Requested Action

Authorize the New Hampshire Department of Education to enter into a sole source contract with Evergreen Evaluation and Consulting, Inc., Jericho, VT (Vendor Code 172191) to conduct the evaluation of the State Personnel Development Grant (SPDG). This grant will be in effect from date of Governor and Council approval through June 30, 2014 in an amount not to exceed \$111,000.00. These are 100% Federal funds.

Funding is available as with the authority to adjust encumbrances in each of the State fiscal years through the Budget office if needed and justified.

Funding for this request is available as follows:	FY2013	FY2014
06-056-56-5625210-41070000-102-500731	\$37,000.00	\$74,000.00

Authorize the Department of Education to exercise a renewal option on this contract for up to three additional fiscal years, pending legislative approval of the next two (2) successive biennial budgets, in accordance with the grant award, subject to contractor's acceptable performance of the terms therein, and subject of Governor and Council approval.

Explanation

The New Hampshire Department of Education received a \$3.85 million (\$770,000.00 per year for 5 years) State Personnel Development Grant from the U.S. Department of Education, Office of Special Education Programs. The SPDG proposal is targeted to increase the number of students with disabilities graduating from high school who are college and career ready, through the implementation of evidence based transition practices. Our ambitious proposal targets four strategies to achieve this goal: (1) increasing student competency through increased use of Extended Learning

Opportunities (ELOs), (2) enhanced transition planning and increased transition planning opportunities/practices, (3) greater family – school engagement, and (4) sustaining practices through our state Institutes of Higher Education (IHEs), regional education intermediaries, a transition Community of Practice, and the use of technology. These strategies are aimed at school districts, parents, regional professional development intermediaries, Vocational Rehabilitation, IHEs, and other community members.

The Office of Special Education Programs requires a comprehensive evaluation detailed within the grant that measures the short-term, intermediate and long-term outcomes and impacts of the grant initiatives. The Evaluation assesses the degree to which the NH SPDG meets its goals and objectives, as well as the established federal performance goals and objectives. The evaluation will be ongoing and formative to provide for data-based decision making and planning mid-course corrections.

New Hampshire was awarded this grant with the provision that the partners identified in our proposal would be funded to assist the Department of Education to meet the goals and objectives of the grant. These partners were required to be highly qualified entities already engaged in professional development in the grant areas and in agreement to expand these services. The OSEP required partners and their services as detailed in the grant include Evergreen Evaluation and Consulting Inc., Strafford Learning Center, Monadnock Developmental Services, North Country Education Services, Granite State Independent Living, Parent Information Center, Keene State College, Institute on Disability, and QED. Therefore, no competitive bid process was established.

Evergreen Evaluation and Consulting, Inc. is a small northeast evaluation business well versed with the evaluation of projects in the field of special education. Evergreen Evaluation and Consulting, Inc. has been the evaluator for Vermont's State Personnel Development Grant and has served as an evaluation specialist for the Northeast Regional Resource Center. Therefore, Evergreen Evaluation and Consulting, Inc. as a SPDG partner will bring to this grant the research, knowledge and expertise to conduct the following grant activities:

- Review proposed evaluation plan and evaluation logic models with grant leadership team;
- Develop and implement evaluation instruments for collection of data;
- Develop data management system for tracking implementation and intervention fidelity;
- Provide training to coaches and partners on use of fidelity instruments;
- Collect baseline grant performance indicator data and student outcome data;
- Collect and analyze data on a routine basis for reporting;
- Develop system for providing feedback of data for use with decision making;
- Attend grant Leadership team meetings and provide oral evaluation reports as needed;
- Provide written quarterly evaluation reports on progress towards the accomplishment of grant goals, objectives and activities;

Her Excellency Governor Margaret Wood Hassan
And the Honorable Council
Page Three
February 15, 2013

- Participate in State Personnel Development Grant Evaluator teleconference calls and attend annual State Personnel Development Grant conference to disseminate key findings as required by grant; and,
- Review and advise the Grant Director on the completion of the OSEP required Annual State Personnel Development Grant Performance report.

The grant was awarded to the New Hampshire Department of Education for five years. Therefore, we are including an option for renewal for three additional fiscal years to cover this grant commitment to accomplish the approved goals, objectives and activities.

In the event that the Federal funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Virginia M. Barry, Ph.D.
Commissioner of Education

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;
