EXPLANATION

This request is **sole source** because B & F Teaching & Technology will deliver this specialized, blindness-specific access technology instruction, provided in an exclusively remote manner. Other agencies provide small, in-person, group training but nothing this individualized, nor remote. Services for Blind and Vision-Impaired (SBVI) was unable to identify any entity in New Hampshire equal to delivering this specific remote training, at the caliber and diversity of subject matter expertise, which B & F Teaching & Technology will deliver.

B & F Teaching & Technology has a wide array of knowledge of the multiple conventional technologies that consumers need to learn, (i.e. Word, Outlook, PowerPoint, Excel), operations within the Google environment, Apple-related products and services, social media management, and more. Most significantly, though, B & F Teaching & Technology has developed a level of specialty in delivering these individual services using a customized brand and variety of remote

teaching tools that cater to consumers who are just beginning to use those products, as well as those who are advanced users.

The combination of B & F Teaching & Technology's sophisticated remote teaching strategies, and this breadth of subject-matter knowledge that B & F Teaching & Technology possess, make the company uniquely qualified to deliver these complex, remote lessons to the blind and vision-impaired community across New Hampshire. This model will be quite effective for many of our consumers who live and work in rural environments, and need the type/format of instruction that B & F Teaching & Technology specializes in delivering.

Technology is utilized in nearly all aspects of life and is critical for individuals to know and be able to utilize in order to access bank records, apply for employment, shop for needed items and to maintain independence and stay in their homes and communities.

Should Federal Funds become unavailable, General Funds will not be requested to support this project.

Respectfully Submitted,

Frank Edelblut
Commissioner of Education

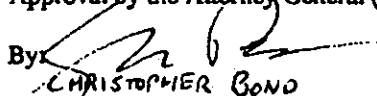

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.

compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. 8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 give the Contractor a written notice specifying the Event of Default and set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.3. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

9. TERMINATION.

9.1 Notwithstanding paragraph 8, the State may, at its sole discretion, terminate the Agreement for any reason, in whole or in part, by thirty (30) days written notice to the Contractor that the State is exercising its option to terminate the Agreement.

Contractor, or subcontractors, including but not limited to the negligence, reckless or intentional conduct. The State shall not be liable for any costs incurred by the Contractor arising under this paragraph 13. Special Provisions

Additional Exhibits D-G.

As a single member LLC with no employees provisions of paragraph 15 (Workers' Compensation) do not apply to this contract.

EXHIBIT B

Scope of Services

This contract's scope of services is to describe and provide an array of programs for qualified New Hampshire participants eligible to receive Part B Independent Living services. The Independent Living, Part B services envisioned as deliverables under this contract fall within the parameters of the national Independent Living program. Specifically, this contract seeks to develop the infrastructure and ability to serve qualified blind and vision-impaired consumers through a distinct "Access Technology" program initiative:

Guided Remote Access Technology Experience (GRATE-NH)—Using Job Access with Speech (JAWS) screen-reading software and other platforms that enable tandem and remote instruction, where the teacher can communicate with, and occasionally, control, the student's computer to deliver remote but individualized and hands-on instruction. The vendor will deliver comprehensive Access Technology instruction to a given consumer from a distance. The remote Access Technology curriculum will be developed, providing the consumer with the Access Technology skills needed. The following will be provided as course content:

- Basic, intermediate or advanced JAWS, ZoomText, Fusion, Non-Visual Desktop Access (NVDA), Narrator, and Narrator/Magnifier
- Windows concepts using JAWS, ZoomText, Fusion, NVDA Narrator, and Narrator/Magnifier
- Microsoft Office products with the Assistive Technology (AT) programs mentioned above, including Word, Excel, Outlook and PowerPoint
- Surfing the Web with the above-mentioned AT, using Chrome, Firefox and Edge
- FS Reader to read JAWS training material and other DAISY books with JAWS and Fusion.
- The Google suite of apps, including Gmail, Calendar, Docs, Sheets and Slides with ChromeVox, JAWS, ZoomText, Fusion and NVDA
- Cloud storage, including Dropbox, iCloud and OneDrive.
- Chromebook with ChromeVox
- iPad and iPhone with VoiceOver or VoiceOver/Zoom
- Native iOS apps, such as Phone, Mail and Safari
- Apps for productivity, travel or independent living, including but not limited to free audio and braille reading materials (BARD Mobile), BlindSquare and Seeing artificial intelligence (AI), with iPhone and iPad
- Pairing and using a Braille display with JAWS, NVDA, Fusion, Chromebook, iPad and iPhone

Each lesson should be an hour to 90-minutes in length, and the Counselor and vendor can, upon evaluating the consumer, and with the consumer's consent, determine how many lessons, on what topics, may be required to equip the student with the Access Technology skills necessary to function in an employment setting. The vendor will develop curriculum for each of the areas of Access Technology instruction. As part of the instruction, the vendor will conduct a pre-assessment and post-assessment, to measure quantifiable skills gains. The vendor will, at the conclusion of the instruction, issue a comprehensive report outlining skills taught, acquired, to what level, and any other information that will enable the Counselor and consumer to

understand and market the consumer as trained in Access Technology, consistent with what is required for a particular job.

As a part of a team that wrote, tested and sold training curricula internationally, he has been developing and using technology curriculums for many years (see attached résumé).
