

VICTORIA F. SHEEHAN  
COMMISSIONER

THE STATE OF NEW HAMPSHIRE  
DEPARTMENT OF TRANSPORTATION

WILLIAM CASS, P.E.  
ASSISTANT COMMISSIONER

Bureau of Highway Maintenance  
September 28, 2016

Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Council  
State House  
Concord, NH 03301

**INFORMATIONAL ITEM**

In accordance with the requirements approved by Governor and Council March 9, 2016, Item #30, the Department of Transportation is to submit on an annual basis a summary of contracts with various private contractors to assist with winter maintenance activities, emergency repair of infrastructure due to flooding or other unexpected natural disasters, along with highway and bridge maintenance efforts. Attached please find a detail reporting for the fiscal year ending June 30, 2016.

**EXPLANATION**

The total for all the rented equipment associated with private contractors is \$9,341,801.30 (see attached list).

Since its creation, the Department has rented and the Legislature has funded, privately owned equipment to assist with the maintenance of the state's roadway system. Over the course of this time there have been numerous versions of administrative rules, all noting (as in the current TRA 102.05)(b)(03) that the Department's "Bureau of Mechanical Services shall be responsible for ...the setting of rental rates and approval of private equipment rental by this or any other department." The most current rental rates were published by the Department in 1999, with an update in 2005 for plow trucks rates. Any rental rates that either exceed the current published rates, or are required for a piece of equipment not detailed within the current rates, must be approved at the Director of Operations level or Commissioner level.

Chapter 276:190 Laws of 2015 states "any state agency or department is authorized, with the prior approval of the Department of Administrative Services, to enter into agreements to rent, lease, or lease-purchase vehicles and equipment from any outside vendor or to rent or lease vehicles and equipment from any other state agency or department". For many years the Department has hired privately owned equipment to assist with maintenance and emergency repair efforts. Chapter 276:190 Laws of 2015 added the requirement for Administrative Services to review and approve this process.

The Department has met with representatives from the Department of Administrative Services and specifically discussed the issue of rental of equipment. As part of the adopted process, an informational item would be presented to the Governor and Executive Council on an annual basis which would provide the detail of the contracts which were entered into and used.

It is respectfully requested that this item be accepted.

Sincerely,

Victoria F. Sheehan  
Commissioner
