The original contracts were approved by Governor and Executive Council on June 18, 2014 (Item #109). The contracts were subsequently amended, October 1, 2014 (Item #4B), June 10, 2015 (Item #21), and June 15, 2016 (Item #10).

Funds are available in State Fiscal Years 2017 in the following accounts, with authority to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office if needed and justified, without approval from Governor and Executive Council.

Please see attached financial detail.

EXPLANATION

This request seeks approval to extend the contract end date and increase the price limitation for all fourteen (14) vendors.

Approval of these Amendments will allow the Contractors to continue to provide Nutrition and Transportation services to seniors and disabled persons who are not eligible for Medicaid. Nutrition and Transportation Services support a person's health, independence and ability to remain in their homes and communities. The Department issued a procurement on September 2, 2016; it closes on October 4, 2016. The Department intends to issue new contracts prior to the expiration of this extension.

These amendments exercise three of the remaining nine months of available renewal language within the contracts. This extension will provide for continuity of service, as the Department completes a new procurement for these services.

Should the Governor and Executive Council not authorize these agreements; the Contractors will not be able to continue to serve the clients who need transportation and home delivered meals. Nutrition and transportation are two major services that support older adults and adults with disabilities who cannot meet their basic needs, for meals and transportation, without help. Services are provided to individuals who have very low incomes and are just above Medicaid eligibility who also demonstrate a need for the service. These services are targeted toward individuals who do not have any other resources available to support them in meeting these two basic needs.

These Contractors were selected through a competitive bid process.

A scanned copy of the contract Amendments, including the Governor and Executive Council letters and accompanying documentation from the original agreement and subsequent amendments will be available on-line, once posted to the meeting agenda for the Governor and Executive Council, at <http://sos.nh.gov/GC2.aspx>

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended December 31, 2014.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2014 and 2013, and its cash flows for the years then ended, and the changes in its net assets for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Partnership of Strafford County's 2013 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 24, 2014. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2015, on our consideration of Community Action Partnership of Strafford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Partnership of Strafford County's internal control over financial reporting and compliance.

COMMUNITY ACTION PARTNERSHIP OF STRAFFORD COUNTY

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013**

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Partnership of Strafford County (the Agency) is a 501(c)(3) private New Hampshire non-profit organization established under the provisions of the Equal Opportunity Act of 1964. Without services provided by the Agency, many local residents would be without a means to provide for their basic needs, including food, education, child care, utilities assistance, transportation, housing, emergency shelter and access to other services. The mission of the Agency is to educate, advocate and assist people in Strafford County to help meet their basic needs and promote self-sufficiency. The vision of the Agency is to eliminate poverty in Strafford County through compassion, education, self-sufficiency, transparency, accountability, team work, client focus and professionalism.

In addition to its administrative office located in Dover, the Agency maintains its outreach capacity by operating program offices in Farmington, Milton, Rochester, Dover and Somersworth. The Agency is funded by Federal, state, county and local funds, as well as United Way grants, public utilities, foundation and charitable grant funds, fees for service, private business donations, and donations from individuals. The Agency is governed by a tripartite board of directors made up of elected officials, community leaders from for-profit and non-profit organizations and residents who are low income. The board is responsible for assuring that the Agency continues to assess and respond to the causes and conditions of poverty in its community, achieve anticipated family and community outcomes, and remain administratively and fiscally sound. The Agency administers a wide range of coordinated programs to more than 15,000 people annually, and the programs are designed to have a measureable impact on poverty and health status among the most vulnerable residents: those under the age of 6, the elderly and those living in poverty. This coordinated approach is accomplished by providing a broad array of services that are locally defined, planned and managed with community agencies.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

The financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958-210, the Agency is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets

and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Agency.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor-imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

At December 31, 2014 and 2013 the Agency had unrestricted and temporarily restricted net assets.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services are performed or expenditures are incurred.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Agency reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

Fair Value of Financial Instruments

Accounting Standard Codification No. 825, "Financial Instruments", requires the Agency to disclose estimated fair value for its financial instruments. The carrying amounts of cash, investments, accounts receivable, prepaid expenses, inventory, accounts payable, accrued expenses, and refundable advances approximate fair value because of the short maturity of those instruments.

Inventory

Inventory materials are fixtures for installation and recorded at cost or contributed value, using the first-in, first-out method.

Property and Depreciation

Property and equipment, which have a cost greater than \$5,000, are capitalized at cost or, if donated, at the approximate fair value at the date of donation. Specific grants and awards may have a threshold lower than this amount and that program will abide by those guidelines. Assets are depreciated over their estimated useful lives using the straight-line method as follows:

Buildings and improvements	15 - 40 years
Furniture, equipment and machinery	3 - 10 years
Vehicles	5 - 7 years

Depreciation expense aggregated \$69,333 and \$78,719 for the years ended December 31, 2014 and 2013, respectively.

Accrued Earned Time

The Agency has accrued a liability of \$78,154 and \$80,592 at December 31, 2014 and 2013, respectively, for future compensated leave time that its employees have earned and which is vested with the employee.

Income Taxes

The Agency is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Agency to be other than a private foundation. The Agency is also exempt from the New Hampshire Business Enterprise Tax.

Accounting Standard Codification No. 740, "Accounting for Income Taxes", establishes the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Agency's tax position taken on its information returns for the years (2011 through 2014), for the purposes of implementation, and has concluded that no additional provision for income taxes is necessary in the Agency's financial statements.

Cash and Cash Equivalents

The Agency considers all highly liquid financial instruments with original maturities of three months or less to be cash equivalents.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising Expenses

The Agency expenses advertising costs as they are incurred. Total advertising costs for the years ended December 31, 2014 and 2013 amounted to \$12,641 and \$15,498, respectively.

In-kind Donations

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$199,684 and \$209,139 for the years ended December 31, 2014 and 2013, respectively.

The Agency also receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$82,809 and \$106,027 for the years ended December 31, 2014 and 2013, respectively.

The Agency also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$132,268 and \$25,070, respectively, for the year ended December 31, 2014. For the year ended December 31, 2013, the estimated fair value of these food commodities and goods was determined to be \$170,871 and \$12,207, respectively.

The Agency also received, in the form of an in-kind contribution, a portion of a bus that was placed in service during the year ended December 31, 2013. Under the terms of the agreement the Agency paid approximately \$5,333 and received a bus with a value of approximately \$53,834.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the programs and supporting activities benefited.

Subsequent Events

Subsequent events have been evaluated through June 10, 2015, which is the date that the financial statements were available to be issued.

The sale of 60 Charles Street, Farmington New Hampshire accounts for the reduction in the land, buildings and improvements during the year ended December 31, 2014.

NOTE 3. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at December 31, 2014 and 2013. The Agency has no policy for charging interest on overdue accounts.

NOTE 4. PLEGDED ASSETS

As described in Note 5, all assets of the Agency are pledged as collateral under the Agency's demand note payable agreement.

NOTE 5. DEMAND NOTE PAYABLE

The Agency has available a revolving line of credit with a bank in the amount of \$250,000. The note is payable upon demand, but in the absence of demand, is due on November 30, 2015. Interest is stated at the prime rate plus 1% which result in an interest rate of 4.25% at December 31, 2014 and 2013. The note is collateralized by all the assets of the Agency.

NOTE 6. LONG TERM DEBT

The Agency had a 7.50% mortgage payable to a financial institution in monthly installments for principal and interest of \$1,209 through May 2013, when the note was paid in full. The note was collateralized by a first mortgage lien and assignment of leases and rents on certain real estate of the Agency.

NOTE 7. TEMPORARILY RESTRICTED NET ASSETS

NOTE 8. LEASE COMMITMENTS

Facilities occupied by the Agency for its community service programs are rented under the terms of various operating leases. For the years ended December 31, 2014 and 2013, the annual lease/rent expense for the leased facilities was \$163,615 and \$121,191, respectively. Certain equipment is leased by the Agency under the terms of various operating leases.

The approximate future minimum lease payments on the above leases are as follows:

Year Ended
December 31

Amount

2015	\$ 150,533
2016	84,234
2017	11,780
2018	8,729
2019	<u>2,021</u>
Total	<u>\$ 257,297</u>

NOTE 9. RETIREMENT PLAN

The Agency maintains a voluntary contributory 403(b) plan for its employees who meet certain requirements as defined in the plan. The Agency matches 25% of employee contributions to the plan, to a maximum of 5% of salaries. Retirement plan contributions for the years ended December 31, 2014 and 2013 totaled \$15,988 and \$29,952, respectively.

NOTE 10. FUNDRAISING EXPENSES

The fundraising expenses related to fundraising revenues were \$23,644 and \$8,070 for the years ended December 31, 2014 and 2013, respectively.

NOTE 11. CONCENTRATION OF RISK

A large percentage of the Agency's total revenue was received from two contractors, the Federal Government and the State of New Hampshire. It is always considered to be at least reasonably possible that either contractor could be lost in the near term; however, Management feels this risk is of no particular concern at this time.

NOTE 12. CONCENTRATION OF CREDIT RISK

The Agency maintains its cash balances at several financial institutions in New Hampshire. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Agency maintains an agreement with its primary financial institution to collateralize the balances in excess of \$250,000. At December 31, 2014 and 2013, there were no uninsured cash balances.

NOTE 13. CONTINGENCIES

The Agency receives grant funding from various sources. Under the terms of these agreements, the Agency is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Agency might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of December 31, 2014 and 2013.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of cash flows for the years then ended, and the related notes to the financial statements, and the related statements of activities and functional expenses for the year ended December 31, 2014 and have issued our report thereon dated June 10, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Partnership of Strafford County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Partnership of Strafford County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

COMMUNITY ACTION PARTNERSHIP OF STRAFFORD COUNTY

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Community Action Partnership of Strafford County's (a New Hampshire nonprofit organization) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Community Action Partnership of Strafford County's major federal programs for the year ended December 31, 2014. Community Action Partnership of Strafford County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Partnership of Strafford County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Partnership of Strafford County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Partnership of Strafford County's compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Partnership of Strafford County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of Community Action Partnership of Strafford County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Partnership of Strafford County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

The Department is requesting these Amendments be approved **retroactive** to June 1, 2016. The Department evaluated the Contractors' requests for rate increases and agreed to same in late March, 2016. While in the process of distributing contract amendments to the vendors, the Department was approached in early May 2016 with a request to redistribute funding for congregate and home delivered meals within and between Contractors. The Department agreed to these changes as well. Making these amendments effective retroactive to June 1, 2016 will allow the Contractors' access to already encumbered State Fiscal Year 2016 funds dedicated to these services.

Approval of these fourteen (14) amendments will allow the Contractors to be reimbursed for services at a rate structure that is better aligned with the Contractors' costs of providing these services. The attached Amendments increase the transportation per client per day rate from \$8.75 to \$9.32 and increase the per mile rate component for transportation and home delivered meals from .30 cents to .54 cents. It is projected that the increase in rates will support the additional costs of serving more rural clients and will ensure that clients are able to receive needed services such as transportation to appointments and essential shopping.

Approval of these amendments will also allow the Contractors to provide services where there is more client demand for meals through redistribution of funding within and between the Contractors. When these contracts were originally approved by the Governor and Executive Council on June 18, 2014 (Item #109) and amended on June 10, 2015 (Item #21), funding was based on the Contractors' point in time projections for clients' needs and demands for services. Since the recipients of these services are older adults and adults with physical disabilities, it is not uncommon for this population to experience changes over the course of time that would necessitate service delivery changes.

The Contractors will monitor transportation, meals and mileage usage along with expenses in order to ensure the services continue to be available through the end of the contract period. The Contractors will conduct client surveys on the quality of the services to ensure services are being delivered satisfactory or better. Additionally, Contractors will be collecting and reporting data on the number of clients served the number and types of meals provided, and the numbers of trips and types of transportation provided, in order for the Department to understand the gaps in service delivery and to be able to have more meaningful discussions about these important services.

Should the Governor and Executive Council not authorize these agreements, the Contractors may not be able to serve the all of the clients who need transportation and home delivered meals. The purpose of these nutrition and transportation contracts is to provide direct services to clients to support their health, independence and ability to remain in their homes and communities. Nutrition and transportation are two major services that support older adults and adults with disabilities who cannot meet their basic needs, for meals and transportation, without help. Services are provided to individuals who have very low incomes and are just above Medicaid eligibility who also demonstrate a need for the service. These services are targeted toward individuals who do not have any other resources available to support them in meeting these two basic needs.

These contractors were selected through a competitive bid process (See Attachment B).

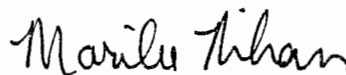

Geographic area to be served is specific per contract. See Summary of Services and Geographic Area (Attachment C).

Source of Funds for these contracts: 46% General Funds and 54% Federal Funds from:

- Catalog of Federal Domestic Assistance #93.044 United States Department of Health and Human Services, Administration for Community, Living Special Programs for the Aging- Title IIIB, Federal Award Identification Number 15AANHT3SS

1. **Compliance with Federal and State Laws:** If the Contractor is permitted to determine the eligibility of individuals such eligibility determination shall be made in accordance with applicable federal and state laws, regulations, orders, guidelines, policies and procedures.
2. **Time and Manner of Determination:** Eligibility determinations shall be made on forms provided by the Department for that purpose and shall be made and remade at such times as are prescribed by the Department.
3. **Documentation:** In addition to the determination forms required by the Department, the Contractor shall maintain a data file on each recipient of services hereunder, which file shall include all information necessary to support an eligibility determination and such other information as the Department requests. The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractors costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party fundors for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party fundors, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
 - 9.1. **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.
 - 9.2. **Audit Liabilities:** In addition to and not in any way in limitation of obligations of the Contract, it is understood and agreed by the Contractor that the Contractor shall be held liable for any state or federal audit exceptions and shall return to the Department, all payments made under the Contract to which exception has been taken or which have been disallowed because of such an exception.
10. **Confidentiality of Records:** All information, reports, and records maintained hereunder or collected in connection with the performance of the services and the Contract shall be confidential and shall not be disclosed by the Contractor, provided however, that pursuant to state laws and the regulations of the Department regarding the use and disclosure of such information, disclosure may be made to public officials requiring such information in connection with their official duties and for purposes directly connected to the administration of the services and the Contract; and provided further, that the use or disclosure by any party of any information concerning a recipient for any purpose not directly connected with the administration of the Department or the Contractor's responsibilities with respect to purchased services hereunder is prohibited except on written consent of the recipient, his attorney or guardian.

New Hampshire Department of Health and Human Services

11. **Reports: Fiscal and Statistical:** The Contractor agrees to submit the following reports at the following times if requested by the Department.
 - 11.1. **Interim Financial Reports:** Written interim financial reports containing a detailed description of all costs and non-allowable expenses incurred by the Contractor to the date of the report and containing such other information as shall be deemed satisfactory by the Department to justify the rate of payment hereunder. Such Financial Reports shall be submitted on the form designated by the Department or deemed satisfactory by the Department.
 - 11.2. **Final Report:** A final report shall be submitted within thirty (30) days after the end of the term of this Contract. The Final Report shall be in a form satisfactory to the Department and shall contain a summary statement of progress toward goals and objectives stated in the Proposal and other information required by the Department.
12. **Completion of Services: Disallowance of Costs:** Upon the purchase by the Department of the maximum number of units provided for in the Contract and upon payment of the price limitation hereunder, the Contract and all the obligations of the parties hereunder (except such obligations as, by the terms of the Contract are to be performed after the end of the term of this Contract and/or survive the termination of the Contract) shall terminate, provided however, that if, upon review of the Final Expenditure Report the Department shall disallow any expenses claimed by the Contractor as costs hereunder the Department shall retain the right, at its discretion, to deduct the amount of such expenses as are disallowed or to recover such sums from the Contractor.
13. **Credits:** All documents, notices, press releases, research reports and other materials prepared during or resulting from the performance of the services of the Contract shall include the following statement:
 - 13.1. The preparation of this (report, document etc.) was financed under a Contract with the State of New Hampshire, Department of Health and Human Services, with funds provided in part by the State of New Hampshire and/or such other funding sources as were available or required, e.g., the United States Department of Health and Human Services.
14. **Prior Approval and Copyright Ownership:** All materials (written, video, audio) produced or purchased under the contract shall have prior approval from DHHS before printing, production, distribution or use. The DHHS will retain copyright ownership for any and all original materials produced, including, but not limited to, brochures, resource directories, protocols or guidelines, posters, or reports. Contractor shall not reproduce any materials produced under the contract without prior written approval from DHHS.
15. **Operation of Facilities: Compliance with Laws and Regulations:** In the operation of any facilities for providing services, the Contractor shall comply with all laws, orders and regulations of federal, state, county and municipal authorities and with any direction of any Public Officer or officers pursuant to laws which shall impose an order or duty upon the contractor with respect to the operation of the facility or the provision of the services at such facility. If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.
16. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to

subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- 16.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
- 16.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
- 16.3. Monitor the subcontractor's performance on an ongoing basis
- 16.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed
- 16.5. DHHS shall, at its discretion, review and approve all subcontracts.

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a New Hampshire nonprofit organization), which comprise the statements of financial position as of February 28, 2015 and 2014, and the related statements of cash flows for the years then ended and the statement of activities and the related notes to the financial statements for the year ended February 28, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 28, 2015 and 2014, and its cash flows for the years then ended, and the changes in its net assets for the year ended February 28, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Program Belknap-Merrimack Counties, Inc.'s 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 2, 2014. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the schedules of revenues and expenditures, and refundable advances are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 2, 2015, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

COMMUNITY ACTION PROGRAM BELKNAP – MERRIMACK COUNTIES, INC.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2015

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Program Belknap – Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions. As of February 28, 2015 the Organization had no permanently restricted net assets and had temporarily restricted net assets of \$550,143.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended February 28, 2014, from which the summarized information was derived.

Income Taxes

Community Action Program Belknap – Merrimack Counties, Inc. is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

Community Action Program Belknap – Merrimack Counties, Inc. files information returns in the United States and the State of New Hampshire. Community Action Program Belknap – Merrimack Counties, Inc. is no longer subject to examinations by tax authorities for years before 2011.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed

its tax position taken on its information returns for the years (2011 through 2014), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Property

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 7 years

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$848,954 in donated facilities, services and supplies for the year ended February 28, 2015 as follows:

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$424,017 for the year ended February 28, 2015.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$413,905 for the year ended February 28, 2015.

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$11,032 for the year ended February 28, 2015.

Advertising

The Organization expenses advertising costs as they are incurred. Total advertising costs for the year ended February 28, 2015 amounted to \$34,336.

2. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at February 28, 2015. The Organization has no policy for charging interest on overdue accounts.

3. REFUNDABLE ADVANCES

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$916,503 as of February 28, 2015.

4. RETIREMENT PLAN

The Organization has a qualified contributory pension plan which covers substantially all employees. The cost of the plan is charged to programs administered by the Organization. The expense of the plan for the year ended February 28, 2015 totaled \$336,795.

5. LEASED FACILITIES

Facilities occupied by the Organization for its community service programs are leased under various operating leases. The lease terms range from month to month to every two years. For the year ended February 28, 2015, the annual lease expense for the leased facilities was \$466,840.

The line calls for monthly variable interest payments based on the Wall Street Journal Prime Rate (3.25% for the year ended February 28, 2015) plus 1%, but not less than 6% per annum. The line is secured by all the Organization's assets. There was no outstanding balance on the line at February 28, 2015.

8. **LONG TERM DEBT**

Long term debt consisted of the following as of February 28, 2015:

Note payable to a bank in monthly installments for principal and interest of \$4,842 through May, 2023. Interest is stated at 1% above the prime rate as published by the Wall Street Journal, which resulted in an interest rate of 4.25% at February 28, 2015. The note is secured by a first real estate mortgage and assignment of rents and leases on property located in Concord, New Hampshire for Early Head Start. 390,829

10. **CONTINGENCIES**

The Organization receives grant funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of February 28, 2015. Monitoring has not indicated any discrepancies.

11. **CONCENTRATION OF RISK**

For the year ended February 28, 2015, approximately \$10,600,000 (45%) of the Organization's total revenue was received from the Department of Health and Human Services. The future scale and nature of the Organization is dependent upon continued support from this department.

The Organization maintains its cash accounts in several financial institutions in southern New Hampshire. At February 28, 2015, the balances were insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Effective July 1, 2010, one of the financial institutions agreed to collateralize all deposits with them in excess of the FDIC limit. <u>Related Party</u>	<u>Function</u>

15. **RECLASSIFICATION**

Certain amounts and accounts from the prior year financial statements have been reclassified to enhance the comparability with the presentation of the current year.

16. **FAIR VALUE OF FINANCIAL INSTRUMENTS**

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$70,897 at February 28, 2015.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1

measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 28, 2015, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

Beginning balance – mutual funds	\$ 59,439
Total gains (losses) - realized /unrealized	6,175
Purchases	<u>5,283</u>
Ending Balance – mutual funds	<u>\$ 70,897</u>

The carrying amount of cash, current assets, other assets and current liabilities, approximates fair value because of the short maturity of those instruments.

17. FISCAL AGENT

Community Action Program Belknap-Merrimack Counties, Inc. acts as the fiscal agent for the following community organizations: Franklin Community Services Building (Franklin), the Common Pantry (Laconia), the Caring Fund (Meredith), the NH Food Pantry Coalition, the NH Rotary Food Challenge and FGP/SCP Association Region 1. The Agency provides the management and oversight of the revenues received (donations) and the expenses (utilities, food and emergency services).

18. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through October 2, 2015, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a New Hampshire nonprofit organization), which comprise the statement of financial position as of February 28, 2015, and the related statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 2, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Program Belknap-Merrimack Counties, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs for the year ended February 28, 2015. Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Program Belknap-Merrimack Counties, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Program Belknap-Merrimack Counties, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 28, 2015.

Report on Internal Control Over Compliance

Management of Community Action Program Belknap-Merrimack Counties, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

The Department is requesting these Amendments be approved **retroactive** to June 1, 2016. The Department evaluated the Contractors' requests for rate increases and agreed to same in late March, 2016. While in the process of distributing contract amendments to the vendors, the Department was approached in early May 2016 with a request to redistribute funding for congregate and home delivered meals within and between Contractors. The Department agreed to these changes as well. Making these amendments effective retroactive to June 1, 2016 will allow the Contractors' access to already encumbered State Fiscal Year 2016 funds dedicated to these services.

Approval of these fourteen (14) amendments will allow the Contractors to be reimbursed for services at a rate structure that is better aligned with the Contractors' costs of providing these services. The attached Amendments increase the transportation per client per day rate from \$8.75 to \$9.32 and increase the per mile rate component for transportation and home delivered meals from .30 cents to .54 cents. It is projected that the increase in rates will support the additional costs of serving more rural clients and will ensure that clients are able to receive needed services such as transportation to appointments and essential shopping.

Approval of these amendments will also allow the Contractors to provide services where there is more client demand for meals through redistribution of funding within and between the Contractors. When these contracts were originally approved by the Governor and Executive Council on June 18, 2014 (Item #109) and amended on June 10, 2015 (Item #21), funding was based on the Contractors' point in time projections for clients' needs and demands for services. Since the recipients of these services are older adults and adults with physical disabilities, it is not uncommon for this population to experience changes over the course of time that would necessitate service delivery changes.

The Contractors will monitor transportation, meals and mileage usage along with expenses in order to ensure the services continue to be available through the end of the contract period. The Contractors will conduct client surveys on the quality of the services to ensure services are being delivered satisfactory or better. Additionally, Contractors will be collecting and reporting data on the number of clients served the number and types of meals provided, and the numbers of trips and types of transportation provided, in order for the Department to understand the gaps in service delivery and to be able to have more meaningful discussions about these important services.

Should the Governor and Executive Council not authorize these agreements, the Contractors may not be able to serve the all of the clients who need transportation and home delivered meals. The purpose of these nutrition and transportation contracts is to provide direct services to clients to support their health, independence and ability to remain in their homes and communities. Nutrition and transportation are two major services that support older adults and adults with disabilities who cannot meet their basic needs, for meals and transportation, without help. Services are provided to individuals who have very low incomes and are just above Medicaid eligibility who also demonstrate a need for the service. These services are targeted toward individuals who do not have any other resources available to support them in meeting these two basic needs.

These contractors were selected through a competitive bid process (See Attachment B).

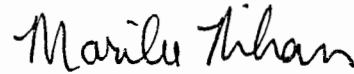

Geographic area to be served is specific per contract. See Summary of Services and Geographic Area (Attachment C).

Source of Funds for these contracts: 46% General Funds and 54% Federal Funds from:

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

Independent Auditors' Report

To the Board of Directors of
Community Alliance of Human Services, Inc.:

Report on the Financial Statements

We have audited the accompanying financial statements of Community Alliance of Human Services, Inc., which comprise the statement of financial position as of June 30, 2015, and the related statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Organization's primary purposes consist of the following program services:

ASC Section 958-205 establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into three net asset categories according to externally (donor) imposed restrictions. ASC Section 958-605 requires that unconditional promises to give (pledges) be recorded as receivables and revenue. It also requires the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. A description of the three net asset categories follows:

Unrestricted – Undesignated, unrestricted net assets include the revenues and expenses associated with the principal operating mission of the Organization.

Temporarily Restricted – Net assets subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time. Temporarily restricted net assets consisted of \$3,950 and \$0 as of June 30, 2015 and 2014, respectively for a fundraiser.

Permanently Restricted – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. There were no permanently restricted net assets as of June 30, 2015 and 2014.

Property and Equipment – Property and equipment acquisitions are recorded at cost. Property and equipment donated for operations are recorded at fair value at the date of receipt. Expenditures for repairs and maintenance are expensed when incurred and betterments are capitalized.

Notes to Financial Statements

As of and for the Years Ended June 30, 2015 and 2014

1. Summary of Significant Accounting Policies (continued):

Property and Equipment (continued) –

Depreciation is provided over the estimated useful life of each class of depreciable assets and is computed using the straight-line method. Equipment under capital leases is amortized using the straight-line method over the life of the capital lease. Such amortization is included in depreciation in the financial statements. Depreciation expense was \$74,752 and \$69,538 for the years ended June 30, 2015 and 2014, respectively.

Estimated useful lives are as follows:

	<u>YEARS</u>
Furniture, fixtures and equipment	3 – 10
Leasehold improvements	10
Building improvements	7 – 39
Buildings	15 – 25

The Organization reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, as well as the effects of obsolescence, demand, competition and other economic factors. As of June 30, 2015 and 2014, the Organization found no reason for impairment of any assets.

Estimates – The Organization uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Income Taxes – The Organization is exempt from federal income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code, except with regard to unrelated business income, which is taxed at corporate income tax rates.

ASC Subtopic 740-10, *Accounting for Uncertainty in Income Taxes*, addresses the accounting uncertainty of income taxes recognized in an enterprise's financial statements and prescribes a threshold of "more-likely-than-not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Subtopic 740-10 also provides guidance on measurement classification, interest and penalties and disclosure. The Organization has determined that the provisions of Subtopic 740-10 do not have a material effect on the Organization's financial statements. The Organization believes it is no longer subject to examinations for years prior to 2011.

Cash and Cash Equivalents – Cash and cash equivalents include demand deposits, petty cash funds and investments with a maturity of three months or less, and exclude amounts whose use is limited by Board designation.

Fair Value of Financial Instruments – The carrying amount of cash, accounts receivable, accounts payable and accrued expenses approximates fair value.

Advertising – Advertising costs are charged to operations when incurred.

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

1. Summary of Significant Accounting Policies (continued):

Donated Services – The Organization recognizes the value of volunteer services and expenses when there is an objective basis available to measure their value, relative to its various activities.

Vacation Pay and Fringe Benefits – Vacation pay is accrued and charged to the appropriate program expense when earned by the employee. Fringe benefits are allocated to the appropriate program expense based on the percentage of program salaries to total salaries.

Functional Allocation of Expenses – The cost of providing the various programs and other activities has been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Deferred Revenue – The Organization recognizes revenues earned. Amounts received in advance of the period in which service is rendered are recorded as a liability under “deferred revenue”.

Reclassifications – Certain reclassifications have been made to the 2014 financial statements to conform to the current year presentation.

Summarized Comparative Information – The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization’s financial statements for the year ended June 30, 2014 from which the summarized information was derived.

3. Other Assets:

The Organization has a prepaid five year service contract for its RouteMatch software ending February 2016. The current portion of the service contract has been included in prepaid expenses and other current assets in the amount of \$3,200 and \$4,800 at June 30, 2015 and 2014, respectively. Other assets consist of the long-term portion of the service contract in the amount of \$0 and \$3,200 at June 30, 2015 and 2014, respectively.

4. Goodwill:

Goodwill represents the difference between net assets and the cost of the businesses acquired. No amortization of the goodwill has been calculated or expensed for the periods ended June 30, 2015 or 2014 but rather an evaluation for impairment of goodwill was performed. In accordance with ASC Topic 350, *Intangibles – Goodwill and Other*, the Organization determined that goodwill in the amount of \$92,584 was impaired at June 30, 2015 due to the discontinued operation of home health services.

The cost and accumulated amortization of goodwill of the discontinued operation is as follows at June 30:

	<u>2015</u>	<u>2014</u>

5. Investments:

The Organization has investments which consist of marketable securities and certificates of deposits which are stated at fair value. Investments are comprised of the following as of June 30:

	<u>2015</u>		<u>2014</u>	
	<u>COST</u>	<u>MARKET</u>	<u>COST</u>	<u>MARKET</u>
Investments:				
Cash and cash equivalents	\$ 16,231	\$ 16,231	\$ 33,769	\$ 33,769

Equity mutual funds	<u>161,896</u>	<u>167,493</u>	<u>136,586</u>	<u>154,936</u>
	<u>\$ 178,127</u>	<u>\$ 183,724</u>	<u>\$ 185,284</u>	<u>\$ 205,168</u>

The Organization periodically reviews its investment portfolio to determine if any investment is other-than-temporarily impaired due to changes in credit risk or other potential valuation concerns. Factors considered in determining whether a loss is other-than-temporarily include the length of time and extent of which fair value is less than the cost basis, the underlying collateral, agency ratings, future cash flows and the Organization's intent and ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value. The Organization's assessment that an investment is not other-than-temporarily impaired could change in the future due to new developments or change in any particular investment.

5. Investments (continued):

ASC Topic 820, *Fair Value Measurement and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Topic 820 also establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include listed equities held in the name of the Organization, and exclude listed equities and other securities held indirectly through commingled funds.

Level II – Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Judgment about inputs into the determination of fair value shall be developed based on the best information available in the circumstances.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level input that is significant to the fair value measurement. All of the Organization's investments are categorized as Level I.

6. Line of Credit:

The Organization has a \$15,000 line of credit with an interest rate of prime plus 2.5% (3.25% at June 30, 2015). The line of credit had an outstanding balance of \$0 at June 30, 2015 and 2014. The line of credit expires August 7, 2016.

EXPLANATION

The Department is requesting these Amendments be approved **retroactive** to June 1, 2016. The Department evaluated the Contractors' requests for rate increases and agreed to same in late March, 2016. While in the process of distributing contract amendments to the vendors, the Department was approached in early May 2016 with a request to redistribute funding for congregate and home delivered meals within and between Contractors. The Department agreed to these changes as well. Making these amendments effective retroactive to June 1, 2016 will allow the Contractors' access to already encumbered State Fiscal Year 2016 funds dedicated to these services.

Approval of these fourteen (14) amendments will allow the Contractors to be reimbursed for services at a rate structure that is better aligned with the Contractors' costs of providing these services. The attached Amendments increase the transportation per client per day rate from \$8.75 to \$9.32 and increase the per mile rate component for transportation and home delivered meals from .30 cents to .54 cents. It is projected that the increase in rates will support the additional costs of serving more rural clients and will ensure that clients are able to receive needed services such as transportation to appointments and essential shopping.

Approval of these amendments will also allow the Contractors to provide services where there is more client demand for meals through redistribution of funding within and between the Contractors. When these contracts were originally approved by the Governor and Executive Council on June 18, 2014 (Item #109) and amended on June 10, 2015 (Item #21), funding was based on the Contractors' point in time projections for clients' needs and demands for services. Since the recipients of these services are older adults and adults with physical disabilities, it is not uncommon for this population to experience changes over the course of time that would necessitate service delivery changes.

The Contractors will monitor transportation, meals and mileage usage along with expenses in order to ensure the services continue to be available through the end of the contract period. The Contractors will conduct client surveys on the quality of the services to ensure services are being delivered satisfactory or better. Additionally, Contractors will be collecting and reporting data on the number of clients served the number and types of meals provided, and the numbers of trips and types of transportation provided, in order for the Department to understand the gaps in service delivery and to be able to have more meaningful discussions about these important services.

Should the Governor and Executive Council not authorize these agreements, the Contractors may not be able to serve the all of the clients who need transportation and home delivered meals. The purpose of these nutrition and transportation contracts is to provide direct services to clients to support their health, independence and ability to remain in their homes and communities. Nutrition and transportation are two major services that support older adults and adults with disabilities who cannot meet their basic needs, for meals and transportation, without help. Services are provided to individuals who have very low incomes and are just above Medicaid eligibility who also demonstrate a need for the service. These services are targeted toward individuals who do not have any other resources available to support them in meeting these two basic needs.

These contractors were selected through a competitive bid process (See Attachment B).

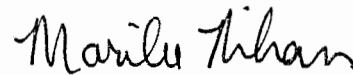

Geographic area to be served is specific per contract. See Summary of Services and Geographic Area (Attachment C).

Source of Funds for these contracts: 46% General Funds and 54% Federal Funds from:

Good Morning Attorney Yaple,

I am writing to ask that you review the attached amendment between the Department of Health and Human Services, Division Community Based Care Services, Bureau of Elderly and Adult Services and Community Alliance of Human Services, (Vendor #177312 - B002), 27 John Stark Highway, Newport, NH 03773. The vendor provides transportation services in Sullivan County. The Contractor requested a transfer of service units within the budget line for transportation services in order to better address client needs. The Department supports this transfer of SFY 2015 service units. The Governor and Executive Council approved the original agreement on June 18, 2014 (item # 109). There are no additional funds being requested in this amendment. 63% Federal, 37% General.

The following language is included in Exhibit B, paragraph 5 of the contract agreement:

5. Notwithstanding paragraph 18 of the P-37, an amendment limited to the terms of Exhibit B-1, B-2, and B-3 to transfer the amount of units from one service to another can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

I am asking that you review and sign off on this contract amendment as it does not need further action by the Governor and Executive Council.

The remainder of this letter is presented in the format typical of most Governor and Executive Council letters, so that you might have some context for your review. 63% Federal, 37% General.

EXPLANATION

This Agreement is retroactive to December 1, 2014. The Contractor will be reimbursed for mileage incurred since that time. Community Alliance of Human Services, has requested the transfer of units described above in order to realign the budget to provide transportation services for additional clients/days. The contractor originally anticipated higher usage of transportation miles. Accordingly, this transfer will better balance the transportation of clients and mileage service units accordingly for the state fiscal year.

This contract was awarded as the result of a competitive bid process. On November 22, 2013 the Department issued a Request for Proposal for Title XX and Title III Nutrition and Transportation services on the Department's website.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Directors
Easter Seals New Hampshire, Inc. and Subsidiaries

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Easter Seals New Hampshire, Inc. and Subsidiaries (Easter Seals NH), which comprise the consolidated statement of financial position as of August 31, 2015, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated December 10, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Easter Seals NH's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Easter Seals NH's internal control. Accordingly, we do not express an opinion on the effectiveness of Easter Seals NH's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Board of Directors
Easter Seals New Hampshire, Inc. and Subsidiaries

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Easter Seals NH's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE;
AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY OMB CIRCULAR A-133**

The Board of Directors
Easter Seals New Hampshire, Inc. and Subsidiaries

Report on Compliance for Each Major Federal Program

We have audited Easter Seals New Hampshire, Inc. and Subsidiaries' (Easter Seals NH) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Easter Seals NH's major federal programs for the year ended August 31, 2015. Easter Seals NH's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Easter Seals NH's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Easter Seals NH's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Easter Seals NH's compliance.

Opinion on Each Major Federal Program

In our opinion, Easter Seals NH complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2015.

Report on Internal Control Over Compliance

Management of Easter Seals NH is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Easter Seals NH's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Easter Seals NH's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the consolidated financial statements of Easter Seals NH as of and for the year ended August 31, 2015, and have issued our report thereon dated December 10, 2015, which contained an unmodified opinion on those consolidated financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Year Ended August 31, 2015

Finding 2014-1: Debarment, Title XX Adult Day Program

Federal Program Information:

U.S. Department of Health and Human Services: Passed through the New Hampshire Bureau of Elderly and Adult Services: Social Services Block Grant: Title XX Adult Day Program: CFDA #93.667

Criteria or Specific Requirement:

Review of Vendors

Condition:

Easter Seals NH does not actively monitor activity with its vendors to ensure no debarred or suspended vendors are used for services.

Questioned Costs:

None

Context:

Compliance testing

Effect:

Lack of oversight of vendors used.

Cause:

No policy or procedure has been implemented to monitor vendors for suspension or debarment.

Recommendation:

Easter Seals NH should implement a procedure for reviewing vendors for possible debarment or suspension.

Corrective Action Taken:

A policy and procedure was developed and immediately implemented requiring the Accounts Payable staff to look up new vendors on the SAM website before setting them up or making any payments to them. The contract staff is also required to check the status before establishing or renewing any contract. Staff will document that they are checking the website by dating and initialing whatever documentation they received that prompted the check. The Purchasing Director or her designee will review and confirm in writing that these checks have been performed. Accounts Payable/Purchasing staff will prioritize the vendor list and review all vendors Easter Seals NH does business with that have volume greater than \$25,000 to ensure none are on the Debarred/Suspended list, and will work with IT to develop a way to monitor the entire vendor file on a monthly or quarterly basis for changes in the status of established vendors, possibly subscribing to a third party service.

EXPLANATION

The Department is requesting these Amendments be approved **retroactive** to June 1, 2016. The Department evaluated the Contractors' requests for rate increases and agreed to same in late March, 2016. While in the process of distributing contract amendments to the vendors, the Department was approached in early May 2016 with a request to redistribute funding for congregate and home delivered meals within and between Contractors. The Department agreed to these changes as well. Making these amendments effective retroactive to June 1, 2016 will allow the Contractors' access to already encumbered State Fiscal Year 2016 funds dedicated to these services.

Approval of these fourteen (14) amendments will allow the Contractors to be reimbursed for services at a rate structure that is better aligned with the Contractors' costs of providing these services. The attached Amendments increase the transportation per client per day rate from \$8.75 to \$9.32 and increase the per mile rate component for transportation and home delivered meals from .30 cents to .54 cents. It is projected that the increase in rates will support the additional costs of serving more rural clients and will ensure that clients are able to receive needed services such as transportation to appointments and essential shopping.

Approval of these amendments will also allow the Contractors to provide services where there is more client demand for meals through redistribution of funding within and between the Contractors. When these contracts were originally approved by the Governor and Executive Council on June 18, 2014 (Item #109) and amended on June 10, 2015 (Item #21), funding was based on the Contractors' point in time projections for clients' needs and demands for services. Since the recipients of these services are older adults and adults with physical disabilities, it is not uncommon for this population to experience changes over the course of time that would necessitate service delivery changes.

The Contractors will monitor transportation, meals and mileage usage along with expenses in order to ensure the services continue to be available through the end of the contract period. The Contractors will conduct client surveys on the quality of the services to ensure services are being delivered satisfactory or better. Additionally, Contractors will be collecting and reporting data on the number of clients served the number and types of meals provided, and the numbers of trips and types of transportation provided, in order for the Department to understand the gaps in service delivery and to be able to have more meaningful discussions about these important services.

Should the Governor and Executive Council not authorize these agreements, the Contractors may not be able to serve the all of the clients who need transportation and home delivered meals. The purpose of these nutrition and transportation contracts is to provide direct services to clients to support their health, independence and ability to remain in their homes and communities. Nutrition and transportation are two major services that support older adults and adults with disabilities who cannot meet their basic needs, for meals and transportation, without help. Services are provided to individuals who have very low incomes and are just above Medicaid eligibility who also demonstrate a need for the service. These services are targeted toward individuals who do not have any other resources available to support them in meeting these two basic needs.

These contractors were selected through a competitive bid process (See Attachment B).

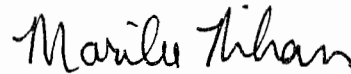

Geographic area to be served is specific per contract. See Summary of Services and Geographic Area (Attachment C).

Source of Funds for these contracts: 46% General Funds and 54% Federal Funds from:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Gibson Center for Senior Services, Inc. and Affiliate

We have audited the accompanying consolidated financial statements of the Gibson Center for Senior Services, Inc. (a nonprofit organization) and Affiliate, which comprise the consolidated statements of financial position as of June 30, 2015 and 2014, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Gibson Center for Senior Services, Inc. and Affiliate as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating financial statements are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the Years Ended June 30, 2015 and 2014**

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Purpose

The Gibson Center for Senior Services, Inc. (the Organization) was founded on October 1, 1979 and subsequently incorporated on November 15, 1988 as a non-profit organization. The Organization offers an evolving array of programs and services to both active and passive senior residents of Northern Carroll County New Hampshire. The Organization services the needs of senior residents through nutrition programs, transportation programs for the elderly and disabled, and social and educational programs, which are designed to enable them to stay actively involved in their communities.

Affiliate

In May 2005, the Organization established Silver Lake Senior Housing Corporation (the Affiliate), a non-profit organization, for the purpose of acquiring land and buildings located in Madison, New Hampshire. The Affiliate operates a senior residential facility. The operation of Silver Lake Landing began July 22, 2005.

Accounting Policies

The accounting policies of the Gibson Center for Senior Services, Inc. and Affiliate conform to accounting principles generally accepted in the United States of America as applicable to non-profit organizations except as indicated hereafter. All significant inter-company transactions and balances have been eliminated for the consolidated financial statement presentation. The following is a summary of significant accounting policies.

Basis of Presentation

The consolidated financial statements have been prepared in accordance with the reporting pronouncements pertaining to Not-for-Profit Entities included within the FASB Accounting Standards Codification (FASB ASC 958-205). Under FASB ASC 958-205, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets, based upon the existence or absence of donor-imposed restrictions.

Basis of Accounting

The consolidated financial statements have been prepared on the accrual basis of accounting.

Revenues from program services are recorded when earned. Other miscellaneous revenues are recorded upon receipt.

Contributions

The Organization accounts for contributions received in accordance with FASB ASC 958-605, *Accounting for Contributions Received and Contributions Made*. Contributions received are recorded as

GIBSON CENTER FOR SENIOR SERVICES, INC. AND AFFILIATE
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
For the Years Ended June 30, 2015 and 2014

unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions.

Recognition of Donor Restrictions

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Donated Services, Materials and Facilities

The Organization receives donated services from a variety of unpaid volunteers assisting with meal deliveries to the elderly and disabled, operations at the thrift shop, and other administrative tasks. No amounts have been recognized in the consolidated financial statements for these donated services because the accounting criteria for recognition of such volunteer efforts have not been satisfied.

Additionally, the Organization operates a thrift shop in which all items sold in the shop have been donated. The fair value of the donated goods is indeterminable until time of sale. Revenue recognized pertaining to the operation of the thrift shop for the years ended June 30, 2015 and 2014 was \$69,665 and \$67,797, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis. Accordingly, certain costs have been allocated on the statements of functional expenses among the programs and supporting services based on percentage allocations determined by the Organization's management.

Cash and Cash Equivalents

For the purpose of the statements of cash flows, cash and equivalents consists of demand deposits, cash on hand and all highly liquid investments with a maturity of 90 days or less.

Investments

Investments, which consist solely of certificates of deposit with a maturity of greater than ninety days from the date of issuance, are carried at their market value at June 30, 2015 and June 30, 2014. Interest income is reflected in the statements of activities.

At June 30, 2015 and 2014, the market value of investments consists of the following:

	<u>2015</u>	<u>2014</u>
Certificates of deposit	\$ 104,723	\$ 166,778

Contributions Receivable

Unconditional pledges are recorded as made. These amounts are recorded at the present value of the estimated fair value. Conditional pledges are recognized only when the conditions on which they depend are substantially met and the pledges become unconditional.

Inventory

Inventory consists of maintenance supplies on hand and is valued at the lower of cost (determined on the first-in, first-out method) or market. Food purchases are recorded as an expense in the period purchased. Food inventory, if any, at year end is not material to the consolidated financial statements.

Property and Equipment

Property and equipment are stated at cost. Donated property and equipment is recorded at fair value determined as of the date of the donation. The Organization's policy is to capitalize expenditures for major improvements and to charge to operations currently for expenditures which do not extend the lives of related assets in the period incurred. Depreciation is computed using the straight-line method at rates intended to amortize the cost of related assets over their estimated useful lives as follows:

	<u>Years</u>
Land improvements	5-39
Building and improvements	5-40
Equipment and vehicles	3-15
Furniture and fixtures	5-39

Accrued Earned Time

All full-time and part-time employees accrue earned time as they provide services. Earned time is accrued at a rate dependent upon length of service. Earned time may be accrued to a maximum of 26 days. Upon termination of employment, any accrued/unused earned time will be paid at current rates of pay, except for employees who have been employed for less than 90 days.

Bad Debts

The Organization uses the reserve method for accounting for bad debts. No allowance has been recorded as of June 30, 2015 and 2014, because management of the Organization believes that all outstanding receivables are fully collectible.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair Value of Financial Instruments

Cash and cash equivalents, accounts receivable, accounts payable and accrued expenses are carried in the consolidated financial statements at amounts which approximate fair value due to the inherently short-term nature of the transactions. The fair values determined for financial instruments are estimates, which for certain accounts may differ significantly from the amounts that could be realized upon immediate liquidation.

Income Taxes

The Organization and its Affiliate have both received determination letters from the Internal Revenue Service stating that they qualify for tax-exempt status under Section 501(c)(3) of the Internal Revenue Code for their exempt function income. In addition, the Organization and its Affiliate are not subject to state income taxes. Accordingly, no provision has been made for Federal or State income taxes.

The FASB adopted Accounting Standards Codification Topic 740 entitled *Accounting for Income Taxes* which requires the Organization and its Affiliate to report uncertain tax positions for financial reporting purposes. FASB ASC 740 prescribes rules regarding how the Organization and its Affiliate should recognize, measure and disclose in its financial statements, tax positions that were taken or will be taken on the Organization and its Affiliates tax returns that are reflected in measuring current or deferred income tax assets and liabilities. Differences between tax positions taken in a tax return and amounts recognized in the financial statements will generally result in an increase in a liability for income tax payable or a reduction in a deferred tax asset or an increase in a deferred tax liability. The Organization and its Affiliate do not have any material unrecognized tax benefits. As of June 30, 2015, the tax years ending June 30, 2014, 2013 and 2012 remain subject to possible examination by major tax jurisdictions.

During the years ended June 30, 2015 and 2014, the Organization had unrelated business income from advertising, copier fees, and room usage fees. No provision has been made in these consolidated financial statements for accrued unrelated business income taxes as the amount is not material.

NOTE 2--CONCENTRATION OF CREDIT RISK

The Organization and its Affiliate maintain bank deposits at a local financial institution located in New Hampshire. The Organization and its Affiliate's demand deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to a total of \$250,000. Certificates of deposit maintained by the Organization and its Affiliate are also insured by the FDIC up to a total of \$250,000. There were no balances in excess of federally insured limits for the Organization or its Affiliate at June 30, 2015 and 2014.

NOTE 3--INVESTMENTS

Fair Value Measurements

The Organization and its Affiliate report under the Fair Value Measurements pronouncements of the FASB Accounting Standards Codification (FASB ASC 820) which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted

**GIBSON CENTER FOR SENIOR SERVICES, INC. AND AFFILIATE
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
 For the Years Ended June 30, 2015 and 2014**

quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs to the valuation include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities that are not active;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs at the closing price reported on the active market on which the individual securities are traded.

Following is a description of the valuation methodologies used for assets measured at fair value.

Certificates of Deposit: Valued at acquisition cost which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Organization and its Affiliate's assets at fair value:

Assets at Fair Value as of June 30, 2015	
	<u>Level 1</u>
Certificates of Deposit	<u>\$ 104,723</u>

EXPLANATION

The Department is requesting these Amendments be approved **retroactive** to June 1, 2016. The Department evaluated the Contractors' requests for rate increases and agreed to same in late March, 2016. While in the process of distributing contract amendments to the vendors, the Department was approached in early May 2016 with a request to redistribute funding for congregate and home delivered meals within and between Contractors. The Department agreed to these changes as well. Making these amendments effective retroactive to June 1, 2016 will allow the Contractors' access to already encumbered State Fiscal Year 2016 funds dedicated to these services.

Approval of these fourteen (14) amendments will allow the Contractors to be reimbursed for services at a rate structure that is better aligned with the Contractors' costs of providing these services. The attached Amendments increase the transportation per client per day rate from \$8.75 to \$9.32 and increase the per mile rate component for transportation and home delivered meals from .30 cents to .54 cents. It is projected that the increase in rates will support the additional costs of serving more rural clients and will ensure that clients are able to receive needed services such as transportation to appointments and essential shopping.

Approval of these amendments will also allow the Contractors to provide services where there is more client demand for meals through redistribution of funding within and between the Contractors. When these contracts were originally approved by the Governor and Executive Council on June 18, 2014 (Item #109) and amended on June 10, 2015 (Item #21), funding was based on the Contractors' point in time projections for clients' needs and demands for services. Since the recipients of these services are older adults and adults with physical disabilities, it is not uncommon for this population to experience changes over the course of time that would necessitate service delivery changes.

The Contractors will monitor transportation, meals and mileage usage along with expenses in order to ensure the services continue to be available through the end of the contract period. The Contractors will conduct client surveys on the quality of the services to ensure services are being delivered satisfactory or better. Additionally, Contractors will be collecting and reporting data on the number of clients served the number and types of meals provided, and the numbers of trips and types of transportation provided, in order for the Department to understand the gaps in service delivery and to be able to have more meaningful discussions about these important services.

Should the Governor and Executive Council not authorize these agreements, the Contractors may not be able to serve the all of the clients who need transportation and home delivered meals. The purpose of these nutrition and transportation contracts is to provide direct services to clients to support their health, independence and ability to remain in their homes and communities. Nutrition and transportation are two major services that support older adults and adults with disabilities who cannot meet their basic needs, for meals and transportation, without help. Services are provided to individuals who have very low incomes and are just above Medicaid eligibility who also demonstrate a need for the service. These services are targeted toward individuals who do not have any other resources available to support them in meeting these two basic needs.

These contractors were selected through a competitive bid process (See Attachment B).

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Order of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (11)(b) of this certification; and
 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
 - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 - 13.2. where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

STATEMENT OF PURPOSE

The purpose of Grafton County Senior Citizens Council is to develop, strengthen and provide programs and services which support the health, dignity and independence of older adults and adults with disabilities living in our communities.

GCSCC assumes an advocacy and leadership position with respect to identifying the needs and concerns of older persons and individuals with disabilities and informing the public of such needs.

GCSCC supports the concept of community focal points on aging wherein individuals may obtain access to comprehensive, community based services, and participate in activities that enhance their dignity, support their independence and encourage their involvement in the community.

GCSCC provides specific programs, services and educational opportunities in a variety of settings according to the availability of resources, and will pursue its mission in the most cost effective manner and through collaboration with other organizations.

Programs and services are based upon the following values:

- Older adults and adults with disabilities are individuals and adults with ambitions, capabilities and creative capacities.
- Older adults and persons with disabilities are capable of continued growth and development.
- Older adults and adults with disabilities, like all people, have certain basic needs, including opportunities for relationships and to experience a sense of achievement.
- Older adults and adults with disabilities, like all people, need access to sources of information, help for personal and family problems and the opportunity to learn from individuals coping with similar experiences.
- Older adults and adults with disabilities have a right to make choices and to be part of decision-making processes regarding issues which affect their lives.
- GCSCC will create and maintain a climate of respect, trust and support, and will provide opportunities for all individuals to exercise their skills and develop their potential as experienced adults, within the context of the whole community to which they belong and to which they bring their wisdom, experience and insight.

Report on the Financial Statements

We have audited the accompanying financial statements Grafton County Senior Citizens Council, Inc. (a nonprofit organization), which comprise the statement of financial position as of September 30, 2015 and the related statement of activities and changes in net assets, statement of functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Grafton County Senior Citizens Council, Inc. as of September 30, 2015 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Grafton County Senior Citizens Council, Inc's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated February 3, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 14, 2016, on our consideration of Grafton County Senior Citizens Council, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Grafton County Senior Citizens Council, Inc.'s internal control over financial reporting and compliance.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2015 and 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Grafton County Senior Citizens Council, Inc. (hereinafter referred to as the "Organization" or the "Council") have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to not-for-profits. The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for establishing accounting and financial reporting principles for not-for-profits. The more significant of the FASB's generally accepted accounting principles applicable to the Council, and the Council's conformity with such principles, are described below. These disclosures are an integral part of the Council's financial statements.

A. NATURE OF ACTIVITIES, PURPOSE AND CONCENTRATIONS

The Grafton County Senior Citizens Council, Inc. is a "not-for-profit" organization, which provides community-based services to older individuals in Grafton County, New Hampshire. These services include transportation, nutrition, and physical and social activities. The Council's program support is derived primarily from federally funded fee for service contracts and grants through the State of New Hampshire, and is supplemented by participant program related contributions. The Council also receives mission critical program support from area towns, agencies, United Way and Grafton County. The Council also allows the area Senior Centers to generate program support for activities specific to the area centers.

B. PROMISE TO GIVE

The Organization has adopted FASB ASC 958-605-20, "Accounting for Contributions Received and Contributions Made." In accordance with FASB ASC 958-605-20, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. Time-restricted contributions are required to be reported as temporarily restricted support and are then reclassified to unrestricted net assets upon expiration of time restriction. Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. The organization uses the allowance method for recognition of uncollectable amounts. There were no uncollectable amounts at September 30, 2015 and 2014, respectively.

C. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures. Accordingly, actual results could differ from those estimates.

D. BASIS OF ACCOUNTING

The financial statements of the Organization have been prepared in the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. Consequently, revenues are recognized when earned and expenses are recognized when incurred.

E. FINANCIAL STATEMENT PRESENTATION

The Council is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Council is required to present a statement of cash flows. The Council additionally maintains a classification of land, building and equipment within its unrestricted net asset statements of activity, which is combined into total unrestricted net assets.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.
NOTES TO FINANCIAL STATEMENTS
Years Ended September 30, 2015 and 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. IN-KIND CONTRIBUTIONS

Contributed Services

The Council receives donated services from a substantial number of unpaid volunteers who have made significant contributions of their time to the general operations of the Council. No amounts have been recognized in the accompanying statement of activities because the criterion for recognition of such volunteer effort is that services must be specialized skills, which would be purchased if not donated. Service contributed for the year ended September 30, 2015 and 2014 amounted to 63,072 and 55,870 hours, respectively and are valued at \$7.25 per hour for a total of \$457,272 and \$405,058, respectively.

Contributed goods

The Council receives donated goods throughout the year. Contributed goods can include food supplies and equipment. For financial reporting purposes the items contributed have been recorded at their fair market value at the date of the contribution. Any equipment contributed is capitalized and depreciated over its estimated useful life.

For the year ended September 30, 2015 contributed food, supplies, and fixed assets were \$319,423, \$6,842 and \$165,678, respectively. For the year ended September 30, 2014 contributed food, supplies, and fixed assets were \$253,780, \$7,391 and \$1, respectively.

G. INCOME TAXES

The exempt status of the Council is based upon the terms of an original Internal Revenue Service determination letter, dated July 1972, in which the Council maintained that it is an organization that operates exclusively for religious, charitable and educational purposes (as more fully defined in Internal Revenue Code Section 501(c)(3). The Council has maintained that it is not a "private foundation" under Section 509(a)(2). The Council is required to file annual information returns for tax-exempt organizations with the Internal Revenue Service as well as the Department of Charitable Trusts of the New Hampshire Attorney General's Office. The council qualifies for the charitable contribution deduction under Section 170(b)(1)(A).

H. INVESTMENTS

The Council has adopted FASB ASC 958-320, "Accounting for Certain Investments Held by Not-for-Profit Organizations." Under FASB ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increase in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

I. CASH, CASH EQUIVALENTS AND INVESTMENTS

For purposes of the Statements of Cash Flows, the Council considers all highly liquid investments (short-term investments such as certificates of deposits and money market accounts) with an initial maturity of three months or less to be cash equivalents. There were no cash equivalents as of September 30, 2015 and 2014.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. ACCOUNTS RECEIVABLE

Accounts receivable are comprised of amounts due from customers for services provided. The Council considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts has been established. If accounts become uncollectible, they will be charged to operations when that determination is made. Collections on accounts previously written off are included in revenue as received.

K. GRANTS RECEIVABLE

The grants receivable consist of amounts to be received by the Council from Federal and State governments. The amounts to be received include receivables for program services already rendered under contract agreements with the government. No allowance for doubtful accounts has been established for accounts receivable.

L. LAND, BUILDINGS, AND EQUIPMENT

Land, buildings and equipment are recorded at cost at the date of acquisition or fair market value at the date of the gift. The Council's policy is to capitalize all land, buildings and equipment in excess of \$1,000 (lesser individual item amounts are generally expensed) and to depreciate these assets using the straight-line method of depreciation over their estimated useful lives as follows:

	<u>Years</u>
Buildings and improvements	7-50
Equipment	5-20
Vehicles	5-7

Depreciation expense recorded by the Council for the years ended September 30, 2015 and 2014 was \$144,325 and \$159,101, respectively.

M. ALLOWANCE FOR DOUBTFUL ACCOUNTS

The Council provides, when necessary, for an allowance for doubtful accounts when accounts or pledges receivable are not deemed fully collectible. At September 30, 2015 and 2014, there was no allowance for doubtful accounts.

N. INVENTORY

Inventory is stated at the lower of cost (specific identification method) or market and is comprised of food items.

2. SUBSEQUENT EVENT

The Organization's management has evaluated subsequent events through January 14, 2016, which is the date the financial statements were available to be issued. It has been determined that no subsequent events matching this criterion occurred during this period.

3. FUNCTIONAL EXPENSES

Expenses by function have been allocated between program and supporting services classifications on the basis of time records, units of service and estimates made by the Council's management.

4. INVESTMENTS AND INVESTMENTS, ENDOWMENT

The Council maintains individual and pooled investments containing both restricted and unrestricted funds. Investment income, gains, losses, and management fees of any pool are allocated to activities based on each activity's pro-rata share (on dollar and time basis) in the pool. Investments in marketable equity securities and marketable debt securities are carried at fair market value determined by "quoted market prices" per unit (share) as of the balance sheet date. All other investments are stated at cost. Donated investments are recorded at the "fair market value" as of the date of receipt. Investment income, realized and unrealized gains, losses, dividends and interest unrestricted activities are recorded as operating activities. Investment interest and dividend income on restricted activities is added to, or deducted from, the appropriate activity.

All investments are unrestricted, board designated. Investments were comprised of the following:

FASB Accounting Standards Codification Topic 820-10 *Fair Value Measurements* defines fair value, requires expanded disclosures about fair value measurements, and establishes a three-level hierarchy for fair value measurements based on the observable inputs to the valuation of an asset or liability at the measurement date. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It prioritizes the inputs to the valuation techniques used to measure fair value by giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurement).

Under Topic 820-10, the three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included in Level 1 that are either directly or indirectly observable for the assets or liabilities.

Level 3 inputs are unobservable inputs for the assets or liabilities.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

All investments are measured at Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets. None of the investments are Level 2 or Level 3 investments.

Endowment Funds and Net Assets

In August 2008, the Financial Accounting Standards Board issued FASB Accounting Standards Codification Topic 958-205 "Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds" (FASB ASC Topic 958-205).

Topic 958-205 provides guidance on the net asset classification of donor-restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA). Topic 958-205 also requires additional disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

The State of New Hampshire enacted UPMIFA effective July 1, 2008, the provisions of which apply to endowment funds existing on or established after that date. The Organization has adopted Topic 958-205. The Organization's endowment consists of donated common stocks and purchased mutual funds established for a variety of purposes that support the Organization's mission. Its endowment includes both donor-restricted and funds designated by the Board of Directors to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the various funds
- 2) The purposes of the donor-restricted endowment funds
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and the appreciation of investments
- 6) Other resources of the Organization
- 7) The investment policies of the Organization

Investment Return Objectives, Risk Parameters and Strategies

The Endowment Fund was established to provide a source of continued support for the service provided by the Council. The finance committee has the authority to invest in mutual funds, cash or cash equivalents or Electronically Traded Funds (ETF) in proportions at their discretion. The Endowment Fund is invested with a recommended mix of approximately 50% equities, 40% fixed income and 10% cash and cash equivalents.

Spending Policy

The spending policy is to take distributions of annual amounts of 5% of the trailing eight quarter average value of the fund assets. However, 83% of the balance of the fund may be spent if authorized by a majority vote of the Board of Directors. The remainder of the fund is made up of permanently restricted funds. These permanently restricted funds allow for the earnings to be released for spending each year.

The composition of endowment net assets and the changes in endowment net assets as of September 30, 2015 and 2014 are as follows:

Category 2 Deposits that are insured and collateralized by securities that are held by the pledging institution's trust department (or agent) in the Council's name.

8. CONTINGENT LIABILITIES

Grants often require the fulfillment of certain conditions as set forth in the instrument of the grant. Failure to fulfill the conditions could result in the return of the funds to the grantors. Although the return of the funds is a possibility, the Board of Directors deems the contingency unlikely, since by accepting the grants and their terms, it has made a commitment to fulfill the provisions of the grant.

12. TAX EXEMPT STATUS

The Organization is a public charity exempt from Federal income tax under Section 501 (c) (3) of the Internal Revenue Code. The Organization does not believe it has done anything during the past year that would jeopardize its tax exempt status at either the state or Federal level. The Organization reports its activities to the IRS in an annual information return. These filings are subject to review by the taxing authorities and the federal income tax returns for 2014, 2013, and 2012 are subject to examination by the IRS, generally for three years after they were filed.

In accordance with FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, the Organization is under the opinion that there are no unsustainable positions that have been taken in regards to federal or state income tax reporting requirements. Accordingly, management is not aware of any unrecognized tax benefits or liabilities that should be recognized in the accompanying statements.

13. COMPENSATED ABSENCES

Employees of the Organization are entitled to paid vacation depending on job classification, length of service, and other factors. 14. COMMUNITY DEVELOPMENT INVESTMENT TAX CREDIT PROGRAM CONTRACT

The Organization entered into a community development investment tax credit program contract with the Community Development Finance Authority (CDFA). The contract is for a revitalization project that began in July 2014 and will end in July 2019. The contract was awarded to the Organization to provide funding toward senior citizen facility improvements at six of the Organization's sites. The total funds awarded for the project, net of a 20% program fee to CDFFA are \$414,874.

CDFFA is funding the award by providing NH tax credits to third-party donors. Donors who contribute to this project receive NH tax credits for future use. CDFFA holds the funds on behalf of the Organization.

CDFFA is making this grant contingent on the project's ability to obtain firm commitments in the amounts necessary to complete the project and will not release any tax credit funds held by CDFFA until firm commitments are documented and provided to CDFFA from the sources, or from acceptable substitute sources. All tax credit funds must be raised by Grafton County Senior Citizens Council, Inc. prior to release of funds to ensure project completion. Because of the contingent nature of this project, no amount has been included in the financial statements.

As of September 30, 2015 the Organization had met the first fundraising goal of \$187,500 of which \$150,000 of those funds are available for use when all contingent circumstances are met. The organization continues to raise funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Grafton County Senior Citizens Council, Inc.
Lebanon, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Grafton County Senior Citizens Council, Inc. (a nonprofit organization), which comprise the statement of financial position as of September 30, 2015, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 14, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Grafton County Senior Citizens Council, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Grafton County Senior Citizens Council, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Grafton County Senior Citizens Council, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Grafton County Senior Citizens Council, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors
Grafton County Senior Citizens Council, Inc.
Lebanon, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Grafton County Senior Citizens Council, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Grafton County Senior Citizens Council, Inc.'s major federal programs for the year ended September 30, 2015. Grafton County Senior Citizens Council, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Grafton County Senior Citizens Council, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Grafton County Senior Citizens Council, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Grafton County Senior Citizens Council, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Grafton County Senior Citizens Council, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

Report on Internal Control over Compliance

Management of Grafton County Senior Citizens Council, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Grafton County Senior Citizens Council, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Grafton County Senior Citizens Council, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

EXPLANATION

The Department is requesting these Amendments be approved **retroactive** to June 1, 2016. The Department evaluated the Contractors' requests for rate increases and agreed to same in late March, 2016. While in the process of distributing contract amendments to the vendors, the Department was approached in early May 2016 with a request to redistribute funding for congregate and home delivered meals within and between Contractors. The Department agreed to these changes as well. Making these amendments effective retroactive to June 1, 2016 will allow the Contractors' access to already encumbered State Fiscal Year 2016 funds dedicated to these services.

Approval of these fourteen (14) amendments will allow the Contractors to be reimbursed for services at a rate structure that is better aligned with the Contractors' costs of providing these services. The attached Amendments increase the transportation per client per day rate from \$8.75 to \$9.32 and increase the per mile rate component for transportation and home delivered meals from .30 cents to .54 cents. It is projected that the increase in rates will support the additional costs of serving more rural clients and will ensure that clients are able to receive needed services such as transportation to appointments and essential shopping.

Approval of these amendments will also allow the Contractors to provide services where there is more client demand for meals through redistribution of funding within and between the Contractors. When these contracts were originally approved by the Governor and Executive Council on June 18, 2014 (Item #109) and amended on June 10, 2015 (Item #21), funding was based on the Contractors' point in time projections for clients' needs and demands for services. Since the recipients of these services are older adults and adults with physical disabilities, it is not uncommon for this population to experience changes over the course of time that would necessitate service delivery changes.

The Contractors will monitor transportation, meals and mileage usage along with expenses in order to ensure the services continue to be available through the end of the contract period. The Contractors will conduct client surveys on the quality of the services to ensure services are being delivered satisfactory or better. Additionally, Contractors will be collecting and reporting data on the number of clients served the number and types of meals provided, and the numbers of trips and types of transportation provided, in order for the Department to understand the gaps in service delivery and to be able to have more meaningful discussions about these important services.

Should the Governor and Executive Council not authorize these agreements, the Contractors may not be able to serve the all of the clients who need transportation and home delivered meals. The purpose of these nutrition and transportation contracts is to provide direct services to clients to support their health, independence and ability to remain in their homes and communities. Nutrition and transportation are two major services that support older adults and adults with disabilities who cannot meet their basic needs, for meals and transportation, without help. Services are provided to individuals who have very low incomes and are just above Medicaid eligibility who also demonstrate a need for the service. These services are targeted toward individuals who do not have any other resources available to support them in meeting these two basic needs.

These contractors were selected through a competitive bid process (See Attachment B).

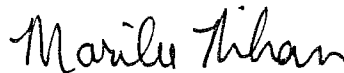

Geographic area to be served is specific per contract. See Summary of Services and Geographic Area (Attachment C).

Source of Funds for these contracts: 46% General Funds and 54% Federal Funds from:

17. **Limited English Proficiency (LEP):** As clarified by Executive Order 13166, Improving Access to Services for persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with the Omnibus Crime Control and Safe Streets Act of 1968 and Title VI of the Civil Rights Act of 1964, Contractors must take reasonable steps to ensure that LEP persons have meaningful access to its programs.

18. **Pilot Program for Enhancement of Contractor Employee Whistleblower Protections:** The following shall apply to all contracts that exceed the Simplified Acquisition Threshold as defined in 48 CFR 2.101 (currently, \$150,000)

19. **Subcontractors:** DHHS recognizes that the Contractor may choose to use subcontractors with greater expertise to perform certain health care services or functions for efficiency or convenience, but the Contractor shall retain the responsibility and accountability for the function(s). Prior to subcontracting, the Contractor shall evaluate the subcontractor's ability to perform the delegated function(s). This is accomplished through a written agreement that specifies activities and reporting responsibilities of the subcontractor and provides for revoking the delegation or imposing sanctions if the subcontractor's performance is not adequate. Subcontractors are subject to the same contractual conditions as the Contractor and the Contractor is responsible to ensure subcontractor compliance with those conditions.

When the Contractor delegates a function to a subcontractor, the Contractor shall do the following:

- 19.1. Evaluate the prospective subcontractor's ability to perform the activities, before delegating the function
- 19.2. Have a written agreement with the subcontractor that specifies activities and reporting responsibilities and how sanctions/revocation will be managed if the subcontractor's performance is not adequate
- 19.3. Monitor the subcontractor's performance on an ongoing basis

New Hampshire Department of Health and Human Services
Exhibit C

- 19.4. Provide to DHHS an annual schedule identifying all subcontractors, delegated functions and responsibilities, and when the subcontractor's performance will be reviewed

If the Contractor identifies deficiencies or areas for improvement are identified, the Contractor shall take corrective action.

Dear Attorney Yaple,

Please review the attached amendment between the Department of Health and Human Services, Division Community Based Care Services, Bureau of Elderly and Adult Services and Grafton County Senior Citizens Council, Inc., (Vendor #177675), 10 Campbell Street, Lebanon, NH 03766. The vendor provides nutrition and transportation services in Grafton County. The Contractor requested a transfer of funds between the respective budget lines for home delivered meals and transportation services in order to better address client needs. The Department supports this transfer of SFY 2015 funds. The Governor and Executive Council approved the original agreement on June 18, 2014 (item # 109). There are no additional funds being requested in this amendment. 60% Federal and 40% General Funds.

The following language is included in Exhibit B, paragraph 5 of the contract agreement:

5. Notwithstanding paragraph 18 of the P-37, an amendment limited to the terms of Exhibit B-1, B-2, and B-3 to transfer the amount of units from one service to another can be made by written agreement of both parties and may be made without obtaining approval of Governor and Executive Council.

I am asking that you review and sign off on this contract amendment as it does not need further action by the Governor and Executive Council.

The remainder of this letter is presented in the format typical of most Governor and Executive Council letters, so that you might have some context for your review.

EXPLANATION

Grafton County Senior Citizens Council Inc. has requested the transfer of funds described above in order to realign the budget to provide additional funding for home delivered meals and mileage for the transportation of clients. The contractor originally anticipated a lower usage of meals and transportation miles, and expects the transfer will provide enough meals and transportation to support the overall client usage for the remainder of the state fiscal year.

This contract was awarded as the result of a competitive bid process. On November 22, 2013 the Department issued a Request for Proposal for Title XX and Title III Nutrition and Transportation services on the Department's website.

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.). The January 31, 1989 regulations were amended and published as Part II of the May 25, 1990 Federal Register (pages 21681-21691), and require certification by grantees (and by inference, sub-grantees and sub-contractors), prior to award, that they will maintain a drug-free workplace.  - 1.4.1. Abide by the terms of the statement; and

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

New Hampshire Department of Health and Human Services
Exhibit F

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l)(b) of this certification; and
 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
 - 13.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc.

We have audited the accompanying consolidated financial statements of Lamprey Health Care, Inc. and Friends of Lamprey Health Care, Inc., which comprise the consolidated balance sheet as of September 30, 2015, and the related consolidated statements of operations, changes in net assets, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Consolidated Financial Statements

September 30, 2015 and 2014

Organization

Lamprey Health Care, Inc. (LHC or Organization) is a non-stock, non-profit corporation organized in the State of New Hampshire. The Organization is a Federally Qualified Health Center (FQHC) whose primary purpose is to provide quality based family health and medical services to residents of Southern New Hampshire without regard to the patient's ability to pay for these services.

Subsidiary

Friends of Lamprey Health Care, Inc. (FLHC) is a non-stock, non-profit corporation organized in New Hampshire. FLHC's primary purpose is to support LHC. FLHC is also the property owner of LHC's Newmarket administrative and program offices. LHC is the sole member of FLHC.

1. Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of LHC and its subsidiary, FLHC. These agencies are collectively referred to as the Organization. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

Both LHC and FLHC are public charities under Section 501(c)(3) of the Internal Revenue Code. As public charities, the entities are exempt from state and federal income taxes on income earned in accordance with its tax exempt purpose. Unrelated business income is subject to state and federal income tax. Management has evaluated the Organization's tax positions and concluded that the Organization has no unrelated business income or uncertain tax positions that require adjustment to the consolidated financial statements.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and petty cash funds.

LAMPREY HEALTH CARE, INC. AND FRIENDS OF LAMPREY HEALTH CARE, INC.

Notes to Consolidated Financial Statements

September 30, 2015 and 2014

Allowance for Uncollectible Accounts

Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Patient accounts receivable are reduced by an allowance for uncollectible accounts. In evaluating the collectability of patient accounts receivable, the Organization analyzes its past history and identifies trends for all funding sources in the aggregate. In addition, balances in excess of one year are 100% reserved. Management regularly reviews data about revenue and payor mix in evaluating the sufficiency of the allowance for uncollectible accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts. The Organization has not changed its methodology for estimating the allowance for doubtful accounts during 2015 or 2014.

A reconciliation of the allowance for uncollectible accounts follows:

	<u>2015</u>	<u>2014</u>
Balance, beginning of year	\$ 231,834	\$ 136,707
Provision	476,517	495,147
Write-offs	<u>(388,636)</u>	<u>(400,020)</u>
Balance, end of year	<u>\$ 319,715</u>	<u>\$ 231,834</u>

The increase in the allowance in 2015 is primarily the result of an increase in accounts receivable balances.

Governmental and Private Grants

Grants are provided to support specific programs and are subject to various budgetary restrictions. The difference between the full grant award and the amount received to date is recognized as a receivable. The difference between the full grant award and the amount earned to date is reported as deferred revenue.

Assets Limited as To Use

Assets limited as to use include assets set aside under loan agreements for repairs and maintenance on the real property collateralizing the loan, assets designated by the board of directors and donor restricted contributions.

Property and Equipment

Property and equipment acquisitions are recorded at cost less accumulated depreciation. Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line method.

LAMPREY HEALTH CARE, INC. AND FRIENDS OF LAMPREY HEALTH CARE, INC.

Notes to Consolidated Financial Statements

September 30, 2015 and 2014

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted net assets, and excluded from the excess of revenues over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted net assets. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets include contribution and grants for which donor-imposed restrictions have not been met. Assets are released from restrictions as expenditures are made in line with restrictions called for under the terms of the donor. Restricted grants received prior to 2000 and restricted for capital acquisition are released from restriction over the life of the related acquired assets, matching depreciation expense, and are reported as an increase in unrestricted net assets.

Permanently restricted net assets have been restricted by donors to be maintained by the Organization in perpetuity. There were no permanently restricted net assets at September 30, 2015 or 2014.

Patient Service Revenue

Patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

340B Drug Pricing Program

The Organization, as an FQHC, is eligible to participate in the 340B Drug Pricing Program. The program requires drug manufacturers to provide outpatient drugs to FQHC's and other identified entities at a reduced price. The Organization contracts with local pharmacies under this program. The local pharmacies dispense drugs to eligible patients of the Organization and bill Medicare and commercial insurances on behalf of the Organization. Reimbursement received by the pharmacies is remitted to the Organization, less dispensing and administrative fees. Gross revenue generated from the program is included in patient service revenue. The cost of drug replenishments and contracted expenses incurred related to the program are included in other operating expenses.

LAMPREY HEALTH CARE, INC. AND FRIENDS OF LAMPREY HEALTH CARE, INC.

Notes to Consolidated Financial Statements

September 30, 2015 and 2014

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Organization does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received and the conditions are met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of operations as "net assets released from restrictions." Donor-restricted contributions whose restrictions are met in the same year as received are reflected as unrestricted contributions in the accompanying consolidated financial statements.

Functional Expenses

The Organization provides various services to residents within its geographic location. Expenses related to providing these services follows:

	<u>2015</u>	<u>2014</u>
Program services	\$10,555,584	\$10,338,279
Administrative and general	<u>2,043,218</u>	<u>1,724,278</u>
Total	<u>\$12,598,802</u>	<u>\$12,062,557</u>

Excess of Revenue over Expenses

The consolidated statements of operations reflect the excess of revenues over expenses. Changes in unrestricted net assets which are excluded from the excess of revenues over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which, by donor restriction, were to be used for the purposes of acquiring such assets) and changes in fair value of an interest rate swap.

Subsequent Events

For purposes of the preparation of these financial statements, management has considered transactions or events occurring through December 16, 2015, the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

In 2011 the Organization made renovations to certain buildings with Federal grant funding under the ARRA – Facility Improvement Program. In accordance with the grant agreement, a Notice of Federal Interest (NFI) is required to be filed in the appropriate official records of the jurisdiction in which the property is located. The NFI is designed to notify any prospective buyer or creditor that the Federal Government has a financial interest in the real property acquired under the aforementioned grant; that the property may not be used for any purpose inconsistent with that authorized by the grant program statute and applicable regulations; that the property may not be mortgaged or otherwise used as collateral without the written permission of the Associate Administrator of the Office of Federal Assistance Management, Health Resources and Services Administration (OFAM, HRSA); and that the property may not be sold or transferred to another party without the written permission of the Associate Administrator of OFAM and HRSA.

Notes to Consolidated Financial Statements

September 30, 2015 and 2014

During 2012, the Organization obtained a \$1,000,000 promissory note with TD Bank, N.A., to finance the construction of the medical facility in Nashua, New Hampshire. The note is collateralized by the real estate. Payments of interest only at 4.25% were due on the note during the construction phase of the note through January 2013, at which time the note converted to a ten year balloon note to be paid at the amortization rate of 30 years with monthly principal payments of \$1,345 plus interest at 85% of the one month LIBOR rate plus 2.125% through January 2022 when the balloon payment is due. During 2012, the Organization obtained an interest rate swap agreement for the ten year period that limits the potential rate fluctuation and essentially fixes the rate at 4.13%. The fair market value of the interest rate swap agreement was a liability of \$37,711 and \$6,405 at September 30, 2015 and 2014, respectively.

New Hampshire Health and Educational Facilities Authority (NHHEFA) is participating in the lending for thirty percent of the promissory note, amounting to \$300,000 through May 16, 2016. Under the NHHEFA program, the interest rate on that portion is not subject to the swap agreement and is a variable rate based on 50% of the interest rate charged by the local banking institution, which is 85% of the one month LIBOR rate plus 2.125%.

The Organization is required to meet certain administrative and financial covenants under various loan agreements included above. The Organization is in compliance with all loan covenants at September 30, 2015.

Maturities of long-term debt for the next five years are as follows:

2016	\$	85,947
2017		89,806
2018		93,846
2019		98,082
2020		102,523

The Organization has agreements with the Centers for Medicare and Medicaid Services (Medicare) and New Hampshire Medicaid. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Management believes that the Organization is in compliance with all laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation, as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in patient service revenue in the year that such amounts become known.

A summary of the payment arrangements with major third-party payers follows:

Medicare

Effective October 1, 2014, the Organization began to be reimbursed for the care of qualified patients on a prospective basis, with retroactive settlements related to vaccine costs only. The prospective payment is based on a geographically adjusted rate determined by Federal guidelines. Prior to October 1, 2014, the Organization was reimbursed at specified interim contractual rates during the year. Differences between the Medicare interim contractual rate and the cost of care as defined by the Principles of Reimbursement governing the program were determined and settled on a retrospective basis. Overall, reimbursement was and continues to be subject to a maximum allowable rate per visit. The Organization's Medicare cost reports have been audited by the Medicare administrative contractor through September 30, 2013.

Other Payers

The Organization also has entered into payment agreements with Medicaid and certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Organization under these agreements includes prospectively determined rates per visit, discounts from established charges and capitated arrangements for primary care services on a per member, per month basis.

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. The Organization estimates the costs associated with providing charity care by calculating the ratio of total cost to total charges, and then multiplying that ratio by the gross uncompensated charges associated with providing care to patients eligible for free care. The estimated cost of providing services to patients under the Organization charity care policy amounted to approximately \$917,100 and \$1,484,937 for the years ended September 30, 2015 and 2014, respectively.

The Organization is able to provide these services with a component of funds received through local community support and federal and state grants. Local community support consists of contributions and United Way and municipal appropriations.

8. Retirement Plan

The Organization has a defined contribution plan under Internal Revenue Code Section 403(b). The Organization contributed \$331,006 and \$344,393 for the years ended September 30, 2015 and 2014, respectively.

9. Concentration of Risk

The Organization has cash deposits in major financial institutions which exceed federal depository insurance limits. The financial institutions have a strong credit rating and management believes the credit risk related to these deposits is minimal.

The Organization grants credit without collateral to its patients, most of who are local residents and are insured under third-party payer agreements. At September 30, 2015 and 2014, Medicaid represented 34% and 29%, respectively, and Medicare represented 17% and 15%, respectively, of gross accounts receivable. No other individual payer source exceeded 10% of the gross accounts receivable balance.

10. Commitments and Contingencies

Medical Malpractice Insurance

The Organization is protected from medical malpractice risk as an FQHC under the Federal Tort Claims Act (FTCA). The Organization has additional medical malpractice insurance, on a claims-made basis, for coverage outside the scope of the protection of the FTCA. As of the year ended September 30, 2015, there were no known malpractice claims outstanding which in the opinion of management, will be settled for amounts in excess of both FTCA and medical malpractice insurance coverage; nor are there any unasserted claims or incidents which require loss accrual. The Organization intends to renew medical malpractice insurance coverage on a claims-made basis and anticipates that such coverage will be available.
