### EXPLANATION

These State Agency awards are funded as part of the Department of Homeland Security Grant program allocation. This program assists State agencies in securing their State and communities by participating in or purchasing training, equipment to prevent, respond to, and recover from potential acts of terrorism and other potential disasters. At the request of DoIT, the Information & Analysis Center (IAC) State Critical infrastructure subcommittee performed a comprehensive facility study. Based upon the results of this study, the Department of Information Technology applied to the Department of Safety and was subsequently awarded \$220,200.00 of the Homeland Security grant in order to fund the implementation of recommended physical security measures at DoIT Headquarters located at 27 Hazen Drive.

The funds are to be budgeted as follows:

The funds in class 037-Technology-Hardware are needed for the funding of hardware associated with the physical security measures at the DoIT Data Center.

The funds in class 038- Technology-Software are needed for the funding of computer software associated with the physical security measures at the DoIT Data Center.

The funds in class 046-Consultants are needed for the purpose of hiring independent consultants to review existing physical security measures and to make recommendations on improving the security measures to the DoIT Data Center.

The following information is provided in accordance with the Comptroller's instructional memorandum dated September 21, 1981.

1. List of personnel involved: Temporary consultants.
2. Nature, Need and Duration: The temporary consultants will provide for the increased needs for subject matter experts beyond the limited resources of in-house personnel.
3. Relationship to existing agency programs: Expands the security measures at DoIT's Data Center and statewide security for all agencies currently using the Data Center.
4. Has a similar program been requested of the legislature and denied? No.
5. Why wasn't funding included in the agency's budget request? It was unclear at the time that there would be a potential need for consultant to complete these tasks.
6. Can portions of the grant funds be utilized. This request is 100% federally funded.
7. Estimate the funds required to continue this positions: the temporary consulting positions are estimated at \$5,000.00

### Explanation

These State Agency awards are funded as part of the Federal Fiscal Year 2010 Department of Homeland Security Grant Program allocation to assist State agencies in securing their State and communities by participating in or purchasing training, equipment, and exercising to prevent, respond to, and recover from potential acts of terrorism and other potential disasters. Eligibility is based upon Federal first responder criteria, grant specific criteria, responsibilities for the State's Emergency Support Functions, and inclusion in the State's emergency prevention, response, recovery, critical infrastructure and mitigation framework.

The 2010 grant awards to the following Agencies are for the items below.

State Agency	Item
Department of Environmental Services	This grant is funding 7 GPS devices in support of the Dam unit.
	This grant is funding a water system distribution pump in support of the Dam unit.
	This grant is funding a study, as recommended based on the outcome of an exercise/drill, to set up a small incident command center with auxiliary power.

Department of Information Technology	The grant is funding recommended physical security measures implementation at DOIT HQ at 27 Hazen Drive. This is as a result of a comprehensive facility study by Information & Analysis Center (IAC) State Critical Infrastructure subcommittee. Study specifics cannot be disclosed per DHS guidelines.
NH State House/NH General Court	The grant is funding recommended physical security measures implementation at State house complex. This is the result of a comprehensive facility study by Information & Analysis Center (IAC) State Critical Infrastructure subcommittee. Study specifics cannot be disclosed per DHS guidelines

Highway Funds or General Funds will not be used should Federal Funds become unavailable.
