In June 2012, Governor Lynch signed legislation, Chapter Law 196, codified as RSA 318-B: 31-42 to establish a Prescription Drug Monitoring Program (PDMP), to combat prescription drug abuse and misuse by allowing practitioners to review controlled medication data collected from licensed dispensers in a secure web based system. In January 2013, the Board of Pharmacy was awarded a grant from the National Association of Controlled Substance Authorities (NASCA) to support the implementation of PDMP. In the fall of 2013, the Department of Justice applied for and was awarded a Federal Bureau of Justice Administration Harold Rogers Grant, and is subsequently awarding the funding to the Office of Professional Licensure and Certification, Division of Health Professions - Board of Pharmacy. The Governor and Council originally approved this sub-grant on October 16, 2013, item #41. The PDMP went live on October 16, 2014.

Approval of this request will allow the Office of Professional Licensure and Certification to expend \$222,821 of the remaining \$244,324.71 sub grant from the Department of Justice to maintain a Prescription Drug Monitoring Program (PDMP), as well as the authorized general funds thus fulfilling its statutory obligations, which will combat prescription drug use and misuse by allowing practitioners to review controlled medication data collected by licensed dispensers in a secure web based program.

If this request is not approved, the Office of Professional Licensure and Certification will not be able to continue oversight of the PDMP, a program the State Legislature and the citizens of New Hampshire recognize as a major concern facing the State of New Hampshire.

These funds will be used for the following purposes:

SFY 2018

Class 020 – Current Expenses – will be used to purchase stationary, office supplies, postage, conference calls

Class 026 – Organization Dues – will be used for national membership dues

Class 038 – Software – will be used to purchase analytical software.

The Honorable Neal M. Kurk, Chairman
Fiscal Committee of the General Court
His Excellency, Governor Christopher T. Sununu
and the Honorable Council

3. Relationship to existing agency programs: The Administrator will be responsible as the program manager reporting to Board of Pharmacy Administrator under the Office of Certification and Licensure, while working for the successful outcomes of the Prescription Drug Monitoring Program Advisory Council goals. The Administrative Assistant position reports to the PDMP Administrator/Program Manager. The Analysis/Evaluation Consultant position reports to the PDMP Administrator/Program Manager.
4. Has a similar program been requested of the legislature and denied? No
5. Why wasn't funding included in the agency's budget request? It was requested that the PDMP provide its own budget request since its funding comes from federal funding sources.
6. How can portions of the grant funds be utilized? The grant funds cannot be utilized for anything other than the purpose of the Prescription Drug Monitoring Program.
7. Estimate the funds required to continue this position(s): The estimated funds required to continue these two full-time temporary positions for a biennium are approximately \$353,000.
