The purpose of this request is to reimburse First Responder Organizations for personnel costs, including salary, wages, travel, stipends, and fringe benefits, incurred for employees assisting the State with vaccinating qualifying New Hampshire residents against COVID-19. The Department is requesting authority to make unencumbered payments to participating First Responder Organizations statewide in accordance with the attached COVID-19 Vaccination Aid Agreement that has been reviewed and approved by the Attorney General's Office. Given the large number of potential First Responder Organizations needed to support ongoing vaccination efforts, this requested action will result in a more streamlined and efficient process that will prevent delays in the delivery of COVID-19 vaccines.

Should the Governor and Council not authorize this request the Department will be unable to reimburse First Responder Organizations across the state for their assistance with COVID-19 vaccination efforts. Additionally, without the participating of the First Responder Organizations, the State will not be able to efficiently administer COVID-19 vaccinations statewide
