EXPLANATION

The Department of Agriculture, Markets & Food, Animal Population Control Program (APCP), has been given a donation in the total amount of \$15,000 awarded in accordance with RSA 437-A:4-a, which establishes the companion animal neutering fund; this fund allows for funds “from any public or private source to be used to carry out the provision of this chapter. All such funds shall be deposited into the fund established.” This fund is used for spaying and neutering of New Hampshire cats and dogs owned by lower income and elderly residents. The APCP routinely runs short of funds, which will be a particular challenge in the current economic climate. These funds will be used to help provide services for additional participants.

Respectfully submitted,

Lorraine S. Merrill
