Re: Thank you for joining 2016 Northeast Energy Efficiency Summit, Bretton Woods, NH – June 13-14

Dear Senator Bradley:

Northeast Energy Efficiency Partnerships would like to thank you for joining us for this important and timely regional discussion about the future of energy efficiency. We appreciated your warm New Hampshire welcome to our regional audience – many of them visiting the White Mountains for the first time, as well as your comments about the importance of energy efficiency. Thanks, too, for leading the Sunday morning hike on Mount Waumbek with some of our summit attendees and staff. It was fun and beautiful despite the damp and chilly weather.

As you requested, for your disclosure, the costs of your meals and room as our guest at the NEEP summit were:

- Sunday, June 12th BBQ opening reception: \$45.85
- Sunday, June 12th Omni Mount Washington Resort room: \$272.50
- Monday, June 13th breakfast: \$11.79

We look forward to continuing the dialogue with you about efficiency as a least cost resource to provide for reliable and clean energy supplies while also growing jobs and supporting business development and retention.

Sincerely yours,

A handwritten signature in black ink that reads "Susan E. Coakley".

AGENDA

NORTHEAST ENERGY EFFICIENCY PARTNERSHIPS

Celebrating 20 Years of Accelerating Energy Efficiency

Mount Washington Resort where we discussed Next Generation Energy Efficiency, celebrated NEEP's 20th anniversary and recognized the 2016 Business Leaders from across the region.

See below the links to our speakers' presentations.

The Northeast Energy Efficiency Summit is the region's premier event that brings together thought leaders to take energy efficiency to the next level. NEEP's Summit attracted this year 250 energy efficiency stakeholders, including high-profile policy leaders - public utility commissioners, environmental regulators, state legislators, state officials, and community leaders as well as energy efficiency service and product providers, program administrators, and advocates who are instrumental in keeping the Northeast-Mid-Atlantic region a nationally recognized energy efficiency leader.

Now in its 11th year, the 2016 Summit took place at the historic Omni
