**REQUESTED ACTION**

Authorize the Department of Environmental Services (NHDES) to enter into a contract with the New Hampshire Water Works Association, Inc. of Concord, NH (VC # 166615) totaling \$75,000 to provide training classes for certified drinking water operators and services for NH's Drinking Water Week Festival, effective upon Governor and Council approval through December 31, 2021. 100% Drinking Water Loan Management Funds.

**EXPLANATION**

The State of New Hampshire requires the 1,205 public water systems to have certified drinking water operators. These operators must have a requisite amount of experience and education and must pass an exam to become certified. Certification of Water Works Operators administrative rules, Env-Dw 502, further requires certified drinking water operators to attain a minimum amount of continuing education to be eligible to maintain and renew their certifications. NHDES conducted surveys of drinking water operators, public water system owners and managers, and held numerous meetings with the various training organizations, to determine how to best meet current and future training needs of the NH drinking water industry. With this input, DES developed a training approach that identified training goals, needs, and types. This approach supports the need to certify and maintain certification for these public health professionals.

NHDES solicited proposals, through state-wide newspaper notices, postings on the NH Department of Administrative Services website and direct mailings to drinking water training associations, to train water system operators of very small water systems, those serving fewer than 500 people. NHDES evaluated

His Excellency, Governor Christopher T. Sununu  
and The Honorable Council

the proposals based on knowledge of State and Federal drinking water regulations, demonstrated training experience, and knowledge of water system operations. NHDES selected the New Hampshire Water Works Association (NHWWA), the sole bidder, for the very small water system training program. NHWWA is a non-profit association and has many years of experience in training New Hampshire drinking water operators.

This agreement has been approved as to form, substance, and execution by the Office of Attorney General.

We respectfully request your approval.

Robert R. Scott, Commissioner
