CHRISTOPHER D. CLEMENT, SR.
COMMISSIONER

JEFF BRILLHART, P.E.
ASSISTANT COMMISSIONER

Bureau of Construction
October 23, 2014

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Pike Industries, Inc. (Vendor 177300) of Belmont, NH on the basis of a low bid of \$1,594,211.75 for 8 miles of pavement rehabilitation on NH 12 between Charlestown and Claremont and the Green Mountain Railroad crossing near the intersection of Bridge Street in Walpole, from the date of Governor and Council approval through August 28, 2015 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available as follows:	<u>FY 2015</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$1,594,211.75

2. Further authorize that a contingency in the amount of \$159,421.18 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2015</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$159,421.18

EXPLANATION

These projects are part of the annual Federal Resurfacing Program. This contract includes two projects. The main work involves a 1 1/2" pavement inlay of the travel way area along approximately 8 miles of NH 12 located in Charlestown and Claremont. The road is in fair to poor condition containing thermal cracks, longitudinal wheel path cracking, and potholes. The District IV limits (Charlestown) have been previously crack sealed and the District II section (Claremont) has not been crack sealed, is in worse condition, and has been previously grader shimmed. This work will preserve and extend the pavement service life. Also included in the contract is the Walpole rail crossing project to improve the safety and serviceability of the existing rail crossing. The pavement at the railroad crossing is in poor condition containing thermal and block cracking.

Page 2

The contingency amount is proposed to be 10% of the contract amount. Although this is a one year duration contract, with fixed limits, the bulk of work is being constructed in the spring of 2015, during a time of possible rising and falling petroleum prices. Adjusting limits to offset quantity overruns is not practical.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and that the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Christopher D. Clement, Sr.
Commissioner

CDC/md

Department Estimate: \$1,803,409.75
Contract Amount: \$1,594,211.75
Under Estimate: \$ 209,198.00

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION OF WORK: This Contract includes two projects on NH 12 in the Town Charlestown to Claremont (28933) and Walpole (28833). The projects were initiated and developed separately, but will be advertised as one Contract.

The 28933 project consists of 8 miles of pavement rehabilitation and begins at a pavement joint located 200 feet north of Bridge Street in Charlestown on NH 12 and continues north to the intersection of Grissom Lane/Piper Hill Road in the Town of Claremont (Urban Compact). Also included in the 28933 is crushed gravel for shoulder leveling. There is no anticipated bridge, guardrail, or drainage work involved on this project.

The 28833 project includes roadway approach work for the reconstruction of the Green Mountain Railroad crossing near the intersection of Bridge Street and NH 12. A force account under the 28833 project will reconstruct the RR crossing and protective devices.

FEDERAL FUNDING: Construction funding for contract 28933 is 80% Federal Resurfacing Program with Turnpike Toll Credits used as the State's 20% match. Contract 28833 has 100% Federal Funding for the Signal Force Account work and the remainder of the project has 90% Federal Funding with Turnpike Toll Credits used as the State's 10% match.

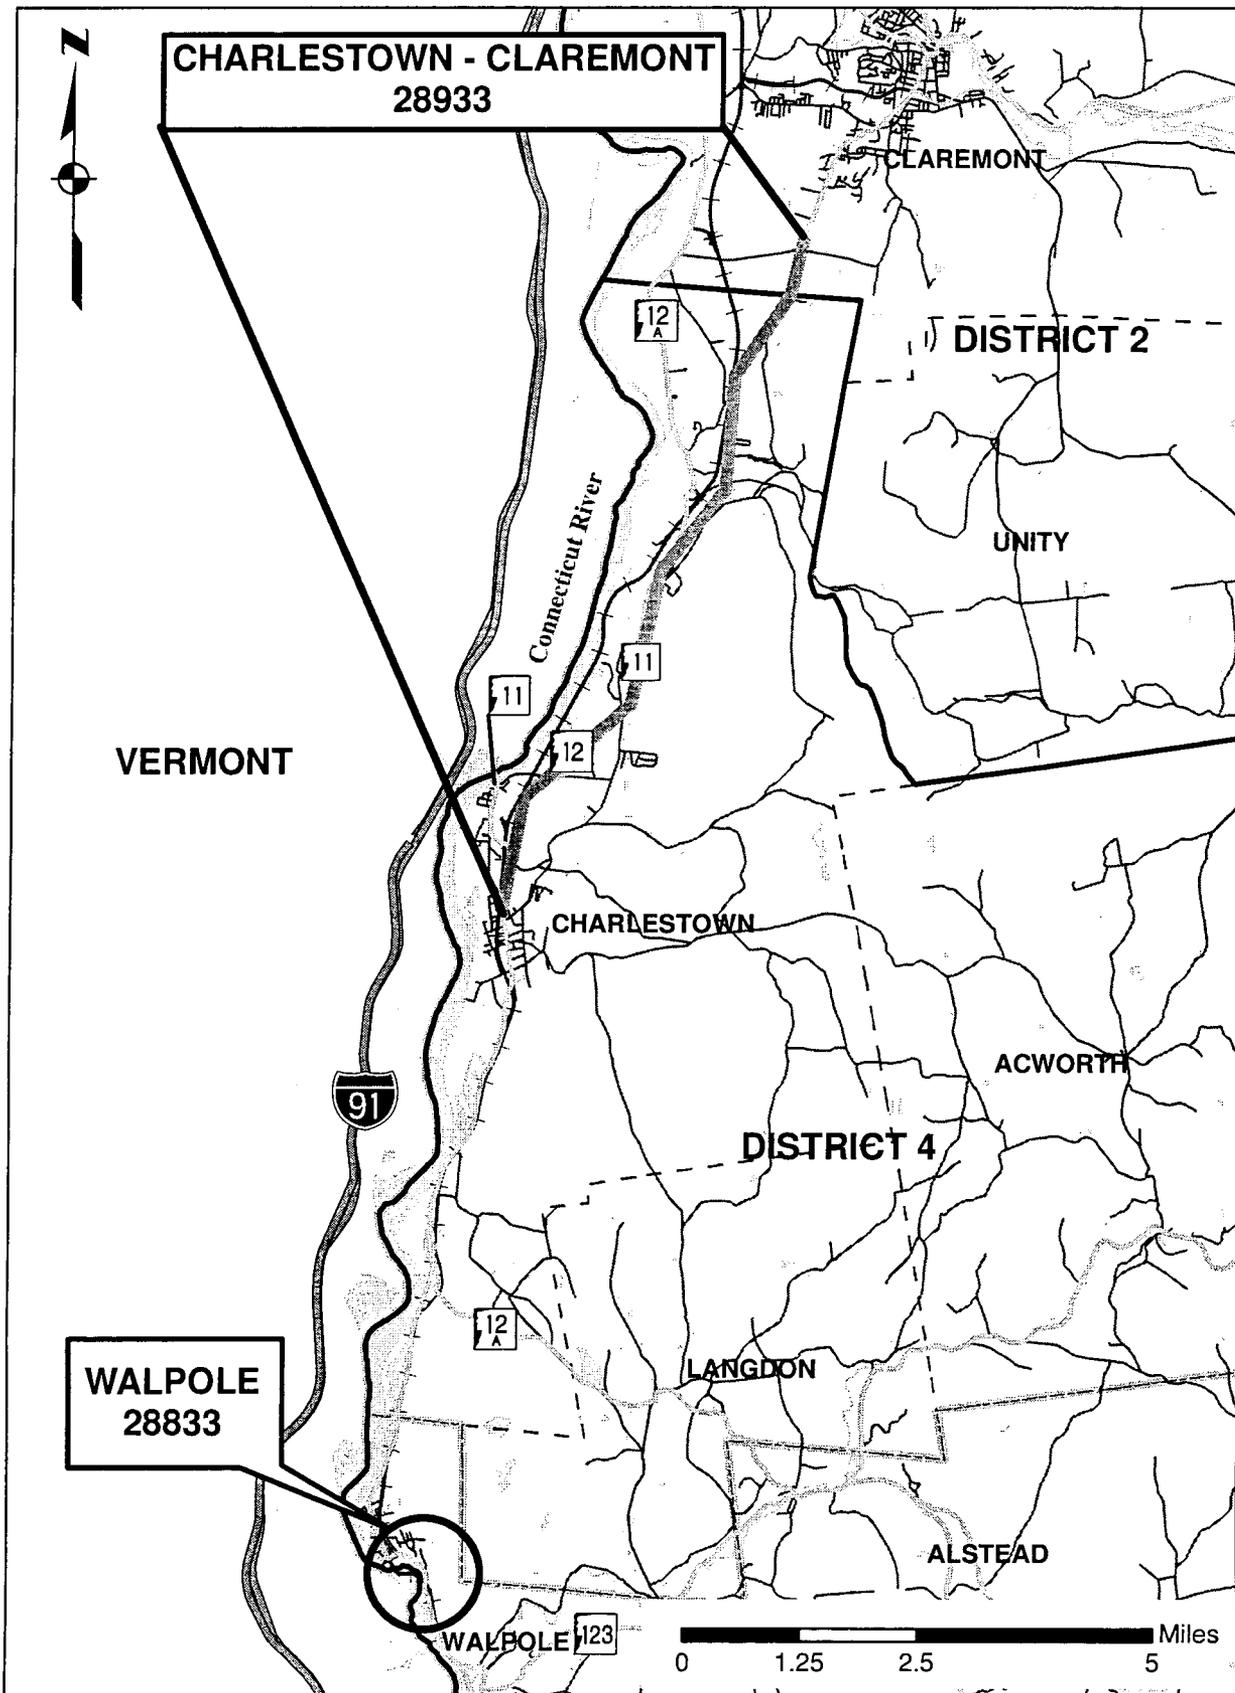

CONTINGENCY: The Contingency amount is proposed to be 10% of the contract amount. Although this is a one year duration contract, with fixed limits, the bulk work is being constructed in the spring of 2015, during a time of possible rising and falling petroleum prices. Adjusting limits to offset quantity overruns is not practical.

PROJECT INITIATED: The projects were initiated through the State's Ten-Year Transportation Improvement Plan.

PROJECT EXPLANATION: The purpose of project 28933 is to extend the pavement service life. The road is in fair to poor condition containing thermal cracks, longitudinal wheel path cracking, and potholes. The District 4 limits have been previously crack sealed and the District 2 section has not been crack sealed, is in worse condition, and has been grader shimmed. The purpose of project 28833 is to improve the safety and serviceability of the existing rail crossing. The pavement at the railroad crossing is in poor condition containing thermal and block cracking.

TRAFFIC IMPLICATIONS: Short term one lane, alternating two-way traffic will be utilized during non-holiday daytime hours, with the use of Flaggers or Uniformed Officers. Traffic will be maintained on pavement having a minimum width of 11' travel lanes and 2' shoulders. Two-way traffic will be maintained during non-work hours. Emergency vehicles will be allowed to safely pass through the work zone. Two way traffic will be maintained at all times during the railroad reconstruction.
