His Excellency, Governor Christopher T. Sununu
and the Honorable Council,
State House

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Economic and Housing Stability, Bureau of Housing Supports to amend an existing **sole source** agreement with The Lakes Region Mental Health Center, Inc. d/b/a Genesis Behavioral Health, 40 Beacon Street East, Laconia, NH 03246 (vendor #154480 - B001) for the provision of a permanent housing program through the Federal Continuum of Care program by increasing the price limitation by \$1,542 from \$39,506 to \$41,048, with no change to the completion date of January 31, 2019, effective upon the date of Governor and Executive Council approval. The original agreement was approved by the Governor and Executive Council on January 24, 2018 (Item #7). 100% Federal Funds.

Funds are available in the following account for State Fiscal Year 2019, with the ability to adjust amounts within the price limitation and adjust encumbrances between State Fiscal Years through the Budget Office, without further approval from the Governor and Executive Council, if needed and justified.

2019	102-500731	Contracts for Program Services	\$23,045	\$1,542	\$24,587
		Total	\$39,506	\$1,542	\$41,048

EXPLANATION

The original agreement was **sole source** because federal regulations require the Department to specify each vendor's name during the federal Continuum of Care program renewal application process, completed annually, prior to the grant award being issued. The U.S. Department of Housing and Urban Development reviews the applications and awards funding based on its criteria.

The purpose of this amendment is to make changes to the budget line items within state fiscal year 2019 as required by the U.S. Department of Housing and Urban Development. The Department received a grant agreement letter from the U.S. Department of Housing and Urban Development, dated April 20, 2018, requiring the following budget changes:

- The Operational cost line is currently \$38,540; it is being increased to \$40,082 with the resultant total contract price limitation being \$41,048.
- Administrative costs remain unchanged at \$966.

Funds in this amendment will be used by the Vendor to provide a permanent housing program to homeless and chronically homeless individuals with disabilities through New Hampshire's Continuum of Care Program which collectively delivers statewide housing services through a total of thirty (30) separate agreements. Continuum of Care vendors are located throughout the state to ensure statewide delivery of services.

The U.S. Department of Housing and Urban Development established the Continuum of Care concept to support communities in their efforts to address the problems of housing and homelessness in a coordinated, comprehensive, and strategic fashion. The Continuum of Care serves three (3) main purposes: a strategic planning process for addressing homelessness in the community, a process to engage broad-based, community-wide involvement in addressing homelessness on a year-round basis and an opportunity for communities to submit an application to the U.S. Department of Housing and Urban Development for resources targeting housing and support services for homeless individuals and families.

The Department ensures contract compliance and provider performance through the requirement of annual compliance reviews, statistical reports and timely and accurate data entry into the New Hampshire Homeless Management Information System. The New Hampshire Homeless Management Information System is the primary reporting tool for outcomes and activities of the shelter and housing programs funded through the Department.

Notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2019, and the Department shall not be liable for any payments for services provided after June 30, 2019, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2020-2021 biennium.

Should the Governor and Executive Council not authorize these requests, permanent housing services for homeless individuals with disabilities and their families may not be available in their communities, and there may be an increase in demand for services placed upon the region's local welfare authorities. It may also cause individuals and/or families to become homeless:

Area Served: Laconia, NH.

Source of new funds: 100% Federal from the U.S. Department of Housing and Urban Development, Continuum of Care Program, Office of Community Planning and Development, Catalog of Federal Domestic Assistance Number (CFDA) #14.267.

In the event that federal funds become no longer available, general funds will not be requested to support this program.

Respectfully submitted,

FOR

Mark F. Jewell
Director, Division of Economic and
Housing Stability

NOTES TO FINANCIAL STATEMENTS
June 30, 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Lakes Region Mental Health Center, Inc. (the Center) is a not-for-profit corporation, organized under New Hampshire law to provide services in the areas of mental health, and related non-mental health programs; it is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code. In addition, the Center qualifies for the charitable contribution deduction under Section 170 (b)(1)(a) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Depreciation

The cost of property, equipment and leasehold improvements is depreciated over the estimated useful life of the assets using the straight line method. Estimated useful lives range from 3 to 40 years.

State Grants

The Center receives a number of grants from and has entered into various contracts with the State of New Hampshire related to the delivery of mental health services.

Vacation Pay and Fringe Benefits

Vacation pay is accrued and charged to the programs when earned by the employee. Fringe benefits are allocated to the appropriate program expense based on the percentage of actual time spent on the programs.

Revenue

Revenue from federal, state and other sources is recognized in the period earned.

Client Service Revenue

The Center recognizes client service revenue relating to services rendered to clients that have third-party payer coverage and are self-pay. The Center receives reimbursement from Medicare, Medicaid and Insurance Companies at defined rates for services to clients covered by such third-party payer programs. The difference between the established billing rates and the actual rate of reimbursement is recorded as allowances when received. For services rendered to uninsured clients (i.e., self-pay clients), revenue is recognized on the basis of standard or negotiated discounted rates. At the time services are rendered to self-pay clients, a provision for bad debts is recorded based on experience and the effects of newly identified circumstances and trends in pay rates. Client service revenue (net of contractual allowances and discounts but before taking account of the provision for bad debts) recognized during the year ended June 30, 2018 totaled \$10,922,923, of which \$10,760,248 was revenue from third-party payers and \$162,675 was revenue from self-pay clients.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Third Party Contractual Arrangements

A significant portion of patient revenue is derived from services to patients insured by third-party payors. The center receives reimbursement from Medicare, Medicaid, Blue Cross, and other third-party insurers at defined rates for services rendered to patients covered by these programs. The difference between the established billing rates and the actual rate of reimbursement is recorded as allowances when recorded. A provision for estimated contractual allowances is provided on outstanding patient receivables at the balance sheet date.

Temporarily Restricted Funds

Specific purpose funds are used to differentiate resources, the use of which is restricted by donors, from resources of general funds on which the donors place no restriction or that arise as a result of the operations of the Center for its stated purposes. Specific purpose contributions and other donor-restricted resources are recorded as additions to temporarily restricted net assets at the time they are received and as released from restrictions when expended for the purpose for which they were given. The earnings from these funds will be used to fund operations. For the year ending June 30, 2018 \$58,754 was released from restrictions.

Accounts Receivable

Accounts receivable are recorded based on the amount billed for services provided, net of respective allowances.

Policy for Evaluating Collectability of Accounts Receivable

In evaluating the collectability of accounts receivable, the Center analyzes past results and identifies trends for each major payer source of revenue for the purpose of estimating the appropriate amounts of the allowance for doubtful accounts. Data in each major payer source is regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to clients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for bad debts are established for amounts outstanding for an extended period of time and for third-party payers experiencing financial difficulties; for receivables relating to self-pay clients, a provision for bad debts is made in the period services are rendered based on experience indicating the inability or unwillingness of clients to pay amounts for which they are financially responsible.

Based on management's assessment, the Center provides for estimated uncollectible amounts through a charge to earnings and a credit to a valuation allowance. Balances that remain outstanding after the Center has used reasonable collection efforts are written off through a change to the valuation allowance and a credit to accounts receivable.

The allowance for doubtful accounts was \$760,000 and \$561,500 for the years ended June 30, 2018 and 2017. Total patient accounts receivable increased to \$1,950,374 as of June 30, 2018 from \$1,541,624 at June 30, 2017. As a result of this increase and changes to payer mix present at year end the allowance as a percentage of total accounts receivable increased from 36% to 39% of total patient accounts receivable.

NOTE 11 FAIR VALUE MEASUREMENTS

Professional accounting standards require a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under these professional accounting standards are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

All investments are categorized as Level 1 and recorded at fair value, as of June 30, 2018. As required by professional accounting standards, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

EXPLANATION

This request is considered **sole source** because federal regulations require the Department to specify each vendor's name during the federal Continuum of Care program renewal application process, completed annually, prior to the grant award being issued. The U.S. Department of Housing and Urban Development reviews the applications and awards funding based on its criteria. The application process and timing of grant terms do not align with state or federal fiscal years. The start date of a grant is based on the month in which each grant's original federal agreement was issued. This results in Continuum of Care program grant start dates, and subsequent renewal approval requests, occurring in various months throughout the year.

The attached agreement represents one (1) of twenty-nine (29) total agreements with vendors who are located throughout the state to ensure statewide delivery of housing services through New Hampshire's Continuum of Care Program.

Based on the continued receipt and availability of federal funds, and pursuant to this agreement, this vendor will utilize Continuum of Care funds to provide supportive, operating and administrative services and rental/leasing assistance for a permanent housing program for chronically homeless individuals and families to promote the ability of participants to live more independently.

The U.S. Department of Housing and Urban Development established the Continuum of Care concept to support communities in their efforts to address the problems of housing and homelessness in a coordinated, comprehensive, and strategic fashion. The Continuum of Care serves three main purposes:

- (1) A strategic planning process for addressing homelessness in the community.
- (2) A process to engage broad-based, community-wide involvement in addressing homelessness on a year-round basis.
- (3) An opportunity for communities to submit an application to the U.S. Department of Housing and Urban Development for resources targeting housing and support services for homeless individuals and families.

The Bureau assures contract compliance and vendor performance in the following ways:

- (1) Annual compliance reviews shall be performed that include the collection of data relating to compliance with administrative rules and contractual agreements.
- (2) Statistical reports shall be submitted on a semi-annual basis from all funded vendors, including various demographic information and income and expense reports including match-dollars.
- (3) All vendors funded for transitional, permanent or coordinated entry housing, or outreach services will be required to maintain timely and accurate data entry on the New Hampshire Homeless Management Information System, unless they are required by law to use an alternate data collection. The NH Homeless Management Information System will be the primary reporting tool for outcomes and activities of shelter and housing programs funded through this contract.

Should the Governor and Executive Council not authorize these requests, supportive services for homeless individuals and their families may not be available in their communities, and there may be an increase in demand for services placed upon the region's local welfare authorities. It may also cause individuals and/or families to become homeless.

Area served: Laconia, NH.

Source of funds: 100% Federal Funds from the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, Catalog of Federal Domestic Assistance Number (CFDA) #14.267.

In the event that the federal funds become no longer available, general funds will not be requested to support this program.

Respectfully submitted,

Christine M. Tappan
Associate Commissioner

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.

- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I.
