EXPLANATION

The purpose of this **sole source** amendment is to amend the existing Temporary Call Center contract to additionally support a 4-phased outbound calling campaign to educate Granite Advantage Health Care Program members on the requirements for community engagement and to advise Granite Workforce eligible candidates of support opportunities.

The talk minutes have increased by an anticipated 73,387 talk minutes at the current per minute rate of \$0.57. By contracting for a cost per minute rate, the Department is at less risk than agreeing to a fixed price contract which would expose the Department to financial loss if the Call Center was underutilized. This amendment will include a one-time lump sum payment for project implementation of \$47,848.

The New Hampshire Department of Information Technology has reviewed and acknowledged this amendment. The Department of Information Technology has confirmed their approval is not required to move forward in this amendment.

Should Governor and Executive Council not approve this request, New Hampshire residents may not have access to information and education regarding the various components of the Medicaid programs offered.

Source of Funds: 53% Federal Funds, 46% General, 1% Other Funds

In the event the Federal Funds become no longer available, Other Funds will not be requested to support this activity.

EXPLANATION

The purpose of this **sole source** amendment is to support the enrollment process, provide choice counseling, and assist callers with inquiries regarding New Hampshire's Medicaid programs

This agreement is based on a cost per minute rate of \$0.57, where the vendor will only bill for time spent on live calls handled by the Call Center. By contracting for a cost per minute rate, the Department is at less risk than agreeing to a fixed price contract which would expose the Department to financial loss if the Call Center was underutilized. Currently, the Contractor has billed for below the price limitation. Therefore, the funding per fiscal year has been reduced by \$100,000.

Should Governor and Executive Council not approve this request, New Hampshire residents may not have access to information and education regarding the various components of the Medicaid programs offered.

Services beyond December 31, 2016 are contingent upon program reauthorization. Governor and Executive Council approved the original agreement on April 23, 2014 (late item #A). 50% Federal Funds and 50% General Funds.

Funds to support this request are anticipated to be available in the following account in State Fiscal Year 2016 and State Fiscal Year 2017, upon the availability and continued appropriation of funds in the future operating budgets, with the authority to adjust encumbrances between state fiscal years if needed and justified without further approval from the Governor and Executive Council.

EXPLANATION

The purpose of this Request is to exercise a renewal option to a **sole source** agreement to support the enrollment process, provide choice counseling, and assist callers with inquiries regarding New Hampshire's Medicaid programs including but not limited to; Eligibility, Enrollment Options including Fee for Service, Medicaid Care Management (MCM), the New Hampshire Health Protection Program (the NH mandatory HIPP Program and the voluntary Bridge to Marketplace and Premium Assistance Program), and the Federally Facilitated Marketplace (FFM) specific programs under the New Hampshire Health Protection Act.

The Department is satisfied with the services provided by MAXIMUS Health Services, Inc. The original contract approved by Governor and Executive Council on April 23, 2014 (late item #A) includes renewal language which is located on page 17, Exhibit A.

This Contractor provides New Hampshire residents with information and education about the various components of the New Hampshire Health Protection Program, such as the mandatory Health Insurance Premium Payment (HIPP), the Voluntary Bridge to the Marketplace, and the Premium Assistance Payment program. Each eligible client not qualifying for HIPP or if employer based insurance is deemed not cost effective, will need to enroll in one of the three Alternative Benefit Plans offered under NH Medicaid Care Management.

This contract is based on a cost per minute rate of \$0.57, where the vendor will only bill for time spent on live calls handled by the Call Center. By contracting for a cost per minute rate the Department is at less risk than agreeing to a fixed price contract which would expose the Department to financial loss if the Call Center were underutilized.

Should the Governor and Executive Council not approve this contract, New Hampshire residents may not have access to information and education regarding the various components of the New Hampshire Health Protection Program.

5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor, or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;

AP
5/7/15

 - 8.2. **Statistical Records:** Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
 - 8.3. **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.
9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.

REQUESTED ACTION

Authorize the New Hampshire Department of Health and Human Services, Office of Human Services to enter into a sole source agreement with MAXIMUS Health Services, Inc., 1891 Metro Center Drive, Reston, VA (Vendor# 175787-R001) for the operation of a Temporary Enrollment and Eligibility Call Center supporting Medicaid enrollment inquiries and processing applications under the New Hampshire Health Protection Act in an amount not to exceed \$500,000 effective date of Governor and Executive Council approval, through June 30, 2015.

Funds to support this request are anticipated to be available in the following account in State Fiscal Year 2014 and 2015, with authority to adjust amounts between the state fiscal years, within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council:

New Hampshire's Medicaid programs including but not limited to: Eligibility, Enrollment Options including Fee for Service, Medicaid Care Management (MCM), the New Hampshire Health Protection Program (the NH mandatory HIPP Program and the voluntary Bridge to Marketplace and Premium Assistance Program), and the Federally Facilitated Marketplace (FFM)- specific programs under the New Hampshire Health Protection Act. Expansion of Medicaid eligibility is subject to the prior approval by the Centers for Medicare and Medicaid Services (CMS) of all state plan amendments and/or waivers required for the implementation of the expansion of Medicaid eligibility. This contract is subject to obtaining such approvals. Further, this contract is a sole source agreement due to the need for the Department to have this function in place and available to our clients at the start of the NH Health Protection Program.

It is estimated approximately 50,000 newly Medicaid eligible clients will apply for the Medicaid program. Eligible clients will need to receive information and education about the various components of the New Hampshire Health Protection Program, such as the mandatory Health Insurance Premium Payment (HIPP), the Voluntary Bridge to the Marketplace, and the Premium Assistance Payment program. Each eligible client not qualifying for HIPP or if employer based insurance is deemed not cost effective, will need to enroll in one of three Alternative Benefit Plans offered under NH Medicaid Care Management. Because of the large number of Medicaid clients that will be enrolled initially, the Department requires a vendor to temporarily operate a call center to:

- Provide information to clients about the Medicaid application process.
- Provide information to clients about the enrollment process
- Provide information to clients about the Health Insurance Premium Payment program (HIPP), the Voluntary Bridge to the Marketplace program and the Premium Assistance Payment program.
- Provide support to clients not eligible for HIPP in making a choice of health plan or choosing a health plan, and respond to questions regarding the differences between Medicaid Fee-for-Service and Care Management; and
- Process enrollment into one of the three Managed Care Organizations, using the State's software.

This contract is based on a cost per minute rate of \$0.57, where the vendor will only bill for time spent on live calls handled by the Call Center. The number of clients who will seek Call Center assistance, the volume of calls and the duration of calls can only be estimated. By contracting for a cost per minute rate the Department is at less risk than agreeing to a fixed price contract, which would expose the Department to financial loss if the Call Center were underutilized.

Should Governor and Executive Council not approve this contract, the start date for the Medicaid Expansion enrollment, will be delayed.

The Office of Human Services will evaluate this contract and the vendor's performance. Primarily, evaluation of the vendor's performance will be based on the following performance measures:

- Weekly Call Blockage Rate;
- Weekly Call Abandoned Call Rate;
- Weekly Average Speed of Answer;
- Weekly Longest Delay;
- Weekly Call Resolution Rate;

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council

- Weekly First Call Resolution Rate;
- Weekly Transfer Rate to Medicaid Client Services;
- Weekly Average Call Time;
- Customer Satisfaction; and
- Weekly Direct Staff Rate. Defined as the weekly percentage of staff that are assigned to only answer calls for this contract.

Source of Funds: 50% Federal Department of Health and Human Services, Center for Medicare and Medicaid Services; 50% General Funds.

Area Served: Statewide.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
10. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
11. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

Obligations of Covered Entity

1. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
2. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
3. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

Termination for Cause

In addition to standard provision #10 of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

Miscellaneous

1. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, and the HITECH Act as amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
2. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
3. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
4. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule and the HITECH Act.
5. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
6. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section 3 k, the defense and indemnification provisions of section 3 d and standard contract provision #13, shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

The checklist is divided into five parts:

Part 1 - all required enrollment broker contract functions.

Part 2 - information requirements for information provided to enrollees and potential enrollees on behalf of the State.

Part 3 - required if the State mandates its enrollment broker to perform choice counseling.

Part 4 - required if the State mandates its enrollment broker to perform enrollment activities.

Part 5 - required if the State delegates these optional activities to the enrollment broker.

The contract must contain either Part 3 or Part 4 or both because an enrollment broker is required by the regulation to be an individual or entity that performs choice counseling or enrollment activities, or both.

Enrollment Broker Introduction

Regulations at 42 CFR 438.810 specify that State expenditures for the use of enrollment brokers are eligible for FFP only if the initial contract or memorandum of agreement (MOA) for services performed by the broker has been reviewed and approved by CMS. The CMS Enrollment Broker Contract Checklist is intended for use by regional office staff in evaluating state managed care enrollment broker (EB) contracts operating under the new Balanced Budget Act (BBA). The checklist contains statutory references and contract requirements collected from the Code of Federal Regulations (CFR), the State Medicaid Manual (SMM), State Medicaid Director (SMD) letters, and the Social Security Act (SSA) which contain provisions enacted by the BBA of 1997. The cites are arranged in order of precedence, with the statutory cite being primary.

Each reviewer will need to evaluate the Enrollment Broker contract being reviewed to determine the activities for which the State is contracting. Enrollment broker is defined in the regulation to mean an individual or entity that performs choice counseling or enrollment activities, or both. However, other parts of the regulation refer to the State or its contracted representative performing specified tasks. To the extent those tasks specified in the BBA regulations, are required of the Enrollment Broker acting as the State's contracted representative, the Regional Office will want to ensure that the contract meets Federal requirements. As a note of caution though, the reviewer should review the contract within the broader context of the State's managed care program and note that different States may perform the tasks directly and not require all tasks of all Enrollment Brokers contractors.

For the purposes of this evaluation process, a contract is a legally binding document between the State and the contractor that defines the contractor's responsibilities. Depending on the State, the contract may be a standalone document, or it may incorporate the RFP, and/or the contractor's proposal, and/or State rule or statute by reference. If required contract language is found in other documents, it should be cross-referenced in the contract.

Instructions for Using the Checklist:

Evaluators should review the contract language and compare it to the "Subject" column in the table to determine whether the required language is contained in the contract. The column "Where Found" is provided for the evaluator's use in noting where the required language is found in the contract or other document. If the language is present and fulfills

Contractor Initials

Date

APPENDIX A

the requirement, evaluators should place a check in the "Met" column. If the language is absent, evaluators should leave the column blank or indicate "No". If the requirement is not applicable to the entity or review you are doing, indicate "N/A". Resolution of issues concerning absent or incomplete requirements is left up to the discretion of the evaluation team. *Note: Because the statements referred to in this checklist are federal requirements, it is not sufficient to have generic contract language saying the contractor must comply with all federal statutes and regulations.* Shaded rows indicate the item is not required in the contract itself but must be in a document that is legally binding on the entity, (e.g. state statute, state regulation). Items that are not shaded must be in the contract itself. Contracts must comply with all procurement requirements in 45 CFR Part 74.

Column Explanations:

"Optional or Requirement" This column helps the reader determine if the item is a requirement of all enrollment broker contracts, an information requirement, a choice counseling or enrollment activity, a State policy option, or an optional State delegated activity.

"Legal Cite" If there is a statutory cite which further clarifies the requirement, it is the one given. Other cites (regulation, State Medicaid Manual, State Medicaid Director letters) are listed below the statutory reference so that an evaluator may refer to other resources for further clarification of the requirement.

"Where Found" This column has been provided for the evaluator to fill in the contract section and page number (or other citation) indicating where documentation that the requirement has been met was found.

"Met" "[blank]" or "No" means requirement is not met.
A checkmark means the requirement is met.
"N/A" means the requirement is not applicable.
