REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend a contract with the Foundation for Healthy Communities, Purchase Order #1040653, Vendor #154533-B001, 125 Airport Road, Concord, NH 03301, to continue assisting Critical Access Hospitals to improve quality of care for Medicare beneficiaries, by increasing the Price Limitation by \$81,918 from \$563,077 to an amount not to exceed \$644,995, effective the date of Governor and Council approval through August 31, 2017. This agreement was originally approved by Governor and Council on September 3, 2014, Item #20 and amended on August 5, 2015, Item #21, and January 27, 2016, Item #11. 100% Federal Funds.

Funding is available in the account listed below for SFY 2017, and anticipated to be available in SFY 2018; upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office if needed and justified, without approval from Governor and Executive Council.

EXPLANATION

The activities in this agreement will continue to provide evidence-based practices to assist the Critical Access Hospitals to improve quality and performance across the range of activities to ensure quality of care for Medicare beneficiaries in Critical Access Hospitals, ensure the financial viability of

Critical Access Hospitals in order to support local access to care, and develop and sustain systems of care between Critical Access Hospitals and other community health services in order to provide comprehensive care for patients.

Funds in this amendment are carry forward funds from the grant and will enhance evidence-based practices to assist the Critical Access Hospitals to improve quality and performance across the range of activities to ensure quality of care for Medicare beneficiaries in Critical Access Hospitals, ensure the financial viability of Critical Access Hospitals in order to support local access to care for Medicare beneficiaries, and develop and sustain systems of care between Critical Access Hospitals and other community health services in order to provide comprehensive care for Medicare beneficiaries.

Specifically, the Contractor will work with Critical Access Hospitals on the following enhancements: Financial and operational improvement projects to include individual reporting consultations for new federal value based payment and accountable care organization models, add training slots for the Trauma Nurse Core Course, and offer an 8 week Lean certification program in the northern portion of the State. The specific projects outlined in the scope of services will allow the hospitals to improve quality and strengthen their value in the communities they serve, which in turn will sustain access to quality healthcare in these rural areas.

According to the New Hampshire definition of rural, approximately 37% of the population and 84% of the landmass in New Hampshire is considered rural. As with most rural populations, those within New Hampshire tend to be proportionately older, are more likely to be dependent upon Medicaid or Medicare, or are uninsured, and reside in areas designated as Health Professional Shortage Areas or Medically Underserved Areas. New Hampshire residents in rural communities face geographic barriers to health care such as lack of transportation and increased travel time to health care providers and hospitals. Access to oral, mental, primary, specialty and/or reproductive health care can be a significant challenge.

Although New Hampshire's population is slowly growing, it is also aging. 35.6% of the population is over age 50; about 20% are over 60; and over 9% are over 70. The Carsey Institute estimates that the population of those 65 and over will double in the next 20 years. New Hampshire will move from ranking 37 to 17 in terms of elderly population by 2030. These age structure shifts are not occurring evenly. Northern and central New Hampshire already contains a substantially larger proportion of residents age 65 and over than do other parts of the state. Much of this is a function of aging in place among current residents of these regions, coupled with a continuing loss of young adults. The senior population is much more likely to live in poverty and have significant medical and social services needs than those under 55. What's more, the majority of NH seniors live in the northern, rural areas of the State where there are significant access barriers to health care.

Notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2017, and the Department shall not be liable for any payments for services provided after June 30, 2017, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2018-2019 biennia.

Should Governor and Executive Council not authorize this Request, this will result in the discontinuation of program initiatives in developing and sustaining creative, effective access to quality health care services in rural NH communities.

The Foundation for Healthy Communities was selected for this project through a competitive bid process.

The Foundation for Healthy Communities has achieved the major deliverables expected and continues to enhance the state's Critical Access Hospitals' quality performance through the use of these funds. With the help of this funding, New Hampshire hospitals continue to out-perform most states in reporting quality measures, have made important advances in their Financial Improvement Network regarding the rollout of the state's Medicaid Managed Care program, and have helped the hospitals report quality measures to the Center for Medicaid and Medicare Services. .

Funds have also been used to develop a Physician Peer Review network that will further enhance quality measures by using existing physician resources in the hospital and strengthening ties between these hospitals. Continuing the contract with the Foundation will provide an opportunity to build on successes and transition seamlessly to new measures and quality initiatives being mandated by the federal funder.

The Contractor shall ensure that following performance measures are annually achieved and monitored monthly to measure the effectiveness of the agreement:

- Number of Critical Access Hospitals receiving Flex-funded financial consultations focused on Value Based Purchasing.
- At least three (3) nurses from each of the 13 Critical Access Hospitals will attend the Trauma Nurse Core Course.
- At least 25 staff participants from Critical Access Hospitals will participate in the Lean certification program in the northern portion of the State.

Area served: Statewide.

Source of Funds: 100% Federal Funds from the US Department of Health and Human Services, Health Resources and Services Administration.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lisa Morris, MSSW
Director

Additional Scope of Services

1. Provisions Applicable to All Services

- 1.1. The Contractor will submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.
- 1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.
- 1.3. Notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2017, and the Department shall not be liable for any payments for services provided after June 30, 2017, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2018-2019 biennia.

2. Scope of Services

- 2.1. The Contractor shall enhance evidence-based practices to assist the Critical Access Hospitals to improve quality and performance across the range of activities to ensure quality of care for Medicare beneficiaries in Critical Access Hospitals, ensure the financial viability of Critical Access Hospitals in order to support local access to care for Medicare beneficiaries, and develop and sustain systems of care between Critical Access Hospitals and other community health services in order to provide comprehensive care for Medicare beneficiaries.
- 2.2. The contractor shall work with Critical Access Hospitals on the following enhancements: Financial and operational improvement projects to include individual reporting consultations for new federal value based payment and accountable care organization models, add training slots for the Trauma Nurse Core Course, and offer an 8 week Lean certification program in the northern portion of the State.
- 2.3. The Contractor shall address the following areas for improvement (within a hospital or group of hospitals) identified through in-depth operational assessments:
 - 2.3.1. To increase the number of days from one (1) day to two (2) days that each Critical Access Hospital will have for their individual Value Based Payment reporting consultations.
 - 2.3.2. To meet the needs of identified clinical and provider staff training, increase the number of nurses trained, to 46, in the Trauma Nurse Core Course.

-
- 2.3.3. To present an 8 week Lean certification program in the northern portion of the State to train 25 staff employed with critical access hospitals.

3. Performance Indicators/Measures

- 3.1. The Contractor shall ensure that following performance indicators are annually achieved and monitored monthly to measure the effectiveness of the agreement:
- 3.1.1. Number of Critical Access Hospitals receiving Flex-funded financial consultations focused on Value Based Purchasing.
 - 3.1.2. At least three (3) nurses from each of the 13 critical access hospitals will attend the Trauma Nurse Core Course.
 - 3.1.3. At least 25 staff participants from critical access hospitals will participate in the Lean certification program in the northern portion of the State.
- 3.2. The Contractor shall develop and submit to the DHHS, a corrective action plan for any performance measure that was not achieved.

Exhibit B Amendment #1

Method and Conditions Precedent to Payment

- 1) The State shall pay the contractor an amount not to exceed the Form P-37, Block 1.8, Price Limitation for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.
 - 1.1. This contract is funded with funds from the Health Resources and Services Administration, Office of Rural Health Policy , Medicare Rural Hospital Flexibility Program, CFDA #93.912, Federal Award Identification Number (FAIN), H54RH00022.
 - 1.2. The Contractor agrees to provide the services in Exhibit A Amendment #2 and Exhibit A-1 in compliance with funding requirements. Failure to meet the scope of services may jeopardize the funded contractor's current and/or future funding.
- 2) Payment for said services shall be made monthly as follows:
 - 2.1. Payment shall be on a cost reimbursement basis for actual expenditures incurred in the fulfillment of this agreement, and shall be in accordance with the approved line item.
 - 2.2. The Contractor will submit an invoice in a form satisfactory to the State by the twentieth working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month. The invoice must be completed, signed, dated and returned to the Department in order to initiate payment.
 - 2.3. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice, subsequent to approval of the submitted invoice and if sufficient funds are available. Contractors will keep detailed records of their activities related to DHHS-funded programs and services.
 - 2.4. The final invoice shall be due to the State no later than forty (40) days after the contract Form P-37, Block 1.7 Completion Date.
 - 2.5. In lieu of hard copies, all invoices may be assigned an electronic signature and emailed. Hard copies shall be mailed to:
Department of Health and Human Services
Division of Public Health Services
29 Hazen Drive
Concord, NH 03301
Email address: DPHScontractbilling@dhhs.nh.gov
 - 2.6. Payments may be withheld pending receipt of required reports or documentation as identified in Exhibit A, Scope of Services.
- 3) Notwithstanding paragraph 18 of the General Provisions P-37, changes limited to adjusting amounts between budget line items, related items, amendments of related budget exhibits within the price limitation, and to adjusting encumbrances between State Fiscal Years, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

FINANCIAL STATEMENTS

December 31, 2014 and 2013

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Foundation for Healthy Communities

We have audited the accompanying financial statements of Foundation for Healthy Communities (the Foundation) which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

December 31, 2014 and 2013

Organization

Foundation for Healthy Communities (the Foundation) was organized to conduct various activities relating to health care delivery process improvement, health policy, and the creation of healthy communities. The Foundation is controlled by New Hampshire Hospital Association (the Association) whose purpose is to assist its members in improving the health status of the people receiving health care in New Hampshire.

1. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of reporting in the statements of cash flows, the Foundation considers all bank deposits with an original maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Management believes all accounts receivable are collectible. Credit is extended without collateral.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statements of financial position. Interest and dividends are included in the excess of expenses over revenues unless they are restricted by donor or law. Realized and unrealized gains and losses on investments are excluded from the excess of revenues over expenses.

Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position and activities.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

December 31, 2014 and 2013

Property and Equipment

Property and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful lives of each class of depreciable asset and is computed using the straight-line method.

Employee Fringe Benefits

The Foundation has an "earned time" plan under which each employee earns paid leave for each period worked. These hours of paid leave may be used for vacation or illnesses. Hours earned but not used are vested with the employee and may not exceed 30 days at year end. The Foundation accrues a liability for such paid leave as it is earned.

Revenue Recognition

Grants awarded in advance of expenditures are reported as temporarily restricted support if they are received with stipulations that limit the use of the grant funds. When a grant restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as "net assets released from restriction."

Grant funds conditional upon submission of documentation of qualifying expenditures or matching requirements are deemed to be earned and reported as revenues when the Foundation has met the grant conditions.

The amount of such funds the Foundation will ultimately receive depends on the actual scope of each program, as well as the availability of funds and, accordingly, is not reasonably determinable. The ultimate disposition of grant funds is subject to audit by the awarding agencies.

Resources received from service beneficiaries for specific projects, programs, or activities that have not yet taken place are recognized as deferred revenue to the extent that the earnings process has not been completed.

Contributions of long-lived assets are reported as unrestricted support unless donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long these long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

December 31, 2014 and 2013

Excess of Revenues over Expenses

The statements of activities include excess of revenues over expenses. Changes in unrestricted net assets that are excluded from this measure, consistent with industry practice, include realized and unrealized gains and losses on investments.

Income Taxes

The Foundation is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code.

Subsequent Events

For purposes of the preparation of these financial statements in conformity with U.S. generally accepted accounting principles, the Foundation has considered transactions or events occurring through June 5, 2015, which was the date that the financial statements were available to be issued.

2. Investments

The composition of investments as of December 31, 2014 and 2013 is set forth in the following table. Investments are stated at fair value.

	<u>2014</u>	<u>2013</u>
Marketable equity securities	\$ 268,307	\$ 255,481
Mutual funds		
Marketable equity securities	170,067	144,498
Fixed income securities	<u>209,682</u>	<u>209,701</u>
	<u>\$ 648,056</u>	<u>\$ 609,680</u>

3. Temporarily Restricted Net Assets

Temporarily restricted net assets of \$1,239,659 and \$1,124,887 consisted of specific grant programs as of December 31, 2014 and 2013, respectively. The grant programs relate to improvements to access and the delivery of health care services to support for the production and distribution of educational materials.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

December 31, 2014 and 2013

4. Related Party Transactions

The Foundation leases space from the Association. Rental expense under this lease for the years ended December 31, 2014 and 2013 was \$46,662 and \$46,608, respectively.

The Association provides various accounting, public relation and janitorial services to the Foundation. The amount expensed for these services in 2014 and 2013 was \$111,180 and \$103,761, respectively. In addition, the Association bills the Foundation for its allocation of shared costs. As of December 31, 2014 and 2013, the Foundation owed the Association \$49,190 and \$38,151, respectively, for services and products provided by the Association.

The Association owed the Foundation \$90,780 and \$61,115 as of December 31, 2014 and 2013, respectively, for services provided to the Association.

5. Retirement Plan

The Foundation has a 401(k) profit-sharing plan that covers substantially all employees and allows for employee contributions of up to the maximum allowed under Internal Revenue Service regulations. Employer contributions are discretionary and are determined annually by the Foundation. Retirement plan expense for 2014 and 2013 was \$43,351 and \$35,958, respectively.

6. Functional Expenses

Expenses related to services provided for the public interest are as follows:

	<u>2014</u>	<u>2013</u>
Program services	\$ 3,222,693	\$ 1,837,737
General and administrative	<u>124,491</u>	<u>121,309</u>
	<u>\$ 3,347,184</u>	<u>\$ 1,959,046</u>

7. Concentrations of Credit Risk

The Foundation's total cash deposits from time-to-time exceed the federally insured limit. The Foundation has not incurred any losses and does not expect any in the future.

8. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Title 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value in accordance with U.S. generally accepted accounting principles, and expands disclosures about fair value measurements.

FOUNDATION FOR HEALTHY COMMUNITIES

Notes to Financial Statements

December 31, 2014 and 2013

FASB ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Foundation's investments are measured at fair value on a recurring basis and are considered Level 1.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend a contract with the Foundation for Healthy Communities, Purchase Order #1040653, Vendor #154533-B001, 125 Airport Road, Concord, NH 03301, to continue assisting Critical Access Hospitals to improve quality of care for Medicare beneficiaries, by increasing the Price Limitation by \$23,601 from \$539,476 to an amount not to exceed \$563,077, effective the date of Governor and Council approval through August 31, 2017. This agreement was originally approved by Governor and Council on September 3, 2014, Item #20 and amended on August 5, 2015, Item #21. 100% Federal Funds.

Funding is available in the account listed below for SFY 2016; with authority to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office if needed and justified, without approval from Governor and Executive Council.

EXPLANATION

The activities in this agreement will continue to provide evidence-based practices to assist the Critical Access Hospitals to improve quality and performance across the range of activities to ensure quality of care for Medicare beneficiaries in Critical Access Hospitals, ensure the financial viability of Critical Access Hospitals in order to support local access to care, and develop and sustain systems of care between Critical Access Hospitals and other community health services in order to provide comprehensive care for patients.

Funds in this amendment will specifically allow the contractor to enhance their work in the following areas: 1) work with Critical Access Hospitals on quality improvement projects; 2) work with Critical Access Hospitals on financial and operational improvement projects; 3) assist with the development of statewide systems of care focused on improving trauma, heart attack and stroke patient outcomes, and 4) assist Critical Access Hospitals and their Public Health Networks with their community needs assessments. The specific projects outlined in the scope of services will allow the hospitals to improve quality and strengthen their value in the communities they serve, which in turn will sustain access to quality healthcare in these rural areas.

According to the New Hampshire definition of rural, approximately 37% of the population and 84% of the landmass in New Hampshire is considered rural. As with most rural populations, those within New Hampshire tend to be proportionately older, are more likely to be dependent upon Medicaid or Medicare, or are uninsured, and reside in areas designated as Health Professional Shortage Areas or Medically Underserved Areas. New Hampshire residents in rural communities face geographic barriers to health care such as lack of transportation and increased travel time to health care providers and hospitals. Access to oral, mental, primary, specialty and/or reproductive health care can be a significant challenge.

Although New Hampshire's population is slowly growing, it is also aging. 35.6% of the population is over age 50; about 20% are over 60; and over 9% are over 70. The Carsey Institute estimates that the population of those 65 and over will double in the next 20 years. New Hampshire will move from ranking 37 to 17 in terms of elderly population by 2030. These age structure shifts are not occurring evenly. Northern and central New Hampshire already contains a substantially larger proportion of residents age 65 and over than do other parts of the state. Much of this is a function of aging in place among current residents of these regions, coupled with a continuing loss of young adults. The senior population is much more likely to live in poverty and have significant medical and social services needs than those under 55. What's more, the majority of NH seniors live in the northern, rural areas of the State where there are significant access barriers to health care.

Should Governor and Executive Council not authorize this Request, this will result in the discontinuation of program initiatives in developing and sustaining creative, effective access to quality health care services in rural NH communities.

The Foundation for Healthy Communities was selected for this project through a competitive bid process.

The Foundation for Healthy Communities has achieved the major deliverables expected and continues to enhance the state's Critical Access Hospitals quality performance through the use of these funds. With the help of this funding, New Hampshire hospitals continue to out-perform most states in reporting quality measures, have made important advances in their Financial Improvement Network regarding the rollout of the state's Medicaid Managed Care program, and have helped the hospitals report quality measures to the Center for Medicaid and Medicare Services. .

Funds have also been used to develop a Physician Peer Review network that will further enhance quality measures by using existing physician resources in the hospital and strengthening ties between these hospitals. Continuing the contract with the Foundation will provide an opportunity to build on successes and transition seamlessly to new measures and quality initiatives being mandated by the federal funder.

The Contractor shall ensure that following performance measures are annually achieved and monitored monthly to measure the effectiveness of the agreement:

- Number and percent of change in state reporting by Critical Access Hospitals on at least one Medicare Beneficiary Quality Improvement Project outpatient measure.
- Number of Critical Access Hospitals in state reporting Hospital Consumer Assessment of Healthcare Providers and Systems data.
- Number of hospitals that define their influenza vaccine targets based on the baseline from their reporting in previous years, and the change in performance at end of flu season.
- Number of participating hospitals reporting emergency department transfer communication measures.
- Number of participating hospitals that have evaluated their outpatient quality improvement measures and the improvements made in reporting and in quality improvement metrics.
- Number of hospitals doing needs assessment reporting on yearly basis and report the activities initiated for ongoing improvement in finance, operations, and quality improvement.
- Number of hospitals where revenue cycles are enhanced and penalties for non-compliance are avoided based on technical assistance or training provided.

Area served: Statewide.

Source of Funds: 100% Federal Funds from the US Department of Health and Human Services, Health Resources and Services Administration.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Scope of Services

1. Provisions Applicable to All Services

- 1.1. The Contractor will submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.
- 1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

The Contractor shall:

- 2.1. Use evidence based practices to assist the Critical Access Hospitals (CAHS) to improve quality and performance across the range of activities described below, especially as these activities pertain to Medicare beneficiaries.
- 2.2. Ensure Critical Access Hospitals (CAHs) to publicly report data to Hospital Compare federal quality reporting system: <http://www.medicare.gov/hospitalcompare/search.html>, on relevant process of care quality measures for inpatient and outpatient care, and *Hospital Consumer Assessment of Healthcare Providers and Systems* (HCAHPS) patient experience of care survey results:
 - 2.2.1. Provide technical assistance to foster robust participation in the Medicare Beneficiary Quality Improvement Project (MBQIP) Phases II and III, and use the identified measures to target specific interventions within New Hampshire Critical Access Hospital (CAHs).
 - 2.2.2. Provide technical assistance to the 13 Critical Access Hospitals to ensure continued reporting of data to Hospital Compare.
 - 2.2.3. Provide technical assistance to the 13 Critical Access Hospitals to expand the number of measures reported under Phase II and III of Medicare Beneficiary Quality Improvement Project (MBQIP).
 - 2.2.4. Provide technical assistance to support hospitals not in compliance with HCAHPS programs, and support activities to make improvements in patient experiences of care.
 - 2.2.5. Evaluate the technical and personnel needs for improvement activities in inpatient and outpatient measures, and implement solutions.

Exhibit A Amendment #2

2.3. Improve the transitions of care from the CAH to other healthcare settings in order to improve patient outcomes:

2.3.1. Provide intensive technical assistance with the Rural Health Coalition (the CAHs) as a cohort and with each hospital to address improvement activities regarding ED transition measures. Strategic investments will be made to evaluate the technical and personnel needs for implementing this measure, and solutions implemented in following years

2.4. Ensure every CAH reports their vaccination rates in accordance with state law:

2.4.1. Have each hospital define their targets based on the baseline from their reporting in previous years.

2.4.2. Annually measure success of target at end of flu season in the spring.

2.5. Improve revenue cycle management and implement activities designed to increase profitability within a hospital or group of hospitals:

2.5.1. Provide technical assistance, educational programs/seminars, user group meetings, and consultation on Revenue Cycle Management, to and through, the Rural Health Coalition and individual hospitals as needed. Examples include:

2.5.1.1. Defensible Pricing Strategies,

2.5.1.2. Strategies to improve the incorporation of Managed Medicaid into operational parameters for each CAH,

2.5.1.3. Improve the ability of each CAH to better manage revenue cycles by complying with the requirements of the Physician Quality Reporting System, and

2.5.1.4. Implementation of a Patient Centric Transparency and Quoting Protocol.

2.5.2. Expand the scope of the Revenue Cycle Management project by focusing on the overall performance of the Medicaid Managed Care Organizations (MCOs).

2.5.2.1. Work with MCOs and CAHs to improve the issues of turn-around time for payment and consistent rules for Prior Authorizations and the Payment Cycle,

2.5.2.2. Educate CAHs and prepare them for expanded benefits scheduled under the "Choices for Independence", CFI, program. The CFI benefit expansion will cover skilled nursing care services provided to Medicaid beneficiaries assigned to New Hampshire Healthy Families and Well Sense managed care organizations through their respective contracts with the State of New Hampshire DHHS. This specific expansion has significant impact on Critical Access Hospitals.

2.5.2.3. Ensure appropriate payment is received by CAHs for utilization of beds when the "Choices for Independence" (CFI) expansion of the managed Medicaid benefit is implemented, which is expected in early 2016.

12/10/15

Exhibit A Amendment #2

2.6. Address areas for improvement (within a hospital or group of hospitals) identified through in-depth operational assessments:

- 2.6.1. Support CAHs in planning and implementing interventions for improving operational performance. Support may include technical assistance, educational programs/seminars, user group meetings, support for hospital staff to better manage behavioral health issues related to lack of capacity in the state hospital, support for identified needs from hospital community health needs assessments, and consultation provided, facilitated or funded by the State Flex Program.
- 2.6.2. Support the New Hampshire Peer Review Network, a network consisting of the State's Critical Access Hospitals. The Network is designed to provide timely, inexpensive, and CAH-relevant physician peer review by reviewers external to the requesting hospital.
 - 2.6.2.1. Peer Review Program explanation and best practices for physician peer reviewers will be incorporated across two dimensions:
 - 2.6.2.1.1. Workshops will be presented regionally to CAH medical staff physician reviewers rather than centrally, and
 - 2.6.2.1.2. Peer review committees will be invited to attend workshops to address relevant standards for internal peer review at the NH CAHs.

3. Delegation and Subcontractors – Fiscal Agent Activities

3.1. New England Rural Health Roundtable (NERHRT)

- 3.1.1. Execute a subcontract annually in the amount of \$25,000 with the New England Rural Health Round Table (NERHRT) to coordinate participation of New Hampshire small rural hospitals in a multi-state, multi-hospital rural Institute for Healthcare Improvement (IHI) network through the New England Rural Hospital Performance Improvement Initiative (NEPI), and provide an assessment of rural hospitals readiness for the transition from volume to value, by providing:
 - 3.1.1.1. Support ongoing professional education for CAH professionals through the Institute for Healthcare Improvement (IHI). Programs may include but are not limited to: Open School, Leadership Quality Improvement (LQI) training , Patient Care Processes(various programs available), or Processes to Support Care(various programs available)
 - 3.1.1.2. Provide leadership and funding support for NEPI's regional collaborative infrastructure and projects.
 - 3.1.1.3. Support continued access to useful information and resources through the NEPI web page on NERHRT website.
 - 3.1.1.4. Ensure the NEPI Network (VT, NH, ME and MA Flex Programs) works with the New England Rural Health RoundTable to procure an expert rural healthcare consulting firm to assess the readiness of, and any progress made, with CAHs'

transition from a fee-for-service to fee-for-value system of payment and service delivery. Once the assessment is completed the information will be used to develop and implement a regional plan for meaningful improvements and transformation across the “Shaky Bridge” paradigm.

4. Workplan

- 4.1. The contractor will be required to provide a work plan that demonstrates their plan for the contract required activities. The work plan must be submitted within 30 days of the effective date of the contract. The work plan will be used to assure progress towards meeting the performance measures and the overall program objectives and goals. At intervals specified by the Department of Health and Human Services (DHHS), the contractor will report on their progress towards meeting the performance measures, and overall program goals and objectives to demonstrate they have met the minimum required services for the proposal.

5. Staffing

- 5.1. The Contractor shall maintain staffing to fulfill the roles and responsibilities to support activities of this project. The Contractor shall address the details to the following requirements to ensure adequate staffing is provided.
 - 5.1.1. Provide sufficient staff to perform all tasks specified in this contract. The Contractor shall maintain a level of staffing necessary to perform and carry out all of the functions, requirements, roles, and duties in a timely fashion.
 - 5.1.2. The Contractor shall ensure that all staff has appropriate training, education, experience, and orientation to fulfill the requirements of the positions they hold and shall verify and document that it has met this requirement. This includes keeping up-to-date records and documentation of all individuals requiring licenses and/or certifications and such records shall be available for the Department of Health and Human Services’ inspection.
 - 5.1.3. The Contractor shall develop a Staffing Contingency Plan, after receiving contract award, including but not limited to:
 - 5.1.3.1. The process for replacement of personnel in the event of loss of key personnel or other personnel before or after signing of the Agreement;
 - 5.1.3.2. Allocation of additional resources to the Agreement in the event of inability to meet any performance standard;
 - 5.1.3.3. Discussion of time frames necessary for obtaining replacements;
 - 5.1.3.4. Contractor’s capabilities to provide, in a timely manner, replacement staff with comparable experience; and
 - 5.1.3.5. The method of bringing replacement staff up-to-date regarding the activities of this project.

EXPLANATION

Funds in this agreement will be used to continue to provide evidence-based practices to assist the Critical Access Hospitals to improve quality and performance across the range of activities to ensure quality of care for Medicare beneficiaries in Critical Access Hospitals, ensure the financial viability of Critical Access Hospitals in order to support local access to care for Medicare beneficiaries,

and develop and sustain systems of care between Critical Access Hospitals and other community health services in order to provide comprehensive care for Medicare beneficiaries.

The contractor will 1) work with Critical Access Hospitals on quality improvement projects; 2) work with Critical Access Hospitals on financial and operational improvement projects; 3) assist with the development of statewide systems of care focused on improving trauma, heart attack and stroke patient outcomes, and assist Critical Access Hospitals and their Public Health Networks with their community needs assessments.

According to the New Hampshire definition of rural, approximately 37% of the population and 84% of the landmass in New Hampshire is considered rural. As with most rural populations, those within New Hampshire tend to be proportionately older, are more likely to be dependent upon Medicaid or Medicare, or are uninsured, and reside in areas designated as Health Professional Shortage Areas or Medically Underserved Areas. New Hampshire residents in rural communities face geographic barriers to health care such as lack of transportation and increased travel time to health care providers and hospitals. Access to oral, mental, primary, specialty and/or reproductive health care can be a significant challenge, whether it's a few blocks or several hours away.

Although New Hampshire's population is slowly growing, it is also aging. 35.6% of the population is over age 50; about 20% are over 60; and over 9% are over 70. The Carsey Institute estimates that the population of those 65 and over will double in the next 20 years. New Hampshire will move from ranking 37 to 17 in terms of elderly population by 2030. These age structure shifts are not occurring evenly. Northern and central New Hampshire already contains a substantially larger proportion of residents age 65 and over than do other parts of the state. Much of this is a function of aging in place among current residents of these regions, coupled with a continuing loss of young adults. The senior population is much more likely to live in poverty and have significant medical and social services needs than those under 55. What's more, the majority of NH seniors live in the northern, rural areas of the State where there are significant access barriers to health care.

Should Governor and Executive Council not authorize this Request, this will result in the discontinuation of program initiatives in developing and sustaining creative, effective access to quality health care services in rural NH communities.

The Foundation for Healthy Communities was selected for this project through a competitive bid process. The Bid Summary is attached.

As referenced in the Exhibit C-1 of the contract, the Department of Health and Human Services in its sole discretion may decide to offer a two (2) year extension of this competitively procured agreement, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council. The Department is exercising this option.

The Foundation for Healthy Communities has achieved the major deliverables expected and continues to enhance the state's critical access hospitals quality performance through the use of these funds. With the help of this funding, New Hampshire hospitals continue to out-perform most states in reporting quality measures, have made important advances in their Financial Improvement Network regarding the rollout of the state's Medicaid Managed Care program, and have helped the hospitals avoid penalties from Center for Medicaid and Medicare Services with regard to quality measures.

Funds have also been used to develop a Physician Peer Review network that will further enhance quality measures by using existing physician resources in the hospital and strengthening ties between these hospitals. Continuing the contract with the Foundation will provide an opportunity to build on successes and transition seamlessly to new measures and quality initiatives being mandated by the federal funder.

The Contractor shall ensure that following performance measures are annually achieved and monitored monthly to measure the effectiveness of the agreement:

- Number and percent of change in state reporting by Critical Access Hospitals on at least one Medicare Beneficiary Quality Improvement Project outpatient measure.
- Number of Critical Access Hospitals in state reporting Hospital Consumer Assessment of Healthcare Providers and Systems data.
- Number of hospitals that define their influenza vaccine targets based on the baseline from their reporting in previous years, and the change in performance at end of flu season.
- Number of participating hospitals reporting emergency department transfer communication measures.
- Number of participating hospitals that have evaluated their outpatient quality improvement measures and the improvements made in reporting and in quality improvement metrics.
- Number of hospitals doing needs assessment reporting on yearly basis and report the activities initiated for ongoing improvement in finance, operations, and quality improvement.
- Number of hospitals where revenue cycles are enhanced and penalties for non-compliance are avoided based on technical assistance or training provided.

Area served: Statewide.

Source of Funds: 100% Federal Funds from the US Department of Health and Human Services, Health Resources and Services Administration.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Marcella J. Bobinsky, MPH
Acting Director

Scope of Services

1. Provisions Applicable to All Services

- 1.1. The Contractor will submit a detailed description of the language assistance services they will provide to persons with limited English proficiency to ensure meaningful access to their programs and/or services within ten (10) days of the contract effective date.
- 1.2. The Contractor agrees that, to the extent future legislative action by the New Hampshire General Court or federal or state court orders may have an impact on the Services described herein, the State Agency has the right to modify Service priorities and expenditure requirements under this Agreement so as to achieve compliance therewith.

2. Scope of Services

The Contractor shall:

- 2.1. Use evidence based practices to assist the Critical Access Hospitals (CAHS) to improve quality and performance across the range of activities described below, especially as these activities pertain to Medicare beneficiaries.
- 2.2. Ensure Critical Access Hospitals (CAHs) to publicly report data to Hospital Compare federal quality reporting system: <http://www.medicare.gov/hospitalcompare/search.html>, on relevant process of care quality measures for inpatient and outpatient care, and *Hospital Consumer Assessment of Healthcare Providers and Systems* (HCAHPS) patient experience of care survey results:
 - 2.2.1. Provide technical assistance to foster robust participation in the Medicare Beneficiary Quality Improvement Project (MBQIP) Phases II and III, and use the identified measures to target specific interventions within New Hampshire Critical Access Hospital (CAHs).
 - 2.2.2. Provide technical assistance to the 13 Critical Access Hospitals to ensure continued reporting of data to Hospital Compare.
 - 2.2.3. Provide technical assistance to the 13 Critical Access Hospitals to expand the number of measures reported under Phase II and III of Medicare Beneficiary Quality Improvement Project (MBQIP).
 - 2.2.4. Provide technical assistance to support hospitals not in compliance with HCAHPS programs, and support activities to make improvements in patient experiences of care.
 - 2.2.5. Evaluate the technical and personnel needs for improvement activities in inpatient and outpatient measures, and implement solutions.

Exhibit A Amendment #1

2.3. Improve the transitions of care from the CAH to other healthcare settings in order to improve patient outcomes:

2.3.1. Provide intensive technical assistance with the Rural Health Coalition (the CAHs) as a cohort and with each hospital to address improvement activities regarding ED transition measures. Strategic investments will be made to evaluate the technical and personnel needs for implementing this measure, and solutions implemented in following years

2.4. Ensure every CAH reports their vaccination rates in accordance with state law:

2.4.1. Have each hospital define their targets based on the baseline from their reporting in previous years.

2.4.2. Annually measure success of target at end of flu season in the spring.

2.5. Improve revenue cycle management and implement activities designed to increase profitability within a hospital or group of hospitals:

2.5.1. Provide sessions of technical assistance, educational programs/seminars, user group meetings, and consultation on Revenue Cycle Management, to and through, the Rural Health Coalition and individual hospitals as needed. Example: Defensible Pricing Strategies, strategies to improve the incorporation of Managed Medicaid into operational parameters, improve the ability of each CAH to better manage revenue cycles by complying with the requirements of the Physician Quality Reporting System, and implementation of a Patient Centric Transparency and Quoting Protocol.

2.6. Address areas for improvement (within a hospital or group of hospitals) identified through in-depth operational assessments:

2.6.1. Support CAHs in planning and implementing interventions for improving operational performance. Support may include technical assistance, educational programs/seminars, user group meetings, support for hospital staff to better manage behavioral health issues related to lack of capacity in the state hospital, support for identified needs from hospital community health needs assessments, and consultation provided, facilitated or funded by the State Flex Program.

3. Delegation and Subcontractors – Fiscal Agent Activities

3.1. New England Rural Health Roundtable (NERHRT)

3.1.1. Execute a subcontract annually in the amount of \$25,000 with the New England Rural Health Round Table (NERHRT) to coordinate participation of New Hampshire small rural hospitals in a multi-state, multi-hospital rural Institute for Healthcare Improvement (IHI) network through the New England Rural Hospital Performance Improvement Initiative (NEPI), and provide an assessment of rural hospitals readiness for the transition from volume to value, by providing:

3.1.1.1. Support ongoing professional education for CAH professionals through the Institute for Healthcare Improvement (IHI). Programs may include but are not

limited to: Open School, Leadership Quality Improvement (LQI) training , Patient Care Processes(various programs available), or Processes to Support Care(various programs available)

- 3.1.1.2. Provide leadership and funding support for NEPI's regional collaborative infrastructure and projects.
- 3.1.1.3. Support continued access to useful information and resources through the NEPI web page on NERHRT website.
- 3.1.1.4. Ensure the NEPI Network (VT, NH, ME and MA Flex Programs) works with the New England Rural Health RoundTable to procure an expert rural healthcare consulting firm to assess the readiness of, and any progress made, with CAHs' transition from a fee-for-service to fee-for-value system of payment and service delivery. Once the assessment is completed the information will be used to develop and implement a regional plan for meaningful improvements and transformation across the "Shaky Bridge" paradigm.

4. Workplan

- 4.1. The contractor will be required to provide a work plan that demonstrates their plan for the contract required activities. The work plan must be submitted within 30 days of the effective date of the contract. The work plan will be used to assure progress towards meeting the performance measures and the overall program objectives and goals. At intervals specified by the Department of Health and Human Services (DHHS), the contractor will report on their progress towards meeting the performance measures, and overall program goals and objectives to demonstrate they have met the minimum required services for the proposal.

5. Staffing

- 5.1. The Contractor shall maintain staffing to fulfill the roles and responsibilities to support activities of this project. The Contractor shall address the details to the following requirements to ensure adequate staffing is provided.
 - 5.1.1. Provide sufficient staff to perform all tasks specified in this contract. The Contractor shall maintain a level of staffing necessary to perform and carry out all of the functions, requirements, roles, and duties in a timely fashion.

EXPLANATION

Funds in this agreement will be used to provide evidence-based practices to assist the Critical Access Hospitals to improve quality and performance across the range of activities to ensure quality of care for Medicare beneficiaries in Critical Access Hospitals, ensure the financial viability of Critical Access Hospitals in order to support local access to care for Medicare beneficiaries, and develop and sustain systems of care between Critical Access Hospitals and other community health services in order to provide comprehensive care for Medicare beneficiaries.

The contractor will 1) work with Critical Access Hospitals on quality improvement projects; 2) work with Critical Access Hospitals on financial and operational improvement projects; 3) assist with the development of statewide systems of care focused on improving trauma, heart attack and stroke

patient outcomes, and assist Critical Access Hospitals and their Public Health Networks with their community needs assessments.

According to the New Hampshire definition of rural, approximately 37% of the population and 84% of the landmass in New Hampshire is considered rural. As with most rural populations, those within New Hampshire tend to be proportionately older, are more likely to be dependent upon Medicaid or Medicare, or are uninsured, and reside in areas designated as Health Professional Shortage Areas or Medically Underserved Areas. New Hampshire residents in rural communities face geographic barriers to health care such as lack of transportation and increased travel time to health care providers and hospitals. New Hampshire's scenic rivers, mountain ranges, lakes and agricultural lands define the state's culture and geography but also create boundaries and barriers to the resources that improve health. Many New Hampshire residents depend on family and friends to get to and from grocery stores, work, medical facilities, and community events. Access to oral, mental, primary, specialty and/or reproductive health care can be a significant challenge, whether it's a few blocks or several hours away.

Although there are some statistics that show health benefits for rural residents, the majority of the differences identified show adverse health related measures in New Hampshire's rural areas. Some of the most notable differences are in the demographic characteristics of the rural residents, which impacts health status and access. Rural residents of the state are significantly older, poorer, and less educated than non-rural residents. These factors have all been shown to impact health status and access. Rural residents are also far more likely to be unemployed or out of the labor force and rural workers are more likely to be self-employed or to work in industries where health insurance benefits are less available.

These insurance patterns were reflected in the inpatient payer mix, and even more prominently in the payer mix for visits to hospital emergency departments. The majority of the uninsured were in employed families, however rural residents are less likely to have an employer sponsored health insurance option. Rural residents are also less likely to be insured for dental services. Birth records show that rural pregnant women have higher maternal tobacco use, maternal alcohol use, and are more likely to be under the age of twenty, unmarried and have Medicaid paid births. Resident death records show that rural residents are more likely to die in an accident or from suicide than other NH residents. In addition, rural residents are more likely to be hospitalized for injuries than other NH residents.

Although New Hampshire's population is slowly growing, it is also aging. 35.6% of the population is over age 50; about 20% are over 60; and over 9% are over 70. The Carsey Institute estimates that the population of those 65 and over will double in the next 20 years. New Hampshire will move from ranking 37 to 17 in terms of elderly population by 2030. These age structure shifts are not occurring evenly. Northern and central New Hampshire already contains a substantially larger proportion of residents age 65 and over than do other parts of the state. Much of this is a function of aging in place among current residents of these regions, coupled with a continuing loss of young adults. The senior population is much more likely to live in poverty and have significant medical and social services needs than those under 55. What's more, the majority of NH seniors live in the northern, rural areas of the State where – as previously stated - there are significant access barriers to health care.

Should Governor and Executive Council not authorize this Request, this will result in the discontinuation of program initiatives in developing and sustaining creative, effective access to quality health care services in rural NH communities.

The Foundation for Healthy Communities was selected for this project through a competitive bid process. A Request for Proposals was posted on The Department of Health and Human Services' web site from May 28, 2014 through June 25, 2014. In addition, a bidder's conference was held on June 11, 2014

One proposal was received in response to the Request for Proposals. Four reviewers who work internal and external to the Department reviewed the proposals. The reviewers represent seasoned public health administrators and managers who have between 11 to 34 years' experience managing agreements with vendors for various public health programs. Each reviewer was selected for the specific skill set they possess and their experience. Their decision followed a thorough discussion of the strengths and weaknesses to the proposals. The final decision was made through consensus scoring. The Bid Summary is attached.

As referenced in the Request for Proposals, Renewals Section, this competitively procured Agreement has the option to extend for two (2) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

The following performance measures will be used to measure the effectiveness of the agreement:

- Number and percent of change in state reporting by Critical Access Hospitals on at least one Medicare Beneficiary Quality Improvement Project outpatient measure
- Number of Critical Access Hospitals in state reporting Hospital Consumer Assessment of Healthcare Providers and Systems data
- Percent improvement for Critical Access Hospitals in days in Accounts Receivable, based on gross revenue
- Number of Critical Access Hospitals engaged in regional and/or national ST segment elevation myocardial infarction/stroke programs.
- Number of Critical Access Hospitals that have completed a community needs assessment, including the development of strategies to address identified needs

Area served: Statewide.

Source of Funds: 100% Federal Funds from the US Department of Health and Human Services, Health Resources and Services Administration.

SCOPE OF SERVICES

1. Covered Populations and Services

The Contractor will use evidence based practices to assist the Critical Access Hospitals (CAHS) to improve quality and performance across the range of activities described below, especially as these activities pertain to Medicare beneficiaries.

2. Minimum Required Services Service Delivery Activities—Stage 1

The following objectives are directed from the Federal Medicare Rural Hospital Flexibility Grant Program (i.e., Flex Program) guidance.

2.1. Objective:

Encourage Critical Access Hospital (CAHs) to publicly report data to Hospital Compare (federal quality reporting system: <http://www.medicare.gov/hospitalcompare/search.html>) on relevant process of care quality measures for inpatient and outpatient care, and Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) patient experience of care survey results.

Activities:

- Provide technical assistance to foster robust participation in Medicare Beneficiary Quality Improvement Project (MBQIP) Phases I and II and to use the identified measures (section 3.5) to target specific interventions within New Hampshire Critical Access Hospital (CAHs).
- Provide technical assistance to the 13 Critical Access Hospitals to ensure continued reporting of data to Hospital Compare.
- Provide technical assistance to the 13 Critical Access Hospitals to expand the number of measures reported under Phase I and II of Medicare Beneficiary Quality Improvement Project (MBQIP).

2.2. Objective:

Support CAHs in implementing activities to address patient safety, transitions between settings or unnecessary hospital readmissions.

Activities:

- Provide technical assistance to the Critical Access Hospitals to define a project or projects that assist them with quality improvement in patient safety, care transitions, or the reduction of unnecessary hospital readmissions in conjunction with relevant measures defined by Medicare, regulatory bodies, or hospital initiatives.

2.3. Objective:

Support Critical Access Hospitals and communities in developing collaborative projects/initiatives to address unmet health and health service needs.

Activities:

- Provide financial and technical assistance to one Critical Access Hospital and their Public Health Network (PHN) to conduct a community needs assessment and/or implement recommended activities identified by their community needs assessment based on best practice interventions.

Exhibit A

3. Minimum Required Services/Service Delivery Activities–Stage 2

3.1. Objective:

Encourage Critical Access Hospital (CAHs) to publicly report data to Hospital Compare (federal quality reporting system: <http://www.medicare.gov/hospitalcompare/search.html>) on relevant process of care quality measures for inpatient and outpatient care, and Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) patient experience of care survey results.

Activities:

- Provide technical assistance to facilitate the identification of at least one specific measure to have reported by all CAHs.

3.2. Objective:

Support CAHs in implementing activities to address patient safety, transitions between settings or unnecessary hospital readmissions.

Activities:

- Provide technical assistance to the CAHs to implement at least one project that assists them with quality improvement in patient safety, care transitions, or the reduction of unnecessary hospital readmissions in conjunction with relevant measures defined by Medicare, regulatory bodies, or hospital initiatives.

3.3. Objective:

Support CAHs and communities in developing collaborative projects/initiatives to address unmet health and health service needs.

Activities:

- Provide financial and technical assistance to another CAH and their Public Health Network (PHN) to conduct a community needs assessment and/or implement recommended practice activities identified by their community needs assessment.

4. Delegation and Subcontractors- Fiscal Agent Activities Stage 1

4.1. New England Rural Health Roundtable (NERHRT)

Execute a subcontract in the amount of \$50,000 with the New England Rural Health Round Table (NERHRT) to coordinate participation of New Hampshire small rural hospitals in a multi-state, multi-hospital rural Institute for Healthcare Improvement (IHI) network through the New England Rural Hospital Performance Improvement Initiative (NEPI).

Background: The New England Performance Improvement (NEPI) network, consisting of Critical Access Hospitals and additional small rural hospitals, state hospital associations, the New England Rural Health Round Table (NERHRT), and state Flex Programs from ME, VT, MA, and NH provides coordinated resources for CAHs across the northern New England region. In Federal Fiscal Year 2013, NEPI will continue to support ongoing professional education for CAH professionals through the Institute for Healthcare Improvement (IHI).

7/15/14

Exhibit A

These educational programs may include but are not limited to:

- Open School,
- Leadership Quality Improvement (LQI) training,
- Patient Care Processes (various programs available), or
- Processes to Support Care (various programs available).

NEPI will ensure that at least one certification program is offered to CAHs and provide preparatory course and exam enrollment assistance.

1. Support CAH participation in quality reporting and benchmarking initiatives other than Hospital Compare, Support CAH participation in national Quality Improvement training or capacity building programs
 - a. Support ongoing professional education for CAH professionals through the Institute for Healthcare Improvement (IHI). Programs may include but are not limited to: Open School, Leadership Quality Improvement (LQI) training , Patient Care Processes(various programs available), or Processes to Support Care(various programs available)
2. Support continued education for CAH professionals through certification programs such as Certified Professional in Healthcare Quality (CPHQ), Certified Professional in Patient Safety (CPPS), and/or Certified Professional in Healthcare Risk Management (CPHRM).
3. Provide leadership and funding support for NEPI's regional collaborative infrastructure and projects.
4. Convene a Performance Improvement session at the 2014 New England Rural Health Round Table Annual Symposium
5. Support continued access to useful information and resources through the NEPI web page on NERHRT website.
6. Create a strategic document for NEPI to guide the collaborators in planning for the next five years.
7. Develop a regional Technology Plan to identify strategies to foster long-distance education, training and access to quality improvement best practices

4.2. Financial Improvement Network

Provide the Financial Improvement Network (FIN) with services to identify areas for improvement to increase a Critical Access Hospital (CAH) staff's ability to better manage their revenue cycles; to foster financial integrity of pricing, charity care and bad debt policies; to increase hospital revenue and cash flow; to better serve patients and customers by informing them upfront of financial obligations; to improve hospital business and operational processes; and to build department manager accountability for CAH financial performance.

4.3. Operational Improvements

Identify areas for improvement for operational performance. Support may include technical assistance, educational programs/seminars, user group meetings, and consultation provided, facilitated or funded by the State Flex Program.

Exhibit A

4.4. **ST segment elevation myocardial infarction (STEMI)/Stroke Development Activities**

Execute a contract with an appropriate vendor to promote ST segment elevation myocardial infarction (STEMI) which is a type of heart attack and stroke system development activities. Support the work of the statewide STEMI/Stroke Planning Advisory Group toward the goal of a statewide STEMI/Stroke system.

4.5. **Trauma Registry**

Execute a contract with a vendor identified by the New Hampshire Department of Safety, Bureau of Emergency Medical Services (EMS) and the Division of Public Health Services to provide consultant staffing resources to 6 CAHs and provide ongoing assistance with the implementation and training for the statewide trauma registry.

In year 2 of this contract services will advance the workplan above and complement the work described in Stage 2, pending federal funding and terms of the grant.

5. Delegation and Subcontractors- Fiscal Agent Activities Stage 2

5.1. **Financial Improvement Network**

Extend Stage 1 activities to provide the Financial Improvement Network (FIN) with services to increase a Critical Access Hospital (CAH) staff's ability to better manage their revenue cycles; to foster financial integrity of pricing, charity care and bad debt policies; to increase hospital revenue and cash flow; to better serve patients and customers by informing them upfront of financial obligations; to improve hospital business and operational processes; and to build department manager accountability for CAH financial performance.

Activities: During Stage 2 we expect implementation of strategies to address areas for improvement defined in Stage 1.

5.2. **Operational Improvements**

Extend Stage 1 activities to support CAHs in implementing interventions for improving operational performance. Support may include technical assistance, educational programs/seminars, user group meetings, and consultation provided, facilitated or funded by the State Flex Program.

Activities: During Stage 2 we expect implementation of strategies to address areas for improvement defined in Stage 1.

5.3. **Hypertension Outcomes Toolkit**

Execute a contract with a vendor to be identified by the Division of Public Health Services to develop a training module and toolkit to improve hypertension outcomes for primary care in CAH communities.

5.4. **Trauma Registry**

Extend a contract with a vendor to be identified by New Hampshire Department of Safety, Bureau of Emergency Medical Services (EMS) and the Division of Public Health Services to provide consultant staffing resources to 7 CAHs and provide ongoing assistance with the implementation and training for the statewide trauma registry.

Activities: Complete development and training on the statewide trauma registry.

9. Staffing

The Contractor shall maintain staffing to fulfill the roles and responsibilities to support activities of this project. The Contractor shall address the details to the following requirements to ensure adequate staffing is provided.

1. Provide sufficient staff to perform all tasks specified in this contract. The Contractor shall maintain a level of staffing necessary to perform and carry out all of the functions, requirements, roles, and duties in a timely fashion.
2. The Contractor shall ensure that all staff has appropriate training, education, experience, and orientation to fulfill the requirements of the positions they hold and shall verify and document that it has met this requirement. This includes keeping up-to-date records and documentation of all individuals requiring licenses and/or certifications and such records shall be available for the Department of Health and Human Services' inspection.
3. The Contractor shall develop a Staffing Contingency Plan, after receiving contract award, including but not limited to:
 - a. The process for replacement of personnel in the event of loss of key personnel or other personnel before or after signing of the Agreement;
 - b. Allocation of additional resources to the Agreement in the event of inability to meet any performance standard;
 - c. Discussion of time frames necessary for obtaining replacements;
 - d. Bidder's capabilities to provide, in a timely manner, replacement staff with comparable experience; and
 - e. The method of bringing replacement staff up-to-date regarding the activities of this project.
4. Include staffing models that will be used by the subcontractors, if applicable.

Exhibit B

Method and Conditions Precedent to Payment

1) Funding Sources:

a. \$215,000 = 100% federal funds from the U.S. Department of Health and Human Services, Health Resources and Services Administration, CFDA #93.241, Federal Award Identification Number (FAIN), H54RH00022, SFY 2015.

b. \$ 64,000 = 100% federal funds from the U.S. Department of Health and Human Services, Health Resources and Services Administration, CFDA #93.241, Federal Award Identification Number (FAIN), H54RH00022, SFY 2016.

\$279,000 Total

2) The State shall pay the Contractor an amount not to exceed the Price Limitation, block 1.8, for the services provided by the Contractor pursuant to Exhibit A, Scope of Services.

a. Payment for said services shall be made as follows:

The Contractor will submit an invoice in a form satisfactory to the State by the twentieth working day of each month, which identifies and requests reimbursement for authorized expenses incurred in the prior month. The State shall make payment to the Contractor within thirty (30) days of receipt of each invoice for Contractor services provided pursuant to this Agreement. The final invoice shall be due to the State no later than thirty (30) days after the contract Completion Date.

b. The invoice must be submitted to:

Department of Health and Human Services
Division of Public Health Services
Email address: DPHScontractbilling@dhhs.state.nh.us

3) The Contractor agrees to use and apply all contract funds from the State for direct and indirect costs and expenses including, but not limited to, personnel costs and operating expenses related to the Services, as detailed in Exhibit B-1 – SFY 2015 and Exhibit B-1 – SFY 2016 Budgets. Allowable costs and expenses shall be determined by the State in accordance with applicable state and federal laws and regulations. The Contractor agrees not to use or apply such funds for capital additions or improvements, entertainment costs, or any other costs not approved by the State. DHHS funding may not be used to replace funding for a program already funded from another source.

4) This is a cost-reimbursement contract based on an approved budget for the contract period. Reimbursement shall be made monthly based on actual costs incurred during the previous month.

Exhibit B

- 5) Payment will be made by the State agency subsequent to approval of the submitted invoice and if sufficient funds are available in the Service category budget line items submitted by the Contractor to cover the costs and expenses incurred upon compliance with reporting requirements and performance and utilization review. Contractors will keep detailed records of their activities related to DHHS-funded programs and services.
- 6) Contractors are accountable to meet the scope of services. Failure to meet the scope of services may jeopardize the funded contractor's current and/or future funding. Corrective action may include actions such as a contract amendment or termination of the contract. The contracted organization shall prepare progress reports, as required.
- 7) The Contractor shall have written authorization from the State prior to using contract funds to purchase any equipment with a cost in excess of three hundred dollars (\$300) and with a useful life beyond one year.
- 8) Notwithstanding paragraph 18 of the General Provisions P-37, an amendment limited to adjustments to amounts between and among account numbers, within the price limitation, may be made by written agreement of both parties and may be made without obtaining approval of the Governor and Executive Council.

SPECIAL PROVISIONS

Contractors Obligations: The Contractor covenants and agrees that all funds received by the Contractor under the Contract shall be used only as payment to the Contractor for services provided to eligible individuals and, in the furtherance of the aforesaid covenants, the Contractor hereby covenants and agrees as follows:

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

RECORDS: MAINTENANCE, RETENTION, AUDIT, DISCLOSURE AND CONFIDENTIALITY:

8. **Maintenance of Records:** In addition to the eligibility records specified above, the Contractor covenants and agrees to maintain the following records during the Contract Period:
- 8.1. **Fiscal Records:** books, records, documents and other data evidencing and reflecting all costs and other expenses incurred by the Contractor in the performance of the Contract, and all income received or collected by the Contractor during the Contract Period, said records to be maintained in accordance with accounting procedures and practices which sufficiently and properly reflect all such costs and expenses, and which are acceptable to the Department, and to include, without limitation, all ledgers, books, records, and original evidence of costs such as purchase requisitions and orders, vouchers, requisitions for materials, inventories, valuations of in-kind contributions, labor time cards, payrolls, and other records requested or required by the Department.
- 8.2. **Statistical Records:** Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
- 8.3. **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.
9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
- 9.1. **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
- 9.2. **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.
10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

Notwithstanding anything to the contrary contained herein the covenants and conditions contained in the Paragraph shall survive the termination of the Contract for any reason whatsoever.

11. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department.
 - 11.1. **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
 - 11.2. **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.
12. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.
13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
 - 13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.
14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.
15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.
16. **Equal Employment Opportunity Plan (EEO):** The Contractor will provide an Equal Employment Opportunity Plan (EEO) to the Office for Civil Rights, Office of Justice Programs (OCR), if it has received a single award of \$500,000 or more. If the recipient receives \$25,000 or more and has 50 or

more employees, it will maintain a current EEO on file and submit an EEO Certification Form to the OCR, certifying that its EEO is on file. For recipients receiving less than \$25,000, or public grantees with fewer than 50 employees, regardless of the amount of the award, the recipient will provide an EEO Certification Form to the OCR certifying it is not required to submit or maintain an EEO. Non-profit organizations, Indian Tribes, and medical and educational institutions are exempt from the EEO requirement, but are required to submit a certification form to the OCR to claim the exemption. EEO Certification Forms are available at: <http://www.ojp.usdoj/about/ocr/pdfs/cert.pdf>.

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.
18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, \$150,000)

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (SEP 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- 19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
- 19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
- 19.3. Monitor the subcontractor's performance on an ongoing basis

- 19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
- 19.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

DEFINITIONS

As used in the Contract, the following terms shall have the following meanings:

COSTS: Shall mean those direct and indirect items of expense determined by the Department to be allowable and reimbursable in accordance with cost and accounting principles established in accordance with state and federal laws, regulations, rules and orders.

DEPARTMENT: NH Department of Health and Human Services.

FINANCIAL MANAGEMENT GUIDELINES: Shall mean that section of the Contractor Manual which is entitled "Financial Management Guidelines" and which contains the regulations governing the financial activities of contractor agencies which have contracted with the State of NH to receive funds.

PROPOSAL: If applicable, shall mean the document submitted by the Contractor on a form or forms required by the Department and containing a description of the Services to be provided to eligible individuals by the Contractor in accordance with the terms and conditions of the Contract and setting forth the total cost and sources of revenue for each service to be provided under the Contract.

UNIT: For each service that the Contractor is to provide to eligible individuals hereunder, shall mean that period of time or that specified activity determined by the Department and specified in Exhibit B of the Contract.

FEDERAL/STATE LAW: Wherever federal or state laws, regulations, rules, orders, and policies, etc. are referred to in the Contract, the said reference shall be deemed to mean all such laws, regulations, etc. as they may be amended or revised from the time to time.

CONTRACTOR MANUAL: Shall mean that document prepared by the NH Department of Administrative Services containing a compilation of all regulations promulgated pursuant to the New Hampshire Administrative Procedures Act. NH RSA Ch 541-A, for the purpose of implementing State of NH and federal regulations promulgated thereunder.

SUPPLANTING OTHER FEDERAL FUNDS: The Contractor guarantees that funds provided under this Contract will not supplant any existing federal funds available for these services.

Exhibit C-1

REVISIONS TO GENERAL PROVISIONS

1. Subparagraph 4 of the General Provisions of this contract, Conditional Nature of Agreement, is replaced as follows:
 4. **CONDITIONAL NATURE OF AGREEMENT.**

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including without limitation, the continuance of payments, in whole or in part, under this Agreement are contingent upon continued appropriation or availability of funds, including any subsequent changes to the appropriation or availability of funds affected by any state or federal legislative or executive action that reduces, eliminates, or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope of Services provided in Exhibit A, Scope of Services, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of appropriated or available funds. In the event of a reduction, termination or modification of appropriated or available funds, the State shall have the right to withhold payment until such funds become available, if ever. The State shall have the right to reduce, terminate or modify services under this Agreement immediately upon giving the Contractor notice of such reduction, termination or modification. The State shall not be required to transfer funds from any other source or account into the Account(s) identified in block 1.6 of the General Provisions, Account Number, or any other account, in the event funds are reduced or unavailable.

2. Subparagraph 10 of the General Provisions of this contract, Termination, is amended by adding the following language:
 - 10.1 The State may terminate the Agreement at any time for any reason, at the sole discretion of the State, 30 days after giving the Contractor written notice that the State is exercising its option to terminate the Agreement.
 - 10.2 In the event of early termination, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement, including but not limited to, identifying the present and future needs of clients receiving services under the Agreement and establishes a process to meet those needs.
 - 10.3 The Contractor shall fully cooperate with the State and shall promptly provide detailed information to support the Transition Plan including, but not limited to, any information or data requested by the State related to the termination of the Agreement and Transition Plan and shall provide ongoing communication and revisions of the Transition Plan to the State as requested.
 - 10.4 In the event that services under the Agreement, including but not limited to clients receiving services under the Agreement are transitioned to having services delivered by another entity including contracted providers or the State, the Contractor shall provide a process for uninterrupted delivery of services in the Transition Plan.
 - 10.5 The Contractor shall establish a method of notifying clients and other affected individuals about the transition. The Contractor shall include the proposed communications in its Transition Plan submitted to the State as described above.

3. **Extension:**

This agreement has the option for a potential extension of up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

4. **Insurance**

Subparagraph 14.1.1 of the General Provisions of this contract is deleted and the following subparagraph is added:

 - 14.1.1 Comprehensive general liability against all claims of bodily injury, death or property damage, in amounts of not less than \$250,000 per claim and \$1,000,000 per occurrence and umbrella liability coverage in the amount of \$1,000,000 per occurrence.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

ALTERNATIVE I - FOR GRANTEES OTHER THAN INDIVIDUALS

**US DEPARTMENT OF HEALTH AND HUMAN SERVICES - CONTRACTORS
US DEPARTMENT OF EDUCATION - CONTRACTORS
US DEPARTMENT OF AGRICULTURE - CONTRACTORS**

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace. Section 3017.630(c) of the regulation provides that a grantee (and by inference, sub-grantees and sub-contractors) that is a State may elect to make one certification to the Department in each federal fiscal year in lieu of certificates for each grant during the federal fiscal year covered by the certification. The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment. Contractors using this form should send it to:

Commissioner
NH Department of Health and Human Services
129 Pleasant Street,
Concord, NH 03301-6505

1. The grantee certifies that it will or will continue to provide a drug-free workplace by:
 - 1.1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
 - 1.2. Establishing an ongoing drug-free awareness program to inform employees about
 - 1.2.1. The dangers of drug abuse in the workplace;
 - 1.2.2. The grantee's policy of maintaining a drug-free workplace;
 - 1.2.3. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - 1.2.4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
 - 1.3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
 - 1.4. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
 - 1.4.1. Abide by the terms of the statement; and
 - 1.4.2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
 - 1.5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 1.4.2 from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency

- has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- 1.6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 1.4.2, with respect to any employee who is so convicted
 - 1.6.1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - 1.6.2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
 - 1.7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6.
2. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant.

- *Child Care Development Block Grant under Title IV

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor).
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement (and by specific mention sub-grantee or sub-contractor), the undersigned shall complete and submit Standard Form LLL, (Disclosure Form to Report Lobbying, in accordance with its instructions, attached and identified as Standard Exhibit E-1.)
3. The undersigned shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Order of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
 - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).
14. The prospective lower tier participant further agrees by submitting this proposal (contract) that it will include this clause entitled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Covered Transactions," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

**CERTIFICATION OF COMPLIANCE WITH REQUIREMENTS PERTAINING TO
FEDERAL NONDISCRIMINATION, EQUAL TREATMENT OF FAITH-BASED ORGANIZATIONS AND
WHISTLEBLOWER PROTECTIONS**

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

Contractor will comply, and will require any subgrantees or subcontractors to comply, with any applicable federal nondiscrimination requirements, which may include:

- the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. Section 3789d) which prohibits recipients of federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act requires certain recipients to produce an Equal Employment Opportunity Plan;
- the Juvenile Justice Delinquency Prevention Act of 2002 (42 U.S.C. Section 5672(b)) which adopts by reference, the civil rights obligations of the Safe Streets Act. Recipients of federal funding under this statute are prohibited from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex. The Act includes Equal Employment Opportunity Plan requirements;
- the Civil Rights Act of 1964 (42 U.S.C. Section 2000d, which prohibits recipients of federal financial assistance from discriminating on the basis of race, color, or national origin in any program or activity);
- the Rehabilitation Act of 1973 (29 U.S.C. Section 794), which prohibits recipients of Federal financial assistance from discriminating on the basis of disability, in regard to employment and the delivery of services or benefits, in any program or activity;
- the Americans with Disabilities Act of 1990 (42 U.S.C. Sections 12131-34), which prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, State and local government services, public accommodations, commercial facilities, and transportation;
- the Education Amendments of 1972 (20 U.S.C. Sections 1681, 1683, 1685-86), which prohibits discrimination on the basis of sex in federally assisted education programs;
- the Age Discrimination Act of 1975 (42 U.S.C. Sections 6106-07), which prohibits discrimination on the basis of age in programs or activities receiving Federal financial assistance. It does not include employment discrimination;
- 28 C.F.R. pt. 31 (U.S. Department of Justice Regulations – OJJDP Grant Programs); 28 C.F.R. pt. 42 (U.S. Department of Justice Regulations – Nondiscrimination; Equal Employment Opportunity; Policies and Procedures); Executive Order No. 13279 (equal protection of the laws for faith-based and community organizations); Executive Order No. 13559, which provide fundamental principles and policy-making criteria for partnerships with faith-based and neighborhood organizations;
- 28 C.F.R. pt. 38 (U.S. Department of Justice Regulations – Equal Treatment for Faith-Based Organizations); and Whistleblower protections 41 U.S.C. §4712 and The National Defense Authorization Act (NDAA) for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013) the Pilot Program for Enhancement of Contract Employee Whistleblower Protections, which protects employees against reprisal for certain whistle blowing activities in connection with federal grants and contracts.

The certificate set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. False certification or violation of the certification shall be grounds for suspension of payments, suspension or termination of grants, or government wide suspension or debarment.

In the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination after a due process hearing on the grounds of race, color, religion, national origin, or sex

against a recipient of funds, the recipient will forward a copy of the finding to the Office for Civil Rights, to the applicable contracting agency or division within the Department of Health and Human Services, and to the Department of Health and Human Services Office of the Ombudsman.

The Contractor identified in Section 1.3 of the General Provisions agrees by signature of the Contractor's representative as identified in Sections 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this proposal (contract) the Contractor agrees to comply with the provisions indicated above.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor identified in Section 1.3 of the General Provisions agrees, by signature of the Contractor's representative as identified in Section 1.11 and 1.12 of the General Provisions, to execute the following certification:

1. By signing and submitting this contract, the Contractor agrees to make reasonable efforts to comply with all applicable provisions of Public Law 103-227, Part C, known as the Pro-Children Act of 1994.

- i. "Required by Law" shall have the same meaning as the term "required by law" in 45 CFR Section 164.103.
- m. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his/her designee.
- n. "Security Rule" shall mean the Security Standards for the Protection of Electronic Protected Health Information at 45 CFR Part 164, Subpart C, and amendments thereto.
- o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.
- p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
 - I. For the proper management and administration of the Business Associate;
 - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
 - III. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
 - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed
 - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (l). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) l, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

**CERTIFICATION REGARDING THE FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY
ACT (FFATA) COMPLIANCE**

The Federal Funding Accountability and Transparency Act (FFATA) requires prime awardees of individual Federal grants equal to or greater than \$25,000 and awarded on or after October 1, 2010, to report on data related to executive compensation and associated first-tier sub-grants of \$25,000 or more. If the initial award is below \$25,000 but subsequent grant modifications result in a total award equal to or over \$25,000, the award is subject to the FFATA reporting requirements, as of the date of the award.

In accordance with 2 CFR Part 170 (Reporting Subaward and Executive Compensation Information), the Department of Health and Human Services (DHHS) must report the following information for any subaward or contract award subject to the FFATA reporting requirements:

1. Name of entity
2. Amount of award
3. Funding agency
4. NAICS code for contracts / CFDA program number for grants
5. Program source
6. Award title descriptive of the purpose of the funding action
7. Location of the entity
8. Principle place of performance
9. Unique identifier of the entity (DUNS #)
10. Total compensation and names of the top five executives if:
 - 10.1. More than 80% of annual gross revenues are from the Federal government, and those revenues are greater than \$25M annually and
 - 10.2. Compensation information is not already available through reporting to the SEC.

Prime grant recipients must submit FFATA required data by the end of the month, plus 30 days, in which the award or award amendment is made.

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of The Federal Funding Accountability and Transparency Act, Public Law 109-282 and Public Law 110-252, and 2 CFR Part 170 (Reporting Subaward and Executive Compensation Information), and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

The below named Contractor agrees to provide needed information as outlined above to the NH Department of Health and Human Services and to comply with all applicable provisions of the Federal Financial Accountability and Transparency Act.
