The petition of David Upton and others praying that a public highway may be laid out in the town of Sharon, described as follows: viz — "Commencing at or near the dwelling house of James Law in said Sharon and running westerly thruge land of Melvin and Osmon, David Upton, Joseph Upton, Widow Piper, Joseph Piper, and Benjamin Russell to the county road near guide board east of said Russells".

and it was ordered by said court that John Smith, Francis Blood, and Widdow Wilson Esquires, be a committee, etc

Having fully considered the matter we are unanimously of the opinion that the public good does not require the whole of the road to be laid out and made, but that a part of said road will be a public utility, and have proceeded to lay out as follows, beginning at a stake standing on the east line of Benjamin Russells land, thence S 43° W, 49 rods, to the County road. We have laid said road two and one half rods wide, the stakes set up is the center of said road. We have assessed the damages to Benjamin Russell Esq. at $88.00 and have limited the time for completing said road to one year from this date. Cost of Committee Surveying etc $9.50, which report being duly considered and the parties fully heard is accepted, and it is considered and adjudged by the court here that the highway therein described, viz, (Discription repeated) be and hereby is laid out and established.
