EXPLANATION

This request is the second (2nd) of two (2) agreements that will ensure the provision of outpatient mental health and/or substance abuse counseling and medication assisted treatment for New Hampshire residents living with Human Immunodeficiency Virus (HIV), statewide that are enrolled in New Hampshire Ryan White CARE Program. The licensed mental health and/or Alcohol and Other Drug Use professionals will provide outpatient and substance abuse counseling and treatment to enrolled clients, on an individual, case-by-case, as needed basis.

This package contains one (1) of the two (2) contracts being brought to Governor and Executive Council for approval. Governor and Executive Council has approved one (1) contract that added a vendor to this list on June 24, 2015. This agreement represents the second (2nd) contract to be presented at an upcoming Governor and Executive Council meeting.

The NH Ryan White CARE Program receives funding from the Health Resources and Services Administration (HRSA), Ryan White HIV/AIDS Program, Part B for medical services, oral health, and home health care services. HRSA funding is in accordance with the Ryan White HIV/AIDS Treatment Extension Act of 2009. The intent of the legislation and federal funding is to assure access to care for financially eligible individuals living with HIV/AIDS. As a recipient of federal funding, the NH Ryan White CARE Program is subject to the federal mandate to implement contractual agreements with all service providers and to maintain nationally accepted fiscal, programmatic, and monitoring standards established by HRSA. Federal regulation also requires that NH Ryan White CARE Program funds be used as a "payer of last resort."

A Request for Application was posted on the Department of Health and Human Services' web site on April 8, 2014. In addition, an email was sent to eight (8) known mental health and substance abuse practices, individuals and organizations on April 4, 2014, notifying them that a Request for Application was posted. Two applications were received.

As referenced in the Request for Applications, these Agreements have the option to extend for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and approval of the Governor and Executive Council.

Should Governor and Executive Council not authorize this Request, federal regulations and monitoring standards will not be met and eligible NH residents living with HIV with immediate mental health and/or substance abuse counseling and/or medication assisted treatment needs and without access to these services will not receive outpatient counseling services and/or medication assisted treatment. The services in this Contract will promote the goals of the National HIV/AIDS Strategy and maintain a continuum of care in order to reduce HIV related health disparities and the occurrence of negative health outcomes. The program currently provides services to approximately 450 to 500 clients statewide.

The geographic area to be served is statewide.

Source of Funds: 100% Other Funds from the Pharmaceutical Rebates.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Marcella J. Bobinsky, MPH
Acting Director

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Report on the Financial Statements

We have audited the accompanying financial statements of Harbor Homes, Inc., which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Harbor Homes, Inc. as of June 30, 2014, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Harbor Homes, Inc.'s fiscal year 2013 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 9, 2013. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2015 on our consideration of the Harbor Homes, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to

provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Harbor Homes Inc.'s internal control over financial reporting and compliance.

HARBOR HOMES, INC.

Notes to the Financial Statements

1. **Organization:**

Harbor Homes, Inc. (the Organization) is a nonprofit organization that creates and provides quality residential and supportive services for persons (and their families) challenged by mental illness and/or homelessness in the State of New Hampshire. Programs include mainstream housing, permanent housing, transitional housing, and emergency shelter, as well as comprehensive support services that include peer support programs, job training, a paid employment program, and social and educational activities.

In addition to housing and supportive services, the Organization runs a health care clinic that is a Federally Qualified Health Center (FQHC) offering primary medical services to the homeless and/or low-income individuals.

2. **Summary of Significant Accounting Policies:**

The following is a summary of significant accounting policies of the Organization used in preparing and presenting the accompanying financial statements.

Accounting for Contributions and Financial Statement Presentation

The Organization follows *Accounting for Contributions Received and Contributions Made* and *Financial Statements of Not-for-Profit Organizations* as required by the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC). Under these guidelines, the Organization is required to distinguish between contributions that increase permanently restricted net assets, temporarily restricted net assets, and unrestricted net assets. It also requires recognition of contributions, including contributed services, meeting certain criteria at fair values. These reporting standards establish standards for financial statements of not-for-profit organizations and require a Statement of Financial Position, a Statement of Activities, a Statement of Functional Expenses, and a Statement of Cash Flows.

Basis of Accounting

Revenues and expenses are reported on the accrual basis of accounting. Under this basis, revenues, other than contributions, and expenses are reported when incurred, without regard to the date of receipt or payment of cash. Contributions are reported in accordance with FASB ASC *Accounting for Contributions Received and Contributions Made*.

Restricted and Unrestricted Revenue

Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Allowance for Doubtful Accounts

The adequacy of the allowance for doubtful accounts for receivables is reviewed on an ongoing basis by the Organization's management and adjusted as required through the provision for doubtful accounts (bad debt expense). In determining the amount required in the allowance account for the year ended June 30, 2014, management has taken into account a variety of factors.

Property and Equipment

Property and equipment is recorded at cost or, if donated, at estimated fair market value at the date of donation. Major additions and improvements are capitalized, while ordinary maintenance and repairs are charged to expense. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. Assets not in service are not depreciated.

Functional Expenses

The costs of providing various programs and activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Donated Services

The Organization receives donated services from a variety of unpaid volunteers assisting the Organization in its programs. No amounts have been recognized in the accompanying statement of activities because the criteria for recognition of such volunteer effort under generally accepted accounting principles have not been satisfied.

Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual amounts could differ from those estimates.

Tax Status

Harbor Homes, Inc. is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions.

The Organization follows FASB ASC 740-10, *Accounting for Uncertainty in Income Taxes*, which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. FASB ASC 740-10 did not have a material impact on the Organization's financial statements.

The Organization's Federal Form 990 (Return of Organization Exempt From Income Tax) is subject to examination by the IRS, generally for three years after they were filed.

The Organization recognizes interest related to unrecognized tax benefits in interest expense and penalties that are included within reported expenses. During the year ended June 30, 2014, the Organization had no interest or penalties accrued related to unrecognized tax benefits.

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

17. Transactions with Related Parties:

The Organization's clients perform janitorial services for Harbor Homes HUD I, II and III, Inc., Welcoming Light, Inc., Milford Regional Counseling Services, Inc., Healthy at Home, Inc., Greater Nashua Council on Alcoholism, and Southern NH HIV/AIDS Task Force, related organizations. These services are billed to the related organizations and reported as revenues in the accompanying financial statements.

The Organization currently has several contracts with Healthy at Home, Inc. to receive various skilled nursing services, CNA services and companion services for its clients. All of the contracts are based on per diem fees ranging from \$16 per hour for companion services, to \$100 per visit for skilled nursing services.

The Organization is a corporate guarantor for Greater Nashua Council on Alcoholism in relation to two mortgages on their Amherst Street property. The guaranties consist of one mortgage in the amount of \$1,850,170 and another mortgage in the amount of \$200,000.

During the year, the Organization rented office space, under tenant at will agreements, to Southern NH HIV/AIDS Task Force, and Healthy at Home, Inc., related parties. The rental income under these agreements totaled \$24,816 and \$60,000, respectively, for fiscal year 2014.

Harbor Homes, Inc. receives management fees from the related HUD projects.

The Organization is considered a commonly controlled organization with several related entities by way of its common board of directors. However,

management feels that the principal prerequisites for preparing combined financial statements are not met, and therefore more meaningful separate statements have been prepared.

The following are the commonly controlled organizations:

Harbor Homes II, Inc.
Harbor Homes III, Inc.
HH Ownership, Inc.
Welcoming Light, Inc.
Milford Regional Counseling Services, Inc.
Healthy at Home, Inc.
Greater Nashua Council on Alcoholism
Southern NH HIV/AIDS Task Force

18. Employee Benefit Plan:

After one year of continuous service with the Organization, employees may contribute a portion of their wages to a Section 403(b) retirement plan. The Organization matches a percentage of the employee contribution based on years of service. Total matching contributions paid by the Organization for the year ended June 30, 2014 were \$117,680.

In addition to the retirement plan noted above, the Organization also has a Section 457 deferred compensation plan with a value of \$40,936 at June 30, 2014.

19. Concentration of Risk:

The Organization receives 36%, 16%, 14% and 5% of its revenue from the Department of Health and Human Services, the Department of Housing and Urban Development, the Department of Veterans Affairs, and Medicaid, respectively.

20. Fair Value Measurements:

FASB ASC, *Fair Value Measurements*, provides guidance for using fair value to measure assets and liabilities. *Fair Value Measurements* applies whenever other standards require or permit assets or liabilities to be measured at their fair market value. The standard does not expand the use of fair value in any new circumstances. Under *Fair Value Measurements*, fair value refers to the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurements* clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions.

Under *Fair Value Measurements*, the Organization categorizes its fair value estimates based on a hierarchical framework associated with three levels of price transparency utilized in measuring financial instruments at fair value. Classification is based on the lowest level of input that is significant to the fair value of the instrument. The three levels are as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. The types of financial instruments included in Level 1 are highly liquid instruments with quoted prices;
- Level 2 - Inputs from active markets, other than quoted prices for identical instruments, are used to model fair value. Significant inputs are directly observable from active markets for substantially the full term of the asset or liability being valued; and
- Level 3 - Pricing inputs significant to the valuation are unobservable. Inputs are developed based on the best information available; however, significant judgment is required by management in developing the inputs.

The estimated fair value of the Organization's financial instruments is presented in the following table:

	<u>Carrying Value</u>	<u>Fair Value</u>	<u>Level One</u>	<u>Level Two</u>	<u>Level Three</u>

Due to the short term nature of the financial instruments, the book value approximates fair value.

21. Healthcare Clinic:

Patient service revenue is recorded as services provided. The Healthcare Clinic (The Clinic) establishes fees for services to patients based on a sliding fee scale. Contractual allowances are recorded based on patients served in the period the related services are rendered.

The Clinic has a policy of providing free care to patients who are unable to pay. Such patients are identified based on financial information obtained from the patients prior to the services being rendered. The approximate amount of free care services provided was \$552,000 for the year ended June 30, 2014. The Clinic billed a third-party payer approximately \$424,000 during the fiscal year.

Patient accounts receivable are recorded less allowances for doubtful accounts and net of contractual allowances. The Clinic provides for losses on patient accounts receivable using the allowance method. Receivables are considered impaired if full payments are not expected in accordance with contractual terms. The net balance as of June 30, 2014 was approximately \$120,000.

22. Subsequent Events:

Subsequent to year end, the Organization was awarded a \$9.9m grant, over two and a half years, through the Housing Prevention Rapid Rehousing Program funded by the Bureau of Behavioral Health. In addition, the Organization was awarded a \$1.2m grant, over three years, from the Substance Abuse and Mental Health Services Administration.

In September and October of 2014, the Organization sold two condominiums that were no longer required for the Permanent Housing Program.

On August 20, 2014, the Organization provided an unlimited and unconditional guaranty on a revolving line of credit agreement for a related party (see note 11). Under this agreement \$250,000 is available to the related organization to provide for working capital requirements through September 30, 2016.

In accordance with the provisions set forth by FASB ASC, *Subsequent Events*, events and transactions from July 1, 2014 through January 15, 2015, the date the financial statements were available to be issued, have been evaluated by management for disclosure.

23. Change in Net Assets:

During fiscal year 2014, the Organization received approximately \$4,046,000 in grant funding for the rehabilitation of the property housing the Harbor Care Health and Wellness Center. This on-time grant contributed to the change in net assets (approximately \$4,067,000) for fiscal year 2014.
