*Retractive*

### Requested Action

Pursuant to RSA 21-P:43, The Department of Safety, Division of Homeland Security and Emergency Management (HSEM), requests authorization to **retroactively** amend a grant agreement (PO #1018009) with the Town of Greenville (VC# 177398-B002), increasing the grant limitation by \$18,531.00 from a total grant limitation of \$64,173.00 to \$82,704.00 for the purpose of completing the Livingston Road culvert project. The grant was initially approved by the Governor and Council on August 10, 2011, Item #122, with an amendment approved on November 14, 2012, Item #153. This amendment request is also to extend the period of performance from March 8, 2014 to March 8, 2015. No other provisions will be changed. Funding source: 100% Federal Funds.

Funding is available in the SFY 2014 operating budget as follows:

02-23-23-236010-59020000	Dept. of Safety – HSEM – HMGP DR-1812 Dec '08 Ice Storm	
072-500574	Grants to Local Gov't. - Federal	\$18,531.00

### Explanation

The reason this request is **retroactive** is the Town of Greenville was originally awarded grant funds through the Hazard Mitigation Grant Program (HMGP) to upgrade the Livingstone Road Culvert on August 10, 2011. In early 2013, the Town of Greenville notified the grant's manager of the need to change the original scope of work for the project, as well as the need for additional funds to complete the project. At the time of original request for cost over runs, there were no additional funds available within DR 1812. As other projects within DR 1812 closed, cost under runs became available. It was then determined the project did in fact need additional funding to complete the project, all requirements were met, and the project proved to be cost effective. A request for cost overruns was made to FEMA on September 12, 2013. HSEM received FEMA approval for cost overruns on October 22, 2013. It was brought to the attention of the Town of Greenville that their period of performance for the project was expiring on March 8, 2014. The Town of Greenville decided to request an extension for the period of performance. The extension was made by NH HSEM on behalf of the Town of Greenville on January 13, 2014. NH HSEM received the period of performance request approval February 27, 2014.

The Hazard Mitigation Grant Program (HMGP) provides funding to states and communities (sub-grantees) for cost-effective hazard mitigation activities that complement a comprehensive mitigation program. FEMA provides HMGP funds to states that, in turn, provide sub-grants or contracts for a variety of mitigation activities, such as planning and the implementation of projects identified through the evaluation of natural hazards. The program cost share is 75% federal funds, 25% applicant soft-match.

In the event that Federal Funds are no longer available, General Funds and/or Highway funds will not be requested to support this program. The sub-grantee will provide and document the program match requirements.

Respectfully submitted,

John J. Barthelmes  
Commissioner of Safety

### Requested Action

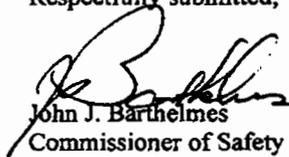

Authorize the Department of Safety, Division of Homeland Security and Emergency Management (HSEM), to amend the grant agreement (PO# 1018009) for the Town of Greenville, (VC# 177398-B002), Greenville, NH. The grant was initially approved by Governor and Council on August 10, 2011, Item # 122. This amendment will extend the completion date only from December 31, 2012 to March 8, 2014. Effective upon Governor and Council approval. Funding source: 100% Federal Funds.

### Explanation

The Town of Greenville was awarded grant funds through the HMGP to do a project with a completion date of December 31, 2012. The hydraulic, hydrologic and geomorphic studies for this project have been completed. The Town is in the process of procuring the adequate sized culverts as identified within the studies. Since the studies have caused a delay in the start of construction it will not be possible for the Town to complete the project within the current time constraints. In past years it has been the policy of HSEM to give communities receiving grant funds through HMGP, two construction seasons to complete the project. This policy was changed last year to reflect the three year performance period allowed by the Hazard Mitigation Assistance Unified Guidance. The new project completion date reflects the three year performance period from the date of the obligation, which was March 8, 2011. Since the request change falls within the performance period allowed by FEMA it is not necessary to seek nor receive FEMA approval to amend this grant.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

  
John J. Barthelmes  
Commissioner of Safety

The State of New Hampshire submits all applications received for program funding to the Federal Emergency Management Agency (FEMA) for their final approval. Applications that are determined to be cost effective and program eligible are then funded by FEMA in full; not every application submitted is determined to be program eligible. However, all applications that are determined to be eligible are funded at the requested dollar amount listed in their applications, pending availability of adequate program funding..

6. COMPLIANCE BY GRANTEE WITH LAWS AND REGULATIONS. In connection with the performance of the Project, the Grantee shall comply with all statutes, laws regulations, and orders of federal, state, county, or municipal authorities which shall impose any obligations or duty upon the Grantee, including the acquisition of any and all necessary permits.
7. RECORDS and ACCOUNTS.
  - 7.1. Between the Effective Date and the date seven (7) years after the Completion Date the Grantee shall keep detailed accounts of all expenses incurred in connection with the Project, including, but not limited to, costs of administration, transportation, insurance, telephone calls, and clerical materials and services. Such accounts shall be supported by receipts, invoices, bills and other similar documents.
  - 7.2. Between the Effective Date and the date seven (7) years after the Completion Date, at any time during the Grantee's normal business hours, and as often as the State shall demand, the Grantee shall make available to the State all records pertaining to matters covered by this Agreement. The Grantee shall permit the State to audit, examine, and reproduce such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, data (as that term is hereinafter defined), and other information relating to all matters covered by this Agreement. As used in this paragraph, "Grantee" includes all persons, natural or fictional, affiliated with, controlled by, or under common ownership with, the entity identified as the Grantee in block 1.3 of these general provisions.
8. PERSONNEL.
  - 8.1. The Grantee shall, at its own expense, provide all personnel necessary to perform the Project. The Grantee warrants that all personnel engaged in the Project shall be qualified to perform such Project, and shall be properly licensed and authorized to perform such Project under all applicable laws.
  - 8.2. The Grantee shall not hire, and it shall not permit any subcontractor, subgrantee, or other person, firm or corporation with whom it is engaged in a combined effort to perform the Project, to hire any person who has a contractual relationship with the State, or who is a State officer or employee, elected or appointed.
  - 8.3. The Grant Officer shall be the representative of the State hereunder. In the event of any dispute hereunder, the interpretation of this Agreement by the Grant Officer, and his/her decision on any dispute, shall be final.
9. DATA: RETENTION OF DATA: ACCESS.
  - 9.1. As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations,

- 9.3. No data shall be subject to copyright in the United States or any other country or anyone other than the State.
- 9.4. On and after the Effective Date all data, and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason, whichever shall first occur.
- 9.5. The State, and anyone it shall designate, shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, all data.
10. CONDITIONAL NATURE OR AGREEMENT. Notwithstanding anything in this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability or continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available or appropriated funds. In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Grantee notice of such termination.
11. EVENT OF DEFAULT: REMEDIES.
  - 11.1. Any one or more of the following acts or omissions of the Grantee shall constitute an event of default hereunder (hereinafter referred to as "Events of Default"):
    - 11.1.1 Failure to perform the Project satisfactorily or on schedule; or
    - 11.1.2 Failure to submit any report required hereunder; or

    - 11.2.2 Give the Grantee a written notice specifying the Event of Default and suspend all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and
    - 11.2.3 Set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and
    - 11.2.4 Treat the agreement as breached and pursue any of its remedies at law or in equity, or both.
12. TERMINATION.
  - 12.1. In the event of any early termination of this Agreement for any reason other than the completion of the Project, the Grantee shall deliver to the Grant Officer, not later than fifteen (15) days after the date of termination, a report (hereinafter referred to as the "Termination Report") describing in detail all Project Work performed, and the Grant Amount earned, to and including the date of termination.
  - 12.2. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall entitle the Grantee to receive that portion of the Grant amount earned to and including the date of termination.
  - 12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
  - 12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.
13. CONFLICT OF INTEREST. No officer, member of employee of the Grantee, and no representative, officer or employee of the State of New Hampshire or of the governing body of the locality or localities in which the Project is to be performed, who exercises any functions or responsibilities in the review or

approval of the undertaking or carrying out of such Project, shall participate in any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership, or association in which he or she is directly or indirectly interested, nor shall he or she have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

GRANTEE'S RELATION TO THE STATE. In the performance of this Agreement the Grantee, its employees, and any subcontractor or subgrantee of the Grantee are in all respects independent contractors, and are neither agents nor employees of the State. Neither the Grantee nor any of its officers, employees, agents, members, subcontractors or subgrantees, shall have authority to bind the State nor are they entitled to any of the benefits, workmen's compensation or emoluments provided by the State to its employees.

15. ASSIGNMENT AND SUBCONTRACTS. The Grantee shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the State. None of the Project Work shall be subcontracted or subgranted by the Grantee other than as set forth in Exhibit A without the prior written consent of the State.

16. INDEMNIFICATION. The Grantee shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Grantee or Subcontractor, or subgrantee or other agent of the Grantee. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.

7. INSURANCE AND BOND.

7.1 The Grantee shall, at its own expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

7.1.1 Statutory workmen's compensation and employees liability insurance for all employees engaged in the performance of the Project, and

7.1.2 Comprehensive public liability insurance against all claims of bodily injuries, death or property damage, in amounts not less than \$2,000,000 for bodily injury or death any one incident, and \$500,000 for property damage in any one incident; and

17.2. The policies described in subparagraph 17.1 of this paragraph shall be the standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire. Each policy shall contain a clause prohibiting cancellation or modification of the policy earlier than ten (10) days after written notice thereof has been received by the State.

18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

19. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.

**EXHIBIT A**

**SCOPE OF WORK**

**I. WORK TASKS**

The Town of Greenville is being provided a hazard mitigation grant in the amount of \$64,173.00 to upgrade the Livingston Road Culvert.

The town proposes to eliminate the restriction of the water flow of the brooks that enter into these culverts on Livingston Road by the intersection of NH Route 31 by enlarging the current culvert (4 ft x 26 ft metal culverts) to 6 ft x 26 ft cement box culverts and adding wing walls on both ends of the culverts. This will prevent the back water and flooding conditions that currently happen and cause damage/flooding blocking exit and entrance to the Livingston Road and area residents living on Livingston Road and Maldarelli Road.

All work and the closeout of this project will be completed by December 31, 2012.

**II. PROJECT REVIEW and CONDITIONS**

The Town of Greenville shall comply with the project review and conditions as identified by the Federal Emergency Management Agency (FEMA). The FEMA Project Review and Conditions Status is attached to this agreement.

The Town of Greenville shall submit quarterly progress reports starting with the quarter ending June 30, 2011. These reports shall continue until the project is closed out.

The Town of Greenville is responsible for the 25% cost share, which is \$21,391.00. The Town of Greenville shall clearly identify and document the cost share and retain all associated records for a period of four years from the date of project closeout.

## EXHIBIT C

### SPECIAL PROVISIONS

1. This grant agreement may be terminated upon thirty (30) days written notice by either party.
2. Any funds advanced to the grantee must be returned to Homeland Security and Emergency Management if the grant agreement is terminated for any reason other than completion of the project.
3. The Town of Greenville agrees to have an audit conducted in compliance with OMB Circular A-133, if applicable. If a compliance audit is not required, at the end of each audit period the Town of Greenville will certify in writing that they have not expended the amount of federal funds that would require a compliance audit (\$500,000). If required, they will forward for review and clearance a copy of the completed audit(s) to the Department of Safety, Division of Homeland Security and Emergency Management.

Additionally, they have notified or will notify their auditor of the above requirements prior to performance of the audit. They will also ensure that, if required, the entire grant period will be covered by a compliance audit, which in some cases will mean more than one audit must be submitted. They will advise the auditor to cite specifically that the audit was done in accordance with OMB Circular A-133. They will also ensure that all records concerning this grant will be kept on file for a minimum of 4 years from the end of this audit period.
