REQUESTED ACTION

Authorize the Office of Energy and Planning (OEP) to amend the **SOLE SOURCE** Contract Agreement (Contract #1051907) with Community Action Partnership of Strafford County, Inc. (VC #177200), Dover, NH, by increasing the contract amount by \$71,059.00 from \$52,110.00 to \$123,169.00 for the repair or replacement of malfunctioning heating systems in low income households receiving weatherization services, effective upon approval of Governor and Executive Council, through June 30, 2017. This contract was originally approved by Governor and Executive Council on August 3, 2016, Item #24. 100% Federal Funds (US DHHS/LIHEAP).

01-02-02-024010-77050000	
074-500587 Grant for Pub. Assist & Relief	\$71,059.00

EXPLANATION

The Heating Repair and Replacement Program (HRRP), funded through the US Department of Health and Human Services Low Income Home Energy Assistance Program (LIHEAP), provides resources to repair or replace malfunctioning and unsafe heating systems in eligible low income homes. Each year dozens of heating systems are repaired or replaced, providing heat to low income families and often enabling weatherization improvements to their homes. The HRRP program is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program.

This contract amendment is **SOLE SOURCE** based on the historical performance of the Community Action Agencies (CAAs) in implementing both the Fuel Assistance Program and the Weatherization Assistance Program, their outreach and client service capabilities, the synergies that result from the five statewide CAAs' implementation of several other federal assistance programs, and the infrastructure that is already in place to deliver these services.

In the event Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

Amanda Merrill

MARGARET WOOD HASSAN
 GOVERNOR

July 5, 2016

Her Excellency, Governor Margaret Wood Hassan
 and the Honorable Council
 State House
 Concord, New Hampshire 03301

Approval by the Governor
 and Council on 8.3.16
 Agenda Item 24
 PC 1051907

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **SOLE SOURCE** contract with the Community Action Partnership of Strafford County (VC #177200), Dover, NH in the amount of \$52,110.00 for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services, effective August 3, 2016, upon approval of Governor and Executive Council through June 30, 2017. 100% Federal Funds (US DHHS/LIHEAP).

Funding is available in the following account:

<u>Office of Energy & Planning, Fuel Assistance</u>	<u>FY 2017</u>
01-02-02-024010-77050000	\$52,110.00
074 500587 Grants for Pub Assist & Relief	

2) Further request authorization to advance the vendor \$9,308.00 of the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** because although the Heating Repair and Replacement Program (HRRP) is funded by the US Department of Health and Human Services, it is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program. The Weatherization Program is delivered by the New Hampshire Community Action Agencies (CAAs), as they have preferred status under US DOE grant guidance due to their nonprofit status, their role providing a range of services to clients eligible for weatherization, and their historical performance in delivering the Weatherization Assistance Program.

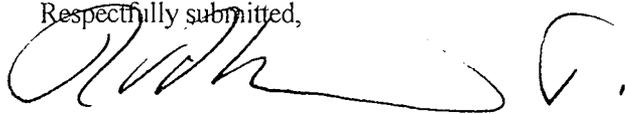

OEP is responsible for administering both the Weatherization Assistance Program and the HRRP. The objective of Weatherization is to reduce energy consumption and the impact of energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high energy usage. The HRRP funds provide important repairs or heating system replacements to eligible families whose heating systems have failed or which require repair in order to operate safely. Each year dozens of heating systems are repaired or replaced, providing much needed heat to low income families, and often enabling weatherization improvements to their homes.

G&C 08/03/16

The advance of funds will allow the CAA to respond quickly when the need arises for a heating system repair or replacement, so that they can pay contractors and vendors in advance of receiving monthly reimbursements from the State. Smaller contractors often do not have the capital to carry expenses for extended periods of time, and the CAAs often do not have other funds sufficient to pay the contractors before monthly reimbursement is received.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

EXHIBIT A

Scope of Services

1. The Heating Repair and Replacement Program (HRRP) provides funds for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services from the Community Action Agencies. The HRRP is funded through the Federal Low Income Home Energy Assistance Program (LIHEAP) administered by the Office of Energy and Planning.
2. This Heating Repair and Replacement Program (HRRP) contract term is from August 3, 2016 through June 30, 2017, pending approval of the Governor and Executive Council.
3. Community Action Partnership of Strafford County, hereinafter "the Contractor," agrees to perform HRRP and/or Building Weatherization Program (BWP) Weatherization Services, and all such Services and other work necessary to operate said Services for low income individuals in accordance with the regulations set forth by the U.S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 2 CFR 200 as amended, when applicable in accordance with the Low Income Home Energy Assistance Program Federal regulations 45 CFR 96; and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, NHWAP Policies and Procedures Manual (P&PM) and Field Guide; and as otherwise administered by the NH Office of Energy and Planning (OEP).

Periodically OEP may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NHWAP Policies and Procedures Manual. The Contractor agrees to alter the Program procedures in accordance with a SG, SN, or other instructions.

4. The Contractor agrees to perform HRRP and weatherization services, as identified in Exhibit "B," using HRRP and/or BWP funds, on the number of units proposed in the Contractor's Management Plan submitted to and approved by OEP. All such services shall be implemented according to the standards outlined in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide.
 - a) No HRRP funds shall be reimbursed to the Contractor until a management plan and a budget for the Contractor's HRRP project period has been approved by OEP.
 - b) Unit production – the number of heating systems repaired or replaced and the amount of funds expended – shall conform to the Management Plan approved by OEP. Best efforts should be made to expend all funds within the allotted contract period. Shortfalls of more than 20% from expected production goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors. Reallocations will occur at OEP's discretion.
 - c) HRRP funds shall only be used for the repair and/or replacement of heating and heating distribution systems, domestic hot water systems, and associated repairs necessary to perform said heating system or distribution system repairs and such systems shall be repaired or

replaced as described in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide. Any completed units determined by OEP not to meet minimum program standards shall be improved by the Contractor to meet said standards within thirty days of notification or the costs associated with such unit will be disallowed by OEP and the unit will not count as a production completion.

- d) BWP funds, when available, are to be used for weatherization activities in accordance with all NHWAP standards as identified in Part 2, above.
5. This agreement consists of the following documents: Exhibits A, B, C, D, E, F, G, H, I, and J, which are all incorporated herein by reference as if fully set forth herein.

Methods and Conditions of Payment

In consideration of the satisfactory performance of the Services set forth in Exhibit A, the State agrees to pay the Contractor, Community Action Partnership of Strafford County, up to the total sum of:

\$ \$52,110.00 (which hereinafter is referred to as the "Contracted Amount"), of which
\$ 2,606.00 is the maximum to be spent on HRRP related administrative costs,
\$ 9,380.00 will be issued as a cash advance for HRRP production.

Cash advances will be distributed after approval of this contract by the Governor and Executive Council but not before the funds are available federally, by and for the State.

Disbursement of the Grant shall be made in accordance with the procedures established by the State and as detailed in the most recent NHWAP Policies and Procedures Manual.

Administrative costs are provided in exchange for a specified number of unit completions at minimal standards. Administrative funds may be pro-rated by OEP if production unit completions do not meet expected production goals.

OEP will also be allowed, as a function of its administrative oversight, to modify contracted budget amounts as necessary and identified in Exhibit "A" part 4(a) to ensure the efficient and effective operation of the Grant as long as these modified expenditures do not exceed the total "Contracted Amount" as specified above.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Energy and Planning (OEP) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when OEP determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OEP may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the OEP agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by OEP.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by OEP, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OEP may terminate this transaction for cause or default.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended December 31, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2015 and 2014, and its cash flows for the years then ended, and the changes in its net assets for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Partnership of Strafford County's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 10, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and schedule of revenues and expenditures – Electrical Assistance Program are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2016, on our consideration of Community Action Partnership of Strafford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Partnership of Strafford County's internal control over financial reporting and compliance.
