REQUESTED ACTION

This contract will be in effect upon Governor and Council approval through September 30, 2018. Original item approved by Governor and Council on March 9, 2016 (Item # 88) 100% Federal funds.

Funds to support this request are anticipated to be available in account titled State Program Implementation as follows, contingent upon legislative approval of the next biennial budget:

	<u>FY 2018</u>	<u>FY 2019</u>

EXPLANATION

The New Hampshire Department of Education received a \$3.85 million (\$770,000.00 per year for 5 years) State Personnel Development Grant from the U.S. Department of Education, Office of Special Education Programs, through September 30, 2017. The Office of Special Education Programs approved a no-cost extension through September 30, 2018 to continue the work of the grant and promote full implementation and project sustainability. This request is **sole source** because New Hampshire applied for and was awarded this grant with the provision that highly qualified partners be identified in our proposal and funded through our award to assist the Department of Education in meeting the goals and objectives of the grant.

These partners were required to be highly qualified entities already engaged in professional development in the grant areas and in agreement to expand these services. The OSEP required partners and their services as detailed in the grant include: Evergreen Evaluation and Consulting Inc., Strafford Learning Center, Monadnock Developmental Services (MDS), Granite State Independent Living (GSIL), Parent Information Center (PIC), Keene State College (KSC), Institute on Disability, and QED. As a result of the SPDG application requirements, a competitive bid process was not established.

Evergreen Evaluation and Consulting, Inc. is a small northeast evaluation business well versed with the evaluation of projects in the field of special education. Evergreen Evaluation and Consulting, Inc. has been the evaluator for

March 6, 2017

Vermont's State Personnel Development Grant and has served as an evaluation specialist for the Northeast Regional Resource Center. Therefore, Evergreen Evaluation and Consulting, Inc, as a SPDG partner will bring to this grant the research, knowledge and expertise to conduct the following grant activities:

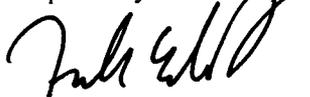

- Conduct at least two evaluation workgroup meetings.
- Develop a final evaluation report.
- Support the development of the “transition practices sustainability and capacity-building” toolkit through content validity assessments and evaluations of the quality, relevance, usefulness, and impact of the toolkit.
- Enter, analyze & report for each training:
 - Statewide in-person ELO training
 - Online ELO training
 - Training to support schools move towards full implementation and sustainability
 - Transition practices sustainability and capacity-building toolkit training
 - Three Regional Transition Resource Fairs for Youth
 - Statewide Webinar “A Compass for Building Family-School Partnerships in Special Education”
- Assist in the development of pre/post assessments for each training.
- Support the collection of pre/post coaching data for each training

The SPDG proposal is targeted to increase the number of students with disabilities graduating from high school who are college and career ready, through the implementation of evidence-based transition practices. Our ambitious proposal targets four strategies to achieve this goal: (1) increasing student competency through increased use of Extended Learning Opportunities (ELOs), (2) enhanced transition planning and increased transition planning opportunities/practices, (3) greater family – school engagement, and (4) sustaining practices through our state Institutions of Higher Education (IHEs), regional education intermediaries, a transition Community of Practice, and the use of technology. These strategies are aimed at school districts, parents, regional professional development intermediaries, Vocational Rehabilitation, IHEs, and other community members.

The Office of Special Education Programs requires a comprehensive evaluation detailed within the grant that measures the short-term, intermediate and long-term outcomes and impacts of the grant initiatives. The Evaluation assesses the degree to which the NH SPDG meets its goals and objectives, as well as the established federal performance goals and objectives. The evaluation will be ongoing and formative to provide for data-based decision making and planning mid-course corrections.

In the event that the Federal funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Frank Edelblut
Commissioner of Education

Funding is available in the account titled State Professional Development Improvement Plan Grant, as follows:

06-56-56-5625	0-41070000-102-500731	Contracts for Program Services	<u>FY2017</u> \$74,000.00
---------------	-----------------------	--------------------------------	------------------------------

EXPLANATION

The New Hampshire Department of Education received a \$3.85 million (\$770,000.00 per year for 5 years) State Personnel Development Grant from the U.S. Department of Education, Office of Special Education Programs (OSEP). This request is **sole source** because New Hampshire was awarded this grant with the provision that the partners identified in our proposal would be funded to assist the Department of Education to meet the goals and objectives of the grant. These partners were required to be highly qualified entities already engaged in professional development in the grant areas and in agreement to expand these services.

The OSEP required partners and their services, as detailed in the grant, include Evergreen Evaluation and Consulting Inc., Strafford Learning Center, Monadnock Developmental Services, North Country Education Services, Granite State Independent Living, Parent Information Center, Keene State College, Institute on Disability, and QED. Therefore, no competitive bid process was established.

The SPDG proposal is targeted to increase the number of students with disabilities graduating from high school who are college and career ready, through the implementation of evidence-based transition practices. Our ambitious proposal targets four strategies to achieve this goal: (1) increasing student competency through increased use of Extended Learning

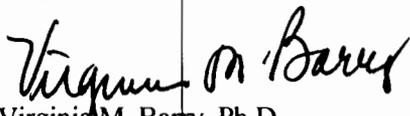

The Office of Special Education Programs requires a comprehensive evaluation, detailed within the grant, which measures the short-term, intermediate and long-term outcomes and impacts of the grant initiatives. The Evaluation assesses the degree to which the NH SPDG meets its goals and objectives, as well as the established federal performance goals and objectives. The evaluation will be ongoing and formative to provide for data-based decision making and planning mid-course corrections.

Evergreen Evaluation and Consulting, Inc. is a small northeast evaluation business well versed with the evaluation of projects in the field of special education. Evergreen Evaluation and Consulting, Inc. has been the evaluator for Vermont's State Personnel Development Grant and has served as an evaluation specialist for the Northeast Regional Resource Center. Therefore, Evergreen Evaluation and Consulting, Inc., as a SPDG partner, will bring to this grant the research, knowledge and expertise to conduct the following grant activities:

- Review proposed evaluation plan and evaluation logic models with grant leadership team;
- Develop and implement evaluation instruments for collection of data;
- Develop data management system for tracking implementation and intervention fidelity;
- Provide training to coaches and partners on use of fidelity instruments;
- Collect baseline grant performance indicator data and student outcome data;
- Collect and analyze data on a routine basis for reporting;
- Develop system for providing feedback of data for use with decision making;
- Attend grant Leadership team meetings and provide oral evaluation reports as needed;
- Provide written quarterly evaluation reports on progress towards the accomplishment of grant goals, objectives and activities;
- Participate in State Personnel Development Grant Evaluator teleconference calls and attend annual State Personnel Development Grant conference to disseminate key findings as required by grant; and,
- Review and advise the Grant Director on the completion of the OSEP required Annual State Personnel Development Grant Performance report.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Virginia M. Barry, Ph.D.

Part 60), and with any rules, regulations and guidelines as the State of New Hampshire or the United States issue to implement these regulations. This provision shall survive termination of this Agreement.
