Her Excellency, Governor Margaret Wood Hassan,
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **SOLE SOURCE** contract with Community Action Program Belknap-Merrimack Counties, Inc., (VC #177203), Concord, NH, in the amount of \$4,351,765.00 for the Fuel Assistance Program effective October 1, 2016 through September 30, 2017, upon approval of Governor and Executive Council. 100% Federal Funds.

Funding is available in the following account:

<u>Office of Energy & Planning, Fuel Assistance</u>	<u>FY 2017</u>
01-02-02-024010-77050000	
074-500587 Grants for Pub Assist & Relief	\$4,351,765.00

2) Further request authorization to advance Community Action Program Belknap-Merrimack Counties, Inc. \$425,086.00 from the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** based on the historical performance of the Community Action Agencies (CAA) in the New Hampshire Fuel Assistance Program (FAP), their outreach and client service capabilities, the synergies that benefit the FAP as a result of the five statewide CAAs' implementation of several other federal assistance programs, and the infrastructure that is already in place to deliver FAP services. OEP proposes to continue to subcontract with the five CAAs who have successfully provided FAP services at the local level for more than three decades. The CAAs work closely with the OEP FAP Director in the implementation of the program.

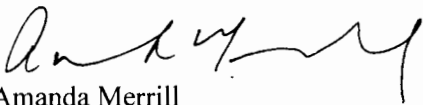

FAP is a statewide program, funded by a Federal Low Income Home Energy Assistance Program (LIHEAP) Block Grant, and works to make home energy more affordable for income-qualified New Hampshire families, including those who are elderly or disabled. Program funds are targeted to low income households with high energy burdens. The current maximum income level is 200% of Federal Poverty Guidelines (FPG), which is \$48,600.00 for a family of four. The average FAP benefit during the last program year was \$646.41.

The LIHEAP program operates on an October 1, 2016 to September 30, 2017 program year, but at this time Congress has not finalized appropriations for the Federal fiscal year 2017. Therefore, the contract amount for

each of the Community Action Agencies is based on OEP's best estimate of anticipated Federal funding, including carryover funds from the prior program year. No funds will be obligated under this contract unless federal monies are available to be expended. The proposed advance of funds will enable the CAA to operate the program between monthly reimbursements from the State.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Amanda Merrill
Director

AM/CML

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Energy and Planning's (OEP) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when OEP determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OEP may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the OEP agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by OEP.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by OEP, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OEP may terminate this transaction for cause or default.

We have audited the accompanying financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a New Hampshire nonprofit organization), which comprise the statements of financial position as of February 28, 2015 and 2014, and the related statements of cash flows for the years then ended and the statement of activities and the related notes to the financial statements for the year ended February 28, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 28, 2015 and 2014, and its cash flows for the years then ended, and the changes in its net assets for the year ended February 28, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Program Belknap-Merrimack Counties, Inc.'s 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 2, 2014. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedules of revenues and expenditures, and refundable advances are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 2, 2015, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

COMMUNITY ACTION PROGRAM BELKNAP – MERRIMACK COUNTIES, INC.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2015

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Program Belknap – Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions. As of February 28, 2015 the Organization had no permanently restricted net assets and had temporarily restricted net assets of \$550,143.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended February 28, 2014, from which the summarized information was derived.

Income Taxes

Community Action Program Belknap – Merrimack Counties, Inc. is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

Community Action Program Belknap – Merrimack Counties, Inc. files information returns in the United States and the State of New Hampshire. Community Action Program Belknap – Merrimack Counties, Inc. is no longer subject to examinations by tax authorities for years before 2011.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed

its tax position taken on its information returns for the years (2011 through 2014), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Property

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 7 years

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$848,954 in donated facilities, services and supplies for the year ended February 28, 2015 as follows:

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$424,017 for the year ended February 28, 2015.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$413,905 for the year ended February 28, 2015.

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$11,032 for the year ended February 28, 2015.

Advertising

The Organization expenses advertising costs as they are incurred. Total advertising costs for the year ended February 28, 2015 amounted to \$34,336.

2. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at February 28, 2015. The Organization has no policy for charging interest on overdue accounts.

3. REFUNDABLE ADVANCES

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$916,503 as of February 28, 2015.

4. RETIREMENT PLAN

The Organization has a qualified contributory pension plan which covers substantially all employees. The cost of the plan is charged to programs administered by the Organization. The expense of the plan for the year ended February 28, 2015 totaled \$336,795.

The line calls for monthly variable interest payments based on the Wall Street Journal Prime Rate (3.25% for the year ended February 28, 2015) plus 1%, but not less than 6% per annum. The line is secured by all the Organization's assets. There was no outstanding balance on the line at February 28, 2015.

8. **LONG TERM DEBT**

Long term debt consisted of the following as of February 28, 2015:

Note payable to a bank in monthly installments for principal and interest of \$4,842 through May, 2023. Interest is stated at 1% above the prime rate as published by the Wall Street Journal, which resulted in an interest rate of 4.25% at February 28, 2015. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of February 28, 2015. Monitoring has not indicated any discrepancies.

For the year ended February 28, 2015, approximately \$10,600,000 (45%) of the Organization's total revenue was received from the Department of Health and Human Services. The future scale and nature of the Organization is dependent upon continued support from this department.

14. RELATED PARTY TRANSACTIONS

Community Action Program Belknap – Merrimack Counties, Inc. is related to the following corporation as a result of common management:

<u>Related Party</u>	<u>Function</u>
CAPBMC Development Corporation	Real Estate Development

There was \$139,441 due from CAPBMC Development Corporation at February 28, 2015.

15. RECLASSIFICATION

Certain amounts and accounts from the prior year financial statements have been reclassified to enhance the comparability with the presentation of the current year.

16. FAIR VALUE OF FINANCIAL INSTRUMENTS

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$70,897 at February 28, 2015.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1

measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 28, 2015, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

Beginning balance – mutual funds	\$ 59,439
Total gains (losses) - realized /unrealized	6,175
Purchases	<u>5,283</u>
Ending Balance -- mutual funds	<u>\$ 70,897</u>

The carrying amount of cash, current assets, other assets and current liabilities, approximates fair value because of the short maturity of those instruments.

17. FISCAL AGENT

Community Action Program Belknap-Merrimack Counties, Inc. acts as the fiscal agent for the following community organizations: Franklin Community Services Building (Franklin), the Common Pantry (Laconia), the Caring Fund (Meredith), the NH Food Pantry Coalition, the NH Rotary Food Challenge and FGP/SCP Association Region 1. The Agency provides the management and oversight of the revenues received (donations) and the expenses (utilities, food and emergency services).

18. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are available to be issued.
