- o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.
- p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
  - I. For the proper management and administration of the Business Associate;
  - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
  - III. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

**(3) Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
  - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
  - o The unauthorized person used the protected health information or to whom the disclosure was made;
  - o Whether the protected health information was actually acquired or viewed
  - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) l, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

**INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Merrimack Valley Assistance Program, Inc.

**Report on the Financial Statements**

We have audited the accompanying financial statements of Merrimack Valley Assistance Program, Inc., which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Merrimack Valley Assistance Program, Inc., as of June 30, 2014 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Other Matters***

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2014, on our consideration of Merrimack Valley Assistance Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Merrimack Valley Assistance Program, Inc.'s internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS**  
For the Year Ended June 30, 2014

**NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Nature of Activities*

Merrimack Valley Assistance Program, Inc. (the Organization) was organized as a nonprofit entity under Section 501(c)(3) of the Internal Revenue Code. The Organization is a non-profit entity organized for the purpose of providing a variety of supportive services and housing assistance to persons with certain infectious diseases. The Organization includes Greater Manchester AIDS Project, which was formed to provide support and assistance to HIV/AIDS affected individuals and their families in the greater Manchester, New Hampshire, area, and which was acquired by the Organization in 2000. The Organization receives most of its support from government grants and private donations.

The accounting policies of Merrimack Valley Assistance Program, Inc. conform to accounting principles generally accepted in the United States of America as applicable to nonprofit entities except as indicated hereafter. The following is a summary of significant accounting policies.

*Basis of Presentation*

The financial statements have been prepared in accordance with the reporting pronouncements pertaining to Not-for-Profit Entities included within the FASB Accounting Standards Codification. The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets, based upon the existence or absence of donor-imposed restrictions. The Organization only has unrestricted net assets.

*Basis of Accounting*

The financial statements have been prepared on the accrual basis of accounting.

*Recognition of Donor Restrictions*

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

*Cash and Cash Equivalents*

For the purposes of the Statement of Cash Flows, the Organization considers cash and cash equivalents to include cash on hand and other cash accounts with a maturity of 90 days or less.

*Property and Equipment*

Property and equipment is recorded at cost for purchased items and at estimated fair value for donated items. The Organization's policy is to capitalize assets purchased, built, or leased with a useful life of one

**MERRIMACK VALLEY ASSISTANCE PROGRAM, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
For the Year Ended June 30, 2014

year or greater and a cost of \$1,000 or more or expenditures for repairs or renovations of \$1,000 or more that extend the life of the asset. Maintenance and repairs are charged to expenses as incurred. Depreciation is computed using the straight-line method over estimated three to forty year lives for property and equipment. Depreciation expense was \$10,058 for the year ended June 30, 2014.

***Bad Debts***

The Organization uses the reserve method for accounting for bad debts. It is the Organization's policy to charge off uncollectible accounts receivable when management determines the receivable will not be collected. No allowance has been recorded as of June 30, 2014, because management of the Organization believes that all outstanding receivables are fully collectible.

***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures during the reporting period. Actual results could differ from those estimates.

***Functional Allocation of Expenses***

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services based primarily on estimates made by the Organization's management.

***Fair Value of Financial Instruments***

Cash, grants and contracts receivable, accounts receivable and accounts payable are carried in the financial statements at amounts which approximate fair value due to the inherently short-term nature of the transactions. The fair values determined for financial instruments are estimates, which for certain accounts may differ significantly from the amount which could be realized upon immediate liquidation.

**NOTE 2--SIGNIFICANT CONCENTRATIONS OF CREDIT RISK**

The Organization maintains its cash balances at local financial institutions located in New Hampshire. The balances are insured by the Federal Deposit Insurance Corporation up to a combined total of \$250,000 per financial institution as of June 30, 2014. The bank balances may, at times, materially exceed federally insured limits. The Organization has not experienced any losses on such accounts. The Organization had no uninsured cash balance as of June 30, 2014.

Federal or State income taxes. In addition, the Organization has been determined by the Internal Revenue Service not to be a "Private Foundation" within the meaning of Section 509(a) of the Code.

Financial Accounting Standards Board (FASB) prescribes rules regarding how the entity should recognize, measure and disclose in its financial statements tax positions that were taken or will be taken on the Organization's tax return that are reflected in measuring current or deferred income tax assets and liabilities for interim or annual periods. Differences between tax positions taken in a tax return and amounts recognized in the financial statements will generally result in an increase in a liability for income taxes payable, or a reduction in a deferred tax asset or an increase in a deferred tax liability. The Organization does not have any unrecognized tax benefits which would be material to the financial statements. During the fiscal year 2014, no new additional unrecognized tax benefits were identified. As of June 30, 2014, the tax years ending June 30, 2013, 2012 and 2011 are open for possible tax examination.

*Federal Grants*

The Organization receives funds under contracts from State and Federal sources, which require that the Organization use the funds within certain periods and for purposes specified by governing laws and regulations. If expenses should be found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds.

No provisions have been made for these contingencies because specific amounts, if any, have not been determined or assessed by government audits as of June 30, 2014.

**NOTE 13--ECONOMIC DEPENDENCY**

For the year ended June 30, 2014, approximately 65% of total support and revenue was derived from various grants and contracts from the State of New Hampshire Department of Health and Human Services' Bureau of Homeless and Housing Services and Division of Public Health. The discontinuation of the State grants and contracts would result in a decrease in services provided by the Organization, until alternative revenues could be obtained.

**NOTE 14--SUBSEQUENT EVENTS**

Subsequent events have been evaluated through December 22, 2014, which is the date the financial statements were available to be issued.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

Independent Auditor's Report

To the Board of Directors  
Merrimack Valley Assistance Program, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Merrimack Valley Assistance Program, Inc. (a nonprofit entity), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 22, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Merrimack Valley Assistance Program, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Merrimack Valley Assistance Program, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Merrimack Valley Assistance Program, Inc.'s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Merrimack Valley Assistance Program, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM  
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Independent Auditor's Report

To the Board of Directors  
Merrimack Valley Assistance Program, Inc.

**Report on Compliance for Each Major Federal Program**

We have audited Merrimack Valley Assistance Program, Inc.'s (a nonprofit entity) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on Merrimack Valley Assistance Program, Inc.'s major federal program for the year ended June 30, 2014. Merrimack Valley Assistance Program, Inc.'s major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Merrimack Valley Assistance Program, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Merrimack Valley Assistance Program, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Merrimack Valley Assistance Program, Inc.'s compliance.

***Opinion on Each Major Federal Program***

In our opinion, Merrimack Valley Assistance Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2014.

## *Report on Internal Control Over Compliance*

Management of Merrimack Valley Assistance Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Merrimack Valley Assistance Program, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Merrimack Valley Assistance Program, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items #2014-01 and #2014-02 that we consider to be significant deficiencies.

Merrimack Valley Assistance Program Inc.'s response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Merrimack Valley Assistance Program Inc.'s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

## **Section III—Federal Award Findings and Questioned Costs**

The following findings and questioned costs as defined under OMB Circular A-133 .510(a) are required to be reported.

### **Finding #2014-01 –**

**Department of Housing and Urban Development  
Housing Opportunities for Persons with AIDS (CFDA #14.241)  
Pass Through Payments from the State of New Hampshire Department of Health and Human Services – Bureau of Homeless and Housing Services**

*Criteria or specific requirement:* A person with HIV or AIDS who is a low-income individual may receive rent assistance if they meet the eligibility requirements.

*Condition:* We noted two instances in which the calculation used to determine the amount of rental assistance from the Organization was calculated incorrectly.

*Questioned costs:* The difference in the calculation resulted in a monthly underpayment of rental assistance of \$9 each for a total annual variance of \$216 which is an immaterial amount.

*Context:* A sample was selected from the rental assistance payments made from both the HOPWA Manchester and HOPWA Balance of State grant funding sources. We recalculated the amount of rental assistance based on the supporting information provided and determined in two instances that the disabled family member deduction of \$400 was not subtracted from the annual income amount.

*Effect:* Controls over the determination of rental assistance amounts need to be strengthened to ensure the proper amount of assistance is being provided.

*Cause:* While controls were in place for review of the calculations done by the case managers by the Housing Coordinator, they were lacking in automation leaving room for human error.

*Recommendation:* We recommend that stronger controls be implemented in the review process of the rental assistance payments including creating a standard calculation worksheet that will populate many of the determination amounts based on information provided by the case managers.

### ***Views of Responsible Officials and Planned Corrective Actions:***

We have taken steps to strengthen our controls by adding an electronic component to the process and adding additional procedural checks. We have modified the paper form used by the case managers, and the procedures followed in the following ways:

- The form has been simplified making it easier to read and complete

- All blank lines on the paper form must be completed by the case manager, even if the entry is “0”, helping to ensure that no entry is mistakenly assumed to be “0”
- A date line has been added to the paper form
- Once the case manager has calculated the rental assistance amount, the paper form will be submitted to the grants manager who will enter the data into an Excel spreadsheet which automatically calculates the rental assistance amount for comparison to the paper form
- The grants manager will print out a monthly report from the Excel spreadsheet and provide it to the financial officer responsible for drafting rental assistance checks
- The financial officer will compare the amount of each check request with the amounts shown on the Excel spreadsheet report

These form and procedural modifications add an electronic component to the calculation of rental assistance as well as adding an additional check on the amount of each rental assistance check being drafted

**Finding #2014-02 –**

**Department of Housing and Urban Development  
Housing Opportunities for Persons with AIDS (CFDA #14.241)  
Pass Through Payments from the State of New Hampshire Department of Health and Human Services – Bureau of Homeless and Housing Services**

***Criteria or specific requirement:*** A person with HIV or AIDS who is a low-income individual may receive rent assistance if they meet the eligibility requirements.

***Condition:*** We noted one instance where the Organization paid the client calculated portion of the rental payment instead of their determined amount.

***Questioned costs:*** The amount of assistance that should have been paid by Merrimack Valley Assistance Program Inc. was \$397. The calculated rental assistance was \$278, resulting in a monthly difference of \$119 for an annual shortage in assistance provided of \$1,428, which is an immaterial amount.

***Context:*** A sample was selected from the rental assistance payments made from both the HOPWA Manchester and HOPWA Balance of State grant funding sources. During the recalculation process of the rental assistance payments it was determined that one client amount was reversed with the Organization’s portion resulting in the difference.

***Effect:*** Controls over the determination of rental assistance amounts need to be strengthened to ensure the proper amount of assistance is being provided.

***Cause:*** Controls are in place for the review of assistance amounts, this was a case of human error when the check request was generated, the wrong amount was entered for payment.

***Recommendation:*** We recommend that stronger controls be implemented in the review process of the rental assistance payments. Requests submitted for payment should be reviewed with the supporting calculation and initialed by someone other than the person initiating the request.

*Views of Responsible Officials and Planned Corrective Actions:*

We have taken steps to strengthen our controls by adding an electronic component to the process and adding additional procedural checks. We have modified the paper form used by the case managers, and the procedures followed in the following ways:

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

**PRIMARY COVERED TRANSACTIONS**

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
My Friend's Place  
Dover, New Hampshire

We have audited the accompanying financial statements of My Friend's Place (a New Hampshire Non-Profit Organization), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involved performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(continued)

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of My Friend's Place as of June 30, 2014 and 2013, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MY FRIEND'S PLACE  
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

My Friend's Place was organized February 3, 1987. The purpose of the organization is to provide safe and supportive emergency and transitional shelter to individuals and families experiencing homelessness in Strafford County, New Hampshire.

Basis of Accounting

Income and expenses are reported on the accrual basis, which means that income is recognized as it is earned and expenses are recognized as they are incurred whether or not cash is received or paid out at that time.

Financial Statement Presentation

My Friend's Place reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, My Friend's Place is required to present a statement of cash flows.

Cash and Cash Equivalents

For purposes of the statement of cash flows, My Friend's Place considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

My Friend's Place maintains a repurchasing account with a banking institution. Repurchase agreements are short-term investments, typically sold by banks as alternatives to certificates of deposit. Transfers to and from the account are made daily to cover checks clearing in operating accounts. The repurchase account held by My Friend's Place is collateralized by a pool of U.S. Government agencies or U.S. Treasury notes.

Cash does not include \$27,387 and \$29,241 held by the Organization as of June 30, 2014 and 2013, respectively. As required by State of New Hampshire regulations, this amount was held by the Organization in a separate account to be used as prizes for Bingo games. This cash is not available for any other purpose.

Grants Receivable

Grants receivable represents amounts due from Federal, State and local governments for grant revenue which has been earned.

Marketable Securities

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

MY FRIEND'S PLACE  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Promises to Give

Contributions are recognized when the donor makes a promise to give to My Friend's Place that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. An allowance for uncollectible unconditional promises to give is established based on historical experience and management's evaluation of outstanding unconditional promises to give at the end of each year. As of June 30, 2014 and 2013, the balance of Promises to Give was \$0 and \$0, respectively.

Fair Value of Financial Instruments

Unless otherwise indicated, the fair values of all reported assets and liabilities which represent financial instruments, none of which are held for trading purposes, approximate the carrying values of such amounts.

Inventory

Inventory of Bingo materials and supplies are recorded at the lower of cost (first in, first out basis) or market.

Property, Plant and Equipment

Property and equipment are recorded at cost for those items which have been purchased, and at estimated fair values for those items which have been donated. The cost basis of the land and buildings acquired by My Friend's Place is allocated based on real estate tax valuation. The cost of buildings and improvements is recovered using the straight-line method over estimated useful lives of 10 to 40 years. The cost of furniture, fixtures and equipment is recovered using the straight-line method over estimated useful lives of 5 to 15 years.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

Donated Services

Contributions of services are recognized in the financial statements if the services enhance or create nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. My Friend's Place typically receives contributed services to assist with general administrative and maintenance tasks. For the years ended June 30, 2014 and 2013, no amounts for contributions of services were recognized in the financial statements.

MY FRIEND'S PLACE  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Donated Materials

My Friend's Place records donated materials at fair value. Donations of food, personal care items and household supply items for the use of residents are not recorded in the financial statements because of the difficulty in determining fair value.

Functional Allocation of Expenses

The costs of the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the programs and supporting services benefited.

Income Taxes

My Friend's Place has received a letter of determination dated June 20, 1988 from the Internal Revenue Service advising it that it qualifies as a non-profit organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, it is not subject to income tax. My Friend's Place is classified as other than a private foundation.

The Federal and State tax-exempt returns for the years ended June 30, 2014, 2013, 2012 and 2011 are subject to examination by the taxing authorities, generally for three years after they were filed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through February 12, 2015, the date that the financial statements were available to be issued.

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION  
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

**PRIMARY COVERED TRANSACTIONS**

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
  - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

  - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
  - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

**LOWER TIER COVERED TRANSACTIONS**

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
New Hampshire Coalition  
Against Domestic and Sexual Violence  
Concord, New Hampshire

We have audited the accompanying financial statements New Hampshire Coalition Against Domestic and Sexual Violence (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014 and the related statement of activities and changes in net assets, statement of functional expenses, and cash flows for the year then ended, and the related notes to the financial statements. The prior year summarized comparative information has been derived from New Hampshire Coalition Against Domestic and Sexual Violence's 2013 financial statements and, in our report dated September 20, 2013; we expressed an unqualified opinion on those financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Hampshire Coalition Against Domestic and Sexual Violence as of June 30, 2014 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 5, 2014, on our consideration of New Hampshire Coalition Against Domestic and Sexual Violence's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New Hampshire Coalition Against Domestic and Sexual Violence's internal control over financial reporting and compliance.

**NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES**

**Nature of Activities**

The New Hampshire Coalition Against Domestic and Sexual Violence (the Coalition) is a statewide network of 14 independent member programs committed to ending domestic and sexual violence. The Coalition assists its member groups by providing technical assistance and training, support in developing new programs, and by serving as a statewide clearinghouse and coordinating organization. It administers state and federal contracts that provide funding for its member programs.

**Vision**

All New Hampshire communities provide safety for every person.

**Mission**

The New Hampshire Coalition Against Domestic and Sexual Violence creates safe and just communities through advocacy, prevention and empowerment of anyone affected by sexual violence, domestic violence and stalking.

This mission is accomplished by the Coalition, which includes 14 independent community-based member programs, a board of directors and a central staff working together to:

- Influence public policy on the local, state and national levels;
- Ensure that quality services are provided to victims;
- Promote the accountability of societal systems and communities for their responses to sexual violence, domestic violence and stalking;
- Prevent violence and abuse before they occur.

The Coalition is an umbrella organization that provides technical and financial support to 14 member agency crisis centers who in turn provide services to survivors of sexual assault, domestic violence, human trafficking, and stalking.

The Coalition supports member agency staff with specialized training and resources, convenes member programs to facilitate shared learning and peer support, and collects and disseminates best practices and current information. Coalition staff participates in numerous statewide boards and commissions to advocate for effective responses to victims.

Coalition staff provides legal education and training to court and law enforcement officials and attorneys, and collaborates with legal assistance organizations that provide lawyers for survivors and their families. Coalition staff work to promote cross-system collaboration with child protective services and child advocacy centers to assure safety for children exposed to or who have experienced domestic and sexual violence, and for their parents.

The Coalition's Public Policy staff work closely with other advocacy groups and legislators on drafting legislation, organizing testimony, and advocating for policy change throughout the session. The Coalition either takes an active role in or tracks close to 150 bills each Legislative Session. These bills address a wide range of issues including domestic and sexual violence; stalking; family law; divorce and child custody/visitation/support; reproductive rights; judicial matters and law enforcement; privacy and personal information; healthcare; and economic justice issues.

**NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**Nature of Activities (Continued)**

The Coalition develops statewide plans to prevent domestic and sexual violence. Coalition staff is proactive in educating the public on the causes and effects of domestic and sexual violence and stalking and the services available across the state. The Coalition has sponsored research on the prevalence of violence in New Hampshire. Coalition staff provides resources and sources for responsible news media and reporting.

The Coalition also manages several specific programs to assist its member crisis centers and the public. The following are three distinct programs that directly affect survivors of domestic violence, sexual violence and stalking:

**AmeriCorps Victim Assistance Program (AVAP)**

The AmeriCorps Victim Assistance Program (AVAP) is a multi-agency collaboration housed by the Coalition that ensures direct services are available to victims of domestic and sexual violence and stalking throughout New Hampshire.

Members of the AmeriCorps Victim Assistance Program are placed throughout New Hampshire at crisis centers, police departments, prosecutor offices, the New Hampshire Department of Corrections, and child advocacy centers to offer support and information to victims of domestic and sexual violence and stalking. Providing support and advocacy to victims in district court is a core component of AVAP, extending the services that are available to victims throughout the state.

AVAP is part of AmeriCorps, a national service program that offers opportunities to Americans who are interested in making a substantial commitment to serve their country through national service.

**Sexual Assault Nurse Examiner (SANE) Program**

The Sexual Assault Nurse Examiner Program, known as SANE, is a joint project of the Coalition and the NH Department of Justice. A Sexual Assault Nurse Examiner is a Registered Nurse who has been specially trained to provide comprehensive care to sexual assault survivors, who demonstrates competency in conducting medical/forensic examinations and who has the ability to be a witness if a sexual assault case goes to trial. Coalition staff are responsible for working with registered SANEs and medical professionals across the state to ensure that sexual assault victims receive consistent and professional care during forensic exams. The NH Department of Justice and the Coalition co-convene the SANE Advisory Board.

**The Domestic Violence Specialist Program**

Research shows a high correlation (40-60%) between the perpetration of domestic violence and the perpetration of child abuse and neglect (co-occurrence) in the same family. The Domestic Violence Specialist Program was built on the principle that abused and neglected children are best served when they can remain in a safe household with a non-violent parent.

The Domestic Violence Specialist program began in 1998 as a coordinated effort between the Coalition and the Division for Children, Youth, and Families (DCYF). Domestic Violence Specialists (DVSs) are employed by local member programs of the Coalition, and are co-located at local District Offices of DCYF. The DVSs are a source of assistance and training to child protective service workers (CPSW) while providing advocacy services to victims of domestic violence involved with DCYF. This program results in more effective assistance to victims through the development of interventions that recognize the adult victim's need for support and advocacy in order to improve safety outcomes for children.

**Notes to Financial Statements**  
**Years Ended June 30, 2014 and 2013**

**NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**Significant Accounting Policies**

The financial statements of the Coalition have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to not-for-profits. The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for establishing accounting and financial reporting principles for not-for-profits. The more significant of the FASB's generally accepted accounting principles applicable to the Coalition, and the Coalition's conformity with such principles, are described below. These disclosures are an integral part of the Coalition's financial statements.

**Financial Statement Presentation**

The Coalition is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Coalition is required to present a statement of cash flows. The Coalition additionally maintains a classification of land, building and equipment within its unrestricted net asset statements of activity, which is combined into total unrestricted net assets.

**Grants Receivable and Promises to Give**

Contributions are recognized when the donor makes a promise to give to the Coalition that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

**Contributed Services**

During the years ended June 30, 2014 and 2013, the value of contributed services relating to printing, community education, direct training and professional fees were \$113,579 and \$169,539, respectively. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

In addition, many individuals volunteer their time and time and perform a variety of tasks that assist the Coalition, these amounts have not been recognized in the accompanying statement of activities because the criterion for recognition of such volunteer effort is that services must be specialized skills, which would be purchased if not donated.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Notes to Financial Statements**  
**Years Ended June 30, 2014 and 2013**

**NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)**

**Allocation of Expenses**

The Coalition allocates expenses among program services, management and general, and fundraising based on direct costs and other factors, including space utilization and time.

**Property and Equipment**

It is the Coalition's policy to capitalize property and equipment over \$500 and all expenditures for repairs, maintenance, renewals and betterments that prolong the useful lives of assets. Lesser amounts are expensed. Purchased property and equipment is capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Coalition reports expiration of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Coalition reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-line method. The ranges of useful lives are as follows:

Building and Improvements	39 Years
Equipment	3-7 Years

Depreciation expense recorded by the Coalition for the years ended June 30, 2014 and 2013 was \$12,648 and \$15,608, respectively.

**Income Taxes**

The Coalition is a not-for-profit corporation under Section 501(c) (3) of the Internal Revenue Code, is exempt from federal income taxes, and is classified as other than a private foundation. In addition, the Coalition qualifies for the charitable contribution deduction under Section 170(b)(1)(A).

**Cash and Cash Equivalents**

For purposes of the Statements of Cash Flows, the Coalition considers all highly liquid investments (short-term investments such as certificates of deposits and money market accounts) with an initial maturity of three months or less to be cash equivalents. There were no cash equivalents as of June 30, 2014 and 2013.

**Segregation of Accounts**

Under Title 1, New Hampshire, The State and Its Government, Chapter 15 Lobbyist Section 15:1-a, the Coalition is required to physically and financially separate state funds from any non-state funds that may be used for the purposes of lobby or attempt to influence legislations, participate in political activity, or contribute funds to any entity engaged in these activities. The Coalition has established and maintains a separate bank account for this purpose. The account balances were \$3,019 and \$448 at June 30, 2014 and 2013, respectively.

**NOTE E – CONCENTRATION OF CREDIT RISK**

The Coalition maintains cash balances in several accounts at a local bank. These accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000. At June 30, 2014 and 2013 the Organization had \$91,408 and \$101,144 uninsured cash balances, respectively.

**NOTE F – DESCRIPTION OF LEASING ARRANGEMENTS**

The Coalition presently leases office equipment under short-term operating lease agreements.

**NOTE G – PENSION PLAN**

The Coalition has a 403(b) savings plan for the benefit of its employees. The plan covers substantially all employees after one year of service. During their budgeting process, the Board of Directors determines the amount to be contributed annually. Employer contributions for the years ended June 30, 2014 and 2013 totaled \$3,889 and \$6,765, respectively.

**NOTE H - TAX EXEMPT STATUS**

The Coalition is a public charity exempt from Federal income tax under Section 501 (c) (3) of the Internal Revenue Code. The Coalition does not believe it has done anything during the past year that would jeopardize its tax exempt status at either the state or Federal level. The Coalition reports its activities to the IRS in an annual information return. These filings are subject to review by the taxing authorities and the federal income tax returns for 2013, 2012, and 2011 are subject to examination by the IRS, generally for three years after they were filed.

In accordance with FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, the Coalition is under the opinion that there are no unsustainable positions that have been taken in regards to federal or state income tax reporting requirements. Accordingly, management is not aware of any unrecognized tax benefits or liabilities that should be recognized in the accompanying statements.

**NOTE I - SUBSEQUENT EVENT**

Management has evaluated subsequent events through September 5, 2014, the date on which the financial statements were available to be issued to determine if any are of such significance to require disclosure. It has been determined that no subsequent events matching this criterion occurred during this period.

**NOTE J - FAIR VALUE MEASUREMENTS**

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Coalition is required to disclose certain information about its financial assets and liabilities. As of June 30, 2014 and 2013 the Organization had no financial instruments subject to the disclosure requirements. Cash and cash equivalents, grants receivable, investments, accounts payable and accrued expenses reported in the statement of financial position approximate fair values because of the short maturities of those instruments or because of the fixed rate of interest required to be paid.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors  
New Hampshire Coalition  
Against Domestic and Sexual Violence  
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of New Hampshire Coalition Against Domestic and Sexual Violence, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise New Hampshire Coalition Against Domestic and Sexual Violence's basic financial statements, and have issued our report thereon dated September 5, 2014.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered New Hampshire Coalition Against Domestic and Sexual Violence's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control. Accordingly, we do not express an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether New Hampshire Coalition Against Domestic and Sexual Violence's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of Directors  
New Hampshire Coalition  
Against Domestic and Sexual Violence  
Concord, New Hampshire

### **Report on Compliance for Each Major Federal Award Program**

We have audited New Hampshire Coalition Against Domestic and Sexual Violence's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs for the year ended June 30, 2014. New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### **Management Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about New Hampshire Coalition Against Domestic and Sexual Violence's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of New Hampshire Coalition Against Domestic and Sexual Violence's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, New Hampshire Coalition Against Domestic and Sexual Violence complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

## Report on Internal Control over Compliance

Management of New Hampshire Coalition Against Domestic and Sexual Violence is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered New Hampshire Coalition Against Domestic and Sexual Violence's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

## Mission & History

### Mission

NHLA's mission is to fulfill America's promise of equal justice by providing civil legal services to New Hampshire's poor, including education and empowerment, advice, representation, and advocacy for systemic change.

We offer our clients high quality civil legal services to address the legal problems that affect their daily survival and most basic needs. These services range from simple legal information and advice to vigorous and thorough representation in all of New Hampshire's courts and before many of the local, state and federal agencies which play large roles in their lives. In providing legal services to the poor, NHLA helps balance the scales of justice for all citizens.

### History

**Origins.** NHLA was created in 1971 through the merger of two smaller programs, Southern New Hampshire Legal Services and Tri-County Legal Services, which served the North Country. Since our founding NHLA has continuously enjoyed the steadfast support of the New Hampshire Bar Association and the New Hampshire judiciary.

**Funding Resilience.** In 1996, federal funding was drastically reduced and restrictions were added that would have barred NHLA from undertaking legislative advocacy and large-scale litigation. NHLA did not accept these funds, equivalent to half of its budget, but instead helped create the Legal Advice & Referral Center (LARC) to use the remaining funds within the new restrictions. Though two of NHLA's five offices closed, within two years NHLA replaced all lost funds with federal grants, first-time state support to re-open a North Country office, and other new funding.

**Collaboration.** Since 1997, recognizing the importance of coordination with the Pro Bono Program and LARC, the two other major legal services providers in the state, NHLA has been engaged in a joint comprehensive statewide planning process. In 2000, NHLA integrated its Board with LARC's Board. The Boards meet together, share officers and the same committee structure, and function as one policy creating and oversight body to unify the vision and direction of the two agencies.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
New Hampshire Legal Assistance, Inc.

We have audited the accompanying financial statements of New Hampshire Legal Assistance, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Hampshire Legal Assistance, Inc., as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

*Other Matters*

*Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses and the combining statements of financial position and combining statements of activities are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**NOTES TO FINANCIAL STATEMENTS**  
For the Years Ended December 31, 2014 and 2013

**NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Nature of Activities*

New Hampshire Legal Assistance, Inc. is a non-profit entity organized for the purpose of providing legal assistance to persons financially unable to afford legal assistance in the State of New Hampshire.

The accounting policies of New Hampshire Legal Assistance, Inc. conform to accounting principles generally accepted in the United States of America as applicable to nonprofit entities except as indicated hereafter. The following is a summary of significant accounting policies.

*Basis of Presentation*

The financial statements have been prepared in accordance with the reporting pronouncements pertaining to Not-for-Profit Entities included within the FASB Accounting Standards Codification. The Entity is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets, based upon the existence or absence of donor-imposed restrictions.

*Basis of Accounting*

The financial statements have been prepared on the accrual basis of accounting.

*Recognition of Donor Restrictions*

Contributions are recognized when the donor makes a promise to give to the Entity that is, in substance, unconditional. Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

*Cash and Cash Equivalents*

Cash and cash equivalents include cash on hand and other cash accounts with a maturity of 90 days or less.

*Investments*

Investments, which consist principally of money market accounts, are carried at market value at December 31, 2014 and 2013.

*Contributions Receivable*

Unconditional pledges are recorded as made. These amounts are recorded at the present value of the estimated fair value. Conditional pledges are recognized only when the conditions on which they depend

**NEW HAMPSHIRE LEGAL ASSISTANCE, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
For the Years Ended December 31, 2014 and 2013

are substantially met and the pledges become unconditional. Contributions receivables are collectible as follows:

	<u>Total</u>	<u>0-1 Years</u>	<u>1-5 Years</u>
Contributions receivable	\$ 53,527	\$ 38,527	\$ 15,000

***Land, Building and Equipment***

Property and equipment is recorded at cost for purchased items and at estimated fair value for donated items and is summarized as follows:

	<u>2014</u>	<u>2013</u>
Land	\$ 10,000	\$ 10,000
Building	421,175	415,421
Equipment	<u>277,555</u>	<u>275,686</u>
	708,730	701,107
Less Accumulated Depreciation	<u>(453,143)</u>	<u>(432,805)</u>
	<u>\$ 255,587</u>	<u>\$ 268,302</u>

Depreciation is computed using the straight-line method over estimated three to ten year lives for equipment and ten to forty year lives for the building and improvements.

Expenditures for repairs and maintenance are expensed when incurred and betterments with a useful life in excess of two years are capitalized.

Depreciation expense was \$20,338 and \$39,056 for December 31, 2014 and 2013, respectively.

***Law Library***

The Entity capitalized the original cost of materials in its library and estimates the salvage value to approximate original cost; consequently, depreciation expense is not recorded. Updates to the law library are expensed as incurred.

***Bad Debts***

The Entity uses the reserve method for accounting for bad debts. No provision has been recorded for bad debts as of December 31, 2014 and 2013 because the Entity believes that all outstanding receivables are fully collectible.

***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures during the reporting period. Actual results could differ from those estimates.

**NEW HAMPSHIRE LEGAL ASSISTANCE, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
For the Years Ended December 31, 2014 and 2013

*Functional Allocation of Expenses*

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statements of activities. Accordingly, certain indirect costs have been allocated among the programs and supporting services benefited, based primarily on percentage allocations calculated based on hours worked.

*Fund Raising Activities*

Fund raising expenses represent the allocated cost of the Campaign for Legal Services. (See Note 13). The distributions of Campaign donations to the Entity's two Campaign partner agencies are shown as fundraising expenses because the Entity pays out this money but they are not typical, out-of-pocket expenses. These distributions totaled \$77,052 and \$80,845 in 2014 and 2013, respectively.

*Fair Value of Financial Instruments*

Cash and cash equivalents, accounts receivable, accounts payable, accrued expenses and other liabilities are carried in the financial statements at amounts which approximate fair value due to the inherently short-term nature of the transactions. The fair values determined for financial instruments are estimates, which for certain accounts may differ significantly from the amounts that could be realized upon immediate liquidation.

**NOTE 2--INVESTMENTS**

*Fair Value Measurements*

The Entity reports under the Fair Value Measurements pronouncements of the FASB Accounting Standards Codification (FASB ASC 820-10), which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

**Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Entity has the ability to access.

**Level 2** – Inputs to the valuation include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**NEW HAMPSHIRE LEGAL ASSISTANCE, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
For the Years Ended December 31, 2014 and 2013

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs at the closing price reported on the active market on which the individual securities are traded.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Cash or cash equivalent money market funds:* Valued at acquisition cost.

*Unit investment equities:* Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Entity believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Entity's assets at fair value as of December 31, 2014 and 2013:

**NOTE 9--INCOME TAXES**

The Entity is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is also exempt from New Hampshire income taxes and, therefore, has made no provision for Federal or State income taxes. In addition, the Entity has been determined by the Internal Revenue Service not to be a "Private Foundation" within the meaning of Section 509(a) of the Code.

The FASB adopted Accounting Standards Codification Topic 740 entitled *Accounting for Income Taxes* which requires the Entity to report uncertain tax positions for financial reporting purposes. It prescribes rules regarding how the Entity should recognize, measure and disclose in its financial statements, tax positions that were taken or will be taken on the Entity's tax returns that are reflected in measuring current or deferred income tax assets and liabilities. Differences between tax positions taken in a tax return and amounts recognized in the financial statements will generally result in an increase in a liability for income tax payable or a reduction in a deferred tax asset or an increase in a deferred tax liability. The Entity had no uncertain tax positions as of December 31, 2014 and, accordingly does not have any unrecognized tax benefits that need to be recognized or disclosed in the financial statements.

The Entity's tax returns are subject to examination by taxing authorities for a period of three years from the date they were filed. As of December 31, 2014, the tax years 2013, 2012 and 2011 remain subject to possible examination by major tax jurisdictions.

**NOTE 10--CASE REVENUE**

The Entity receives a regular stream of case revenue from fees in Social Security and SSI disability cases. These fee awards must be approved by the Social Security Administration Administrative Law Judge. From time to time the Entity also receives larger attorney fee awards in individual and class action cases. These class action fee awards are episodic and it is not possible to predict in advance their amounts or the dates they will be received. Rather than spending these entire awards in the year they are received, the Entity allocates them over a period of years to avoid wide fluctuations in staff size.

**NOTE 11--ECONOMIC DEPENDENCY**

For the years ended December 31, 2014 and 2013, approximately 36% and 28% of total support and revenue was derived from an appropriation from the State of New Hampshire. The discontinuation of the State appropriation would result in a decrease in services provided by the Entity, until alternative revenues could be obtained.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**NOTE 12--SIGNIFICANT CONCENTRATIONS OF CREDIT RISK**

The Entity maintains its cash balances in one financial institution. The balances are insured by the Federal Deposit Insurance Corporation up to a total of \$250,000. These funds are collateralized by securities held by the Federal Reserve in the bank's name. At December 31, 2014 and 2013 the amount of funds collateralized by the bank was \$1,047,656 and \$725,762, respectively. At December 31, 2013, the Entity's uninsured cash balance was \$46,957.

**NOTE 13--CAMPAIGN FOR LEGAL SERVICES**

In June 2005, the Entity assumed administration of the Campaign for Legal Services (the Campaign) from the New Hampshire Bar Foundation. The Campaign is a joint fundraising effort on behalf of the Entity, the Legal Advice and Referral Center (LARC) and the Pro Bono Referral Program of the New Hampshire Bar Association (Pro Bono), all not-for-profit entities providing civil legal services to low-income people. Revenue and expenses of these activities have been reported as contributions received and made and as fund raising expenses in these financial statements. The Campaign had total revenue of \$238,760 and \$266,569 and total expenses of \$100,052 and \$82,221 in 2014 and 2013 respectively. The distributions to the Campaign partners totaled \$211,100 and \$221,495 in 2014 and 2013 respectively. 2013 revenue consisted of revenue raised in 2013, plus a portion of 2012 revenue that became available for distribution in early 2013. The Entity received \$134,049 and \$140,650, LARC received \$45,387 and \$47,621, and Pro Bono received \$31,665 and \$33,224 in distributions in 2014 and 2013 respectively.

**NOTE 14--CONTINGENCIES**

The Entity receives funds under contracts from State and Federal sources, which require that the Entity use the funds within certain periods and for purposes specified by governing laws and regulations. If expenses should be found not to have been made in compliance with the laws and regulations, the Entity might be required to repay the funds.

No provisions have been made for these contingencies because specific amounts, if any, have not been determined or assessed by government audits as of December 31, 2014 and 2013.

**NOTE 15--SUBSEQUENT EVENTS**

Subsequent events have been evaluated through March 26, 2015, which is the date the financial statements were available to be issued.

New Hampshire Legal Assistance  
1361 Elm Street, Suite 307  
Manchester, New Hampshire 03101-1323  
Telephone: (603) 668-2900

### EDUCATION:

University of Michigan, 1967-1971  
B.A. Far Eastern Studies, Chinese Language and Literature

J. D., Boston College Law School, 1975

### EMPLOYMENT:

September, 1975-Present: Attorney, New Hampshire Legal Assistance.

Housing specialist for statewide legal services program with substantial experience in the following areas: private landlord/tenant; conventional public housing; Section 8 housing; Section 236 housing; FmHA § 502 and 515 housing; manufactured housing; zoning; rent controls; community development block grants; housing finance, and housing development.

I have advocated on housing issues in diverse forums: impact litigation, individual service cases, legislative drafting and lobbying, block grant advocacy, training and supervision, program support, and community education.

### LITIGATION:

#### 1. *Britton v. Town of Chester*

Lead counsel in both three-week trial and appeal in successful challenge to exclusionary zoning by a developing municipality in metropolitan Manchester. New Hampshire Supreme Court accepted plaintiff's position that housing for all socio-economic classes is an essential element of the general welfare and that municipal zoning ordinances must afford realistic opportunities for development of housing for indigenous low-moderate income families and for a proportionate share of the regional need for such housing.

#### 2. *Soares, et al. v. Town of Atkinson* - (N.H. Supreme Court)

This was an attack on exclusionary zoning based on the "Mt. Laurel Doctrine." After a 4-week trial, the Rockingham County Superior Court issued a 107-page decision adopting Mt. Laurel "fair share" principles. The Town amended its ordinances and included some "inclusionary zoning ordinances." Town's appeal dismissed as moot due to amendment.

#### 3. *Eastman v. Block* - (U.S. District Court).

Filed December 13, 1982. Action challenging the refusal of the Farmers Home Administration to provide financing for the purchase of manufactured housing as mandated by a 1974 amendment to Housing Act. Over the course of the litigation, Congress amended the legislation and regulations have been promulgated granting Section 502 mortgages and interest credits for manufactured housing.

**4. *Scruton v. HUD*** - (U.S. District Ct.).

Suit against private owner of subsidized housing for under utilization of project-based Section 8 subsidies and discrimination against voucher and certificate holders. HUD was also a defendant for failure to enforce full utilization requirements of HAP contract. Settlement provided agreement from private developer to utilize all Section 8's and to prohibit discrimination against certificate holders.

**5. *Simpson v. Pierce*** - (U.S. District Court).

Action to enjoin rent increase for welfare recipients residing in Section 8 and conventional public housing based on OBRA amendments to U.S. Housing Act. In the alternative, plaintiffs sought an order against the state welfare department directing them to increase plaintiffs' welfare checks to cover the rent increase. Final stipulation filed ensuring that rents for AFDC recipients would not exceed the shelter component of their AFDC grant.

**6. *South End Tenants Association v. Laconia Housing and Redevelopment Authority*** - (U.S. District Court).

Action to enjoin local housing authority and HUD from terminating a Section 236 new construction contract (thus dispossessing 48 large tenant families) prior to the expiration of the ten-year term. Consent decree providing Section 8 Existing Housing certificates for all displaced tenants.

**7. *Girard v. Town of Allenstown*** - [121 N.H. 268 (1981)].

Authored the only municipal rent control ever enacted in N.H. Represented tenant-intervenors in defense of the ordinance. Town refused to defend ordinance passed at town meeting. Supreme Court ruled that town did not have power to enact rent controls in absence of state enabling legislation.

**8. *Luksa v. Harris*** - (U.S. District Court).

Action to enjoin HUD from charging AFDC recipients who reside in public housing the amount of the maximum shelter allowance given by state welfare to AFDC recipients pursuant to "Brooke III," 42 U.S.C. § 1437 and 24 C.F.R. § 860.404. HUD agreed to accept \$110 per month per unit rather than the \$155 maximum shelter allowance paid by the N.H. Division of Welfare. This provided AFDC families in public housing the same per unit HUD subsidy as was provided to the average non-AFDC public housing tenant household.

**9. *Dussault v. Hills*** - (U.S. District Court). May, 1977.

Preliminary injunction entered against HUD ordering payment of Section 236 operating subsidy on behalf of tenants in Nashua. After several months of payment preliminary injunction was vacated and plaintiffs were subsumed in nationwide class certified in *Underwood v. Hills*.

**10. *Kologiski v. Hills*** - (U.S. District Court).

Plaintiffs, tenants in 221(d)(3) development sued to enjoin arbitrary eviction. Preliminary agreement. Final case settled with promulgation of 24 C.F.R. § 450 by HUD.

**BLOCK GRANT ADVOCACY:**

**1. *Souhegan Valley Manufactured Housing Cooperative***

Wrote a block grant application (small cities) for the Town of Milford, N.H. on behalf of mobile home owners renting lots in park which was being closed by a new owner. The N.H. Office of State Planning made the maximum single purpose grant of \$350,000 which enabled the tenants to leverage the financing necessary to purchase the park.

## **2. *LISTEN v. City of Lebanon***

Administrative complaint against 1978 application for Community Development Block Grant (Entitlement Program) filed on behalf of community organization contesting the city's failure to include programs which benefit low-income families, its over-emphasis on the housing needs of homeowners, its failure to comply with HAP proportionality requirements, and inadequate citizen participation. Complaint caused a shift in over twenty percent of funds, which was acceptable to community plaintiffs.

## **3. *Manchester Emergency Housing***

Co-founder of housing coalition formed to create an emergency shelter in Manchester for battered women and other homeless persons. Wrote and successfully lobbied for \$85,000 CDBG grant for purchase and rehabilitation of the shelter.

## **LEGISLATION:**

1. "Affordable Housing Fund" (1988). Wrote and lobbied statute establishing "Affordable Housing Fund" (1988), state's first state-funded program for grants and low-interest loans for community-based housing initiatives.
2. Wrote and lobbied statute providing pro se injunctive relief for victims of landlord self-help, and providing for substantial damages.
3. Wrote, testified, and successfully lobbied New Hampshire's statewide "good cause eviction bill" in 1985.
4. Co-authored, negotiated, lobbied tenant protection from condominium conversion. Tenants have nine months notice; when they are elderly or disabled, in which case they get 18 months notice. Tenants have an exclusive right to purchase their unit for 60 days.
5. Co-authored, testified in both House and Senate hearings, lobbied. Authorization for rent withholding.
6. Co-authored retaliatory eviction amendments to include protection for tenant organizing and rent withholding.
7. Authored bill providing tenants in mobile home parks with opportunity to petition superior court for injunctive relief to remedy health and safety problems, and for the appointment of a receiver in certain cases.

## **OTHER ACTIVITIES:**

1. N. H. Community Loan Fund, Inc. Co-founder and president of one of the nation's first non-profit loan funds for community-based housing development. We make loans to housing cooperatives and other community based non-profit housing projects and are capitalized with below-market rate loans from religious and other charitable organizations and individuals.
2. Chairman, 1987-present, Manchester Housing Council, created by legislative body of state's largest city.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
  - I. For the proper management and administration of the Business Associate;
  - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
  - III. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

**(3) Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
  - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
  - o The unauthorized person used the protected health information or to whom the disclosure was made;
  - o Whether the protected health information was actually acquired or viewed
  - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

## **Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

To the Board of Directors  
Southern New Hampshire Services, Inc.  
Manchester, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined financial statements of Southern New Hampshire Services, Inc. (the Organization), which comprise the combined statement of financial position as of July 31, 2014, and the related combined statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the combined financial statements, and have issued our report thereon dated April 30, 2015.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the combined financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's combined financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Southern New Hampshire Services, Inc.'s combined financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance and Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

To the Board of Directors  
Southern New Hampshire Services, Inc.  
Manchester, New Hampshire

### **Report on Compliance for Each Major Program**

We have audited Southern New Hampshire Services, Inc.'s (the Organization) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Southern New Hampshire Services, Inc.'s major federal programs for the year ended July 31, 2014. Southern New Hampshire Services, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Southern New Hampshire Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern New Hampshire Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southern New Hampshire Services, Inc.'s compliance.

## **Opinion on Each Major Federal Program**

In our opinion, Southern New Hampshire Services, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended July 31, 2014.

## **Report on Internal Control over Compliance**

Management of Southern New Hampshire Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southern New Hampshire Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern New Hampshire Services, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged by governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the combined financial statements of Southern New Hampshire Services, Inc. as of and for the year ended July 31, 2014, and have issued our report thereon dated April 30, 2015, which contained an unmodified opinion on those combined financial statements. Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the combined financial statements as a whole.

(a nonprofit organization) and affiliates, which comprise the combined statements of financial position as of July 31, 2014 and 2013, and the related combined statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the combined financial statements.

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combined financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO COMBINED FINANCIAL STATEMENTS

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Combined Financial Statements**

All significant intercompany items and transactions have been eliminated from the basic combined financial statements. The combined financial statements include the accounts of the following corporations because Southern New Hampshire Services, Inc. controls more than 50% of the voting power.

Southern New Hampshire Services, Inc.  
SNHS Management Corporation  
SNHS Elderly Housing, Inc.  
SNHS Elderly Housing II, Inc.  
SNHS Elderly Housing III, Inc.  
SNHS Elderly Housing IV, Inc.  
SNHS Elderly Housing V, Inc.  
SNHS Elderly Housing VI, Inc.  
SNHS Elderly Housing VII, Inc.  
SNHS Elderly Housing VIII, Inc.  
SNHS Elderly Housing IX, Inc.  
SNHS Elderly Housing X, Inc.

SNHS Elderly Housing XI, Inc.  
Rural Housing for the Elderly, Inc.  
Rural Housing for the Elderly II, Inc.  
Sundial Elderly Housing, Inc.  
SNHS Ashland Elderly Housing, Inc.

SNHS Greenfield Elderly Housing, Inc.  
SNHS North Berwick Elderly Housing, Inc.  
SNHS Northwood Elderly Housing, Inc.  
SNHS Pittsburg Elderly Housing, Inc.  
SNHS Raymond Elderly Housing, Inc.

**Use of Estimates**

The preparation of combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results may differ from these amounts.

**Cash and Cash Equivalents**

For the purpose of the combined statements of cash flows, the Organization considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

**Revenue Recognition**

The Organization's revenue is recognized primarily from federal and state grants and contracts generally structured as reimbursed contracts for services and therefore revenue is recognized based on when their individual allowable budgeted expenditures occur. Federal and state grant revenue comprised 77% and 73% of total revenue in the fiscal years ended July 31, 2014 and 2013, respectively.

**Accounts and Contracts Receivable**

All accounts and contracts receivable are stated at the amount management expect to collect from balances outstanding at year-end. Receivables are recorded on the accrual basis of accounting primarily based on reimbursable contracts, grants and agreements. Balances outstanding after management has used reasonable collection efforts are written off through a charge to bad debt expense and a credit to the applicable accounts receivable. Management does not believe an allowance for uncollectible accounts receivable is necessary at July 31, 2014 and 2013.

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Contributions and In-Kind Donations**

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statements of activities as net assets released from restrictions. In-kind revenues and expenses represent fair market value of volunteer services and non-paid goods which were donated to the Organization during the current fiscal year. All in-kind revenues in the fiscal year 2014 and 2013 were generated through the Head Start and Economic Workforce Development programs.

**Investments**

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities.

**Fixed Assets**

Fixed assets acquired by the Organization are capitalized at cost if purchased or fair value if donated. It is the Organization's policy to capitalize expenditures for these items in excess of \$5,000. Major additions and renewals are capitalized, while repairs and maintenance are expensed as incurred. Depreciation is calculated using the straight-line basis over the estimated useful lives of the assets, which range from three to forty years. Depreciation expense for July 31, 2014 and 2013 was \$2,307,406 and \$2,318,248, respectively.

Fixed assets purchased with grant funds are owned by the Organization while used in the program for which they were purchased or in other future authorized programs. However, the various funding sources have a reversionary interest in the fixed assets purchased with grant funds. The disposition of fixed assets, as well as the ownership of any proceeds is subject to funding source regulations.

**Inventory**

Inventory is stated at lower of cost or market. Cost is determined generally on the first-in, first-out basis.

**Current Vulnerabilities Due to Certain Concentrations**

The Organization maintains its cash balances at several financial institutions located in New Hampshire and Maine. The balances are insured by the Federal Deposit Insurance Organization (FDIC) up to \$250,000 per financial institution. In addition, on October 2, 2008, the Organization entered into an agreement with its principal banking partner to collateralize deposits in excess of the FDIC insurance limitation on some accounts. The balances, at times, may exceed amounts covered by the FDIC and collateralization agreements. It is the opinion of management that there is no significant risk with respect to these deposits at this time.

**Advertising**

The Organization uses advertising to promote programs among the people it serves. The production costs of advertising are expensed as incurred.

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Functional Allocation of Expenses**

The costs associated with providing program services and management and general support services are presented by natural classification on the combined statement of functional expenses and have been summarized on a functional basis on the combined statements of activities.

**Income Taxes**

The Organization qualifies as an organization exempt from income tax under Section 501 (c) (3) of the Internal Revenue Code.

Management has evaluated the Organization's tax positions and concluded that as of July 31, 2014 and 2013, the Organization has not taken any tax positions that would require the recording of any additional tax benefits or liabilities within the next twelve months. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Organization's tax returns will not be challenged by the taxing authorities and that the Organization will not be subject to additional tax, penalties and interest as a result of such challenge. Generally, the Organization's tax returns remain subject to examination for three years after they were filed.

**Subsequent Events**

Management has made an evaluation of subsequent events through April 30, 2015, which represents the date on which the combined financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of these combined financial statements.

**Reclassifications**

Certain reclassifications have been made to the 2013 combined financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE 2: RESTRICTED CASH

The housing projects are required to set aside amounts for the replacement of property and other expenditures. These amounts are set aside in separate accounts and generally are not available for operating purposes.

The housing projects are also required to put any surplus cash into a separate account. These accounts are also not available for operating purposes.

NOTE 3: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures* establish a framework to measuring fair value within generally accepted accounting principles (GAAP). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

NOTES TO COMBINED FINANCIAL STATEMENTS

JULY 31, 2014 AND 2013

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2014 and 2013.

*Mutual Funds and Money Markets:* Valued at the closing price reported on the active market on which the individual securities are traded.

The fair value by level of the Organization's investments consisted of the following as of July 31:

NOTE 5: CONTINGENT LIEN J. BROWN HOMESTEAD PROPERTY

In 1999, the town of Raymond, New Hampshire, conveyed land and buildings to Rockingham Community Acton (RCA) for \$1 and a mortgage lien of \$604,418. The buildings contain four apartments limited to low-income seniors, office space for the Outreach operations, space for the Food Pantry operation, and a common meeting room for use by Town of Raymond organizations. The Town of Raymond included a requirement that the property be used for a social service center for a period of 20 years, called the benefit period, after which this requirement terminates.

RCA granted the Town of Raymond a lien on the property, such lien to be paid from the proceeds of any sale in the event that RCA sells or otherwise conveys the property within 20 years from the date of the mortgage (1999), or if not paid at the time of the sale will run with the land to any subsequent purchaser for the remaining benefit period. This mortgage lien has no scheduled principle or interest payments and is forgivable at a rate of 1/20 each year of the benefit period until it is completely forgiven in year 2019. The value of this lien at July 31, 2014 and 2013 is \$181,326 and \$211,547, respectively.

The appraised value of the Raymond land and buildings at the time of the donation was \$220,000. RCA operated its Raymond Community Action Center at the property since the transfer and SNHS plans to continue to do so. Therefore, since SNHS has no plans to sell or transfer this property the contingent mortgage lien liability has not been included on these financial statements.

On July 1, 2011, RCA was acquired by Southern New Hampshire Services, Inc. (SNHS). The merger was classified an acquisition by SNHS of RCA for no monetary consideration. SNHS assumed all the assets, rights, powers, properties, debts, liabilities and obligations of RCA.

NOTE 10: RISKS AND UNCERTAINTIES

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules, and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

NOTE 11: CONTINGENCIES

The Organization receives contract funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not yet been determined.

NOTE 12: SUBSEQUENT EVENT

During 2012, SNHS Management Corporation entered into a contract agreement with the Community Development Investment Tax Credit Program as the grantee for the Cotton Mill Square project. In accordance with the provisions of this agreement, SNHS Management Corporation will loan \$800,000 to Cotton Mills Square, LLC to create 109 units of housing, of which 55 units will be reserved for low to moderate income households.

Subsequent to July 31, 2014, SNHS Management Corporation received the first funding installment of \$758,800 under the agreement and simultaneously issued a loan to Cotton Mill Square, LLC in the amount of \$758,800.

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

- p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
  - I. For the proper management and administration of the Business Associate;
  - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
  - III. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

**(3) Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
  - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
  - o The unauthorized person used the protected health information or to whom the disclosure was made;
  - o Whether the protected health information was actually acquired or viewed
  - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) l, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

## **INDEPENDENT AUDITORS' REPORT**

### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Southwestern Community Services, Inc. and related companies (a New Hampshire nonprofit corporation), which comprise the consolidated statement of financial position as of May 31, 2014, and the related consolidated statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the consolidated financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. as of May 31, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Information**

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2015, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

### **NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MAY 31, 2014**

#### **NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### **General**

Southwestern Community Services, Inc. (the Organization) is a New Hampshire nonprofit corporation formed as an umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in the Cheshire and Sullivan counties of New Hampshire. Various programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing, and homelessness prevention. Services are provided through Southwestern Community Services, Inc., and its related corporations, SCS Management Corp., SCS Housing, Inc., Drewsville Carriage House Associates, LP, North Walpole Village Housing Associates, LP, and Troy Common Associates, LP. The Organization is committed to providing respectful support service and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts.

##### **Basis of Accounting**

The financial statements of Southwestern Community Services, Inc. have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles. The financial statements include the accounts of Southwestern Community Services, Inc., SCS Management Corp., and SCS Housing, Inc. The three corporations are combined because Southwestern Community Services, Inc. controls more than 50% of the voting power. All significant intercompany items and transactions have been eliminated from the basic financial statements.

Drewsville Carriage House Associates, LP, North Walpole Village Housing Associates, LP and Troy Common Associates, LP have been consolidated with the Organization because the Organization owns 100% of the voting power. All significant intercompany items and transactions have been eliminated from the basic financial statements.

##### **Basis of Presentation**

Financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, Financial Statements of Not-for-Profit Organizations. Under FASB ASC 958-210, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets based upon the existence or absence of donor-imposed restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Organization.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor - imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

As of May 31, 2014, the Organization had unrestricted and temporarily restricted net assets.

#### **Refundable Advances**

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

#### **In-Kind Support**

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

#### **Estimates**

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

#### **Accounts Receivable**

The Organization has adopted the allowance method for accounting for uncollectible receivables. The Organization estimated the allowance for uncollectible receivables at zero for the year ended May 31, 2014.

**Notes Receivable**

The Organization has two notes receivable from an unrelated third party. The notes receivable are stated at the amount that is expected to be collected at year end. Interest is accrued at a rate of 4% annually. The balance of the notes receivable and related interest receivable is \$112,000 and \$27,627, respectively at May 31, 2014.

**Inventory**

Inventory is recorded at cost or at fair value if contributed. Inventory consists of property developments, which when complete, will be held for sale.

**Current Vulnerability Due to Certain Concentrations**

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the year ended May 31, 2014, approximately 65% of the Organization's total revenue was received from government agencies. The future nature of the organization is dependent upon continued support from the government.

**Concentration of Credit Risk**

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts. At May 31, 2014, no balance exceeded the federally insured limits.

**Property and Depreciation**

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property.

The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Equipment and furnishing	5 - 10 Years
Vehicles	5 Years
Computer equipment and software	3 - 7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property.

### **Advertising**

The Organization expenses advertising costs as incurred.

### **Revenue Recognition**

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as restricted if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

### **Income Taxes**

The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation. As such, the Organization is exempt from income tax on its exempt function income.

SCS Housing, Inc. is a C Corporation and is subject to income tax. Management does not believe this entity will have taxable income as there is net operating loss carryforward of \$673,130 and therefore, there is no tax provision.

Drewsville Carriage House Associates, LP, North Walpole Village Housing Associates, LP, and Troy Common Associates, LP are partnerships and do not pay taxes on their income. Rather, the partners will pay the taxes on the partnership net income.

Accounting Standard Codification No. 740, "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed the Organization's tax position taken on its income tax returns for all open years (tax years ending May 31, 2011 – 2014), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

### **Fair Value of Financial Instruments**

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

**Level 1** – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

**Level 2** - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

**Level 3** - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, inventory, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

#### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

#### **Subsequent Events**

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through January 26, 2015, the date the financial statements were available to be issued.

**NOTE 8**      **ADVANCES TO UNRELATED THIRD PARTIES**

**NOTE 9**      **RETIREMENT PLAN**

The Organization maintains a tax sheltered annuity plan under the provisions of Section 403(b) of the internal Revenue Code. All employees who have had at least 30 days of service to the Organization are eligible to contribute to the plan. The Organization begins matching contributions after the employee has reached one year of service. Employer contributions are at the Organization's discretion and totaled \$261,757 for the year ended May 31, 2014.

**NOTE 10**    **RESTRICTIONS ON NET ASSETS**

Temporarily restricted net assets consist of contributions received by the Organization that have not been used for the specified purpose of the donor. Temporarily restricted net assets at May 31, 2014 totaled \$33,797.

**NOTE 11**    **FORGIVENESS OF DEBT**

During the year ended May 31, 2014 the Organization realized forgiveness of debt income in connection with notes payable with the Town of Troy and the Town of Walpole, and the County of Cheshire. Forgiveness of debt income totaled \$772,915 for the year ended May 31, 2014.

**NOTE 12**    **PRIOR PERIOD ADJUSTMENT**

The beginning net assets for the year ended May 31, 2014 has been restated to correct three errors.

In previously issued financial statements, the Organization recorded donations restricted for a specific purpose as deferred revenue, rather than temporarily restricted revenue due to the purpose restriction, as required by accounting standards. As the purpose restrictions are met, an amount is reclassified from temporarily restricted net assets to unrestricted net assets. In addition, the Organization did not record accrued interest related to interest earned on a note receivable as is required by the terms of the note agreement. There was also an overstatement of inventory as a result of an oversight. Correcting these errors created an interest receivable asset of \$23,147, increased temporarily restricted nets assets by \$91,715, decreased inventory by \$47,171, and decreased unrestricted net assets by \$24,024, at May 31, 2013. The total effect of the prior period adjustment on the total change in net assets is as follows:

Donations improperly recorded as deferred revenue	\$	91,715
Understatement of interest receivable		23,147
Overstatement of inventory		<u>(47,171)</u>
Total prior period adjustment	\$	<u>67,691</u>

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of  
Southwestern Community Services, Inc.  
Keene, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southwestern Community Services, Inc. and related companies (a New Hampshire nonprofit corporation), which comprise the consolidated statement of financial position as of May 31, 2014, and the related consolidated statements of activities, cash flows, and functional expenses for the year then ended, and the related consolidated notes to the financial statements, and have issued our report thereon dated January 26, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered Southwestern Community Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Southwestern Community Services, Inc.'s consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors of  
Southwestern Community Services, Inc.  
Keene, New Hampshire

**Report on Compliance for Each Major Federal Program**

We have audited Southwestern Community Services, Inc.'s (a New Hampshire nonprofit corporation) compliance with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Southwestern Community Services, Inc.'s major federal programs for the year ended May 31, 2014. Southwestern Community Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of Southwestern Community Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southwestern Community Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Southwestern Community Services, Inc.'s compliance.

**Opinion on Each Major Federal Program**

In our opinion, Southwestern Community Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended May 31, 2014.

### **Report on Internal Control Over Compliance**

Management of Southwestern Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwestern Community Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

  - II. As required by law, pursuant to the terms set forth in paragraph d. below; or

- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:

- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). - f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
The Bridge House, Inc  
Plymouth, New Hampshire

We have audited the accompanying financial statements of The Bridge House, Inc. (a New Hampshire nonprofit corporation), which comprises the statements of financial position as of June 30, 2014 and 2013 and the related statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Bridge House, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

THE BRIDGE HOUSE, INC  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013

NOTE 1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Bridge House was incorporated in 2004, under the laws of the State of New Hampshire, as a “not-for-profit” organization. In accordance with its Mission Statement, the not-for-profit organization provides shelter and services, including case management, to the homeless population of the community to help them find and maintain permanent housing. Residents are provided with services that include budgeting and credit counseling, parenting classes, substance abuse counseling, and assistance in acquiring additional services from other state and federal programs.

Significant Accounting Policies

The summary of significant accounting policies of the Organization is presented to assist in understanding the Organization’s financial statements. The financial statements and notes are representations of the Organization’s management who is responsible for their integrity and objectivity. These accounting policies conform to U.S. generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Financial Statement Presentation

Basis of Presentation: The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets are comprised of operating revenues and expenses and contributions pledged which are not subject to any donor-imposed restrictions. Unrestricted net assets balances as of June 30, 2014 and 2013 totaled \$656,768 and \$515,407 respectively.

Temporarily restricted net assets are comprised of contributions and gifts for which donor-imposed restrictions will be met either by the passage of time or the actions of the Organization. Temporarily restricted net assets balances as of June 30, 2014 and 2013 totaled \$775,567 and \$700,000, respectively.

Permanently restricted net assets include those assets for which donor-imposed restrictions stipulate that the asset be permanently maintained by the Organization. As of June 30, 2014 and 2013 the Organization had no permanently restricted net assets.

**THE BRIDGE HOUSE, INC**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2014 and 2013**

**NOTE 1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

Property and Equipment

All acquisitions of property and equipment in excess of \$100 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using primarily the straight-line method. Depreciation Expense was \$29,773 and \$26,975 for the years ended June 30, 2014 and 2013, respectively.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. For the years ended June 30, 2014 and 2013 the Organization had no cash equivalents.

Income Taxes

The Organization is exempt from federal income tax under Section 501(c)(3) of the U.S. Internal Revenue Code. However, income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under section 509(a)(2).

Pledges (Contracts) Receivable and Recognition of Donor Restricted Contributions

Contributions are recognized when the donor makes an unconditional promise to give to the Organization. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. Contributions of long-lived assets are considered unrestricted unless the donor specifies a time-restriction.

The Organization provides for losses on grants and pledges receivable using the allowance method. The allowance is based on experience, third-party contracts, and other circumstances, which may affect the ability of donors to meet their obligations. Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms. It is the Organization's policy to charge off uncollectible grants and pledges receivable when management determines the receivable will not be collected. There were no balances in the allowance account related to pledges receivable as of June 30, 2014 and 2013 because all amounts were deemed collectable.

**THE BRIDGE HOUSE, INC**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2014 and 2013**

**NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (continued)**

Public Support and Revenue

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Functional Expenses

Functional and administrative expenses have been allocated among program services based on an analysis of personnel time and space utilized for the related activities.

Compensated Absences

It is the Organization's policy to permit certain employees to accumulate earned benefit Time throughout the year which will be paid upon termination

Allowance for Doubtful Accounts

The contracts receivable allowance for doubtful accounts is based upon management's assessment of the credit history with agencies, organizations and individuals having outstanding balances and current relationships with them. There was no balance in the allowance for doubtful accounts as of June 30, 2014 and 2013.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**NOTE 2. CONCENTRATION OF RISK**

The Organization maintains cash balances in several accounts at local banks. These accounts are insured by the Federal Deposit Insurance Organization up to \$250,000. At June 30, 2014 and 2013 the Organization had \$170,032 and \$136,891 in uninsured balance respectively.

**THE BRIDGE HOUSE, INC**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2014 and 2013**

**NOTE 3. CONCENTRATION IN SUPPORT REVENUE**

Government and private sector grants accounted for approximately 79% and 70% of the Organization's revenues for the years ended June 30, 2014 and 2013, respectively. Contributions accounted for approximately 11% and 14% of the Organization's revenues for the years ended June 30, 2014 and 2013, respectively.

**NOTE 4. CONTRACTS RECEIVABLE**

Contracts receivable are comprised primarily of State of New Hampshire, Grafton County and Town of Plymouth service agreements. In addition a private foundation has pledged support for the Organization.

**NOTE 5. TEMPORARILY RESTRICTED NET ASSETS**

The Organization received a \$700,000 block grant from the Town of Plymouth, NH to assist with the construction of a new facility during the year ended June 20, 2005. A mortgage deed in the amount of \$670,000 related to this grant has been recorded against the title of the property. The Organization is required to continue the building's use as a homeless shelter for a period of twenty years. In the event of default, the Organization must return the funds or relinquish ownership of the building to satisfy the restrictions.

Temporarily restricted net assets include the following at June 30:

	<u>2014</u>	<u>2013</u>
Town of Plymouth, NH	\$ 700,000	\$ 700,000
Thrift Store Start Up Funding	<u>75,567</u>	<u>-</u>
Net temporarily restricted net assets	<u>\$ 775,567</u>	<u>\$ 700,000</u>

**NOTE 6. OPERATING LEASE**

Effective October 5, 2004, the Organization entered into a lease agreement with Whole Village Family Resource Center to lease a portion of the Center's Premises. The term of the lease is for 50 years and expires October 4, 2054. The rent is \$1 plus incremental costs, which are defined as snow removal, repairs, lawn care and landscaping, utility services, water and sewer, insurance and other incidental costs incurred by the Organization use of the premise. There is no lease expense for the years ending June 30, 2014 and 2013. Incremental costs of use of the premise are included in operating expenses and allocated by function.

**THE BRIDGE HOUSE, INC**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2014 and 2013**

**Note 7. TAX EXEMPT STATUS**

The Organization is a public charity exempt from Federal income tax under Section 501 (c) (3) of the Internal revenue Code. The Organization reports its activities on federal form 990 annual information return and does not believe it has done anything during the past year that would jeopardize its tax-exempt status at either the state or Federal level. These filings are subject to review by the taxing authorities and the federal income tax returns for 2013, 2012, and 2011 are subject to examination by the IRS, generally for three years after they were filed.

In accordance with FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, the Organization is under the opinion that there are no unsustainable positions that have been taken in regards to federal or state income tax reporting requirements. Accordingly, management is not aware of any unrecognized tax benefits or liabilities that should be recognized in the accompanying statements.

**NOTE 8. FAIR VALUE MEASUREMENTS**

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Organization is required to disclose certain information about its financial assets and liabilities. As of June 30, 2014 and 2013 the Organization had no financial instruments subject to the disclosure requirements. Cash, contracts receivable, accounts payable and accrued expenses reported in the statement of financial position approximate fair values because of the short maturities of those instruments or because of the fixed rate of interest required to be paid.

**NOTE 9. CONTINGENT LIABILITIES**

The Organization receives money under various state and federal programs. Under the terms of these programs, the Organization is required to expend the funds within the designated period for purposes specified in the grant proposal. If expenditures of the funds were found not to have been made in compliance with the proposal, the Organization might be required to return this portion of funds to the grantor. As of June 30, 2014 and 2013, there were no known disallowed expenditures and the Organization's management deems such a contingency unlikely. Accordingly, no provision has been made for this contingency.

**NOTE 10. SUBSEQUENT EVENTS**

Management has considered subsequent events through January 15, 2015, the date the financial statements were available to be issued. At that time, there were no material subsequent events.

AND OTHER RESPONSIBILITY MATTERS**

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

  
6/23/15

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

**PRIMARY COVERED TRANSACTIONS**

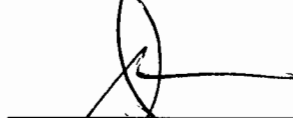

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

  - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

**LOWER TIER COVERED TRANSACTIONS**

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

## **Independent Auditors' Report**

To the Board of Trustees of  
The Friends Program, Inc.:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of The Friends Program, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2014 and 2013, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Friends Program, Inc. as of September 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Supplementary Statements of Activities for the years ended September 30, 2014 and 2013 are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is also presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2014, on our consideration of The Friends Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Friends Program, Inc.'s internal control over financial reporting and compliance.

### 1. Summary of Significant Accounting Policies:

Organization – The Friends Program, Inc. (the Organization) is an independent not-for-profit corporation organized in the State of New Hampshire. The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (Code). In addition, the Organization has been determined by the Internal Revenue Service not to be a “private foundation” within the meaning of Section 509(a)(2) of the Code. The Organization’s primary purposes consist of the following program services:

Youth Mentoring – mentor program, matching volunteer mentors with at-risk children and teens.

Emergency Housing – short-term housing for homeless families.

Foster Grandparents – mentor program that places income eligible senior citizen volunteers in schools and child day care centers to work with special and at-risk children.

Retired Senior Volunteers – volunteer program targeting individuals 55 years of age or older who become engaged in a variety of volunteer roles.

Financial Reporting – The Organization has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*, Section 205, *Presentation of Financial Statements*, and Section 605, *Revenue Recognition*. ASC Section 958-205 establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into three net asset categories according to externally (donor) imposed restrictions. ASC Section 958-605 requires that unconditional promises to give (pledges) be recorded as receivables and revenue. It also requires the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. A description of the three net asset categories follows:

Unrestricted Net Assets – include the following:

Undesignated – Undesignated, unrestricted net assets include the revenues and expenses associated with the principal operating mission of the Organization.

Board Designated – Board designated net assets include the revenues from operations and various unrestricted contributions that the Board of Trustees has set aside and elected to use towards future operations.

Temporarily Restricted Net Assets – Include gifts for which donor-imposed restrictions have not been met. Assets are released from restrictions as expenditures are made in line with restrictions called for under the terms of the donation. Contributions are recorded as unrestricted revenue and support of the current year to the extent that current year expenditures, consistent with the donor restrictions, have been incurred.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the institution to use all or part of the income earned on related investments for general or specific purposes.

Property and Equipment – Property and equipment acquisitions are recorded at cost. Property and equipment donated for Organization operations are recorded at fair value at the date of receipt. Expenditures for repairs and maintenance are expensed when incurred and betterments are capitalized.

### 1. Summary of Significant Accounting Policies (continued):

Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line method. Equipment under capital leases is amortized on the straight-line method over the life of the capital lease. Such amortization is included in depreciation in the financial statements. Depreciation expense for the years ended September 30, 2014 and 2013 was \$25,025 and \$29,202, respectively.

Estimated useful lives are as follows:

	<u>YEARS</u>
Furniture, fixtures and equipment	5
Building improvements	15 – 20
Buildings	20

The Organization reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, as well as the effects of obsolescence, demand, competition and other economic factors. As of September 30, 2014 and 2013, the Organization found no reason for impairment of any assets.

Estimates – The Organization uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Income Taxes – The Organization is a not-for-profit corporation as described in Section 501(c)(3) of the Code and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code.

In September 2009, the FASB issued Accounting Standards Update (ASU) No. 2009-06, *Income Taxes*, Topic 740 – *Implementation Guidance on Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities* which amended ASC Subtopic 740-10, *Income Taxes – Overall*. The revised guidance addresses the accounting uncertainty of income taxes recognized in an enterprise’s financial statements and prescribes a threshold of “more-likely-than-not” for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Subtopic 740-10 also provides guidance on measurement classification, interest and penalties and disclosure. The Organization adopted the provisions of ASC Subtopic 740-10, *Accounting for Uncertainty in Income Taxes*, effective October 1, 2009. The Organization files the Form 990. With few exceptions, the Organization is no longer subject to U.S. federal tax examinations by tax authorities for fiscal years before September 30, 2010. As of September 30, 2014 and 2013, management of the Organization believes it has no material uncertain tax positions.

Cash and Cash Equivalents – Cash and cash equivalents include demand deposits, petty cash funds and investments with a maturity of three months or less, and exclude amounts whose use is limited by Board designation. As of September 30, 2014, the Organization had no cash equivalents.

Advertising – Advertising costs are charged to operations when incurred.

Donated Materials and Services – The Organization recognizes the value of volunteer services and expenses when there is an objective basis available to measure their value, relative to its various activities.

### 1. Summary of Significant Accounting Policies (continued):

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Concentration of Credit Risk – The Organization maintains cash balances at a financial institution. Accounts at financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to a maximum of \$250,000. At times during the year, funds carried in the Organization’s accounts exceed FDIC limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk related to uninsured funds.

Vacation Pay and Fringe Benefits – Vacation pay is accrued and charged to the appropriate program expense when earned by the employee. Fringe benefits are allocated to the appropriate program expense based on the percentage of program salaries to total salaries.

Functional Allocation of Expenses – The cost of providing the various programs and other activities has been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Deferred Revenue – The Organization recognizes revenues earned. Amounts received in advance of the period in which service is rendered are recorded as a liability under “deferred revenue”.

Reclassifications – Certain reclassifications have been made to the 2013 financial statements to conform to the current year presentation.

Comparative Information – The statement of activities and changes in net assets for the year ended September 30, 2013 shows the unrestricted activity. There was no temporarily restricted or permanently restricted activity for the year ended September 30, 2013; therefore, this constitutes a presentation in conformity with accounting principles generally accepted in the United States of America.

#### 4. Fair Value of Financial Instruments:

The following method and assumptions were used in estimating the fair value of financial instruments:

Cash – The carrying amount reported in the statement of financial position for cash approximates fair value due to its short-term nature.

Other receivables – Gross other receivables net of allowances as reported in the statement of financial position approximates fair value due to its short-term nature.

Accounts payable and accrued expenses – The carrying amount reported in the statement of financial position for accounts payable and accrued expenses approximates fair-value due to its short-term nature.

The following represents a summary of net investment returns for the years ended September 30:

	<u>2014</u>	<u>2013</u>
Investment return:		
Income on investments	\$ 13,466	\$ 10,066
Net gain on investments - realized and unrealized	<u>27,567</u>	<u>27,168</u>
	<u>\$ 41,033</u>	<u>\$ 37,234</u>

Investments consisted of the following as of September 30:

	<u>2014</u>		<u>2013</u>	
	<u>COST</u>	<u>MARKET</u>	<u>COST</u>	<u>MARKET</u>
Cash and cash equivalents	\$ 91	\$ 91	\$ -	\$ -

	<u>\$ 401,286</u>	<u>\$ 437,489</u>	<u>\$ 337,371</u>	<u>\$ 363,402</u>

FASB ASC Topics 820 and 825 prioritize, within the measurement of fair value, the use of market-based information over entity-specific information and establishes a three-level hierarchy for fair value measurements based on the transparency of information used in the valuation of an asset or liability as of the measurement date.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include listed equities held in the name of the Organization, and exclude listed equities and other securities held indirectly through commingled funds.

## Notes to Financial Statements

As of and for the Years Ended September 30, 2014 and 2013

---

#### 4. Fair Value of Financial Instruments (continued):

- Level II – Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.
- Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Judgment about inputs into the determination of fair value shall be developed based on the best information available in the circumstances.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level input that is significant to the fair value measurement. All of the Organization's investments are categorized as Level I.

The Organization periodically reviews its investment portfolio to determine if any investment is other-than-temporarily impaired due to changes in credit risk or other potential valuation concerns. While certain securities have market values below cost, the Organization believes it is probable that the principal and interest will be collected in accordance with the contractual terms, and that the decline in the market value is exacerbated by the overall credit concerns in the market. Factors considered in determining whether a loss is other-than-temporarily include the length of time and extent of which fair value is less than the cost basis, the underlying collateral, agency ratings, future cash flows and the Organization's intent and ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value. The Organization's assessment that an investment is not other-than-temporarily impaired could change in the future due to new developments or change in any particular investment.

### 7. Endowment:

Endowment – The Organization's endowment consists of a gift restricted by a donor for long-term support of the Organization's youth mentoring program, and the accumulated investment returns on this gift. The accumulated investment returns consist of endowment net investment return that has not been appropriated by the Board of Trustees for expenditure to support operating and non-operating activities of the Organization.

Spending Policy and How the Investment Objectives Relate to the Spending Policy – The Organization's policy is to appropriate for distribution each year 0–6% of a 12 quarter moving average of the fund's total market value based upon the finance committee's annual recommendation and approved by the Board of Trustees. Distribution of funds shall not occur until the fund has accumulated a value of \$100,000. In establishing this policy, the Organization considered the long-term expected return on its endowment. Accordingly, over the long term, the Organization expects the current spending policy to allow its endowment to grow at an average of 5 percent annually.

Funds with Deficiencies – From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$0 as of September 30, 2014 and 2013.

### 7. Endowment (continued):

Return Objectives and Risk Parameters – The Organization has adopted investment and spending policies for endowment assets that attempt to provide additional funding to the youth mentoring program while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity.

Strategies Employed for Achieving Objectives – To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a weighted ratio on equity-based and fixed income investments to achieve its long-term return objectives within prudent risk constraints.

Report 1

**Independent Auditors' Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards***

To the Board of Trustees of  
The Friends Program, Inc.:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Friends Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of September 30, 2014, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated December 10, 2014.

Internal Control Over Financial Reporting

In planning and performing our audits of the financial statements, we considered The Friends Program, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Friends Program, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of The Friends Program, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Independent Auditors' Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards* (continued)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Friends Program, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report 2

**Independent Auditors' Report on Compliance for Each  
Major Federal Program and on Internal Control Over Compliance  
Required by *OMB Circular A-133***

To the Board of Trustees of  
The Friends Program, Inc.:

Report on Compliance for Each Major Federal Program

We have audited The Friends Program, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on The Friends Program, Inc.'s major federal program for the year ended September 30, 2014. The Friends Program, Inc.'s major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for The Friends Program, Inc.'s major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The Friends Program, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of The Friends Program, Inc.'s compliance.

**Independent Auditors' Report on Compliance for Each  
Major Program and on Internal Control Over Compliance  
Required by OMB Circular A-133 (continued)**

Opinion on Each Major Federal Program

In our opinion, The Friends Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2014.

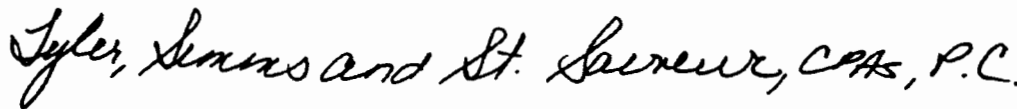

Report on Internal Control Over Compliance

Management of The Friends Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered The Friends Program, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Friends Program, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
  - i. For the proper management and administration of the Business Associate;
  - ii. As required by law, pursuant to the terms set forth in paragraph d. below; or
  - iii. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

**(3) Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
  - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
  - o The unauthorized person used the protected health information or to whom the disclosure was made;
  - o Whether the protected health information was actually acquired or viewed
  - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

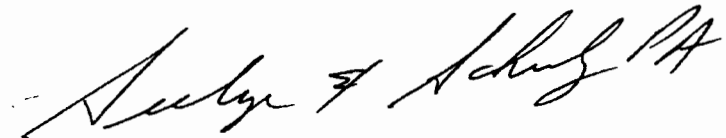

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

**THE FRONT DOOR AGENCY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
For The Year Ended June 30, 2014

---

**NOTE A. NATURE OF ORGANIZATION**

The Front Door Agency, Inc. was established to create, carry on and maintain a community service outreach program for residents of the City of Nashua, New Hampshire, and other localities by providing emergency assistance, transitional housing, counseling services, security deposits, holiday assistance and support.

**NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Accounting Method

Support, revenue and expenses are recorded on the accrual basis of accounting. Support is recorded when received or pledged. Revenue is recorded when services are rendered. Expenses are recorded when the obligation has been incurred.

Non-cash Contributions

Contributions of donated non-cash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, which are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Agency that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Financial Statement Presentation

The Agency reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

**THE FRONT DOOR AGENCY, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
For The Year Ended June 30, 2014

---

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations. All contributions are considered to be available for unrestricted use unless specifically restricted by donor.

Temporarily and permanently restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Agency or the passage of time, or are permanent in nature. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Agency considers all unrestricted, highly-liquid investments with an initial maturity of three months or less, to be cash equivalents.

Investment Securities

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

Property and Depreciation

Property is recorded at cost (or fair market value if donated) and is depreciated using the straight-line method over estimated useful lives as follows:

<u>Description</u>	<u>Life</u>
Building and improvements	4-27
Equipment & furniture	3-7

Reserve Method

The Agency uses the reserve method to account for bad debts. The reserve is based on prior years' experience and management's analysis of specific promises to give. A reserve for bad debts of \$5,000 was required for the year ended June 30, 2014.

**NOTES TO FINANCIAL STATEMENTS**  
For The Year Ended June 30, 2014

---

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the programs and supporting services benefited.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Income Taxes

The Agency is exempt from federal income taxes pursuant to the Internal Revenue Code Section 501(c)(3).

The Organization's income tax filings are subject to audit by various taxing authorities. The Organization's open audit periods are 2010 through 2014. The Organization believes it has met all the requirements to maintain its not-for-profit status and does not have any unrelated business income which would result in taxable income. It is the Agency's policy to expense when paid any interest and penalties associated with its income tax obligations.

Net assets associated with endowment funds are classified as unrestricted, temporarily restricted or permanently restricted based on the existence or absence of donor-imposed restrictions as required by accounting principles generally accepted in the United States of America.

The fair value of donor-restricted endowment gifts is classified as permanently restricted in accordance with the Agency's interpretation of the Uniform Prudent Management of Institutional Funds Act enacted in New Hampshire on July 1, 2008.

The primary total return objective is to exceed the long-term rate of inflation, as measured by the CPI, by 3%. Investment policies also provide for diversification, and stipulate asset mix between equities, fixed income securities and cash.

The Agency's spending policy is to appropriate up to 7% of the average market value of the endowment fund annually from temporarily and unrestricted funds while maintaining the donor-imposed permanent restriction.

**NOTE E. HOMELESS HOUSING AND ACCESS REVOLVING LOAN FUND (HHARLF) – CLIENT RECEIVABLES**

The Homeless Housing and Access Revolving Loan Fund provides guarantees of rental security deposits and/or first month's rent to eligible persons. A voucher is issued to the landlord for the client's security deposit and cash is advanced for the first month's rent. The client is responsible for making monthly payments toward the security deposit and/or first month's rent to the Agency. When the security deposit is paid in full, the Agency redeems the voucher for cash to the landlord. If the lease is terminated and the landlord redeems the voucher, the Agency purchases the voucher.

**NOTE F. HOUSING SECURITY GUARANTEE PROGRAM (HSGP) – CLIENT RECEIVABLE AND STATE RECEIVABLE**

The Agency and the State of New Hampshire are working together with the Housing Security Guarantee Program. Landlords are provided with vouchers instead of cash for security deposits. The client agrees to pay back the Agency for the security deposit. When the deposit is repaid in full, the Agency redeems the voucher to the landlord for cash. If the lease terminates and the landlord redeems the voucher, any unpaid balance remaining from the client is billed to the State.

**NOTE G. REVOLVING LOAN FUND (RLF) - CLIENT RECEIVABLES**

The Agency obtained non-governmental grants to assist individuals with their mortgage payments. The amounts are to be repaid by the recipients of the program.

**NOTE H. INVESTMENT IN EVOLUTION SPORTS RIVALS, LLC**

**NOTE I. REVOLVING LINE OF CREDIT**

The Agency has a \$75,000 revolving line of credit with Triangle Credit Union that was unused as of June 30, 2014. Amounts borrowed on the credit line are payable on demand and carry an interest rate of 3.75%. The credit line is secured by a security interest in all The Front Door Agency, Inc.'s assets, and expires April 18, 2016.

Under the terms of an agreement expiring on December 31, 2014, the Agency leases office space located at 7 Concord Street, Nashua, New Hampshire. The monthly payment is \$1,400 which can increase based upon an increase in the base year operating costs. The Agency also rents two apartments, one for \$400 per month expiring on March 31, 2015 and an apartment for \$325 per month as a tenant at will.

The Agency also leases a copier and telephone system for \$308 and \$672 per month respectively. The equipment leases expire June 2017 and November 2014 respectively.

2017	\$ 3,696

**NOTE O. CONTINGENCIES/PROGRAM RELATED**

The Agency receives funding from various state and federal programs. Under the terms of these programs, the Agency is required to use the funding within the period for purposes specified in the proposal. If expenditures of the program were found not to have been made in compliance with the proposal, the Agency might be required to repay the funds.

**NOTE P. CONTINGENCY/FACILITY RELATED**

In June of 2012, the Agency purchased a building to provide housing at below-market rent to low and moderate income households. In addition to first and second mortgages on the property (Note J) the building was acquired subject to an additional performance only mortgage.

No principal or interest payments are required on the performance mortgage as long as the Agency maintains ownership of the property and rents to tenants with income less than 60% of the Area Median Income.

For each month the Agency meets the ownership and use performance requirements, a non-performance mortgage liability reduces from \$192,400 at June 30, 2014 to zero in 2019.

**NOTE Q. FAIR VALUE OF FINANCIAL INSTRUMENTS**

The carrying amounts of financial instruments including cash, accounts receivable, accounts payable and short-term debt approximated fair value as of June 30, 2014, because of the relatively short maturity of these instruments. The recorded values of notes payable and long-term debt approximate their fair values, as interest approximates market rates.

**NOTE R. SUBSEQUENT EVENTS**

Management has evaluated events through October 21, 2014, the date that the financial statements were available to be issued.

**NOTE S. FAIR VALUE MEASUREMENTS**

The Fair Value Measurements and Disclosures in accordance with FASB ASC Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and sets out a fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined under the Topic as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy under the Topic are described below:

- Level 1: Quoted market prices in active markets, such as the New York Stock Exchange, for identical assets or liabilities.
- Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

The Agency assess the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer. For the year ended June 30, 2014, there were no such transfers.

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

For the year ended June 30, 2014, the application of valuation techniques applied to similar assets and liabilities has been consistent. The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis:

*Investment Securities*

The fair value of publicly traded mutual funds is based upon market quotations of national security exchanges, and all are considered Level 1.

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

Notes to Financial Statements  
September 30, 2014

EXHIBIT C.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. The accompanying financial statements have been prepared on the accrual basis of accounting.
- B. This Corps Community Center is an operating segment of the Northern New England Division of The Salvation Army, and as such does not record fixed assets or acquisitions on the balance sheet. The accounting and recording of same is part of the Corporate Headquarters in New York.

Note 2. FUNDED DEPRECIATION

Vehicles are depreciated over a four year period, with payments of same made to the Divisional Headquarters and held in reserve until replacement. The vehicle replacement account represents this depreciation only.

Note 3. INVESTMENT INCOME

The restricted and unrestricted investment revenues reflected in Exhibit A of the Financial Statements are derived from trust funds willed to The Salvation Army. The restricted revenues are disbursed according to the provisions of the trust instrument and are controlled by Territorial Headquarters in New York. The unrestricted revenues are also controlled by the Territorial Headquarters and are disbursed according to the need of certain programs sponsored by The Salvation Army.

**EXHIBIT "A"**

**The Salvation Army**

**ProForma Form 990  
Return of Organization Exempt from Tax Form**

"The Salvation Army in the United States is composed of a National Headquarters, four Territories, each separately incorporated, and multiple local units within each Territory. As a church, The Salvation Army is not required by the IRS to file the Form 990. However, to qualify to receive funding from certain sources, some local units provide information to funding agencies by completing a Form 990 pro forma. Preparing such a pro forma does not constitute a voluntary filing of Form 990. As such, providing the pro forma does not waive The Salvation Army's exemption from the requirement to file the Form 990 return. Therefore, for example, the pro forma return provided to the Combined Federal Campaign contains the following statement:

**DISCLAIMER**

The Salvation Army is not required to file IRS Form 990. Therefore, this form is submitted under protest, in compliance with the ruling of CFC opinion 88-1 which states:

"Organizations that are not required to file IRS Form 990 with the IRS must nonetheless submit a completed copy of that form with their application for national or local eligibility."

Since the pro form Form 990 return is provided in the situations and for the purposes described above by local units of The Salvation Army, it is an abbreviated version designed to provide relevant information about the local unit's operations and use of resources. Therefore, only certain applicable parts of the core form that identify the local unit have been completed. Finally, depending on the context, certain parts of the core form contains information relating to either the territory, the local unit, or in some cases, a combination of both."

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

(2) **Business Associate Use and Disclosure of Protected Health Information.**

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
  - I. For the proper management and administration of the Business Associate;
  - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
  - III. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

**(3) Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
  - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
  - o The unauthorized person used the protected health information or to whom the disclosure was made;
  - o Whether the protected health information was actually acquired or viewed
  - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Way Home, Inc.  
To Those Charged With Governance  
214 Spruce Street  
Manchester, New Hampshire 03101

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Way Home, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 22, 2014.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered The Way Home, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Way Home, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether The Way Home Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

*Handwritten signature and date*  
August 22, 2014

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

The Way Home, Inc.  
To Those Charged With Governance  
214 Spruce Street  
Manchester, New Hampshire 03101

**Report on Compliance for Each Major Federal Program**

We have audited The Way Home Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of The Way Home, Inc.'s major federal programs for the year ended June 30, 2014. The Way Home, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

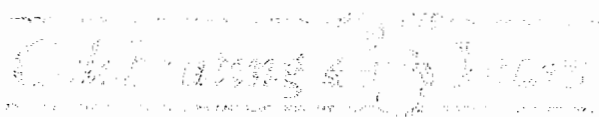

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of The Way Home, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The Way Home, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of The Way Home, Inc.'s compliance.

***Opinion on Each Major Federal Program***

In our opinion, The Way Home, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

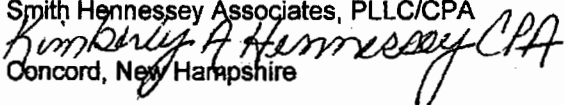

## Report on Internal Control over Compliance

Management of The Way Home, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered The Way Home, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Way Home, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

The Way Home, Inc.  
To Those Charged With Governance

Manchester, New Hampshire 03101

**Report on the Financial Statements**

We have audited the accompanying financial statements of The Way Home, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Way Home, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Also, the supplementary information including the Schedules of Rental Operations Expenses, the Schedules of Receipts and Disbursements, the Schedules of Restricted Cash Reserves and Escrows, the Schedules of Surplus Cash Calculation and the Year-to-Date Compilations of Distributions for the three projects, 214 Spruce St, Ferry St and 224 Spruce St. are presented for purposes of additional analysis as required by the New Hampshire Housing Finance Authority's Regulatory Agency, and are not a required part of the financial statements. All such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2014, on our consideration of The Way Home, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Way Home, Inc.'s internal control over financial reporting and compliance.

THE WAY HOME, INC.  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013

1. Nature of Business and Summary of Significant Accounting Policies

The Organization's first program, a security deposit loan program, was created in 1987/88 by the Greater Manchester Low Income Housing Network in response to housing concerns identified in a United Way Community Needs Study. Services began in Manchester, NH in January 1988 under a fiscal agent with the Network serving as an Advisory Committee. The Organization was incorporated as a NH nonprofit on August 25, 1989 to assure continuation of this housing assistance program. It was originally known as The Security Deposit Loan Fund of Greater Manchester. Its primary purpose was to make loans that will be utilized for the security deposits, targeting low-income households, which, without the security deposit loan and housing counseling services would otherwise remain or become homeless.

During the fiscal year ended June 30, 1998, the Organization changed its' name to The Way Home, Inc. The Organization believed this new name more effectively reflected the purpose of the Organization, more properly represented the growth of purpose from its original concept, and more easily linked into the service areas that clients will need.

The services provided by The Way Home, Inc. also include:

- Homeless prevention, outreach & intervention services, including homelessness prevention grants
- Rental housing counseling which teach tenants self help skills, provides housing advocacy, and assists with landlord negotiations
- Financial management education for homeless persons, low income renters, and at-risk homeowners
- Housing counseling for at-risk home owners with a focus on foreclosure prevention
- Steps to success coaching and workshops on self-sufficiency skills
- Healthy home services to help address in-home environmental hazards with a special focus on vulnerable populations
- A housing resource center, a welcoming week-day facility for homeless and at-risk individuals
- Transitional housing apartments for homeless children and their families
- Development and/or management of supportive housing for several special needs populations, including chronically homeless individuals/families and homeless veterans
- Community advocacy to help the voice of low income households be heard on housing related issues
- 

Its' office is located in Manchester, New Hampshire.

**Method of Accounting**

The Organization uses the accrual method of accounting, recognizing income when earned rather than received and expenses when incurred rather than when paid.

**Standards of Accounting and Financial Reporting**

During 1995, the Organization adopted Statement of Financial Accounting Standards (SFAS) No. 116, Accounting for Contributions Received and Made, and SFAS No. 117, Financial Statements for Not-for-Profit Organizations. SFAS No. 116 requires that certain unconditional promises to give (pledges) and contributions be recorded as support in the period received.

1. Nature of Business and Summary of Significant Accounting Policies  
(continued)

Standards of Accounting and Financial Reporting (continued)

SFAS No. 117 establishes standards for general purpose external financial statements for not-for-profit organizations and requires that resources be classified for accounting and reporting categories according to externally (donor) imposed restrictions as follows:

**Unrestricted Net Assets** – Include the portion of expendable unrestricted funds that are available for support of the Organization's operations. In a prior year, the Board of Directors designated restrictions on portions of the net assets as classified on the statements of financial position.

**Temporarily Restricted Net Assets** – Include the portion of funds for which donor or grantor restrictions have not yet been met, and for which the ultimate purpose of the proceeds are not permanently restricted.

**Permanently Restricted Net Assets** – Include the portion of funds that by donor or grantor restriction require the corpus be invested in perpetuity and only the income be made available for programs or operations in accordance with donor restrictions.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Statements of Cash Flows

The Organization has adopted Financial Accounting Standard No. 95, "Statements of Cash Flows". For purposes of this statement, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Fixed Assets

The Organization capitalizes property and equipment over \$1,500. Lesser amounts are expensed. Purchased property and equipment is capitalized at cost. Depreciation on equipment is computed using the straight-line method over an estimated useful life of 3 to 10 years. The building and renovations are being depreciated over an estimated life of 20 to 50 years. See Note 6 regarding donated equipment.

NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013

1. Nature of Business and Summary of Significant Accounting Policies (continued)

Income Taxes

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the United States Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization's Forms 990, Return of Organization Exempt from Income Tax, for the years ending June 30, 2014, 2013 and 2012 are subject to examination by the IRS, generally for three years after they are filed.

Deferred Revenue

Funds restricted by grantors for particular operating purposes are deemed to be earned and reported as revenues of the particular fund when the Organization has incurred expenditures in compliance with the specific restrictions. Such amounts received or receivable but not yet earned are reported as deferred revenue. At June 30, 2014 and 2013 there was deferred revenue of \$271,110 and \$203,796 respectively.

Gifts of Cash, Assets and Services

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Gifts of long-lived assets with restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reclassifies long-lived assets as unrestricted net assets when the assets are placed in service.

The Organization reports gifts of land, buildings, and equipment, if any, as unrestricted support if there are no donor restrictions. See also Note 6 regarding in-kind contributions.

NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013

2. Notes Payable Obligations (continued)

Under the terms of the \$359,300 New Hampshire Housing Finance Authority loan, the Organization is required to segregate reserves to meet future insurance, real estate taxes, and maintenance and replacement obligations. The Organization maintains separate restricted accounts to meet these requirements.

The \$359,300 note is financed with federal funding through the HOME Investment Partnership Rental Housing Production Program and is subordinate to the NH Housing Financing Authority 1.75% interest-bearing note.

3. Capital and Operating Lease Obligations

There were no operating leases as of June 30, 2014 and 2013.

4. Accrued Compensated Absences

The Organization had a policy to provide paid vacation benefits based on length of employment. At June 30, 2014 and 2013, the Organization recognized \$29,950 and \$21,007 for unused vacation compensation, respectively.

The Organization provides paid leave time for illness, jury duty, bereavement, military duty or other personal reasons. Pursuant to the Organization's personnel handbook adopted September 1996, family leave does not carry any monetary value. Pursuant to FASB #43, it is not required to accrue any liability for non-vested sick leave.

5. Restricted and Board Designated Net Assets

Effective September 30, 1992, the Board of Directors of the Organization voted to segregate funds restricted by grantors for security deposit loans from the loan fund balance, with the excess designated by the board as restricted loan funds.

See also Notes 2 and 8 regarding loans and funds restricted for guaranteed security deposits and other board restricted funds.

6. In-Kind Contributions

The Organization makes use of volunteer services to supplement its operations and control operating expenses. Donated services are valued in a manner consistent with federal guidelines and volunteer services organization rates. The contribution of services are recognized if the services received (a) create or enhance non-financial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

**THE WAY HOME, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2014 and 2013

These financial statements reflect the fair value of donated goods/equipment and services received in the current fiscal year as in-kind income and related expense in the amount of \$96,392 and \$122,910, respectively for the years ended June 30, 2014 and 2013.

The value of donated services and equipment, food and supplies included in the June 30, 2014 and 2013 financial statements and the corresponding expenditures are as follows:

During fiscal year 2013, the Organization brought a part-time person on board to manage volunteers and donations – with new systems in place, the Organization was able to substantially increase their in-kind donations – primarily in the area of apartment furnishings. There were also significant furnishings donations for the new housing units in the Laurel Street building.

The Organization also participated in two volunteer employment programs during fiscal year 2013, the National Able Network and Workplace Success programs.

**7. Loans Receivable and Allowance for Uncollectible Receivables**

During its first year of operation the Organization implemented an Allowance for Uncollectible Receivables for the security deposit loan program. The allowance was calculated by a formula at an accrual rate of 50% of loans extended.

In 1991 a Letter of Guarantee was instituted to maximize the benefit of this limited resource. In 1993 The Way Home's Security Deposit Guarantee became the model for the State of New Hampshire Housing Security Guarantee Program. In 1996, the Board

THE WAY HOME, INC.  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013

of Directors voted to formalize the structure of the security deposit loan program, including the allowance for uncollectible receivables. With increased use of the NH HSGP program (see note 8) the policy was revised to provide an uncollectible allowance only on those guarantees not underwritten by the NH HSGP program. By Fiscal Year 2014, all security deposit loan receivables were underwritten by a funder in a manner that allowed for closing of the remaining uncollectible receivables.

**8. Guaranteed Security Deposits**

A Letter of Guarantee Program has been developed and implemented by the Organization. Pursuant to this program, the Fund guarantees that a landlord will receive the appropriate percentage of a security deposit when the Fund's client vacates an apartment or the full security deposit when the client has completed their loan repayment. The program requires the landlord to communicate with the Fund and become more active in the deposit process

In 1993 NH State Legislation used The Way Home's Security Deposit Guarantee Program as its model in creating the Housing Security Guarantee Program (HSGP). In Fiscal Years 2013 and 2014, this resource underwrote more than 80% of the Lettes of Guarantee issued by The Way Home for its Housing Assistance program. The NH Housing Security Guarantee Program provides guarantees for rental security deposits to eligible persons in accordance with New Hampshire RSA 126: A, 50. Funds related to the State guarantee program may be drawn only upon determination of uncollectibility of a security deposit loan.

Because the Organization now has an underwriter for a significant amount of the guarantees, and after careful study, the Organization has revised the policy of providing a reduction in cash reserve requirements for all guarantees to a minimum of 50% of guarantees not covered by the NH Housing Security Guarantee Program.

**9. Homeless Prevention Grants**

Pursuant to the requirements of grantors, during 2014 and 2013 the Organization distributed \$ 350,898 and \$ 319,894 respectively on behalf of individuals, for such items as security deposits, rents, utilities, to prevent continued or return to homelessness. These distributions were not loans but grants for qualified individuals. These grants are underwritten by several different program funds, including State of NH SGIA Prevention program, State of NH HSGP and HHARLF programs, HUD HOME Tenant Based Rental Assistance funded program, and HUD Continuum of Care Permanent Supportive Housing funded program.

**10. Healthy Home Services Program**

The Way Home's Healthy Home Services grew out of a special project, begun with EPA funding in 1995, to empower a group of low income tenants in Manchester to work in collaboration with the Manchester Health Department to build a grassroots Lead Poisoning Prevention campaign.

**THE WAY HOME, INC.**  
**NOTES TO THE FINANCIAL STATEMENTS**  
June 30, 2014 and 2013

The result is a peer educator empowerment process that guides emerging leaders from the low-income community. In 1997 the leadership of these low income women created The Way Home's Healthy Home Services to protect children from environmental hazards in the home. Through their work, the City of Manchester was named as an EPA Child Health Champion Community and also secured HUD grants to remediate lead paint hazards. The Way Home served on the 2007 NH Lead Poisoning Prevention Legislative Study Commission and is serving on the NH Healthy Homes Steering Committee and the City of Manchester Healthy Homes Partnership. Project staff includes two certified Healthy Home Specialists and housing counselors/advocates trained in healthy home education. The team has been called upon by the Manchester Health Department to assist tenants living with pest infestations. The Fiscal Year 2013 and 2014 program included a special EPA Environmental Justice Project to provide tenant education and support services to help low income tenants do their part as a key component of Integrated Pest Management in rental housing; and a Healthy Home Contract with the City of Manchester as part of its HUD Lead Hazard Reduction Demonstration Grant funded healthy housing program. The Way Home's Healthy Home Services Program includes healthy home apartment inspections, in-home peer support with education and resources, education on lead poisoning prevention and safe pest management, education on reporting substandard housing conditions.

**11. Steps to Success Supportive Services Linked to Housing Counseling & Supportive Housing Programs**

Steps to Success Supportive Services build skills for homeless and at-risk clients to gain access to and remain in permanent housing. The Organization's Steps to Success program is provided by Housing Counselors and Housing Advocates who help individuals to set appropriate goals and coach them on action steps to meet these goals. These supportive services are available to clients in The Way Home's transitional housing, permanent housing, and general housing counseling programs. In fiscal year 2013 and 2014, The Way Home owned and/or leased 56 units of housing, including 7 transitional units in its 214 Spruce Street facility, which opened in 2002. The Way Home's Steps to Success supportive services are also used as part of its HUD Continuum of Care (CoC) funded permanent supportive housing programs; its HUD ESG & HUD CoC funded rapid re-housing programs; its HUD funded project based Veteran Assisted Supportive Housing (VASH) project; and for special needs clients in its general housing counseling programs.

**12. Under the Bridge Program**

The Organization has been instrumental in the publication of a book of stories and poems written by Manchester, NH homeless individuals. It is a self-advocacy and fund-raising program that serves as a tool for training staff who work with the homeless and at-risk population and for general public information. Proceeds from the sale of the book are used for special needs of The Way Home's homeless clients and the very poor clients at risk of homelessness.

13. Mercy Fund Program

Donations relative to this program are managed by a staff member affiliated with the Sisters of Mercy and are committed to service to the poor. It provides assistance to the Organization's clients with basic necessities.

14. Homeless Housing and Access Revolving Loan Fund (HHARLF) Program

The New Hampshire Department of Health and Human Services Bureau of Homeless and Housing Services began administering a new program, the Homeless Housing and Access Revolving Loan Fund, set forth by State Legislation in 2007 to assist homeless persons to secure an apartment. The Way Home, Inc., as a local provider for the Bureau's homeless prevention intervention services, began implementing this new program in January 2008. The HHARLF Program provides guarantees of rental security deposits and/or first month's rent to eligible persons. This is a loan program with a guarantee to the landlord that, in the event of a default, they will be reimbursed the amount of the security deposit. The client will be responsible to make monthly payments towards the security deposit and/or first month's rent to the HHARLF provider and, when the deposit is paid in full, the security deposit will be transferred to the landlord.

15. HUD Certified Housing Counseling Agency Program

Since 2002, the Organization has been approved by the U.S. Department of Housing and Urban Development (HUD) as a Housing Counseling Agency. As such, the Organization provides one on one counseling and group education classes for homeless persons, low income renters, and homeowners at-risk of foreclosure. Applicants for The Way Home's housing services are scheduled for a needs assessment with a housing counselor. Those seeking rental assistance are also scheduled for a Financial Literacy Class. Homeless persons are helped to access shelter & services and take steps to succeed in rental housing. Renters are helped to make housing more affordable, prevent eviction, and work with landlords to reduce in-home health hazards. Homeowners are helped to prevent loss of their home. Those who cannot save their home are helped to secure rental housing.

16. Lead Safe Revolving Loan Fund Program

In July, 2007, The Way Home, Inc. was awarded \$50,000 as a grant from the Bean Foundation to establish a program to provide loans to assist landlords in lead safe renovations for housing units in the City of Manchester, NH.

The second component of this program was a \$50,000, 0% interest loan made in July, 2008 by the Bean Foundation, repayment to be made within five years or by July, 2013. The remaining balance was paid in full by July, 2013. See Note 2 regarding loan obligations.

Both the grant and the loan were distributed through the NH Charitable Foundation.

**17. Permanent Supportive Housing – Your Way Home Program**

During the fiscal year ending June 30, 2007, the Organization began the Your Way Home Program.

Permanent Supportive Housing is an intensive model of housing and services designed to serve individuals with a disabling condition that contributed to long term homelessness.

During fiscal year ending 2014, the Organization was awarded federal funding to provide help for these homeless individuals.

**18. Mortgage Resettlement thru NH Housing**

In 2012 the State of New Hampshire launched a robust foreclosure intervention initiative (the Program). This three-year program is being supported by \$3.5 million from the National Mortgage Settlement. The State, through the Department of Justice and the Banking Department, contracted with New Hampshire Housing to administer the Program. New Hampshire Housing is charged with supporting a statewide network of counseling organizations to provide effective pre and post foreclosure intervention and counseling at no cost to at-risk homeowners. The counseling agencies will empower and assist at-risk homeowners in making informed and realistic choices about their individual housing futures. The Program is part of a larger effort, which includes separate funding for legal services through the New Hampshire Foreclosure Relief Project.

The Way Home was awarded funds in the fiscal year 2013 as part of a competitive RFP issued by NH Housing in 2012 for a three-year program with funding being awarded annually. The first award of \$75,000 began on February 1, 2013. Funding was increased to \$95,000 for year two.

**19. Related Party Transactions**

Currently, a Board of Directors member is also a client of the Organization who receives services from the Organization. The Board of Directors is aware of the relationship and the individual's services are monitored by an employee of the Organization.

Currently, there is also a Board of Directors member who operates a separate entity that works closely with the Organization. The Organization currently houses many of its' clients in buildings owned by the Board members entity. The Board of Directors is aware of the relationship and monitors the relationship accordingly. For Fiscal Year End June 30, 2013, the amount was immaterial. The individual left the Board in June, 2014.

**20. Net Assets**

During fiscal year 2013, net assets increased significantly due to a one time transaction that is not expected to continue in the future. The increase was due to the transfer of the buildings at Laurel Street and 502 Spruce Street from the City to the Organization. The buildings had assessed values of \$153,746 and \$177,630 respectively at the time they were acquired. The Organization incurred construction costs of \$401,504 and \$50,470 respectively to bring the buildings to acceptable living conditions. The assessed values upon completion of the construction were \$254,900 and \$228,100 respectively. An impairment loss was recorded on the books. The impairment loss is the result of the value of the properties obtained, plus the construction costs to the properties, less the appraised value after the construction.

**21 Subsequent Events**

The organization has evaluated subsequent events through August 22, 2014, the date which the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON  
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Way Home, Inc.  
To Those Charged With Governance  
214 Spruce Street  
Manchester, New Hampshire 03101

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Way Home, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 22, 2014.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered The Way Home, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Way Home, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether The Way Home Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

*Handwritten signature and date: 8/22/14*

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

The Way Home, Inc.  
To Those Charged With Governance  
214 Spruce Street  
Manchester, New Hampshire 03101

**Report on Compliance for Each Major Federal Program**

We have audited The Way Home Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of The Way Home, Inc.'s major federal programs for the year ended June 30, 2014. The Way Home, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of The Way Home, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The Way Home, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of The Way Home, Inc.'s compliance.

***Opinion on Each Major Federal Program***

In our opinion, The Way Home, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

## Report on Internal Control over Compliance

Management of The Way Home, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered The Way Home, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Way Home, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**Resume – Izet Hamidovic**

**September 2004 – Present:** Housing Counselor  
The Way Home  
214 Spruce Street  
Manchester, NH 03103

Izet Hamidovic came to Manchester as a Bosnian refugee. As an experienced Tenant Coordinator from his stay in Germany, 6/93-10/97, he gained additional experience as a Tenant Ambassador for Manchester Neighborhood Housing Services (MNHS) from 3/01-12/04. His work with MNHS included:

Coordinating tenant meetings and providing needed information.

Handling face-to-face meetings with new tenants of diverse backgrounds.

Helping tenants with employment information.

Identifying residents interested in educational opportunities, health care and business.

Maintaining clear and concise records for reporting to the MNHS staff.

During this time Izet also worked as a translator for the New England Farm Worker Council and the NH Employment Services. Prior to being hired by The Way Home he worked closely with our Housing Counselors from February- September in 2004 to assist workers laid off from the closing of the Jac Pac Plant, many of whom needed a translator who spoke Bosnian.

During the last 5 1/2 years at The Way Home, Izet has provided excellent service to both homeless and rental housing counseling clients. His strong sense of money management and setting goals makes him an excellent teacher and role model. Izet visits all homeless shelters on a regular basis. His ability to assist and challenge has given him success in helping homeless persons take the necessary steps to move from a shelter into an apartment.

Izet continues to be an advocate for refugees and adds to our capacity to serve multi-cultural clients. In 2007, Izet became chair of the Homeless Liaison Committee. Treasurer on People Fest. **INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

  - II. As required by law, pursuant to the terms set forth in paragraph d. below; or

- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

**(3) Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
  - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
  - o The unauthorized person used the protected health information or to whom the disclosure was made;
  - o Whether the protected health information was actually acquired or viewed
  - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

**(6) Miscellaneous**

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) l, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

## INDEPENDENT AUDITORS' REPORT

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of Tri-County Community Action Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tri-County Community Action Program, Inc. as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Prior Period Adjustment*

The financial statements of Tri-County Community Action Program, Inc. as of June 30, 2013, were audited by other auditors whose report dated March 31, 2014 expressed a qualified opinion on those financial statements. The reason for the qualified opinion on the fiscal year 2013 statements was that the Organization had not previously classified the difference between its assets and liabilities as unrestricted net assets, temporarily restricted net assets and permanently restricted net assets based on the existence or absence of donor-imposed restrictions. The previous auditor stated that the effects on the financial statements of that departure were not readily determinable. As discussed in **Note 14** to the financial statements, the Organization has adjusted its 2013 financial statements to retrospectively apply the change in temporarily restricted net assets. The other auditors reported on the financial statements before the retrospective adjustment.

As part of our audit of the fiscal year 2014 financial statements, we also audited the adjustments described in **Note 14** that were recorded to restate the fiscal year 2013 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2013 financial statements of the Organization other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2013 financial statements as a whole.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2015, on our consideration of Tri-County Community Action Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tri-County Community Action Program, Inc.'s internal control over financial reporting and compliance.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC.

**NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2014**

**NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of activities**

Tri-County Community Action Program, Inc. (the Organization) is a New Hampshire non-profit corporation that operates a wide variety of community service programs which are funded primarily through grants or contracts from various federal, state, and local agencies.

The Organization's programs consist of the following:

**Agency**

Tri-County CAP Administration provides central program management support and oversight to our many individual programs. This includes planning and budget development, bookkeeping and accounting, payroll and HR services, legal and audit services, IT support, management support, financial support and central policy development.

Tri-County CAP Administration is the liaison between Tri-County Community Action Program, Inc., Board of Directors and its programs, ensuring that programs comply with agreements made by the Board to funding sources and vendors.

Other responsibilities include the management and allocation of funding received through a Community Services Block Grant, as well as management of the Organization's real estate property.

An example is The Northern Forest Heritage Park (the Park), which provides hundreds of individuals with an educational experience as they visit a full-size replica logging camp, interactive exhibits, the Brown Company House Museum, the Artisans' Display Gallery and gift shop, as well as boat tours, cultural festivals, demonstrations, and competitions. The Park is also available for community and family events.

**Head Start**

Head Start serves hundreds of children and their families in multiple classrooms and locations throughout three counties. Research demonstrates that children who are healthy learn better. Due to this fact, parents in our program receive assistance in completing medical and dental exams for their children. To further assist in breaking the cycle of poverty, each family enrolled in Head Start receives assistance in completing a family needs assessment, and subsequent support in achieving their self-sufficiency and personal improvement goals.

### **Guardianship**

The Organization's Guardianship program provides advocacy and guardian services for the vulnerable population of New Hampshire residents (developmentally disabled, chronically mentally ill, traumatic brain injury, and the elderly suffering from Alzheimer's, dementia, and multiple medical issues) who need a guardian and who have no family member or friend willing, able, or suitable to serve in that capacity.

### **Transportation**

The Organization's transit program provides various transportation services: public bus routes, door-to-door service by request, long distance medical travel to medical facilities outside our regular service area, and special trips for the elderly to go shopping and enjoy other activities that are located outside the regular service area. The Organization's fleet of 18 wheelchair accessible vehicles offers transportation options to the elderly and disabled, as well as to the general public.

### **Volunteer**

Coos County Retired & Senior Volunteers Program (RSVP) maintains a minimum corps of 330 volunteers, ages 55 and older. These volunteers share their skills, life experiences, and time with over 50 local non-profit and public agencies throughout Coos County that depend on volunteer assistance to meet the needs of their constituents. Our volunteers donate over 50,000 hours yearly.

### **Workforce Development**

The Organization is assisting transitional and displaced workers as they prepare for new jobs, and also assisting currently-employed workers to gain the skills required for better jobs.

The Organization is helping to implement New Hampshire's Unified State Plan for Workforce Development, in line with the federal Workforce Investment Act. Workforce training programs, with training facilities in three towns, provide temporary assistance for needy family (TANF) recipients with 20-30 hours per week of training in the areas of employment skills, computer skills, and business experience, and also place participating TANF recipients in community-based work experience sites.

### **Alcohol & Other Drugs (AOD)**

Services provided through the AOD program include assisting the alcoholic/addicted person on the road to recovery, through three phases: Crisis Intervention, Sobriety Maintenance, and Assessment and Referral to appropriate treatment facilities. The Residential Treatment Programs (Friendship House) provide chemically dependent individuals with the fundamental tools of recovery, including educational classes, group and individual counseling, work and recreational therapy, and attendance at in-house and community-based alcoholics anonymous and narcotics anonymous meetings. The AOD program also offers assistance with its impaired driver programs.

The Friendship House, in December of 2014, had approximately \$130,000 worth of investments and improvements due to assistance from Public Services of New Hampshire.

#### **Carroll County Dental**

The Tamworth Dental Center (the Center) offers high quality oral health care to children with NH Medicaid coverage. The Organization also serves uninsured and underinsured children and adults using a sliding fee scale that offers income-based discounts for care. The Center accepts most common dental insurances for those who have commercial dental insurance coverage. A school-based project of the Dental Center, School Smiles, offers oral health education, screening, treatment and referrals for treatment to over 1,000 children in 9 schools in the vicinity of the Center.

#### **Carroll County Restorative Justice**

The Organization's restorative justice program provides comprehensive alternatives to traditional court sentencing and dispute resolution within the framework of Balanced and Restorative Justice. Two key components of this process are personal accountability for one's actions (diversion) and alternative conflict resolution (mediation). Services are provided by in-house staff, volunteers, and partnered relations with other local service providers.

#### **Support Center**

The Organization's Support Center at Burch House is a domestic and sexual violence crisis center that provides direct service and shelter to victims of domestic and sexual violence in Northern Grafton County. Support groups for victims and survivors are provided all year long. Violence prevention programs reach out to students in grades 4-12 and to civic and community groups, as well as to other health and human service professionals in the area.

Supports groups for victims and survivors are provided all year long. Open 24 hours a day, services include: Crisis intervention, emergency shelter, court, hospital and police advocacy and accompaniment, support groups, violence prevention programs reach out to students in grades 4-12 and community outreach trainings and professional presentations to civic and community groups, as well as to other health and human service professionals in the area.

The Organization provides temporary shelter space for homeless clients. The Organization also provides some housing rehabilitation services to help preserve older housing stock.

### **Method of accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as promulgated by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Under this basis, revenues, other than contributions, and expenses are reported when incurred without regard to the date of receipt or payment of cash.

### **Basis of presentation**

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The Organization had no permanently restricted net assets at June 30, 2014. The Organization had temporarily restricted net assets of \$663,213 at June 30, 2014 after the prior period adjustment as described in **Note 14**.

### **Restricted and unrestricted support**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction.

When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

**Unrestricted net assets** include revenues and expenses and contributions which are not subject to any donor imposed restrictions. Unrestricted net assets can be board designated by the Board of Directors for special projects and expenditures.

**Temporarily restricted net assets** include contributions for which time restrictions or donor- imposed restrictions have not yet been met. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

**Permanently restricted net assets** include gifts which require, by donor restriction, that the corpus be invested in perpetuity and only the income or a portion thereof (excluding capital gains restricted by State statute) be made available for program operations in accordance with donor restrictions. The Organization had no permanently restricted net assets at June 30, 2014.

#### **Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e. the "exit price") in an orderly transaction between market participants at the measurement date. The accounting standards for fair values establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Organization. Unobservable inputs are inputs that reflect the Organization's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is classified into three levels based on the reliability of inputs as follows:

**Level 1:** Valuations based on quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

**Level 2:** Valuation is determined from quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in markets that are not active or by model-based techniques in which all significant inputs are observable in the market.

**Level 3:** Valuations based on inputs that are unobservable and significant to the overall fair value measurement. The degree of judgment exercised in determining fair value is greatest for instruments categorized as Level 3.

The availability of observable inputs can vary and is affected by a wide variety of factors, including, the type of asset/liability, whether the asset/liability is established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, assumptions are required to reflect those that market participants would use in pricing the asset or liability at the measurement date.

As disclosed in **Note 6**, the note payable which bears monthly interest of 69% of the sum of the one month London Interbank Offered Rate (LIBOR) plus 3.25%, when the Organization's debt service coverage ratio is 1.10; or 3.00% when the Organization's debt service coverage ratio is 1.20. The Organization's purpose in entering into a swap arrangement was to hedge against the risk of interest rate increases on the related variable rate debt and not to hold the instrument for trading purposes. The Organization pays interest at a fixed 3.85%. The arrangement is scheduled to expire on August 2040. The notional amount of the contract was \$3,145,412. Accordingly, the swap arrangement, which is a derivative financial instrument, is classified as a cash flow hedge.

For the year ended June 30, 2014, the fair value of the interest rate swap was \$49,713 and the unrealized gain was \$32,937. The fair value of the swap is included on the balance sheet as a long term liability. No amounts have been reclassified as interest expense and based upon the Organization's intent to hold the derivative until expiration they do not expect to reclassify any unrealized gains or losses to interest expense.

#### **Accounts Receivable**

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Most of the receivables are amounts due from federal and state awarding agencies and are based upon reimbursement for expenditures made under specific grants or contracts. A portion of the accounts receivable balance represents amounts due from patients at Carroll County Dental and participants in the alcohol and other drug treatment programs. Past due receivables are written off at management's discretion using the direct write off method; this is not considered a departure from accounting principles generally accepted in the United State because the effects of the direct write method approximate those of the allowance method. Management selects accounts to be written off after analyzing past payment history, the age of the accounts receivable, and collection rates for receivables with similar characteristics, such as length of time outstanding.

The Organization does not charge interest on outstanding accounts receivable.

**Property and Depreciation**

Acquisitions of buildings, equipment, and improvements in excess of \$5,000 and all expenditures for repairs, maintenance, and betterments that materially prolong the useful lives of assets are capitalized. Buildings, equipment, and improvements are stated at cost less accumulated depreciation. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. Depreciation expense related to assets used solely by an individual program is charged directly to the related program. Depreciation expense for assets used by more than one program is charged to the program based upon a square footage or other similar allocation. Depreciation expense related to administrative assets is included in the indirect cost pool and charged to the programs in accordance with the indirect cost plan. Maintenance and repairs are charged to expense as incurred.

Estimated useful lives are as follows:

Buildings and Improvements	20 to 40 years
Vehicles	5 to 8 years
Furniture and Equipment	5 to 15 years

**Refundable Advances**

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$224,571 as of June 30, 2014.

**Nonprofit tax status**

The Organization is a *not-for-profit* Section 501(c) (3) organization of the Internal Revenue Code. It has been classified as an Organization that is not a private foundation under the Internal Revenue Code and qualifies for a charitable contribution deduction for individual donors. The Organization files information returns in the United States. The Organization is no longer subject to examinations by tax authorities for years prior to 2009.

The Organization follows FASB ASC, *Accounting for Uncertainty in Income Taxes*, which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. The Organization does not believe they have taken uncertain tax positions, therefore, a liability for income taxes associated with uncertain tax positions has not been recognized.

The Organization's Federal Form 990 (Return of Organization Exempt from Income Tax), subject to examination by the IRS, generally for three years after it is filed.

### **Retirement plan**

The Organization maintains a tax sheltered annuity plan under the provisions of Section 403(b) of the Internal Revenue Code. All employees are eligible to contribute to the plan beginning on the date they are employed. Each employee may elect salary reduction agreement contributions in accordance with limits allowed in the Internal Revenue Code. Employer contributions are at the Organization's annual discretion. In January 2013, payments had ceased, therefore as of June 30, 2014, there were no discretionary contributions recorded. Further information can be obtained from the Organization's 403(b) audited financial statements.

### **Donated services and goods**

Contributed noncash assets are recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of noncash assets are recorded as unrestricted support.

### **Donated property and equipment**

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

### **Use of estimates**

The presentation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

### **Functional allocation of expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited.

**Program salaries and related expenses** are allocated to the various program and supporting services based on actual or estimated time employees spend on each function as reported on a timesheet.

**Workers Compensation expenses** are charged to each program based upon the classification of the each employee and allocated to the various program based upon the time employees spend on each function as noted above.

**Paid Leave** is charged to a leave pool and is allocated to each program as a percentage of total salaries.

**Fringe Benefits** are charged to a Fringe Benefit Pool. These expenses include employer payroll taxes, pension expenses, health and dental insurance and unemployment compensation. The pool is allocated to each program based upon a percentage of salaries.

**Depreciation expense** is allocated to each program based upon specific assets used by the program and is reported as depreciation expense on the supplemental statements of functional expenses. Depreciation applicable to assets which are used by multiple programs, primarily buildings, is charged to the benefiting program based upon an analysis of square footage. The same calculation is used to allocate other building costs including insurance. These costs are reported as space costs on the supplemental statements of functional expenses.

**Insurance:** automobile insurance is allocated to programs based on vehicle usage; building liability insurance is allocated to programs based on square footage of the buildings; and insurance for furniture and equipment is allocated to programs using the book basis of the insured assets.

**The remaining shared expenses** are charged to an Indirect Cost Pool and are allocated to each program based upon a percentage of program expenses. The expenses include items such as administrative salaries, general liability insurance, administrative travel, professional fees and other expenses which cannot be specifically identified and charged to a program.

The Organization submits an indirect cost rate proposal for the paid leave, fringe benefits and other indirect costs to the U.S. Department of Health and Human Services. The proposal effective for the fiscal year beginning July 1, 2013 received provisional approval and is effective until amended. The rate is 12.3%.

**Advertising policy**

The Organization uses advertising to inform the community about the programs it offers and the availability of services. Advertising is expensed as incurred. The total cost of advertising for the year ended June 30, 2014 was \$11,778.

**NOTE 2. CASH AND CASH EQUIVALENTS**

Cash and cash equivalents consist of cash on hand, funds on deposit with financial institutions, and investments with original maturities of three months or less. At year end and throughout the year, the Organization's cash balances were deposited with multiple financial institutions. At June 30, 2014, the balances on interest and non-interest bearing accounts were insured by the FDIC up to \$250,000. At June 30, 2014, there was approximately \$487,000 of deposits held in excess of the FDIC limit. Management believes the Organization is not exposed to any significant credit risk on cash and cash equivalents and considers this a normal business risk.

**Cash Restrictions**

The Organization is required to maintain a deposit account with a bank as part of the loan security agreement disclosed at **Note 6**. The required balance in the account is \$52,497 and is restricted from withdrawal except to make payments of debt service or as approved by the US Department of Agriculture. Amounts withdrawn to make payments of debt service must be replenished with monthly deposits until the maximum required deposit balance is achieved.

The balance as of June 30, 2014 was \$6,219. The Organization was not in compliance with this requirement however, in May 2013, the client began making the required monthly deposits of \$437. This amount is included in restricted cash on the Statement of Financial Position.

The Organization is required to maintain a deposit account with another bank as part of a bond issue (see bond payable in **Note 6**). The required balance in the account is \$186,516 and is equal to the interest payments on the bond for a 12 month period. The balance as of June 30, 2014 was \$187,107, and the Organization was in compliance with this requirement. This amount is included in restricted cash on the Statement of Financial Position.

The Organization maintains a deposit account on behalf of clients who participate in the Guardianship Services Program. The balance in the account is restricted for use on behalf of these clients and an offsetting liability is reported on the financial statements as other current liabilities. The total current liability related to this withdrawal at June 30, 2014 was \$403,598. These amounts are included in other liabilities on the Statement of Financial Position. The total restricted cash within this account at June 30, 2014 was \$398,354, and is included in the restricted cash balance on the Statement of Financial Position.

During fiscal year 2013, the Court Appointed Special Trustee requested and received \$225,000 from private donors. These funds were restricted to use by the Special Trustee under his individual authority. As of June 30, 2014, the remaining balance of these funds is \$112,985. This amount is included in restricted cash on the Statement of Financial Position.

**NOTE 3. INVENTORY**

Failure to meet this requirement may be construed by the Government to constitute default; however, the awarding agency is aware of this issue and has not made a request for advanced payment. The balance in this account as of June 30, 2014 was \$6,219.

As described at **Note 2**, the Organization is required to maintain a reserve account with a bank related to the bond payable listed above. Additionally, the Organization is required to maintain a debt coverage ratio of 1:1.10 as stipulated in the loan agreement.

**NOTE 8. LEASES**

**Capital Leases**

The Organization leased equipment from Leaf Financial Corporation under the terms of a capital lease. The economic substance of the lease was that the Organization was financing the acquisition of the assets through the lease, and accordingly, it was recorded in the Organization's assets and liabilities. In 2014, the remaining balance was paid off and the balance was subsequently reduced to zero.

**Operating Leases**

The Organization has entered into numerous lease commitments for space. Leases under non-cancelable lease agreements have various starting dates, lengths, and terms of payment and renewal. Additionally, the Organization has several facilities which are leased on a month to month basis. For the year ended June 30, 2014, the annual rent expense for leased facilities was \$188,455.

Minimum future rental payments under non-cancelable operating leases having initial terms in excess of one year as of June 30, 2014, are as follows:

<u>Years ending June 30</u>	<u>Amount</u>
2015	\$ 171,566

**NOTE 9. IN-KIND CONTRIBUTIONS**

Contributions of donated services that create or enhance non-financial assets or that require specialized skills and would typically need to be purchased if not provided by donation are recorded at their fair values in the period received.

The Organization records the value of in-kind contributions according to the accounting policy described in **Note 1**. The Head Start, Transportation and Elder Programs rely heavily on volunteers who donate their services to the Organization. These services are valued based upon the comparative market wage for similar paid positions. The Organization is also the beneficiary of a donation of in kind in the form of below market rent for some of the facilities utilized by the Head Start and Elder Programs. The value of the in-kind rent is recorded at the difference between the rental payment and the market rate for the property based upon a recent appraisal.

Many other individuals have donated significant amounts of time to the activities of the Organization. The financial statements do not reflect any value for these donated services since there is no reliable basis for making a reasonable determination.

**NOTE 10. CONCENTRATION OF RISK**

The Organization receives a large majority of its support from federal and state governments. For the year ended June 30, 2014 approximately \$14,018,226 (73%) of the Organization's total revenue was received from federal and state governments. If a significant reduction in the level of support were to occur, it would have an effect on the Organization's programs and activities.

**Grant Compliance**

The Organization received funds under several federal and state grants. Under the terms of the grants the Organization is required to comply with various stipulations including use and time restrictions. If the Organization was found to be noncompliant with the provisions of the grant agreements, the Organization could be liable to the grantor or face discontinuation of funding.

**Environmental Contingencies**

On March 30, 2009 the Organization's Board of Directors agreed to secure ownership of a 1.2-acre site located in Berlin, New Hampshire. There are 2 buildings on this site designated as the East Wing and West Wing Buildings which were formerly used as a research and development facility for the Berlin Mills Company. The exterior soil and interior parts of the East Wing Building contained contaminants which required environmental remediation. In a letter dated May 2, 2012, the State of New Hampshire Department of Environment Services (the Department) noted that the remedial actions for the exterior soils and parts of the East Wing Building had been completed to the Department's satisfaction.

In addition, the Department noted that the contaminants related to the West Wing Building did not pose an exposure hazard to site occupants, area residents, and the environment provided the West Wing Building is maintained to prevent further structural deterioration. If further deterioration occurs and contaminants are released into the environment, the Organization could be required to take additional action including containment and remediation.

**Other Liabilities**

During fiscal year 2012, the Organization withdrew \$375,000 from an account entrusted to the Organization as part of the Guardianship Program (see **Note 2**). This unauthorized withdrawal was reported to the New Hampshire Assistant Attorney General of the Charitable Trust Division and an agreement was reached to replenish the account. The Organization returned \$191,000 during the fiscal year ended June 30, 2013 and \$184,000 during the fiscal year ended June 30, 2014 to the Guardianship Services Program account.

In addition to the requirement to return the funds, the Organization was assessed a fee of \$5,244 related to the unauthorized use of these funds. This amount was still outstanding at June 30, 2014 as no official notice or request for payment had been received by the Organization.

**NOTE 13. RELATED PARTY TRANSACTIONS**

As disclosed in **Note 6**, the Organization has a loan payable to the wife of the former Chief Executive Officer. Also in **Note 6**, the Organization has a loan payable to a non-profit organization which also provides pass-through state and federal funding for some of the Organization's programs. See **Note 6** for terms of the note payables. Total note payables to related parties for the year ended June 30, 2014 was \$176,036.

**NOTE 14. PRIOR PERIOD ADJUSTMENTS**

The beginning net assets for 2014 have been restated to correctly classify unrestricted and temporarily restricted net assets. The prior auditors had modified their audit opinion for the year ended June 30, 2013 with regards to these balances stating that the Organization had previously not classified these net asset balances appropriately. They also stated that the effects on the financial statements were not reasonably determinable. During the year ended June 30, 2014, the Organization reviewed their entire unrestricted and temporarily restricted net asset balances and corrected this issue. The effect of the restatement was to increase unrestricted net assets and decrease temporarily restricted net assets for 2013 by \$402,386.

There was also another adjustment, totaling a net amount of \$76,316, related to refundable advances not recorded at June 30, 2013.

**NOTE 15. SUBSEQUENT EVENTS**

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non-recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through January 19, 2015, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON  
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of  
Tri-County Community Action Program, Inc.  
Berlin, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Tri-County Community Action Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 19, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Tri-County Community Action Program Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies: FS-2014-001, FS-2014-002, and FS-2014-003.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tri-County Community Action Program Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors of  
Tri-County Community Action Program, Inc.  
Berlin, New Hampshire

**Report on Compliance for Each Major Federal Program**

We have audited Tri-County Community Action Program Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Tri-County Community Action Program Inc.'s major federal programs for the year ended June 30, 2014. Tri-County Community Action Program Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of Tri-County Community Action Program Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tri-County Community Action Program Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Tri-County Community Action Program Inc.'s compliance.

***Opinion on Each Major Federal Program***

In our opinion, Tri-County Community Action Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

## Report on Internal Control Over Compliance

Management of Tri-County Community Action Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Tri-County Community Action Program Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Tri-County Community Action Program, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**FINDINGS - FINANCIAL STATEMENTS AUDIT**

FS-2014-001

**Condition:** The Organization records their monthly receivables based on the invoicing done by the Program Directors. The non-contract billings are recorded as miscellaneous receivables for the year-end balance. Management reviews subsequent cash receipts to capture any payments that may have been overlooked by a Program Director when completing their reports for year end.

**Criteria:** A system needs to be developed to ensure that all financial information, including the receivable balances and estimates for allowance for doubtful accounts, is captured and reported in the financial statements.

**Cause:** Procedures have not been fully designed and implemented over the accounts receivable in order to safeguard the assets.

**Effect:** Although we did not encounter receivables that were not properly recorded, there is the risk that the miscellaneous receivables balance would be misstated.

**Recommendation:** The Organization should design and implement policies and procedures for the recording, reporting and collection of all receivables.

**Management Response:** Management agrees with this finding. Due to the structure of the Organization, billing needs to be initiated by the program departments after reviewing their monthly results from their records and the Organization's accounting system. The Finance Department reviews the revenue and expense reports to review for flags (such as budget variances) that indicate possible unbilled items due to an unexpected revenue and expense imbalance. Monthly inquiries are made of Department Directors to ask about potential unbilled items. Written procedures will be created for Directors and/or their designees to follow to help prevent missed billings, receivable adjustments, and/or the accrual of as yet unbilled but earned receivables.

#### FS-2014-002

**Condition:** The Organization failed to comply with the requirements to report net assets as unrestricted, temporarily restricted, and permanently restricted.

**Criteria:** The Organization needs to have a process in place to identify restrictions on grants and donations, as well as monies received from Federal funds.

**Cause:** The predecessor auditor provided guidance to management on how to record the net assets.

**Effect:** The Organization required assistance and guidance on how to calculate the amount of Federal funds included in temporarily restricted net assets, resulting in a prior period adjustment.

**Recommendation:** The Organization needs to develop a policy to properly record the donations and grants to the appropriate net asset classification.

**Management Response:** Management agrees with this finding. The predecessor auditor and former fiscal management had discussions related to the treatment of the net asset section. The Organization decided to seek and utilize the guidance of the predecessor auditor. Before this finding current management was reviewing and questioning the prior recommended net asset classifications. After review of documentation and consulting with the current auditors, the current management concurs that net assets need to be classified differently and that specific written instructions are required to insure proper classification in the future. Subsequent to June 30, 2014, management analyzed the net asset balances and posted adjustments to properly classify net assets by restriction at June 30 2014.

#### FS-2014-003

**Condition:** The Organization failed to design and implement procedures to control and monitor the use of a certain bank account and the proper recording of another account.

**Criteria:** Controls over the bank accounts must be designed and implemented to prevent, or detect and correct, errors including misappropriations.

**Cause:** A lack of internal control procedures over the Organization's bank accounts, noted above, and the reconciliation of those accounts.

**Effect:** One bank account was not properly recorded in the Organization's general ledger, resulting in an adjustment to the trial balance. Another bank account was reported on a cash basis, rather than an accrual basis, and had to be adjusted accordingly.

**Recommendation:** Management should further improve controls over the bank accounts in order to ensure that they are being reported properly.

**Management Response:** Management agrees with this finding. Although immaterial to the financial statements in this instance, Management agrees that all bank accounts need to be recorded and reconciled properly due to the responsibility related to the custody of these cash assets. The Organization has corrected the issue related to both referenced accounts above and is performing further research to ensure no other such accounts have been omitted.

TRI-COUNTY COMMUNITY ACTION PROGRAM, INC.

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS

FOR THE YEAR ENDED JUNE 30, 2013

*Financial Statement Audit*

FS-2013-01

**Condition:** Although some improvements have been made since the prior year audit, the financial reporting system continues to be inadequate in its ability to identify, capture, and record information. Procedures to prevent, or detect and correct material misstatements in the financial statements are not effective. Customary accounting procedures were not fully implemented and those procedures which did exist were not consistently done in a timely manner.

Audit fieldwork was scheduled to begin on September 30, 2013, three months after the fiscal year end. Although we held a pre-audit conference on June 13, 2013 and provided the Chief Financial Officer with specific requests for information, we did not receive an adjusted trial balance until September 26, 2013 which, when received, was labeled as "Draft".

When we arrived to perform audit procedures, the client was in still in the process of reconciling revenues and total expenditures to a worksheet used to prepare the draft Schedule of Expenditures of Federal Awards (SEFA). This process was required, because as noted in the prior year audit deficiencies letter, there were many inaccuracies in the posting of revenue throughout the year. Many adjustments were required before the financial reporting system accurately reported the total revenues by program. Therefore a final SEFA could not be prepared until January 2014. This also made it difficult for program managers to manage their programs since the revenue as reported to them during the year was incorrectly allocated by source.

The financial reporting system was closed on a monthly basis without ensuring all accounts payable invoices relating to the period were posted. Entries for internal expenses such as depreciation and occupancy costs were missing from several month end reports. These errors not only caused an issue for program managers during the fiscal year because financial information used to support reimbursement requests frequently changed when these adjustments were finally calculated and posted, but also caused determining final expenditures by program extremely difficult.

Additionally, although reconciliations of most balance sheet accounts had been prepared at year end, there had been little to no effort made to reconcile the annual amounts for payroll, depreciation, or occupancy costs to the trial balance. Our audit procedures found issues with the depreciation and occupancy costs as reported on the trial balance which were later corrected through adjusting entries.

It was also noted that on the Aging Cluster quarterly program service reports, that the amounts reported as expenditures of the program were incorrect because the departments are not receiving timely financial reports with correct financial information.

**Recommendation:** The Organization should continue its efforts to further enhance and refine the financial reporting system so that information can be obtained in a timely manner.

**Prior Year Management Response:** Management agrees with this finding.

The Organization did have difficulty with completing the preparation for the audit and closing out the year. The prior year audit was not finished until March 31st, and it appears that the new Chief Financial Officer and Senior Accountant, who started in May 2013 and June 2013 respectively, spent their time acclimating themselves as best they could.

The Organization was struggling to keep its doors open and much activity and effort was being placed on survival activities like cash management. Management expects that closing out the fiscal year and audit preparation will be much quicker in FY14 as the Organization's financial stability has improved significantly and less staff time and energy is diverted to survival efforts.

Management agrees with the finding that not all accounts payable expenses were being properly recorded by the end of the posting period. Because the Organization was so strapped for cash, it would close the monthly quickly, usually around the 5<sup>th</sup> of the month, so that it could send out billings. Some accounts payable invoicing was not being recorded in the monthly posting period, usually due to a lag in receiving invoices from vendors. The Organization would capture these payables in the next month.

Management sees this as a problematic process that frankly will probably continue until there is an adequate cash reserve. The Organization is currently working on improving cash reserves by selling off surplus real estate. The Lancaster property has already sold, an offer has been made on the Ashland property (contingent upon a vote at Town Meeting), and a proposal is being negotiated for the Northern Forest Heritage Park property. The School Street property in Berlin is actively on the market. As each property closes, a portion of the proceeds will move into a cash reserve account, so the Organization will be able to remedy this problem over time.

Starting late in fiscal 2013, and continuing to the present time, on the advice of a consultant, the Organization changed its methodology of posting depreciation, posting to the departments where the item is used, rather than to the whole agency. The posting is now done monthly, rather than annually, as previously done.

**Current Status:** We have found significant improvement over the Organization's ability to identify and record information, as well as the procedures to prevent, or detect and correct material misstatements. We have identified one item (FS-2014-002) that we would consider to be a significant deficiency that needs adjustment in order to produce financial statements.

#### FS-2013-02

**Condition:** Procedures for the recording of receivables are poorly designed and inadequate to ensure reporting in accordance with generally accepted accounting principles

In fiscal year 2013, the Organization began utilizing the accounts receivable module of the financial reporting system. This system was used for a portion of the year and was not used for all types of receivables. Programs with significant client activity such as the Dental Center, Restorative Justice, Alcohol and Other Drugs and Transportation track their receivables using a variety of systems which range from patient billing systems to excel worksheets. Because the fiscal department does not track receivables for these program areas, the finance department has no way to ensure that all receivables have been recorded, an allowance has been established for doubtful accounts, or that collection efforts are made to ensure payment is received.

**Recommendation:** The Organization should design and implement policies and procedures for the recording, reporting and collection of all receivables.

**Prior Year Management Response:** Management agrees with this finding.

In April, 2013 the Organization initiated the use of the "accounts receivable" module for contract receivables. Later that year, the Organization also began the process of recording receivables for non-contract billings, such as for Alcohol & Other Drugs and Dental receivables. This is a new process for the Organization, but staff seems to be taking it very seriously. Staff in the finance department now have a method to remind program directors when non-contract receivable information is due. This has been a work in progress, but management believes the information is much more accurate now.

Receivables for the Alcohol & Other Drugs and Dental programs require more intensive attention. The Chief Financial Officer is working with the leadership of those two programs, both to collect what is collectable from old accounts, and to put procedures in place to better assure payments in the future. It is likely that there will always be some accounts from both of these programs that will remain uncollectable, due to the population the Organization serves: low-income, transient, jail-bound in some cases. But we need to follow best practices to ensure as much as possible is collected at the point of service, and to stay in touch with clients after they have left.

**Current Status:** The Organization records their monthly receivables based on invoicing done by the Program Directors. The non-contract billings are recorded as miscellaneous receivables for the year-end balance. Management reviews subsequent cash receipts to capture any payments that may have been overlooked by a Program Director when completing their reports for year end. If there was a delay in payment to the Organization, there is the risk that the miscellaneous receivables would be misstated. During our testing in the current year, we noted the Organization had properly captured the appropriate receivables balance (FS-2014-001).

#### FS-2013-03

**Condition:** Although the Organization states in its accounting policies that it complies with the requirements to report net assets as unrestricted, temporarily restricted, and permanently restricted, it appears that finance department personnel did not fully understand the requirements related to each classification.

This was evidenced by the Chief Financial Officer closing all temporarily restricted net asset accounts from fiscal year 2012 into one summary account, thereby losing the detail of which grant had remaining temporarily restricted funds to be expended.

It was further evidenced by the entries related to the sale of vehicles by the transportation program, the proceeds of which have to be used to reacquire new vehicles. This amount was recorded as sales revenue and not identified as temporarily restricted proceeds until questioned by the auditor.

Furthermore, the Organization lacks a process to identify the amount of temporarily restricted net assets at year end because they are unable to correctly adjust the financial reporting system to report the total expenditures by program, do not have a mechanism in place to calculate the restricted revenues in excess of expenditures once correctly adjusted, and do not appear to be working toward developing a methodology to correct this deficiency.

**Recommendation:** The Organization should develop a policy regarding the acceptance of donations and other grants. This should be completed in conjunction with consideration of a risk management policy. The Organization should create a standard form which should include an identification of any restrictions imposed by the donors on the award since many private donors fail to stipulate this in their own documentation. The finance department employees, as well as other program staff, should be educated on the proper classification of net assets. The accounting system or other mechanism should be utilized to track revenues which are unexpended at the fiscal year end. If the donation is restricted as to the allowable time frame for expenditure, then the donation should be returned to the donor. If there is no time restriction then they should record these assets as temporarily restricted in the financial statements. These funds should be made available in the subsequent year for continuation of the donated purpose.

**Prior Year Management Response:** Management agrees with this finding.

There is a policy regarding the acceptance of donations and other grants, but it appears to be outdated, and does not include a standard form which would document the donor's restrictions as to the use of funds. Management will work with the finance department to ensure that the policy is updated and such a form is created. Moreover, the finance department will be directed to create a simple, less cumbersome system to track expended and unexpended grant and donation revenues, and record them accurately in the financial statements.

**Current Status:** We noted that there were some items within temporarily restricted net assets that related to programs and should be transferred to unrestricted, resulting in a prior period adjustment (FS-2014-002).

#### FS-2013-04

**Condition:** Procedures to allocate shared occupancy costs to the benefiting programs were inadequate and failed to allocate the costs accurately. Furthermore, reconciliation procedures that would have identified the errors were not performed.

**Recommendation:** Procedures to identify, allocate and reconcile occupancy costs to the benefiting programs should be refined to ensure that all costs are captured, properly allocated and posted to the financial reporting system.

**Prior Year Management Response:** Management agrees with this finding.

FY 2013 was the first year that the Organization moved to capture occupancy costs and assign them to benefiting programs, rather than to the agency as a whole. Naturally, with so many properties, and so many programs, there have been some errors in implementing this process. But it does seem to capture true programs costs much better than the previous method. Management's position is that the agency needs to get this right, so there is a process for cost allocation that can be used in future years.

Management plans to review occupancy costs regularly, to ensure that they are captured. Finance department now reconciles occupancy costs quarterly for accuracy, and this practice will continue.

**Current Status:** During our testing, we noted that the costs were allocated properly and that reconciliation procedures were performed.

#### FS-2013-05

**Condition:** The listing of property and equipment as originally received from the Organization did not include \$661,615 of assets which were included in the total assets per the trial balance. Further inquiry revealed that the Chief Financial Officer had removed the assets from the listing because they were fully depreciated and planned to post a journal entry to remove the asset balance and related depreciation from the accounts. However, no procedures were performed to identify if the assets were still in existence and still being used by the Organization.

**Recommendation:** Design and implement a policy for property and equipment which includes the requirement to periodically take a physical inventory of assets currently in use and to update the fixed asset as needed for additions and disposals.

**Prior Year Management Response:** Management agrees with this finding.

In the new Accounting Policy and Procedure Manual, there is a process for property and equipment that allows the Organization to dispose of or write off fully depreciated assets.

During FY 2014, the Chief Operating Officer assigned an employee to list all property and equipment in existence, and there is a draft that needs to be reviewed, so there is a listing of all the Organization's assets in one place. This list will be reviewed at least annually in the future.

**Current Status:** The assets mentioned were added back to the schedule and the full listing was reviewed by management. Those assets that were no longer in existence, or in service, were removed from the listing and the accounts were reconciled to the trial balance.

FS-2013-06

**Condition:** The Organization failed to design and implement procedures to control and monitor the use of the organizations bank accounts.

A test of the controls over the bank reconciliation process identified missing reconciliations for July 2013 for nine bank accounts used for the senior meal site locations, senior wheels program and the Head Start policy council. These bank accounts are reconciled at the individual site/program locations and a copy of the reconciliation is to be sent to the fiscal department for review. The July reconciliations had not been received by the fiscal department as of September 30, 2013, the first date of audit fieldwork. Although the reconciliation had been identified as missing by the Accounting Manager, the Chief Financial Officer had not requested or obtained the missing items. The balances in the account were immaterial however; failure to monitor and enforce controls may create opportunities for fraud or errors to go undetected.

Confirmations of account balances with banking institutions revealed two accounts with the Woodsville Guaranty Savings Bank which were not listed in the financial reporting system and appeared to have been overlooked. The accounts balances were immaterial however, the accounts should be closed if no longer being used. Bank accounts which are not monitored and reconciled may create opportunities for fraudulent activity.

Examination of the operating bank account reconciliation revealed an unusual adjustment related to the line of credit. The operating account is tied to a line of credit which is automatically drawn upon when checks presented for payment exceed the available bank balance. At fiscal year end, the organization had \$96,818 in outstanding checks against a bank balance of \$5,832. The checks had not been presented for payment and therefore the line of credit had not been accessed to cover the overdraft, however, the Organization recorded a reconciliation adjustment to increase cash by the amount of available credit on the line of credit. As a result, the bank balance and the line of credit balance were overstated by the available credit line of \$122,648.

**Recommendation:** Because of the liquid nature of cash, preventative controls should be the first area of focus because controls often identify the error too late to prevent the loss of resources. Management should further refine controls over the bank accounts to strengthen the internal control system.

**Prior Year Management Response:** Management agrees with this finding.

The need for better controls of cash and bank accounts is a priority for the Organization's management. In FY 2014, the Organization closed several smaller, problematic accounts, where getting programs managers to reconcile was a challenge.

The finance department will now reconcile all bank accounts monthly, before the month is closed. The Organization management commits to ensuring that unusual practice, such as writing checks that exceed the available cash, will not take place.

**Current Status:** There were bank reconciliations prepared monthly for all bank accounts and amounts agreed to the trial balance; however, we did note that the Head Start Policy Council bank account was not properly recorded on the trial balance of the Organization and the Guardianship account was being reported on a cash basis, rather than accrual basis, creating two adjusting entries (FS-2014-003).

FS-2013-07

**Condition:** Although the client is preparing a worksheet to reconcile the payroll reports from the payroll module of the accounting system to the quarterly 941 reports, the reconciliation process did not include a reconciliation to the totals per the general ledger accounts. Reconciling to the general ledger is an important control which helps to identify miss-postings which may otherwise go unnoticed due to the large dollar amount and transaction volume processed through the payroll general ledger accounts. This control is especially important at the Organization because the accounting system includes an additional step of posting to a summary account and then allocating the costs to the individual program general ledger accounts. Assuming that the amount posted to the summary account equals the amount posted to the individual program general ledger accounts without verification could create an opportunity for errors or fraud to be undetected.

**Recommendation:** Management should implement procedures to include a quarterly reconciliation of the payroll information to the general ledger accounts.

**Prior Year Management Response:** Management agrees with this finding.

The Organization now has a process for reconciliation of payroll at every payroll period. This reconciliation is conducted by the Organization's senior accountant, and his work is overseen by the Chief Financial Officer. Payroll is now being reconciled down to the individual program general account level through the year-to-date time sheet charges, by the activity report in our accounting system.

**Current Status:** During our testing, we noted that the payroll accounts were properly reconciled to the 941 returns with no exceptions.

FS-2013-08

**Condition:** A general journal entry was posted to record the liability for credit card transactions which were included on a statement which spanned the fiscal year end. The entry correctly recorded the liability, however the expenses were posted to a summary account which was included in miscellaneous expenses rather than posting each expense to the appropriate expense account. As a result, although the liability is correctly recorded, the expense is not reported by natural classification or by function. Additionally, the expense will not be included in expenses which were eligible for grant reimbursement.

**Recommendation:** Procedures should be implemented to ensure that all expenses are posted to the correct general ledger account including those posted through general journal entries.

**Prior Year Management Response:** Management agrees with this finding.

During FY 2014, the Organization created a new credit card policy designed to provide better internal controls, and direct expenses to the programs where they belong. Beginning in FY 2014, the Finance department is recording all outstanding payables down to the grant award level. This should ensure more accurate accounting of expenses, and also allow the Organization to capture all allowable federal and state reimbursements.

**Current Status:** During our testing, we noted that the credit card transactions were appropriately recorded to the proper expense accounts and by function.

FS-2013-09

**Condition:** Procedures over the control of the weatherization/better buildings materials inventory are inadequate.

The Organization purchases inventory in bulk for use by all of the weatherization programs. The materials used by the Better Buildings program are recorded on a worksheet and an entry should be posted at year end to transfer the expense related to the program from a general expense account to a Better Buildings program specific account. The Organization failed to post this entry which caused the Better Building program costs to be understated by approximately \$39,300.

Additionally, the finance department makes one entry at the end of the fiscal year to adjust the balance in the inventory account to agree to the value calculated from a physical count. However, no procedure exists to track and record the value of the items removed from inventory to ensure that all inventory has been accounted for and used for the weatherization programs.

**Recommendation:** The Organization should develop a system which would allow the tracking of items removed from inventory so that the expense can be properly recorded. In this manner, the ending inventory should require minimal adjustment at year end, costs can be properly allocated by program, and any errors or misappropriations can be detected.

**Prior Year Management Response:** Management agrees with this finding.

Prior to FY 2014 there does not seem to have been an adequate system for internal control of the Weatherization materials inventory. Since that time, there has been a change in leadership in the program, and new procedures for tracking inventory.

Currently, as items are removed from inventory and used to weatherize homes, the Weatherization Director tracks each job's actual use of materials, as well as labor and other expenses. The process of tracking expenses and revenues is overseen by the EHCCO Division Director and reported regularly to the Finance department. The CFO reviews these inventory uses, revenues and expenses, and makes value adjustments in the balance sheet quarterly. The Organization now conducts a physical count of materials each quarter, and captures these in journal entries. Finance department has also created a written policy and procedure regarding procurement and inventory management.

**Current Status:** During our testing we found that updated controls were in place over the inventory and that the inventory was being reconciled. The Organization has improved their internal controls over the last fiscal year and is still in the process of making updates to improve their procedures. We noted during our testing of internal controls that there were missing signatures of approval and signs-offs on routing sheets; however, these appear to be isolated incidents.

FS-2013-10

**Condition:** Management failed to design and implement a procedure to ensure that the drawdown of federal funds was only for immediate needs and that reimbursement was requested only after the costs had been incurred.

Advanced funding of \$533,667 for program costs for the fuel assistance program funded through federal CFDA 93.568 was received on 10/31/12. Expenditures for the grant period had not been incurred however the funds were spent on organizational operating expenses.

**Recommendation:** The Organization should continue in its efforts to design and implement procedures to ensure that funds advanced by an awarding agency are expended as closely as possible to receipt of the advance.

**Prior Year Management Response:** Management agrees with this finding.

This particular finding is vital for the Organization's future program integrity. The Organization MUST comply with cash management requirements regarding the drawdown of an awarding agency's funds. Management believes that the spirit of the Auditor's recommendation has been followed in FY 2014. For example, the Organization began a procedure of drawdowns with Head Start and RSVP that guaranteed that funds were not requested until payroll and accounts payable were completed and only represented costs to date. Other major federal accounts such as CSBG were drawn only on a 1/12<sup>th</sup> basis, and FAP monies were segregated into a separate restricted account which prohibited movement of funds without dual signatories from Senior Management.

However, Management commits to taking the additional step of creating a policy and procedure that contains language specifically referencing how monies advanced by an awarding agency are to be treated.

**Current Status:** Corrected.

#### *Single Audit*

#### SA-2013-01

**Condition:** Our audit of the controls over the Better Buildings Program revealed that the Organization failed to comply with Davis-Bacon Act wage requirements.

The current year issue was identified and reported by NH Community Development Finance Authority during a monitoring visit in July 2013 and related to the June 2013 payroll. Additionally, we identified issues with the May 2013. Both of these errors were after the fiscal 2012 deficiency letter was issued which identified a similar finding related to the Weatherization Program.

Additionally per the Better Buildings grant document, certified payrolls were to be sent to the NH Office of Energy and Planning within 7 days of payroll processing. The Organization did not comply with this requirement.

**Recommendation:** The Organization should design and implement a system to comply with Davis Bacon Wage requirements.

**Prior Year Management Response:** Management commits to complying with Davis-Bacon Act wage requirements.

As of FY 2014, the Better Buildings program no longer exists. In future, when the Organization takes on projects that are subject to Davis-Bacon, Management will ensure that all requirements under the Act will be met. The Organization will seek the guidance of an employment attorney to ensure its practices are designed to be fully compliant.

**Current Status:** Corrected.

#### SA 2013-02

**Condition:** The listing of property and equipment did not include any information regarding the source of funds used to acquire or improve each asset. Some of the assets were purchased with federal funds in accordance with grant requirements. However, depreciation related to those assets would not be an allowable expenditure for grant reimbursement. The Organization did not have a procedure in place to identify assets purchased with federal funds and to ensure that the depreciation related to the assets was charged to the correct program for proper financial reporting, but not included in expenses submitted for reimbursement for grant compliance.

**Recommendation:** Procedures should be implemented which would include the identification of assets purchased with federal funds and a mechanism for tracking and posting the related depreciation expense.

**Prior Year Management Response:** Management agrees with this finding.

In FY 2014, the Finance department created a "Federal, un-reimbursable" code in its accounting software, to keep track of non-allowable depreciation expenses.

Starting with a reminder to Program Directors in March, 2014, Management will take the additional step of making sure Program Directors and Finance staff are all well-versed in the requirement to identify assets purchased with federal funds.

**Current Status:** Corrected.

#### SA 2013-03

**Condition:** Procedures have not been designed or implemented to allocate expenses to grants with periods which differ from the Organization's fiscal year.

The Head Start grant year includes the period of February 1 to January 31 of each year. Because the Organization did not post depreciation on a monthly basis until March of 2013, no depreciation was posted to the grant year which ended on January 31, 2013. However, 12 months of depreciation was posted to the grant year ending January 31, 2014 although only 5 months of depreciation was attributable to this time frame.

Similarly, in-kind occupancy costs were not allocated to the correct grant year. No in-kind occupancy costs were charged to the grant year which ended on January 31, 2013. Instead all in-kind occupancy costs were charged to the grant year ended January 31, 2014.

**Recommendation:** Posting expenses on a monthly basis will help to alleviate issues related to differing grant periods. However, careful review of financial information by an individual independent of the preparation will help to identify errors with calculations and application of allocation methods.

**Prior Year Management Response:** Management agrees with this finding.

It appears that when the Organization began posting expenses on a monthly basis, this was a step in the right direction. But it also appears that initially, a careful review of the information reported was not done.

Management appreciates the Auditor's suggestion that the Organization should not only post expenses on a monthly basis, but also provide a careful review by someone not involved in the preparation, as a check against errors. The current process is that the Senior Accountant prepares the journal entries for grant accounts monthly, and these entries are reviewed and approved by the Chief Financial Officer monthly.

**Current Status:** Corrected.

#### SA 2013-04

**Condition:** Controls over the accumulation of allowable costs and related reimbursement requests for the Better Buildings program were inadequate.

Testing of reimbursement requests for 3 out of 10 requests submitted during the fiscal year identified 2 out of the 3 requests selected could not be reconciled to the financial reporting system. In both cases, the administrative costs did not agree to the financial reports. Additionally, in one case the program costs did not agree to the financial reports. Of the 3 requests tested, 2 requests were not approved by the appropriate personnel.

Because the grant remained open after the current fiscal year end, the Organization had an opportunity to research and correct the issue prior to the grant close out.

**Recommendation:** Procedures must be designed and implemented which provide for the accumulation of information which will allow for an accurate reimbursement request, supported by verifiable data to be prepared.

**Prior Year Management Response:** Management agrees with this finding.

The new Weatherization Director has begun a reconciling process using accounting software to put together reimbursements. He also obtains signatures of senior staff, who review his work prior to transmission of billing. This practice was begun October 2013 and continues today.

**Current Status:** Corrected.

SA 2013-05

**Condition:** In testing expenditures for the Head Start program, we noted numerous reimbursement requests which lacked the employee's signature and the approval of the supervisor.

**Recommendation:** We recommend that procedures be implemented which would require proper approval of all invoices, including expense reimbursements prior to payment.

**Prior Year Management Response:** Management agrees with this finding.

In FY 14 a process was created where any employee requesting reimbursement is required to prepare and sign the employee reimbursement form. A supervisor is required to review and approve the reimbursement, and the Payroll Accountant is required to review the reimbursement and make sure it was free of error, charged to the correct expense and element codes, accompanied by adequate backup documents and appropriately approved. The Payroll Accountant then requests the Chief Financial Officer signature on the document before release of payment.

**Current Status:** Corrected.

SA 2013-06

**Condition:** In testing reporting required for the Aging cluster, we noted that the reports for the quarter ended June 2013 were filed late for both the transportation program as well as the senior meals program. Additionally we noted that the number of trips reported on the March quarterly report for transportation reported 64 fewer trips than were actually reimbursed. Further inquiry with the Program Director revealed that the trips were properly reimbursed but were mistakenly left off the quarterly report.

It was also noted that on the Aging cluster quarterly program service reports, the amounts reported as expenditures of the program were incorrect.

**Recommendation:** We recommend that procedures be implemented which would require a reconciliation of supporting data to the quarterly reports. We also recommend that a schedule be developed to ensure timely filing of reports.

**Prior Year Management Response:** Management agrees with this finding.

In FY14 a process will be developed to ensure the timely filing of accurate reports.

**Current Status:** Corrected.
