FAXED

TO: Gary Richardson, Chairman
Ballot Law Commission

FROM: Secretary of State's Office

RE: Primary Ballots

The new Accuvote Voting System will not tabulate votes cast on colored paper as required by RSA 656:25.

The Secretary of State requests permission from the Ballot Law Commission to print the ballots for those voting districts using the Accuvote system on white paper, with the usual color of each party at the top of the ballot in the instruction and heading area.

Sincerely,

Robert P. Ambrose
Deputy Secretary of State
