency in the amount of \$81,175.65 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Contingency Funding is available as follows:	<u>FY 2016</u>	<u>FY 2017</u>
04-96-96-963015-3039		
Highway Betterment Aid		
400-500870 Highway Contract Payments	\$20,000.00	\$61,175.65

**EXPLANATION**

This project is part of the State's Ten Year Transportation Improvement Plan, under the Betterment Program. This project consists of bridge rehabilitation work on the bridge (Walpole Br. No. 132/062) carrying NH 123 over the Connecticut River. The scope of work includes replacement of the bridge deck pavement and membrane, partial and full depth deck repair, and replacement of the expansion joints. This existing bridge received a new concrete deck in 1989 and currently has a condition rating of 6 on a scale of 1 to 9. The concrete deck is showing signs of deterioration and the expansion joints are leaking on the abutments and bearings. This preservation project will address and fix these issues to extend the life of the structure and keep it off the State's red list.

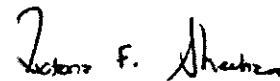

The Contingency amount is proposed to be 10%. This work includes the rehabilitation of the bridge, which typically has higher risks of cost and quantity overruns due to the nature of the rehabilitation work and the inability to accurately quantify the extent of deck repairs. Until the existing pavement and membrane on the deck is removed, the true extent of the repair work is only an estimate.

Although the bid costs exceeded the Department's estimate, the low bid is felt to be reasonable for the work involved. In summary, two bids were received, which were within ten percent of each other. The primary differences in higher bid prices were related to mobilization and traffic control items. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs. The Vermont Agency of Transportation has concurred in the low bid and award of the contract.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/md

Department Estimate:	\$725,056.90
Contract Amount:	<u>\$811,756.50</u>
Over Estimate:	\$ 86,699.60

## SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** This project consists of bridge rehabilitation work on the bridge (Walpole Br. No. 132/062) carrying NH 123 over the Connecticut River. The scope of work includes replacement of the bridge deck pavement and membrane, partial and full depth deck repair, and replacement of the expansion joints.

**FEDERAL FUNDING:** None. Project is funded by the Betterment Program. 8% of project costs will be reimbursed by the State of Vermont (which does have Federal Funding).

**CONTINGENCY:** The Contingency amount is proposed to be 10%. This work includes the rehabilitation of the bridge, which typically has higher risks of costs and quantity overruns due to the nature of the rehabilitation work and the inability to accurately quantify the extent of deck repairs. Until the existing pavement and membrane on the deck is removed, the true extent of the repair work is only an estimate.

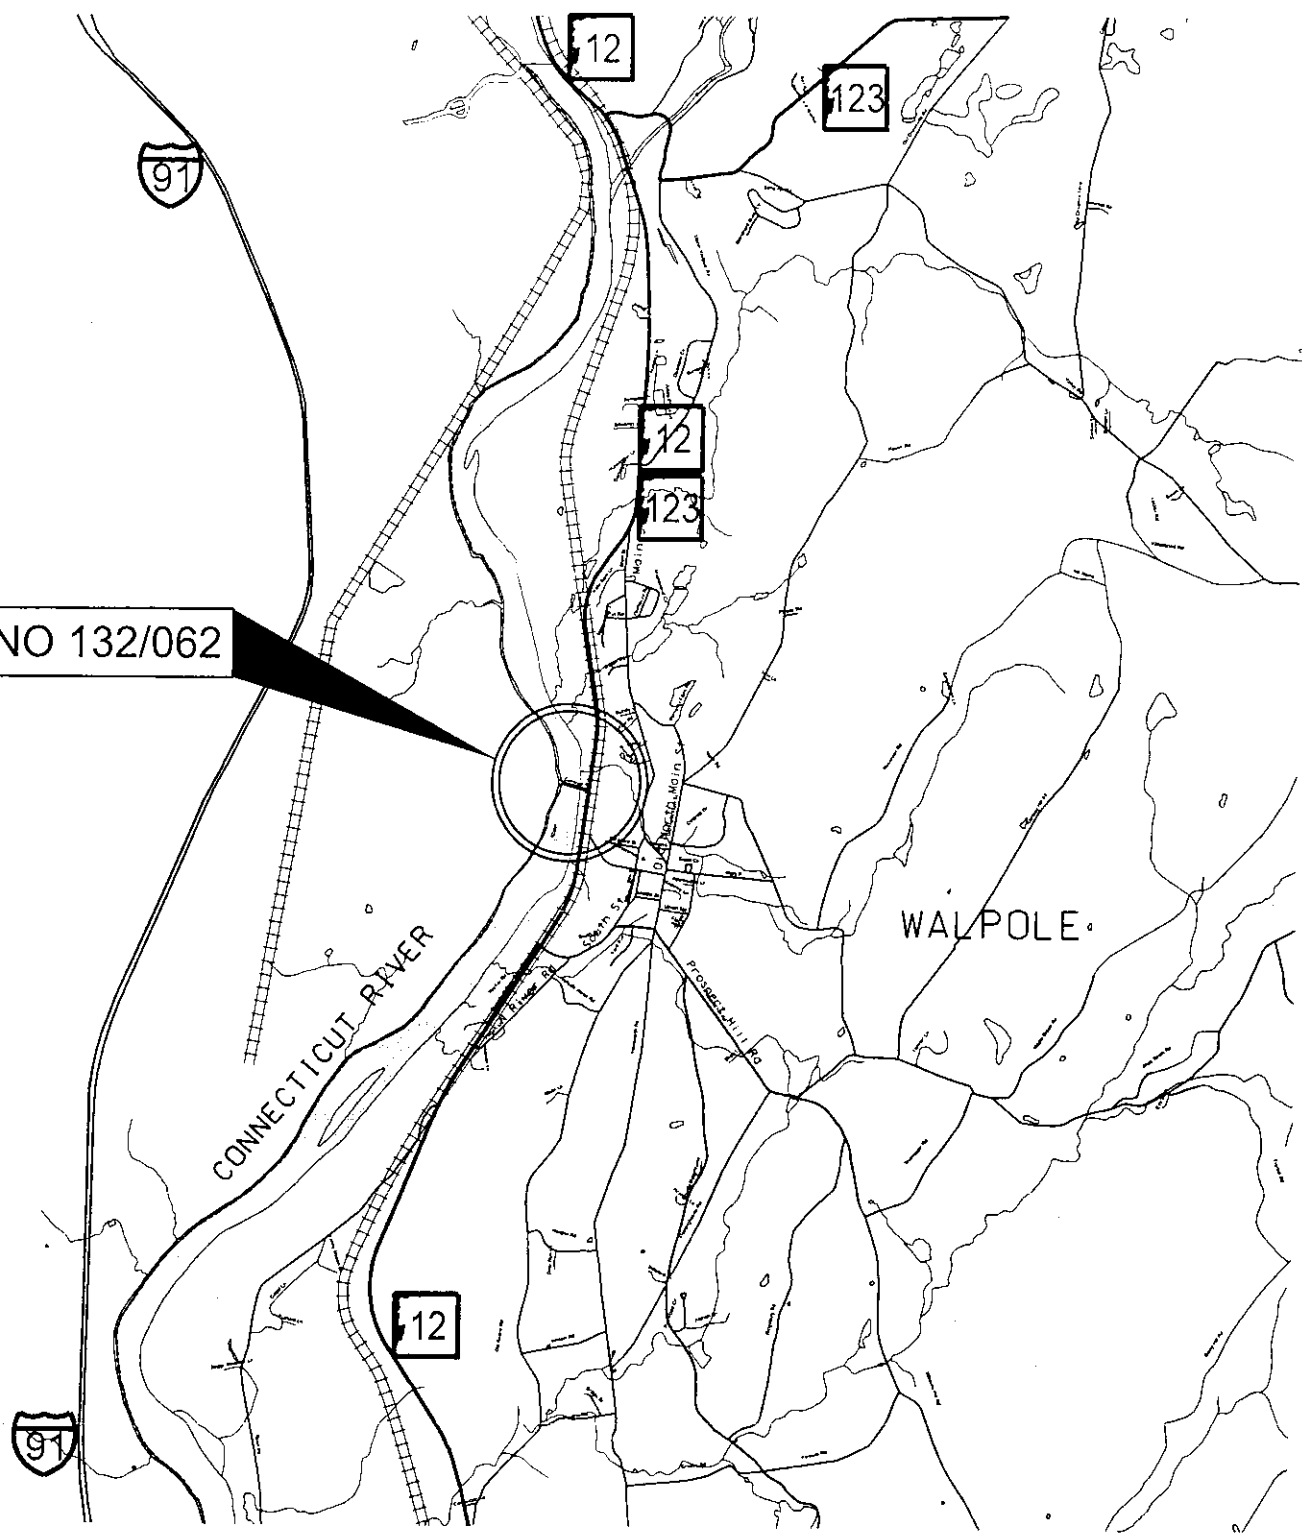

**PROJECT INITIATED:** This project was initiated through the Betterment Program.

**PROJECT EXPLANATION:** This existing bridge received a new concrete deck in 1989 and currently has a condition rating of 6 on a scale of 1 to 9. The concrete deck is showing signs of deterioration and the expansion joints are leaking on the abutments and bearings. This preservation project will address and fix these issues to extend the life of the structure and keep it off the State's red list.

**TRAFFIC IMPLICATION** Bridge rehabilitation work will be done utilizing phased construction in two phases. During each phase of construction, a one-lane, alternating two-way traffic pattern will be implemented utilizing temporary traffic signals. Continuous day and overnight lane closures will not begin prior to April 1, 2016. Signals will be located on NH Route 12 just south and north of the intersection with NH 123. There will also be a signal to the west of the bridge. A minimum lane width of eleven (11) feet will be maintained.

**FINAL COMPLETION DATE:** August 11, 2017.
