Beach

VICTORIA F. SHEEHAN
COMMISSIONER

WILLIAM CASS, P.E.
ASSISTANT COMMISSIONER

Bureau of Construction
April 18, 2016

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Alvin J. Coleman & Son, Inc. (Vendor 154411) of Conway, NH on the basis of a low bid of \$45,922,044.90 for the reconstruction of I-93 mainline, beginning in the vicinity of the Exit 5 interchange ramps in Londonderry and ending near the I-293 interchange in Manchester, from the date of Governor and Council approval through October 25, 2019 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available as follows:

	<u>FY 2016</u>	<u>FY 2017</u>
04-96-96-963515-5211		
TIFIA Construction		
400-500870 Highway	\$10,102,849.88	\$35,819,195.02
Contract Payments		

2. Further authorize that a contingency in the amount of \$918,440.90 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 2% of the contract amount.

Funding is available as follows:

	<u>FY 2016</u>	<u>FY 2017</u>
04-96-96-963515-5211		
TIFIA Construction		
400-500870 Highway		
Contract Payments	\$202,057.00	\$716,383.90

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan and will be funded with a Transportation Infrastructure Finance and Innovation Act (TIFIA) loan pending the United States Department of Transportation approval, which is expected in May, 2016. This project involves the reconstruction of I-93 mainline (NB and SB), beginning in the vicinity of the Exit 5 interchange ramps in Londonderry (reconstructed under the prior Salem-Manchester 14633F contract), and ending near the I-293 interchange in Manchester. More specifically, this project will reconstruct approximately 3.1 miles of I-93 NB mainline, and reconstruct

Approximately 3.2 miles of I-93 SB mainline, with minor approach work. Additionally, approximately 900 linear feet of the I-293 SB east ramp will be reconstructed, with an additional 1,325 linear feet of approach work. The project also includes approximately 1,150 linear feet of approach work on the I-293 NB west ramp. This project includes the widening of three (3) I-93 bridges, two (2) over Bodwell Road (I-93 NB and SB) and one (1) over Cohas Brook (I-93 NB) in Manchester. Minor drainage and pavement work (approximately 740 linear feet) along Bodwell Road (associated with the bridge construction) is included as part of this project as well. The project also includes work on four (4) box culverts which carry Cohas Brook through the project area. A new box culvert (pipe replacement) carrying Long Pond Brook under I-93 NB will also be constructed. The project also includes construction of 6,750 linear feet of sound abatement wall along I-93 NB, as well as ITS infrastructure construction along the corridor. The project will construct several water quality measures to include five (5) wet extended detention basins, two (2) gravel wetlands, and one (1) treatment swale. The project also includes minor soil cover work at the former Waste Management site at Exit 5.

These improvements are part of the overall I-93 expansion project, Salem-Manchester 10418C, and will improve safety and capacity along I-93 between the Exit 5 and I-293 interchange in Manchester. (This is the second of four projects required to complete the I-93 northern section infrastructure improvements.)

The contingency amount is proposed to be approximately 2% of the contract amount. This is to account for risks associated with stormwater management (water quality measures), unanticipated traffic control plan adjustments/modifications, and coordination efforts with the future Salem-Manchester 14633I contract (to the south). This amount is also based upon prior experience with previous I-93 corridor improvements contracts.

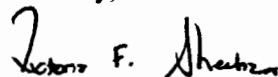

This contract has the concurrence of the Federal Highway Administration.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and that the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project's funding is 100% TIFIA loan proceeds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan
Commissioner

VFS/md

Department Estimate: \$47,491,614.20
Contract Amount: \$45,922,044.90
Under Estimate: \$ 1,569,569.30

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project involves the reconstruction of I-93 mainline (NB and SB), beginning in the vicinity of the Exit 5 interchange ramps in Londonderry (prior Salem-Manchester 14633F contract), and ending near the I-293 interchange in Manchester. More specifically, this project will reconstruct approximately 3.1 miles of I-93 NB mainline, and reconstruct approx. 3.2 miles of I-93 SB mainline, with minor approach work. Additionally, approximately 900 LF of the I-293 SBE ramp will be reconstructed, with an additional 1,325 LF of approach work. The project also includes approximately 1,150 LF of approach work on the I-293 NBW ramp. This project includes the widening of three (3) I-93 bridges, two (2) over Bodwell Road (I-93 NB and SB) and one (1) over Cohas Brook (I-93 NB) in Manchester. Minor drainage and pavement work (approximately 740 LF) along Bodwell Road (associated with the bridge construction) is included as part of this project as well. The project also includes work on four (4) box culverts which carry Cohas Brook through the project area. A new box culvert (pipe replacement) carrying Long Pond Brook under I-93 NB will also be constructed. The project also includes a 6,750 LF sound abatement wall along I-93 NB, as well as ITS infrastructure construction along the corridor. The project will construct several water quality measures to include five (5) wet extended detention basins, two (2) gravel wetlands, and one (1) treatment swale. The project also includes minor soil cover work at the former Waste Management site at Exit 5.

FEDERAL FUNDING: Construction Items funded with Transportation Infrastructure Finance Innovation Act (TIFIA) Credit, CE funded with Conventional Federal Aid. Debt Service State funded with SB 367 revenue.

CONTINGENCY: The contingency amount is proposed to be approximately 2% of the contract amount, for \$1,000,000.00. This is to account for risks associated stormwater management (water quality measures), unanticipated TCP adjustments/modifications, and coordination efforts with the future Salem-Manchester 14633I contract (to the south). This amount is also based upon prior experience with previous I-93 corridor improvements contracts.

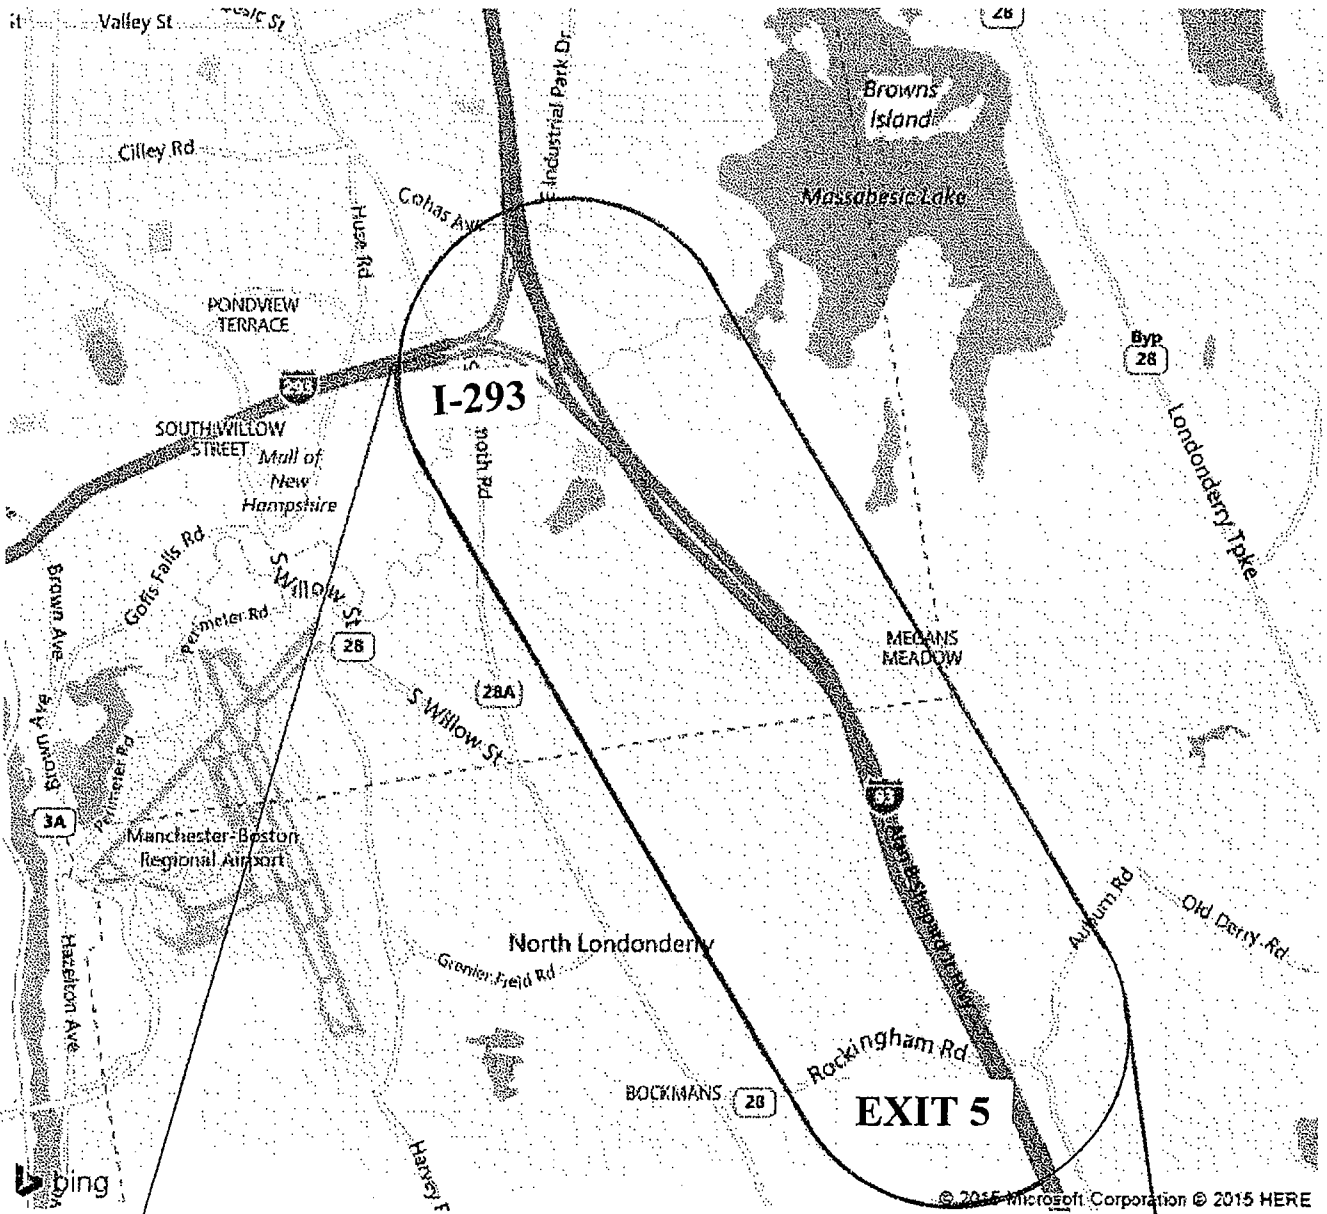

PROJECT INITIATED: Ten Year Transportation Improvement Plan

PROJECT EXPLANATION: These improvements are part of the overall I-93 expansion project, Salem-Manchester 10418C, and will improve safety and capacity along I-93 between the Exit 5 and I-293 interchange in Manchester. (This is the second of four projects required to complete the I-93 northern section infrastructure improvements.)

TRAFFIC IMPLICATION: Work involved with the I-93 NB and SB mainline is generally on-line, using phased construction techniques. I-93 traffic will initially remain on the existing NB and SB mainline facilities until such time as additional roadway widening is completed. Traffic will then be shifted to the newly constructed portion of the roadway, and the remainder of the existing facility will be completed/reconstructed. Emergency pull-off areas will be included, at approximate one-half mile intervals (for both NB and SB traffic). Two travel lanes on I-93 (NB and SB) will be maintained at all times. Rolling roadblocks will be allowed on I-93 during non-peak hours, during certain work operations, using Uniformed Officers with Vehicles, with approval of the Contract Administrator. Nighttime lane closures will also be allowed on I-93 for certain construction activities, as approved, and as specified in the TCP. Smart Work Zones are in place along the corridor, to include the proposed work area for this project. A Tow Vehicle will also be utilized (on-site; contract item), where 8 ft. breakdown shoulder widths are not available.

Temporary traffic signals (one lane two-way alternating traffic) will be required on Bodwell Road during the initial I-93 bridge construction efforts (one season; non-winter). One lane two-way alternating traffic will be allowed during certain operations where traffic signals are not utilized, during non-peak hours, as directed by the Contract Administrator, with the use of Flaggers and/or Uniformed Officers.

FINAL COMPLETION DATE: October 25, 2019.

SALEM-MANCHESTER – 14633H

**State of New Hampshire
Department of Transportation**

14633H.01

Project: SALEM TO MANCHESTER
AC-A004(376) 14633H

County and Code: HILLSBOROUGH COUNTY 011 ROCKINGHAM 015

Date Bids Open: March 10, 2016

Scope of Work: ROADWAY RECONSTRUCTION

Location: I-93 MAINLINE (NB AND SB) BEGINNING IN THE
VICINITY OF THE EXIT 5 INTERCHANGE RAMPS IN
LONDODNERRY AND ENDING NEAR THE I-293
INTERCHANGE IN MANCHESTER

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

3/18/2016

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
