

*Victoria F. Sheehan*  
Commissioner

**THE STATE OF NEW HAMPSHIRE**  
DEPARTMENT OF TRANSPORTATION

*William Cass, P.E.*  
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

Bureau of Construction  
February 14, 2019

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with Hi-Way Safety Systems, Inc. (Vendor 162024) of Rockland, MA on the basis of a low bid of \$429,826.61 for placement of pavement markings along the Turnpike system, from the date of Governor and Council approval through September 6, 2019 unless extended by the Department in accordance with the Standard Specifications. 100% Turnpike Funds.

Funding is available in State Fiscal Year 2019 and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2020 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2019</u>	<u>FY 2020</u>
04-96-96-961017-7025 Turnpike Renewal & Replacement 400-500870 Highway Contract Payments	\$129,826.61	\$300,000.00

**EXPLANATION**

This project is part of the Turnpike's Renewal and Replacement Program. This project will place approximately 2.6 million feet of pavement markings during the spring/summer of 2019. The pavement markings will be placed along the Turnpike system roadway segments, excluding areas within construction project limits or roadways with durable markings previously applied, and will include Turnpike's mainline, secondary roads and ramps.

Due to resource constraints, the Bureau of Traffic is not able to apply pavement markings for Turnpikes as has happened historically. This project will allow for continued application of pavement markings providing proper lane delineation for the safety of the traveling public.

Although the bid costs exceeded the Department's estimate by 13.92%, the low bid of 3 bids received is felt to be reasonable for the work involved. A pavement marking item with 2.3 million linear feet of quantity was the single item that created the majority of the overage (92%). Both the A and B bidders unit price for the item were similar. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan  
Commissioner

VFS/md

Department Estimate: \$377,303.65  
Contract Amount: \$429,826.61  
Over Estimate: \$ 52,522.96

## STATEWIDE STRIPING (TURNPIKES)

41487

January 7, 2019

### SUPPLEMENTAL PROJECT INFORMATION SHEET

**DESCRIPTION:** This project will place approximately 2.6 million feet of pavement markings during the spring/summer of 2019. The pavement markings will be placed along the Turnpike system roadway segments, excluding areas within construction project limits or roadways with durable markings previously applied, and will include Turnpike's mainline, secondary roads and ramps.

**FEDERAL FUNDING:** 0% (100% Turnpike funded from Turnpike's Renewal & Replacement program)

**CONTINGENCY:** No contingency is requested given the nature of the project and minimal risk for cost overruns.

**PROJECT INITIATED:** Bureau of Turnpike's Renewal & Replacement program

**EXPLANATION:** Due to resource constraints, the Bureau of Traffic is not able to apply pavement markings for Turnpikes as has happened historically. This project will allow for continued application of pavement markings providing proper lane delineation for the safety of the traveling public.

**TRAFFIC IMPLICATIONS:** Minimal traffic impacts are anticipated. Traffic control will be a mobile operation and follow the same procedures that the Traffic Bureau uses for striping operations. Lane and shoulder closure timeframes will be consistent with those developed by the Turnpike Bureau for maintenance operations or will follow more stringent requirements based upon location/lane configuration. Normal traffic patterns will be re-established prior to the beginning of peak hour traffic volumes.

**COMPLETION DATE:** September 6, 2019
