EXPLANATION

This conference is organized to help fulfill our statutory obligations under RSA 673:3-a by providing informational sessions on planning and zoning issues for municipal land use boards. Since 1993, OEP has held this conference to meet the training needs of volunteers serving on these boards.

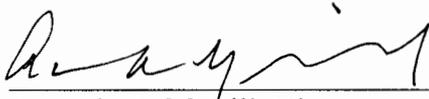

Due to the history of attendance at this event, it is necessary to seek a host facility that can accommodate 400 participants and speakers, has a minimum of six breakout rooms, and a separate dining area. Several factors were taken into consideration when selecting potential facilities including: capacity to accommodate 400 participants; dates of availability; layout conducive to the function of the conference; and travel distance for participants.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council

Page 2 of 2

In the past, OEP conducted two training conferences per year. Now, with one conference per year, an effort is made to hold it in a central location in the state so that attendance by local land use board members is made more convenient by a reduction in travel time. Two sites were considered prior to selecting the Grappone Conference Center in Concord (please see attached document titled "The Bidding Process"). The Grappone Conference Center was selected because it was the lowest bidder.

The total cost of this one-day conference (not to exceed \$21,360.00) includes the cost of the facility rental and meals (\$20,335.00), as well as costs for printed material, advertisement, postage, travel costs, and speaker expenses. These costs will be offset by an estimated \$21,360.00 in conference revenue. A tentative conference agenda and estimated budget are attached.

Respectfully submitted,

Amanda A. Merrill, Director
Office of Energy and Planning

Session Break: 10:15 – 10:30 AM

10:30 AM - 11:45 AM Concurrent Sessions

ZBA Decision Making Process

Speaker to be determined

You've notified abutters, held the public hearing, heard hours of testimony, and now it's time to make a decision. What do you do? Do you need to decide right then and there? What if you only have four members present? Can there be conditions of approval? Do you vote on each of the criteria separately? Do you need to vote on anything at all? If these and other questions have plagued your ZBA, this session is for you.

Basics for the Planning Board

Speaker to be determined

This session is for new planning board members and alternates, as well as veterans, who want a refresher course on the basics. Topics for discussion include the planning board's rules of procedure, conflict of interest and disqualification, conducting meetings and public hearings, use of third-party consultants, communication with legal counsel, the zoning amendment process, and more.

Advanced Planning Topic – To Be Determined

11:45 AM – 12:45 PM Lunch

12:45 PM - 2:00 PM Concurrent Sessions

Roles and Responsibilities of the Zoning Board of Adjustment (double session)

Christopher L. Boldt, Esq., Donahue, Tucker & Ciandella, PLLC, Meredith, NH

This session will cover, in detail, the statutory responsibilities of the zoning board by addressing appeals of administrative decisions and special exceptions and variances; and provide a walk-through of the five variance criteria. Ample time will be devoted to participant questions.

Plan Reading and Analysis (double session)

Sylvia Von Aulock, Deputy Executive Director, Southern NH Planning Commission

Have you volunteered for your local land use board and realized you are not very confident on how to read or analyze engineering plans? Don't panic! This session will help you learn to do just that. You will review a variety of plan types including existing conditions, grading and drainage, road profiles, and landscape plans. During the first session, Sylvia will cover some of the basic terms and plan types, and then take you on a virtual tour to discuss site development elements on a variety of properties. In the second session, you will color actual engineering plans, learn a step-by-step process for highlighting plans, and then analyze plans as they "come alive" with color. By the end of the session you will have a good idea of how you can make plans more "readable," how to begin your analysis of plans submitted to the board, and how to use highlighted plans as a tool for discussion with developers.

Legal Update (double session)

Benjamin D. Frost, Esq., AICP, NH Housing Finance Authority, Bedford, NH

Recent New Hampshire Supreme Court decisions involving land use issues and the impact they have on municipal planning and zoning will highlight this popular session. Recently enacted legislation that affects the responsibilities and authority of municipal planning and zoning boards will also be discussed.
