EXPLANATION

The roofing on the camper shelter at Pawtuckaway State Park is in desperate need of replacement. The present roofing is estimated to have been replaced last in 1985 and has deteriorated to a point of no longer being effective at preventing leaks. Therefore, replacement of the roofing material is necessary to protect the integrity of this building.

In March 2014, an invitation to submit bids for roofing replacement on the camper shelter at Pawtuckaway State Park was issued in accordance with Department of Administrative Services' policy. The bid solicitation was posted on the Division of Purchase and Property's website, the Division of Parks and Recreation's website, and the following construction services' websites: Construction Summary of NH, Infinite Imaging, McGraw Hill Construction, Signature Press and Blueprinting, and Works in Progress. Six (6) contractors attended a mandatory pre-bid meeting on April 24, 2014, of which 6 bid proposals were received on May 1, 2014, and the low bidder was selected. Attached for your information is a summary of the bids received for this project.

The Attorney General's Office has approved this contract as to form, substance and execution.

Respectfully submitted,

Concurred,
