Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **SOLE SOURCE** contract with the Tri-County Community Action Program, Inc. (VC #177195), Berlin, NH in the amount of \$109,600.00 for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services, effective October 16, 2013 through September 30, 2014, upon approval of Governor and Executive Council. 100% Federal Funds (US DHHS/LIHEAP).

Funding is available in the following account, with the authority to adjust encumbrances in each of the State fiscal years through the Budget Office, if needed and justified:

<u>Office of Energy & Planning, Fuel Assistance</u>	<u>FY 2014</u>	<u>FY 2015</u>
01-02-02-024010-77050000	\$82,200.00	\$27,400.00
074 500587 Grants for Pub Assist & Relief		

2) Further request authorization to advance to the vendor \$36,168.00 of the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** because although the Heating Repair and Replacement Program (HRRP) is funded by the US Department of Health and Human Services, it is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program. The Weatherization Program is delivered by the New Hampshire Community Action Agencies (CAAs), as they have preferred status under US DOE grant guidance due to their nonprofit status, their role providing a range of services to clients eligible for weatherization, and their historical performance in delivering the Weatherization Program.

OEP is responsible for administering both the Weatherization Program and the HRRP. The objective of Weatherization is to reduce energy consumption and the impact of energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high-energy usage. The HRRP funds provide important repairs or heating system replacements to eligible families whose heating systems have failed or require repair in order to operate safely. Each year dozens of heating systems are repaired or replaced, providing much needed heat to low income families, and often enabling weatherization improvements to their homes.

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council

Page 2 of 2

The advance of funds will allow the CAAs to respond quickly when the need arises for a heating system repair or replacement, so that they can pay contractors and vendors in advance of receiving monthly reimbursements from the State. Smaller contractors often do not have the capital to carry expenses for extended periods of time, and the CAAs often do not have other funds sufficient to pay the contractors before monthly reimbursement is received.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Meredith A. Hatfield
Director

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12529 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS, cont'd

Certification Regarding Debarment, Suspension, and Other Responsibility Matters - Primary Covered Transactions

- (1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
- (a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - (b) have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - (c) are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - (d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions
(To Be Supplied to Lower Tier Participants)

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

- (a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
- (b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

In accordance with the above laws and regulations issued pursuant thereto, the Applicant agrees to assure that no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity in which the Applicant receives Federal assistance from the Department of Energy.

Applicability and Period of Obligation

In the case of any service, financial aid, covered employment, equipment, property, or structure provided, leased, or improved with Federal assistance extended to the Applicant by the Department of Health and Human Services, this assurance obligates the Applicant for the period during which Federal assistance is extended. In the case of any transfer of such service, financial aid, equipment, property, or structure, this assurance obligates the transferee for the period during which Federal assistance is extended. Such information shall include, but is not limited to the following: (1) the manner in which services are or will be provided and related data necessary for determining whether any persons are or will be denied such services on the basis of prohibited discrimination; (2) the population eligible to be served by race, color, national origin, sex, age and disability; (3) data regarding covered employment including use or planned use of bilingual public contact employees serving beneficiaries of the program where necessary to permit effective participation by beneficiaries unable to speak or understand English; (4) the location of existing or proposed facilities connected with the program and related information adequate for determining whether the location has or will have the effect of unnecessarily denying access to any person on the basis of prohibited discrimination; (5) the present or proposed membership by race, color, national origin, sex, age and disability in any planning or advisory body which is an integral part of the program; and (6) any additional written data determined by the Department of Health and Human Services to be relevant to the obligation to assure compliance by recipients with laws cited in the first paragraph of this assurance.

INDEPENDENT AUDITOR'S REPORT

Todd C. Fahey, Esq.
Court-Appointed Special Trustee
Tri-County Community Action Program, Inc.
Berlin, New Hampshire 03570

We have audited the accompanying statement of financial position of Tri-County Community Action Program, Inc. (a nonprofit organization) as of June 30, 2012, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note B, Tri-County Community Action Program, Inc. had not previously classified the difference between its assets and liabilities as unrestricted net assets, temporarily restricted net assets and permanently restricted net assets based on the existence or absence of donor-imposed restrictions. The effects on the financial statements of that departure from those accounting principles are not reasonably determinable.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the opening balance of the net assets referred to in the preceding paragraph been susceptible to satisfactory audit tests, the financial statements referred to above present fairly, in all material respects, the financial position of Tri-County Community Action Program, Inc. as of June 30, 2012, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note B to the financial statements, Tri-County Community Action Program, Inc. implemented the requirements of FASB ASC 958 and recorded the current year changes in net assets by class as unrestricted net assets, temporarily restricted net assets and permanently restricted net assets based on the existence or absence of donor-imposed restrictions.

The accompanying financial statements have been prepared assuming that the entity will continue as a going concern. For the year ended June 30, 2012, the Organization used restricted net assets for unrestricted purposes that contravene the donor's restrictions amounted to \$321,749. These factors, and others discussed in Note Q, indicate that the entity may be unable to continue in existence. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets or the amounts and classifications of liabilities that might be necessary in the event the entity cannot continue in existence.

The financial statements of Tri-County Community Action Program, Inc. as of and for the year ended June 30, 2011 were audited by other auditors whose report thereon, dated March 30, 2012 expressed an unqualified opinion. As part of our audit of the 2012 financial statements, we also audited the adjustments described in Note P to the financial statements that were applied to restate the 2011 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2011 financial statements of Tri-County Community Action Program, Inc. other than in respect of the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2011 financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated March 28, 2013, on our consideration of Tri-County Community Action Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Functional Expenses on pages 21 and 22 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
