Retroactive

February 10, 2014

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management, requests authorization to **retroactively** amend the grant agreement (PO #1023551) with the Town of Bethlehem (VC#159831-B001) Bethlehem, NH. The grant was initially approved by the Governor and Council on April 18, 2012, Item #123. This amendment is to extend the period of performance from September 9, 2013 to September 9, 2014. No other provisions will be changed. Effective upon Governor and Council approval. Funding source: 100% Federal Funds.

Explanation

This item is **retroactive** due to unanticipated delays in the processing of this grant amendment. After being notified by the Town of Bethlehem that their contractor was unable to complete the local hazard mitigation plan project by September 9, 2013, the Division requested an extension of the FFY 2010 Pre-Disaster Mitigation Competitive (PDMC) grant's period of performance from FEMA. Once approved, HSEM worked with the Town to complete the necessary amendment. After the grant amendment had completed the preparation/approval process between HSEM and the Town, it was discovered that the amendment's extended completion date was incorrect. Upon this discovery, HSEM immediately corrected the date and returned the grant amendment for acceptance and approval per Bethlehem's municipal process. A comprehensive internal review process has been established to ensure grant agreements are not only processed in a timely manner, but are 100% accurate.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

Explanation

The grant listed above is funded from the FFY 2011 Pre-Disaster Mitigation Competitive (PDMC) Grant Program, which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The PDMC Grant Program provides funding to sub-grantees for cost-effective hazard mitigation activities that complement a comprehensive mitigation program. FEMA provides PDMC funds to states that, in turn, provide sub-grants or contracts for a variety of mitigation activities, such as planning and the implementation of projects identified through the evaluation of natural hazards. Notification of this program is made to every community by email and by letter sent to the chief elected official of each community.

The PDMC Grant Program is 75% federally funded by the Federal Emergency Management Agency with a 25% match requirement supplied by the sub-grantee. The sub-grantee acknowledges its match obligation as part of Exhibit A to the grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

11.2.4. Treat the agreement as breached and pursue any of its remedies at law or in equity, or both.

12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.

12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.
