### Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) requests authorization to enter into a grant agreement with School Administrative Unit (SAU) #23/Haverhill Cooperative School District (VC#154558) for emergency preparedness capabilities and enhancements for a total amount of \$49,941.00. Effective upon Governor and Council approval through September 30, 2014. Funding source: 100% Federal Funds.

Funding is available in the SFY 2014 operating budget as follows:

02-23-23-236010-80920000	Dept. of Safety	Homeland Sec-Emer Mgmt	100% EMPG Local Match
072-500577	Grants to Schools - Federal		
Activity Code: 23EM128092			\$49,941.00

### Explanation

The SAU plans to upgrade the access control system at Woodsville High School, upgrade and add security camera systems at all three (3) schools (Woodsville Elementary School, Haverhill Community Middle School, and Woodsville High School), and install new panic buttons with magnetic door releases in all three (3) schools. The district's School Administrators and the Supervisor of Buildings and Grounds have developed and updated emergency response plans working closely with the Haverhill Police and Fire Chiefs, local Emergency Management Director (EMD), NH HSEM personnel, local emergency management and first responders. This group did a recent walkthrough of the high school three-building campus and regular emergency lockdown and evacuation drills have brought issues to the Building Safety Committee meetings for discussion and updates in procedures. The school district and police department jointly funded the presentation of *Emergency Response to Stopping a School Shooter* in December 2012. Immediately following the presentation and after the Sandy Hook tragedy, the schools had additional emergency walkthroughs, training and drills to determine what other improvements were needed to enhance the security at the schools.

The grant listed above is funded from the FFY'12 Emergency Management Performance Grant (EMPG), which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The grant funds are to be used to measurably improve all-hazard planning and preparedness capabilities/activities, to include mitigation, preparedness, response, and recovery initiatives at the state and local level. Grant guidance and applications are sent out to all Emergency Management Directors and other qualified organizations in the State. Grantees submit applications to this office, which are reviewed and approved by the HSEM Planning Chief, Assistant Planning Chief and Field Representatives. The criteria for approval are based on grant eligibility in accordance with FFY'12 grant guidance and the documented needs of the local jurisdictions; a copy of this guidance is attached.

The Emergency Management Performance Grants are 50% federally funded by FEMA with a 50% match requirement supplied by the grantee. The grantee acknowledges their match obligation as part of Exhibit A to the grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes  
Commissioner of Safety

**New Hampshire Homeland Security and Emergency Management (NHHSEM)  
Emergency Management Performance Grant (EMPG) Guidance  
FFY 2012**

*(Grant Performance Period: October 1, 2011 through September 30, 2014)*

The purpose of the FY 2012 Emergency Management Performance Grant (EMPG) Program is to assist State and Local Governments and other eligible agencies in preparing for all hazards. EMPG focuses on Planning, Organization/Administrative, Equipment, Training, Exercises, Mitigation and Maintenance/Sustainment to enhance and sustain all-hazards emergency management capabilities.

As part of the FY 2012 EMPG Program, DHS-FEMA identified an overarching ***priority***:

*Advancing “Whole Community” Security and Emergency Management: “Whole Community” fosters a national emergency management approach and considers all aspects of a community to effectively prepare for, protect against, respond to, recover from, and mitigate against any terrorist attack or natural disaster. As the country experiences threats of terrorist attacks (foreign and domestic) and natural disasters, communities are challenged to develop collective, local abilities to withstand the potential impacts of these events, respond quickly, and recover in a way that sustains or improves the community’s overall well-being. Achieving this collective capacity calls for innovative approaches across the community, including emergency management to build up existing practices, institutions, and organizations that help make local communities successful, and that can leverage this infrastructure if and when an incident occurs.*

**Effectiveness Measures – Quarterly Progress Reporting:** As part of the EMPG Program administration, grantees are ***required*** to provide quarterly reports that provide sufficient detail for NH HSEM to measure progress of the funded project(s). The EMPG Quarterly Report form is available on NH HSEM’s website at: <http://www.nh.gov/safety/divisions/hsem/grants/documents/empg-quarterly-form.doc>

**Cost Match:** The EMPG Program has a 50 percent (50%) Federal and 50 percent (50%) Local cost match (cash or in-kind) requirement. Unless otherwise authorized by law, Federal funds cannot be matched with other Federal funds. To meet matching requirements, the grantee contributions must be *reasonable, allowable, allocable, and necessary* under the grant program and must comply with all Federal requirements and regulations.

**Allowable Costs:** EMPG funding is available for projects that fall into the categories of – ***Planning, Organization/Administrative, Equipment, Training, Exercises, Mitigation and Maintenance & Sustainment.*** The following list of possible projects and activities is meant to guide you in selecting projects for an EMPG grant submission. This list of suggested projects is not intended to be all-inclusive. Local communities or agencies may have other specific projects and activities that reflect specific local needs based on local capability assessments and local hazards.

***Planning***

FY 2012 EMPG Program funds may be used for a range of emergency management planning activities. Planning provides a methodical way to engage the whole community in thinking through the life cycle of potential crises, determining required capabilities, and establishing a framework for roles and responsibilities. Planning must include participation from all stakeholders in the community who are able to contribute critical perspectives and may have a role in executing the plan. Planning should be flexible enough to address incidents of varying types and magnitudes.

**Planning activities may include, but are not limited to, the following:**

- **Create/update your Local Emergency Operations Plan (LEOP) \*\*** consistent with the Comprehensive Preparedness Guide (CPG) 101 v.2 November 2010 which serves as the foundation for State and local emergency planning. CPG 101 can be found at:  
[http://www.fema.gov/pdf/about/divisions/npd/CPG\\_101\\_V2.pdf](http://www.fema.gov/pdf/about/divisions/npd/CPG_101_V2.pdf).

- Develop/enhance a local shelter plan.
- Develop/enhance emergency management and operations plans to integrate citizen/volunteer and other non-governmental organization resources and participation.
- Develop/enhance other response and recovery plans, following the DHS program guidance.

**\*\* A community must have the following two plans in place before NH HSEM will consider funding other projects: an updated LEOP and a FEMA approvable All-Hazards Mitigation Plan. Applicants may apply for funding for these plans in conjunction with other items.**

***Organization/Administrative***

EMPG Program funds may be used for all-hazards emergency management operations, staffing, and other day-to-day activities in support of emergency management. Proposed staffing activities should be linked to accomplishing emergency management-related projects and activities. This grant is project-driven.

**Organization/Administrative projects & activities may include, but are not limited to, the following:**

- Maintain/upgrade an Emergency Operations Center and/or alternate EOC capable of accommodating staff to respond to local emergencies.

### ***Equipment***

Allowable equipment categories for the FY 2012 EMPG Program are listed on the web-based version of the Authorized Equipment List (AEL) on the Responder Knowledge Base (RKB), which is sponsored by FEMA at <http://www.rkb.us>. Unless otherwise stated, equipment must meet all mandatory regulatory and/or FEMA-adopted standards to be eligible for purchase using these funds. In addition, agencies will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

The **select allowable equipment** includes equipment from the following AEL Categories:

- [04] Information Technology
- [05] Cyber Security Enhancement Equipment
- [06] Interoperable Communications Equipment (see note below)
- [07] Detection Equipment
- [10] Power Equipment (i.e., generators)
- [11] CBRNE Reference Materials
- [12] CBRNE Incident Response Vehicles \*\*
- [14] Physical Security Enhancement Equipment

All applications for this type of activity will be kept on file. Funding will be considered at the end of the grant performance period, and after all non-vehicle related Emergency Management project requests have been funded.

If you have questions concerning the eligibility of equipment not specifically addressed in the AEL, please contact the State EMPG Program Manager for clarification.

**NOTE:** Grantees that are using FY 2012 EMPG Program funds to support emergency communications activities should comply with the *FY 2012 SAFECOM Guidance on Emergency Communication Grants*. The guidance provides recommendations to grantees seeking funding for interoperable emergency communications projects, including allowable costs, items to consider when funding emergency communications projects, grants management best practices for emergency communications grants, and information on standards that ensure greater interoperability. The guidance is intended to ensure that Federally-funded investments are compatible and support national goals and objectives for improving interoperability nationwide. SAFECOM guidance can be found at <http://www.safecomprogram.gov/library/lists/library/DispForm.aspx?ID=334>.

The recipient shall also ensure projects support the Statewide Communication Interoperability Plan (SCIP).

### ***Training***

FY 2012 EMPG Program funds may be used for a range of emergency management-related training activities to enhance the capabilities of State and local emergency management personnel through the establishment, support, conduct, and attendance of training. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- **Travel** - Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.

***Exercises***

Exercises implemented with grant funds should evaluate performance of the capabilities required to respond to the exercise scenario. Exercise activities should follow HSEEP Guidance which can be found at <https://hseep.dhs.gov>. Grantees are encouraged to develop exercises that test their Local EOPs. *Before applying for EMPG funds for an exercise, please contact the State's Exercise/Training Officer on availability for HSEEP funding which is 100% compared to 50% under EMPG.*

**Allowable exercise-related costs** include:

- Conduct multi-agency EOC exercise (tabletop or functional) and forward report to include after action reports to NH HSEM (external evaluation of exercise is strongly encouraged). Exercises might involve any of the following scenarios:

- Overtime and Backfill - The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of time spent on the design, development and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- Supplies - Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise projects (e.g., copying paper, gloves, tape, non-sterile masks, and disposable protective equipment).
- Other Items - These costs are limited to items consumed in direct support of exercise activities such as the rental of space/locations for planning and conducting an exercise, rental of equipment (e.g., portable toilets, tents), and the procurement of gasoline, exercise signs, badges, and other essential nondurable goods. Grantees are encouraged to use free public space/locations, whenever available, prior to the rental of space/locations.

*Exercises (cont.)*

**Unauthorized exercise-related costs** include:

- Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances). The only vehicle costs that are reimbursable are fuel/gasoline or mileage.
- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).
- Durable and non-durable goods purchased for installation and/or use beyond the scope of exercise conduct.

***Mitigation***

Prior to applying for EMPG funds to do a Mitigation Project, it is recommended to first inquire on Hazard Mitigation-type Grants through the State Hazard Mitigation Officer, Lance Harbour. He can be reached at 603-223-3633.

**Mitigation Activities may include:**

- Brick and mortar projects, such as, installing drainage ditches, enlarging culverts, or installing riprap. No annual maintenance activities allowed, such as brush removal, or drainage clearing.
- Communications activities, such as communications studies, compatibility studies, and/or purchasing of communications equipment for interoperability.

***Maintenance and Sustainment***

The use of FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable under all active and future grant awards, unless otherwise noted. Grantees are reminded that **supplanting is not permitted under the EMPG Program**. Maintenance contracts and warranties, repair and replacement costs, upgrades, and/or user fees for equipment that was not originally purchased with preparedness grant funding may not be subsequently paid for with preparedness grant funding.

**Maintenance and Sustainment may include:**

- Maintenance Contracts and Warranties - To increase the useful life of the equipment, FEMA has determined that maintenance contracts and warranties may be purchased using grant funding from one FY to cover equipment purchased with funding from a different FY. The use of grant funding for the purchase of maintenance contracts and warranties must meet the following conditions:
  - Maintenance contracts and warranties may only be purchased for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing Congressional appropriations for specific programs, maintenance contracts and warranties must be purchased using funds from the same grant program used to purchase the original equipment
  - The term of the maintenance contract or warranty shall not exceed the period of performance of the grant to which the contract is being charged.

*Maintenance and Sustainment*

**Maintenance and Sustainment may include (cont.):**

- Repair and Replacement Costs - The cost of repair and replacement parts for equipment purchased using FEMA preparedness grant funding is an allowable expense
  - Repair and replacement parts may only be purchased for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing Congressional appropriations for specific programs, repair and replacement parts must be purchased using the same grant program used to purchase the original equipment
- Upgrades - FEMA preparedness grant funding may be used to upgrade previously purchased allowable equipment. For example, if the grantee purchased risk management software with EMPG Program funds in FY 2005 and would like to use FY 2012 grant funding to upgrade the software, this is allowable.
  - Upgrades may only be purchased for equipment that has been purchased using FEMA preparedness grant funding.
  - To avoid supplementing Congressional appropriations for specific programs, upgrades must be purchased using the same grant program used to purchase the original equipment.
- User fees - User fees are viewed as costs for specific services required to maintain and provide continued operation of equipment or systems. An example would be the recurring service fees associated with handheld radios or mobile data computers
  - User fees may only be paid for equipment that has been purchased using FEMA preparedness grant funding
  - To avoid supplementing congressional appropriations for specific programs, user fees must be paid for using the same grant program used to purchase the original equipment.
  - The service time purchased shall not exceed the period of performance of the grant to which the user fee is being charged.

***Metropolitan Medical Response System (MMRS) & Emergency Operations Center (EOC) Grant Programs***

**MMRS & EOC Grant Programs:**

Although no longer funded as discrete grant programs, all activities and costs allowed under the FY 2011 Emergency Operations Center (EOC) Grant Program, and FY 2011 Metropolitan Medical Response System (MMRS) grant program are allowable costs under the FY 2012 EMPG Program. Before applying, please contact the EMPG Program Manager to discuss project eligibility and availability of funds.

- 12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
- 12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

14. GRANTEE'S RELATION TO THE STATE. In the performance of this Agreement the Grantee, its employees, and any subcontractor or subgrantee of the Grantee are in all respects independent contractors, and are neither agents nor employees of the State. Neither the Grantee nor any of its officers, employees, agents, members, subcontractors or subgrantees, shall have authority to bind the State nor are they entitled to any of the benefits, workmen's compensation or emoluments provided by the State to its employees.

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.
17. INSURANCE AND BOND.
- 17.1 The Grantee shall, at its own expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

Each policy shall contain a clause prohibiting cancellation or modification of the policy earlier than ten (10) days after written notice thereof has been received by the State.
18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

Haverhill Cooperative School Board  
Public Meeting Minutes  
August 12, 2013

**Board present:** Maryann Aldrich, Jay Waterhouse, Phil Tucker, Dick Guy, Don Bazzell, John Rutherford, and Nicole Horne

**Admin present:** Bob Jones, Pat Amsden, Bruce Labs, Brent Walker, Jordan Burke, Kathy Clark, Nancy Tuite

**Public Present:** Lorrie Anne Noyes, Shawn Bigelow, Pat Buchanan, Michelle Reagan, Barbara Marshall, Ed Ballam

**Called meeting to order:** 6:02pm Dick Guy called the meeting to order.

**Public Input:** 6:03pm Dick called for any public input, there was none.

**Approval of July 8, 2013 minutes:** 6:04pm Don Bazzell motioned to approve the minutes as printed, Maryann seconded, all in favor. (Nicole Horne was not yet present)

**New Business:** 6:05pm Maryann had new business she wanted to discuss. She explained that she would like to see a student from WHS on the board to sit in as a member, without voting, or nonpublic privileges, maybe a junior or a senior, and asked for Bob Jones' input. Discussion ensued.

6:10pm - Maryann made the motion to delegate the junior/senior student body council to put forth a name of whom they would like to have on the board.

Don – mentioned that they don't want to tell them what they should/shouldn't do or who they have to choose, it should be open to anyone who is interested and narrow from there.

Bob Jones agreed to bring to the student council.

Maryann redacted her first motion and made a new one

6:16pm Maryann motioned to have Bob Jones bring the offer to the student council, and to bring back names to the board of two students at the September meeting. John seconded, all in favor.

Further discussion ensued.

6:19pm Don Bazzell also had new business to address. He brought up his concerns with board members going off on their own, giving the example of [REDACTED]. He asked [REDACTED] why he was inquiring to [REDACTED] about funds left on the contract, and what he could do with them. Don stated he felt this was inappropriate of a single board member to do and this was something that should have been brought forward to the board first to discuss at the board meeting and go from there. Don explained he

feels there is still a big separation within the board and stated he feels it is in large part due to poor leadership, giving the example of emails that have been transmitted between board members.

6:23pm – Don Bazzell motioned to ask Dick Guy to resign as board chair. Phil Tucker seconded. Don and Phil were in favor, all others were opposed.

██████████ gave an explanation to the board as to why he emailed ██████████.

Bruce expressed frustration with the situation as he had no clue John had done so and had no answer to ██████████ email to Bruce asking why ██████████ wanted to know what was left for funds and if it could be used for something else or only for ██████████ purpose.

Bruce explains briefly, the situation. He stated that \$20,000 was put aside for a facilities evaluation done by Mark Wheeler and EH Danson Company. Not all of the money had been used at the time the board took on new members, and with the direction some members seemed to be going with building ideas, he felt it best to hold off on any further evaluation or plans until they knew which direction they were going in. EH Danson is under contract for this evaluation with a Purchase Order still open for them. Discussion ensued

6:32pm – John gave a quick run down to the board of what the facilities committee has been discussing. He let them all know that John Blaney will be attending the meeting on August 28<sup>th</sup> to go over a power point. A suggestion was made to have a committee member come back to the board and go over what's been discussed in the meetings to keep the board in the loop, suggestion was made to have John do it. It was pointed out by Shawn Bigelow, that this would be a committee decision NOT a board decision on who will come to the board each month with updates.

Nicole Horne wants this to be an agenda item each month.

**Appointment of committee members:**

- Budget Advisory – Don Bazzell, Nicole Horne, Maryann Aldrich
- Health Insurance – Jay Waterhouse, John Rutherford, Dick Guy
- Negotiations – Phil Tucker, Dick Guy, John Rutherford

6:39pm - Maryann motioned to accept the lists as presented, Jay seconded, all in favor.

**Review/choose legal representation:** Maryann asked for Bruce's recommendation, he stated he has no real knowledge of either firm, however Nancy Tuite has worked with Drummon and Woodsome and could better judge their character. Discussion ensued.

6:44pm – Don made the motion to go forward with Drummon and Woodsome for one year, Jay seconded, all in favor.

→ **Accept ENPG Grant agreement terms:** 6:45pm Pat Amsden summarized the hand out given to the board on the ENPG grant. Said she got a phone call that the grant was coming available, it was on a first come first serve basis, and the grant application had to be in ASAP to be considered, with a very detailed list of

required documents attached. The maximum amount that could be asked for was \$50,000. The district asked for \$49,941.40 and all money had to be specifically delegated and accounted for.

6:56pm Don Bazzell motioned that the community/agency is accepting the EMPG grant agreement as presented for the upgrades to the access control swipe at Woodsville High School (Key fobs), upgrade and addition of cameras at all three schools (Woodsville Elementary School, Haverhill Community Middle School, and Woodsville High School), and for the installation of new panic buttons in all three schools with magnetic door releases. The upgrades in all will total \$49,941.40 with a local match of \$60,788.

Maryann Aldrich seconded the motion; all board members were in favor.

**Revision to policy IMG-R Service Animals – First reading:** 6:57pm Bruce explains to the board and handouts were given to each member for review.

7:03pm Maryann motioned to table until next meeting to give time to review the policy and allow the lawyers to look it over. Jay seconded, all in favor. Discussion ensued.

7:06pm – it was agreed on that the discussion could be brought back up later in the meeting.

**Revision to Policy IL-R Determination of Learning Disability-First Reading:** 7:11pm some discussion ensued.

7:13pm Jay Waterhouse motioned to accept the policy as a first reading, Don seconded, all in favor.

Maryann asked Bruce to have lawyers look it over.

**Nominations:** 7:14pm

- Jason Roth nominated for day time custodian at HCMS
- Cheryl Tessier as an IA at WES
- John Rutherford as the HCMS 4-6 girls soccer coach
- Cindy Waterhouse to go from a part time to a full time IA to service a 3<sup>rd</sup> grade student

7:18pm Maryann motioned to accept Jason Roth and Cheryl Tessier as presented, Nicole seconded, all in favor.

Maryann motioned to accept John Rutherford as 4-6 girls coach, Jay seconded, all in favor, John abstained.

Maryann motioned to accept Cindy Waterhouse as full time, John seconded, all in favor, Jay abstained.

**District in need of improvement review:** 7:21pm Dick suggests passing this over, no longer needs to be on the agenda. Bruce gave a quick discussion on the waiver and Kathi Clark discussed the new master schedule and how this would allow for implementation of new standards and requirements set forth.
