The Exeter ridge highway or road to Hampton is mentioned as early as 1660, as is the road to Exeter. 4 rods wide, while the cross road from Dole's Corner to Edmund Morrill's thought by many as of recent origin, is mentioned as early as 1664. Also the road to the Deep brook near G. A. Evans' house, and the road to Kingston passing Charles Sanborn's. The road from Miss M. E. Tucker's to Seabrook was laid out in 1687, while a road starting at the Hampton road near Wallace Sanborns passing up the hill and so along the hill to the road near the old Church place. OFFICE OF THE SELECTMEN

SEABROOK, N. H.

Nov. 7, 1949

Mr. Homer Richardson  
Div. Engineer  
Dover, N. H.

Dear Sir:

I think you can give us information regarding a price of land we are trying to locate. Selectmen Felch says that the State paid the Town of Seabrook for a portion of marsh land adjoining the Point land on the South Seabrook road to Seabrook Beach. It is on the north side of your new road from the Point to the Junction.

We think it would be the first piece of marsh land adjoining the Point land. We thought you may be able to locate it on your plan and also give the acreage. If you can help us locate this piece of land it will be of advantage to us and will be appreciated.

Thanking you for past favors, I am

Yours very truly,

/s/ Thomas F. Owen

Dear Sir:-

Your letter of November 20th has been referred to this Division by Homer Richardson. The property lines in this area are uncertain. The parcel you referred to is described, to the best of our knowledge, as follows:-

A small parcel of land situated on the northerly side of South Main Street in the Town of Seabrook, County of Rockingham, and State of New Hampshire, bounded on the west by the Black Water River; bounded on the east by land now or formerly of Harvey R. and Alfred B. Nutting; bounded on the south by South Main Street. The frontage on South Main Street has been described in prior deeds as two hundred (200) feet. Containing nine (9) acres, more or less.

The land was formerly of Charles Ackerman of Salisbury and was acquired by the Town of Seabrook by tax deed, dated April 22, 1936 and recorded in the Rockingham County Registry, Vol. 916, Page 195.

Yours very truly,

Leonard Hadley

Dear Sir: Mr. Thomas Greeley complains to the selectmen that entrance to his property adjoining the overpass to the toll road at the New Zealand road in Seabrook has not been provided. He says that the provision made near his property for the owner adjoining does not provide an entrance for him to drive onto his land. He believes he is entitled to a driveway to his land now as he wants to cut and haul wood from the lot this winter.

Yours very truly,  
Thomas F. Owen.

Dear Sir:-

Your letter concerning Mr. Greeley's access to his property on the New Zealand Road has been investigated. I find that at the present time Mr. Greeley has not been taken care of, but at the time this letter reaches you, his driveway should be completed.

Thank you for your cooperation in calling this to our attention.

Yours truly,
