EXPLANATION

This Park Account III, Position #8T2937 expired on December 22, 2018 and has been vacant since that time. We have determined that re-establishment of this position is essential for effective and efficient State Park operations. Granting approval of this position-extension will allow the Department to continue to provide needed Park system management within our state park system. Because it has been vacant since its expiration date of December 22, 2018, we are further requesting that the position be extended for one year starting from the date of Governor and Executive Council Approval.

Respectfully submitted,
