REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Economic and Housing Stability, to enter into a **Retroactive, Sole Source** amendment to an existing contract with FIT/NHNN, Inc. (VC#157730-B001), Manchester, NH for the ongoing provision of Permanent Housing and Supportive Services to individuals and families who are experiencing homelessness through the Federal Continuum of Care Program, by exercising a renewal option by increasing the price limitation by \$107,937 from \$200,515 to \$308,452 and by extending the completion date from June 30, 2021, to August 31, 2021, effective October 1, 2020, upon Governor and Council approval. 100% Federal Funds.

The original contract was approved by Governor and Council on June 19, 2019, item #46 and most recently amended with Governor and Council approval on May 6, 2020, item #37.

Funds are available in the following account for State Fiscal Years 2021, and are anticipated to be available in State Fiscal Year 2022, upon the availability and continued appropriation of funds in the future operating budget, with the authority to adjust budget line items within the price limitation and encumbrances between state fiscal years through the Budget Office, if needed and justified.

EXPLANATION

This request is **Retroactive** because the U.S. Department of Housing and Development (HUD) grant award required an expansion to the scope of work for this contract in order to consolidate services provided by the vendor in another contract which expired September 30, 2020, (Continuum of Care, Concord Community Permanent Housing, approved by Governor and Council on June 19, 2019, Item #46). Additional time was needed to negotiate and finalize the revised scope of work prior to the vendor accepting the terms of the agreement. Approval of this amendment, with the retroactive effective date of October 1, 2020, will prevent a lapse in services critical to the Department's ability to ensure availability of permanent housing options and homeless outreach services in Merrimack County. This request is **Sole Source** because federal regulations require the Department to specify each vendor's name during the annual, federal Continuum of Care Program renewal application process, prior to the grant award being issued. Based on the application evaluation process, HUD directs the Department to provide grant awards and the specific amounts to vendors.

The purpose of this request is to continue a Permanent Housing Program that delivers rental and leasing assistance, service access and supportive services to individuals and families who are experiencing homelessness.

The program facilitates the movement of homeless and chronically homeless individuals and families to permanent housing and maximum self-sufficiency. Approximately sixteen (16) households and twenty-two (22) individuals will be served from October 1, 2020 to August 31, 2021.

Using the Housing First model and the development of Stabilization and Crisis Management plans, the vendor will facilitate the movement of each participant into sustained permanent housing while providing connections to community and mainstream services to maximize each participant's ability to live more independently.

The Department will monitor contracted services using the following reports and information:

- Annual reviews relating to compliance with administrative rules and contractual agreements.
- Semi-annual statistical reports, including various demographic information, as well as income and expense reports, to include match dollars.
- Data entry into the New Hampshire Homeless Management Information System, which is the primary reporting tool for outcomes and activities of shelter and housing programs.

As referenced in Exhibit C-1, Revisions to Standard Contract Language, Section 2., Renewal., of the original contract, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for two (2) months of the remaining one (1) year available.

Should the Governor and Council not authorize this request, there will be fewer permanent housing options and homeless outreach services available, leaving individuals and families who are vulnerable in unsafe and potentially deadly situations. Additionally, if data is not collected as required by the contract, the Department will be in non-compliance with federal regulations, which could result in a loss of federal funding for homeless and permanent housing supportive services.

Area served: Merrimack County

Source of Funds: CFDA #14.267, FAIN #NH0060L1T001907

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

Board of Directors
FIT/NHNN, Inc. and Subsidiaries

We have audited the accompanying consolidated financial statements of FIT/NHNN, Inc. and Subsidiaries (the Organization), which comprise the consolidated statement of financial position as of December 31, 2019 and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Organization as of December 31, 2019, and the consolidated changes in their net assets and their consolidated cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Summarized Comparative Information

We have previously audited the Organization's 2018 consolidated financial statements and, in our report dated March 18, 2019, expressed an unmodified opinion on those audited consolidated financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2018 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information, which consists of the consolidating statement of financial position as of December 31, 2019, and the related consolidating statements of activities and functional expenses for the year then ended, is presented for purposes of additional analysis, rather than to present the financial position and changes in net assets of the individual entities, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Changes in Accounting Principles

As discussed in Note 1 to the consolidated financial statements, in 2019 the Organization adopted new accounting guidance, Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2016-18, *Restricted Cash*, and FASB ASU No. 2018-08, *Clarifying the Scope of the Accounting Guidance for Contributions Received and Contributions Made*. Our opinion is not modified with respect to these matters.

FIT/NHNNH, INC. AND SUBSIDIARIES**Notes to Consolidated Financial Statements****December 31, 2019****(With Comparative Totals for December 31, 2018)****Organization**

In May 1994, Families in Transition, Inc. was incorporated as a New Hampshire nonprofit to provide housing and comprehensive social services to individuals and families who are homeless or at risk of becoming homeless in certain areas of southern New Hampshire.

Effective January 1, 2018, Families in Transition, Inc. merged with New Horizons for New Hampshire, Inc. (NHNH) to form FIT/NHNNH, Inc. (FIT/NHNNH or the Organization). As a result of the merger, FIT/NHNNH created an integrated system of care that provides an increased supply of affordable housing for those most in need, sustains positive outcomes through the incorporation of evidence based practices proven to meet identified needs and goals, identifies areas for systemic and programmatic improvements through the use of consistent and accurate data to regularly measure success, and provide an integrated system of care to prevent homelessness when possible and rapidly rehouse those who become homeless, including both the chronically homeless and families with children. The merger resulted in a contribution of net assets in 2018 as follows:

Cash and cash equivalents	\$ 326,551
Other current assets	63,438
Cash surrender value of life insurance	33,676
Investments	1,780,456
Property and equipment, net	1,396,197
Accounts payable and accrued payroll	(95,950)
Notes payable	<u>(73,417)</u>
Fair value of net assets acquired	<u>\$ 3,430,951</u>

The fair value of the identifiable assets exceeded the fair value of the liabilities assumed; as a result, a contribution was recognized. There was no consideration transferred from NHNNH.

The Organization directly owns and operates housing programs in facilities located on Amherst Street, Spruce Street, Lake Avenue and Douglas Street in Manchester, New Hampshire. Additional housing facilities are owned and operated by several limited partnerships of which the Organization, or one of its subsidiaries, is the sole general partner. These limited partnerships include Bicentennial Families Concord Limited Partnership (Bicentennial), located at Bicentennial Square in Concord, New Hampshire; Family Bridge Limited Partnership (Family Bridge), located on Second Street in Manchester, New Hampshire; and Family Willows Limited Partnership (Family Willows), located on South Beech Street in Manchester, New Hampshire (collectively referred to as the Limited Partnerships).

During 2019, Bicentennial reached the end of its initial 15-year low-income housing tax credit compliance period. Effective September 20, 2019, New Hampshire Housing Equity Fund 2002 Limited Partnership and JPMorgan Chase, the limited partners, and Bicentennial Families Concord, Inc., the general partner, dissolved Bicentennial. As a result, the non-controlling interest was eliminated and the assets and liabilities of Bicentennial were transferred to the general partner. The general partner's parent, FIT/NHNNH, then caused the assets to be contributed to, and the liabilities assumed by, Housing Benefits, Inc. (Housing Benefits), a subsidiary of FIT/NHNNH.

On April 12, 2019, HB-AH, LLC (HB-AH) was legally formed as a limited liability company organized under the laws of the State of New Hampshire which is treated as a disregarded entity for federal income tax purposes. HB-AH's purpose is to acquire, own, rent, operate and manage 23 residential apartments located in Manchester, New Hampshire. HB-AH is to operate exclusively to further the charitable purpose of Housing Benefits, HB-AH's sole member.

In 2012, the Organization became the sole member of Manchester Emergency Housing, Inc. (MEH), a New Hampshire nonprofit corporation providing immediate shelter to homeless families in the Manchester, New Hampshire area. MEH is the only family shelter in Manchester, New Hampshire.

The Organization also owns 100% of Family Outfitters, LLC (Outfitters), a limited liability corporation. At December 31, 2019, Outfitters operated an independent thrift store in Manchester, New Hampshire with the sole purpose of generating an alternate funding stream for the Organization. During 2018, management made the decision to close a Concord, New Hampshire thrift store location.

In 2012, the Organization became the sole member of The New Hampshire Coalition to End Homelessness (NHCEH), a statewide entity, whose mission is to "eliminate the causes for homelessness through research, education and advocacy."

On May 25, 2018, the Organization organized Wilson Street Condominium Association (the Association). The Organization has several wholly-owned corporations which include Second Street Family Mill, Inc. (Family Mill), and Big Shady Tree, Inc. (Big Shady Tree) (collectively referred to as the General Partners), all of which are New Hampshire corporations. These wholly-owned corporations represent the .01% sole general partners in the Limited Partnerships, whereby Family Mill is a general partner of Family Bridge and Big Shady Tree is a general partner of Family Willows.

1. Summary of Significant Accounting Policies

Newly Adopted Accounting Principle and Reclassifications

In 2019, the Organization adopted Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-18, *Restricted Cash*. This ASU requires an entity to present restricted cash with cash on the statement of cash flows. The impact of adoption on the consolidated statement of cash flows for the year ended December 31, 2018 is a decrease in cash used by investing activities of \$40,338, and an increase in cash and restricted cash, beginning of the year of \$1,014,394.

In July 2018, FASB issued ASU No. 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, to clarify and improve the accounting guidance for contributions received and contributions made. The amendments in this ASU assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of FASB Accounting Standards Codification (ASC) Topic No. 958, *Not-for-Profit Entities*, or as exchange (reciprocal) transactions subject to other accounting guidance, and (2) distinguishing between conditional contributions and unconditional contributions. This ASU was adopted by the Organization for the year ended December 31, 2019. Adoption of the ASU did not have a material impact on the Organization's financial reporting.

Principles of Consolidation

Since the General Partners have control of the Limited Partnerships, in accordance with FASB ASC Topic 810-20-25, *Consolidation*, the financial statements of the Limited Partnerships are required to be consolidated with the Organization's consolidated financial statements. The limited partners' ownership interest is reported in the consolidated statement of financial position as noncontrolling interest.

The consolidated financial statements include the net assets of the Organization, the Limited Partnerships, Housing Benefits, HB-AH, MEH, Outfitters, NHCEH, the Association, and the General Partners. All significant inter-entity balances and transactions are eliminated in the accompanying consolidated financial statements.

Comparative Information

The consolidated financial statements include certain prior year summarized comparative information in total, but not by net asset classification. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Accordingly, such information should be read in conjunction with the Organization's December 31, 2018 consolidated financial statements, from which the summarized information was derived.

Notes to Consolidated Financial Statements

(With Comparative Totals for December 31, 2018)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

The consolidated financial statements of the Organization have been prepared in accordance with U.S. GAAP, which require the Organization to report information regarding to its consolidated financial position and activities according to the following net asset classification:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the consolidated statement of activities.

All contributions are considered to be available for general use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as support with donor restrictions that increases net assets with donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. The Organization records donor-restricted contributions whose restrictions are met in the same reporting period as support without donor restrictions in the year of the gift.

The Organization reports contributions of land, buildings or equipment as support without donor restrictions, unless a donor places explicit restriction on its use. Contributions of cash or other assets that must be used to acquire long-lived assets are reported as support with donor restrictions and reclassified to net assets without donor restrictions when the assets are acquired and placed in service.

(With Comparative Totals for December 31, 2018)

Cash and Cash Equivalents

The Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts which, at times, may exceed the federally insured limits. Management regularly monitors the financial institutions, together with their respective cash balances, and attempts to maintain the potential risk at a minimum. The Organization has not experienced any losses in such accounts and management believes it is not exposed to any significant risk on these accounts.

Reserves are those deposits of cash and cash equivalents not generally available for operating costs, but restricted to particular uses including operating and replacement reserves for rental properties as well as certain other social services and programs.

Property and Equipment

Property and equipment are recorded at cost or, if donated, at estimated fair market value at the date of donation, less accumulated depreciation. The Organization's capitalization policy requires the capitalization of capital expenditures greater than \$1,000, while ordinary maintenance and repairs are charged to expense. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets, ranging from 5 to 30 years. Assets not in service are not depreciated.

Rental Income

Rental revenue is recognized pro rata over each tenant's period of occupancy. A contract is entered into with a tenant and covers a period of twelve months. All rents are collected at the beginning of each month and are nonrefundable. A tenant has an option to cancel a lease at any time with a minimum of 30 days notice, at which time the Organization will prorate the final rent payment through a tenant's expected move-out date.

When a contract is entered into with a tenant, the Organization collects a security deposit. The security deposits are maintained in a separate cash account and a corresponding liability is recognized. Upon termination of a tenant's contract, the Organization assesses the condition of the unit being vacated. If it is determined a unit is vacated in a condition equivalent to when the tenant occupied the unit, the security deposit is refunded to the tenant. If a unit is determined to be vacated in a condition less than equivalent to when the tenant occupied the unit, the security deposit is retained and recognized as revenue.

Volunteer Services

A number of volunteers have donated their time to the Organization's various programs and administrative services. The value of these services has not been included in the accompanying consolidated financial statements since the volunteers' time does not meet criteria for recognition. The estimated value of donated time for the years ended December 31, 2019 and 2018 is approximately \$1,030,000 and \$780,000, respectively.

Functional Expense Allocation

The consolidated financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses allocated include salaries and benefits, depreciation, amortization, office and other expenses, which are allocated based on direct payroll hours by functional cost centers.

Income Taxes

The Organization is a tax-exempt Section 170(b)(1)(A)(vi) public charity as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been reflected in these financial statements.

The standards for accounting for uncertainty in income taxes require the Organization to report any uncertain tax positions and to adjust its financial statements for the impact thereof. As of December 31, 2019 and 2018, the Organization determined that it had no tax positions that did not meet the more-likely-than-not threshold of being sustained by the applicable tax authority. The Organization files an informational return in the United States. This return is generally subject to examination by the federal government for up to three years.

No provision for taxes on income is made in the Limited Partnerships' financial statements since, as partnerships, all taxable income and losses are allocated to the partners for inclusion in their respective tax returns.

The Association is not exempt from income taxes; however, the Code categorizes any profits realized by the Association from its member activities as reductions of members' contributions towards the operation of the condominium property and not as taxable income of the Association or its members. Accordingly, no provision for income taxes has been made in these consolidated financial statements.

As a result, these replacement reserves and designated cash reserves for properties are not considered available for general expenditure within the next year and are not reflected in the amount above. In response to the rising rates of opioid and other substance use issues throughout Manchester, New Hampshire and the State of New Hampshire, FIT/NHNNH and Housing Benefits established The Manchester Recovery and Treatment Center (the Facility), a large-scale facility to curb the tide of substance misuse.

The Facility provides areas for agencies to provide substance use disorder treatments or services to those at varying stages of recovery. The Facility also includes Housing Benefit's Family Willows Recovery Housing Program (the Program) on the 2nd and 3rd floors. This Program provides 19 units of sober recovery housing, and accommodates approximately 40-50 women and their children. 11. Uncertainty

Subsequent to December 31, 2019, local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating the temporary shut-down of business in many sectors and imposing limitations on travel and the size and duration of group meetings. Most sectors are experiencing disruption to business operations and may feel further impacts related to delayed government reimbursement, volatility in investment returns, and reduced philanthropic support. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impacts to the Organization as of March 31, 2020, management believes that a material impact on the Organization's consolidated financial position and results of future operations is reasonably possible.

12. Subsequent Events

For purposes of the preparation of these consolidated financial statements in conformity with U.S. GAAP, the Organization has considered transactions or events occurring through March 31, 2020, which was the date the consolidated financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the consolidated financial statements.

EXPLANATION

This request is **Sole Source** because federal regulations require the Department to specify each vendor's name during the annual, federal Continuum of Care Program renewal application process, prior to the grant award being issued. Annually, the US Department of Housing and Urban Development (HUD) oversees a Continuum of Care Program competitive application process. As part of this process, the Department is required to provide HUD with each potential vendor and HUD evaluates vendor applications. Based on that evaluation process, HUD directs the Department to provide grant awards and the specific amounts to vendors. As previously stated, the original contract was approved by Governor and Council on June 19, 2019, Item #46.

The purpose of this request is to continue providing Permanent Housing and Coordinated Entry Programs that deliver rental and leasing assistance, access to supportive services and other services to individuals who are experiencing homelessness.

Approximately 3,000 individuals will be served from July 1, 2020 to July 1, 2021.

Vendors facilitate movement of participants into sustained permanent housing while providing connections with community and mainstream services in order to maximize participants' abilities to live more independently. The U.S. Department of Housing and Urban Development established the Continuum of Care concept to support communities in their efforts to address the problems of housing and homelessness in a coordinated, comprehensive and strategic manner.

The Department will monitor contracted services using the following performance measures:

- Annual reviews relating to compliance with administrative rules and contractual agreements.
- Semi-annual statistical reports, including various demographic information and income and expense reports, to include match dollars.
- All vendors funded through these contracts will report through the timely and accurate entry of data into the New Hampshire Homeless Management Information

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 4 of 4

System, unless the vendor is required by law to use an alternate means of data collection. This will be the primary reporting tool for outcomes and activities of shelter and housing programs.

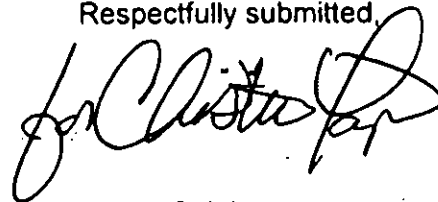

As referenced in Exhibit C-1, Revisions to Standard Contract Language, Section 2., Renewal, of the original contracts, the parties have the option to extend the agreements for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for one (1) of the two (2) years available.

Should the Governor and Executive Council not authorize this request, there will be fewer permanent housing options and homeless outreach services available, leaving individuals and families that are vulnerable in unsafe and deadly situations without a safety net. Additionally, if data is not collected as required by these contracts, the Department will be in non-compliance with federal regulations, which could result in a loss of federal funding for these and other types of homeless and permanent supportive services.

EXPLANATION

These requests are sole source because federal regulations require the Department to specify each vendor's name during the annual, federal Continuum of Care Program renewal application process, prior to the grant award being issued. The U.S. Department of Housing and Urban Development (HUD) reviews the applications and subsequently awards funding based on its criteria. The application process and timing of grant terms do not align with state or federal fiscal years. The start date of a grant is based on the month in which each grant's original federal agreement was issued. This results in Continuum of Care Program grant start dates, and subsequent renewal approval requests, occurring in various months throughout the year.

The attached agreements represent twelve (12) of twenty-nine (29) total agreements, many of which have renewal dates dispersed throughout the calendar year, with vendors who are located throughout the state to ensure ongoing, statewide delivery of housing services through New Hampshire's Continuum of Care Program.

The purpose of these requests is for the provision of Permanent Housing and Coordinated Entry Programs that shall deliver rental/leasing assistance, service access, supportive services and associated administrative services targeted to serve approximately three-thousand (3000) participants from July 1, 2019 through June 30, 2020.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 4

Using the "Housing First" model and the development of Stabilization and Crisis Management plans, the Vendors will facilitate participant's movement into sustained permanent housing while providing connections with community and mainstream services to maximize participant's ability to live more independently.

HUD established the Continuum of Care concept to support communities in their efforts to address the problems of housing and homelessness in a coordinated, comprehensive, and strategic fashion. The Continuum of Care serves three main purposes:

- A strategic planning process for addressing homelessness in the community.
- A process to engage broad-based, community-wide involvement in addressing homelessness on a year-round basis.
- An opportunity for communities to submit an application to the U.S. Department of Housing and Urban Development for resources targeting housing and support services for homeless individuals and families.

The following performance measures/objectives will be used to measure contract compliance and vendor performance:

- Annual compliance reviews shall be performed that include the collection of data relating to compliance with administrative rules and contractual agreements.
- Statistical reports shall be submitted on a semi-annual basis from all funded vendors, including various demographic information and income and expense reports including match dollars.
- All vendors funded for rapid re-housing, transitional, permanent or coordinated entry housing, or outreach/supportive services will be required to maintain timely and accurate data entry in the New Hampshire Homeless Management Information System, unless they are required by law to use an alternate means of data collection. The NH Homeless Management Information System will be the primary reporting tool for outcomes and activities of shelter and housing programs funded through this contract.

As referenced in Exhibit C-1 of each of these contracts, the Department reserves the right to extend each agreement for up to two (02) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council.

Should the Governor and Executive Council not authorize these requests, Permanent Housing, and Coordinated Entry Programs and Supportive Services for New Hampshire homeless individuals and families may not be available in their communities, and there may be an increase in demand for services placed upon the region's local welfare authorities. It may also cause individuals and/or families to become homeless.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than thirty (30) days prior to the expiration date of each of the insurance policies. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference. Each certificate(s) of insurance shall contain a clause requiring the insurer to provide the Contracting Officer identified in block 1.9, or his or her successor, no less than thirty (30) days prior written notice of cancellation or modification of the policy.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
