33 HAZEN DR. CONCORD, N.H. 03305

ROBERT L. QUINN
COMMISSIONER OF SAFETY

November 25, 2019

His Excellency, Governor Christopher T. Sununu
And the Honorable Council
State House
Concord, NH 03301

Requested Action

Authorize the Department of Safety, Division of State Police to **retroactively** amend the contract with 2-Way Communications Service, Inc. (VC #154388-B001), 23 River Road, Newington, NH, in an amount not to exceed \$13,500.00, increasing the total contract amount from \$64,000.00 to \$77,500.00, for the provision of repair and certification of Kustom Radar and Light Detector and Ranging (LIDAR) units. The contract was originally approved by Governor and Council on June 21, 2017, Item #143 and amended on June 19, 2019, Item #225. Effective upon Governor and Council approval for the period of October 1, 2019 through June 30, 2020. Funding source: 48.64% General, 28.31% Turnpike, 23.05% Highway.

Funds are available in the SFY2020 operating budget as follows.

02-23-23-234015-40030000	Dept. of Safety – Div. of State Police – Traffic Bureau	<u>SFY2020</u>
103-500737	Contracts for Op Services – Contract Repairs; Machine, Equip.	\$13,500.00

Explanation

The request is **retroactive** because it was not recognized at the time the contract was originally created that 30 to 40 Kustom Radar and LIDAR units are added to the State Police fleet each fiscal year, so these additional units were not included for annual calibration and certification as well as for repairs.

This amendment provides for the certification and repair of Kustom radar units utilized by State Police Communications Maintenance. Upon certification of each radar unit and each tuning fork, 2-Way Communications will provide a certified calibration sheet for both the assigned trooper and state designee. These documents will be computer generated and will be able to be presented in a court of law as evidence of calibrations/repairs.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety
