I have searched the above and copied all highways found therein recorded.

There are or were in 1938, in the office of the Secretary of State at the State House two books of the original records of Seabrook; one of these books marked "A" covering the years 1769 to 1823, and the other book marked "B" the years 1823 to 1847. These books I have also checked and copied the road layouts.

We now have on file in the office copies of all their recorded highways from 1769 to 1928.

Nov. 7, 1949

Mr. Homer Richardson Div. Engineer Dover, N. H.

Dear Sir:

I think you can give us information regarding a price of land we are trying to locate. Selectmen Felch says that the State paid the Town of Seabrook for a portionnof marsh land adjoining the Point land on the South Seabrook road to Seabrook Beach. It is on the north side of your may road from the Point to the Junction.

We think it would be the first piece of marsh land adjoining the Point land. We thought you may be able to locate it on your plan and also give the acreage. If you can help us locate this piece of land it will be of advantage to us and will be appreciated.

Thanking you for past favors, I am

Yours very truly,

Dear Sir:

I am referring your letter of November 7th to State Land Engineer NacO. Whitform at Concord, who would have the information you requested if this purchase was made.

Very truly yours,

Mr. Thomas F. Owen, Chairman Board of Selectmen Seabrook, New Hampshire

Dear Sir:-

Your letter of November 10th has been referred to this Division by Homer Richardson. The property lines in this area are uncertain. The parcel you referred to is described, to the best of our knowledge, as follows:-

A small parcel of land situated on the northerly side of South Main Street in the Town of Seabrook, County of Rockingham, and State of New Hampshire, bounded on the west by the Black Water River; bounded on the east by land now or formerly of Harvey R. and Alfred B. Mutting; bounded on the south by South Main Street. The frontage on South Main Street has been described in prior deeds as two hundred (200) feet. Containing nine (9) acres, more or less.

The land was formerly of Charles Ackerman of Salisbury and was acquired by the Town of Seabrook by tax deed, dated April 22, 1936 and recorded in the Rockingham County Registry, Vol. 916, Page 195.

Yours very truly,

Leonard Hadley Ass't. Engr. R/W Div.

Hr. Thomas F. Owan, Chairman Selectmen of Seabrook Seabrook, New Hampshire

Dear Sir:-

Your letter concerning Mr. Greeley's access to his property on the New Zealand Road has been investigated. I find that at the present time Mr. Greeley has not been taken care of, but at the time this letter reaches you, his driveway should be completed.

Thank you for your cooperation in calling this to our attention.

Yours truly,

Leonard Hadley Ass't. Engr. R/W Div.
