Her Excellency, Governor Margaret Wood Hassan  
And the Honorable Council  
State House  
Concord, NH 03301

**REQUESTED ACTION**

Authorize the Office of the Consumer Advocate (OCA) to amend its contract with Ben Johnson Associates, Inc., Tallahassee, FL, Vendor Code #262954 to provide professional services by extending the contract from June 20, 2016, through June 30, 2017, and by increasing the price limitation by \$3,000 from \$34,000 to \$37,000. The original contract was approved by Governor and Executive Council on December 16, 2015, Item #49. 100% Other Funds - Utility Assessments.

Funding is available in account Consumer Advocate as follows:

**EXPLANATION**

On December 16, 2016 the OCA entered into a contract for services with Ben Johnson Associates, Inc. to provide expert testimony and other services related to representing the interests of residential utility customers in water utility rate cases at the Public Utilities Commission (PUC) in an amount not to exceed \$ 34,000. One of the two rate cases, Docket No. DW 15-199 (Abenaki Water Co.) is substantially complete. In that case, Dr. Johnson prepared

Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Council  
June 1, 2016

testimony on behalf of the OCA that proved critical in assuring that customers will provide the company's owners with a reasonable rather than an excessive rate of return in light of the risk profile of the utility. The other rate case, Docket No. DW 15-209 (Lakes Region Water Company), remains ongoing. In April, the parties agreed to extend the schedule for the proceeding in light of a significant development (the utility's acquisition of an additional and previously unregulated water distribution system). Accordingly, the case will not be resolved prior to the expiration of the original contract with Ben Johnson Associates. In light of the additional work required by this unanticipated extension of the Lakes Region rate case, the OCA has negotiated a small increase in the maximum amount to be paid under the contract.

Thank you for your consideration. Please do not hesitate to contact me if you have any questions.

Sincerely,

Pursuant to RSA 363:28, III, authorize the Office of the Consumer Advocate (OCA) to enter into a contract with Ben Johnson Associates, Inc. of 5600 Pimlico Drive, Tallahassee, FL (Vendor #262954) in an amount not to exceed \$34,000 to provide expert consulting services effective upon Governor and Council approval through June 20, 2016. 100% Other Funds (Public Utility Assessment).

Funding is available in account Consumer Advocate as follows:

02-81-81-812010-51220000 Public Utilities Commission – Office of Consumer Advocate

010-081-51220000-233-500769 Litigation FY 2016  
\$34,000.00

**EXPLANATION**

The OCA is a small agency with five full time positions. We participate in dozens of Public Utilities Commission (Commission) dockets and related utility proceedings each year. The OCA uses outside experts in specialized areas of public utility proceedings when needed. Under this contract, Ben Johnson Associates, Inc. will provide expert consulting services to support the OCA in two separate water rate proceedings before the Commission: DW 15-199 Abenaki and DW 15-209 Lakes Region Water Company. Additionally, if time and the budget allow, additional assistance may be afforded the OCA in additional cases.

If approved, Ben Johnson Associates will provide expert services to accomplish the following objectives:

- 1) Review, analyze, and critique the cost of debt and capital structure utilized by the Company, including methodology and inputs, and develop recommended alternatives, to the extent appropriate, based upon a comprehensive evaluation of relevant data.

- 2) Review, analyze, and critique the return on equity and overall cost of capital requested by the Company, including methodology and inputs, and prepare more appropriate cost estimates, while ensuring their conformity with applicable state and federal orders, decisions, regulations, and New Hampshire law.
- 3) Review, analyze, and critique the revenue decoupling proposal and supporting evidence submitted by the Company, including methodology and inputs, and develop recommendations for Commission action with respect to this proposal – including, to the extent appropriate, potential changes which could be made to the proposal to ameliorate some of its deleterious impacts.
- 4) Assist the OCA in formulating and articulating cohesive and internally consistent positions on the issues in this case, particularly ones related to the Company's capital cost and revenue decoupling proposals, including rate design, changing energy markets, the competitive landscape, and evolving regulatory policies at the state and federal level.

### **RFP Process and Selection**

The OCA provided a Request for Proposals (RFP) to consulting firms that work in the field of utility regulation, many of which were recommended by other Consumer Advocate offices around the country. The Consultant list is provided in Exhibit D. The OCA also posted the RFP on our website. Seven firms responded with proposals meeting the requirements of the RFP. Ben Johnson Associates, Inc. proposed a competitive hourly rate, access to expert staff on the questions raised by the utility petition, and a not to exceed price of \$34,000 to complete the contract. The OCA chose Ben Johnson Associates, Inc. as the winning bidder based on the combination of expertise, direct experience and competitive price. Information about Ben Johnson Associates Inc. is provided in Exhibit E.

Thank you for your consideration. Please do not hesitate to contact me with any questions or concerns.

Respectfully,

Susan W. Chamberlin

**Bid Summary**

**RFP Process and Selection**

The OCA provided the RFP to consulting firms that work in the field of utility regulation. Many of these firms and individuals were recommended by other Consumer Advocate offices around the country. The consultants who received the RFP are listed in Exhibit E. The OCA also posted the RFP on our website. Seven firms responded with proposals, six of which met the requirements of the RFP: Scott J. Rubin, WHN Consulting, QSI Consulting, Larkin and Associates, Ben Johnson Associates (BJA), and PCMG.

A summary of the remaining bid responses is as follows:

Scott Rubin	not to exceed price of \$21,000, \$175 hr including travel
WHN Consulting	\$150 hr excluding travel, no cap
QSI Consulting	not to exceed price of \$50,000, \$200 hr excluding travel,
Larkin and Associates	\$175 hr, excluding travel, no cap
Ben Johnson Associates	not to exceed price of \$49,873 \$210 hr
PCMG.	\$232 hr, all inclusive, no cap

Due to the complex nature of utility rate cases, the OCA proposes splitting the contract between two consultants, Scott Rubin and BJA.

The BJA response proposed a contract ceiling of \$49,875. In recognition of the excellent services the OCA has received from BJA previously and with the hope of entering into a contract for services for 2015-2016, the OCA negotiated the not to exceed price of the contract. As the responsibilities required will be shared, the OCA proposed and BJA accepted a contract ceiling of \$34,000. This will be within the OCA's 2015-2016 budget and reflects a smaller scope of services. BJA will be providing consultant services in two rates cases: DW 15-199 Abenaki and DW 15-209 Lakes Region Water Company plus additional cases as time and budget allows.

BJA has provided economic consulting services involving natural gas, electric and other utilities in over 400 regulatory dockets. The vast majority of their work has been on behalf of regulatory commissions, consumer advocates and other government agencies and has recently provided very effective and efficient services to the OCA. As a result, the OCA chose BJA as one of two winning bidders.

Office of Consumer Advocate  
Bid Summary

The OCA had three staff members review the proposals, the Consumer Advocate, Susan W Chamberlin, the Assistant Consumer Advocate, Dr. Pradip Chattopadhyay, and the Finance Director, James Brennan. Each reviewer considered:

- Whether the proposals were complete and met the RFP requirements;
- The quality and extent of the bidder's experience and expertise in utility operations and regulation;
- Ability to complete the tasks necessary for the job;
- The knowledge and practical skills of both the firm and the staff assigned in the proposal;
- Any experience and qualifications in providing similar services to Commissions, Consumer Advocates, or other similar clients;
- The proposed hourly rate for the project;
- Availability during the timeframe of the docket;
- Potential conflicts of interest; and
- Distance and accessibility to the OCA's offices.

After this process, the reviewers determined that the OCA should seek approval to contract with Scott J. Rubin and Ben Johnson Associates.
