EXPLANATION

The National Council for Accreditation of Teacher Education (NCATE) was founded in 1954. The NCATE recently merged with the Teacher Education Accreditation Council (TEAC) to create the Council for the Accreditation of Educator Preparation (CAEP).

Listed below are answers to standard questions required for Governor and Council organization dues and membership approval submissions:

1. How long has this organization been in existence and how long has this agency been a member of this organization? *The NCATE was founded in 1954 and has provided services to the Department of Education since before 1984.*
2. Is there any other organization which provides the same or similar benefits which your agency belongs to? *No other organization provides the same or similar benefits.*

His Excellency, Governor Christopher T. Sununu
And the Honorable Executive Council

3. How many other states belong to this organization and is your agency the sole New Hampshire state agency that is a member? *All 50 states, the District of Columbia and Puerto Rico are members. The Department of Education is the only state agency that is a member.*
4. How is the dues structure established? (Standard fee for all states, based on population, based on other criteria, etc.) *The Department of Education does not have a formal partnership agreement with the CAEP to jointly conduct national accreditation of institution of higher education with state preparation program approvals. The Department pays dues to be kept current with national initiatives in teacher education program improvement and accountability and to fully defray travel and registration costs to participate in its annual three-day national clinic on teacher education issues and initiatives.*
5. What benefit does the state receive from participating in this membership? *The CAEP provides the only recognized national accreditation of teacher preparation programs.*
6. Are training or educational/research materials included in the membership? If so, is the cost included? Explain in detail. *Training and educational/research materials are provided by the CAEP and allows the Department of Education to work with site review teams.*
7. Is the membership required to receive any federal grants or required in order to receive participate in licensing or certification exams? Explain. *No*
8. Is there any travel included with this membership fee? Explain in detail any travel to include the number of employees involved, the number of trips, destination if known and purposes of membership supported trips. *Travel funds are covered for one Department of Education representative to attend the Annual National Clinic on Best Practices and Policies in Teacher Accreditation.*
9. Which state agency employees are directly involved with this organization? (Indicate if they are members, voting members, committee members, and/or officers of the organization.) *State agency employees directly involved with this organization are the administrator overseeing the approval of teacher preparation programs and the Director, Division of Educator Support and Higher Education, neither are members or officers.*
10. Explain in detail any negative impact to the State if the Agency did not belong to this organization. *The Department of Education would need to expend significantly more time identifying, anticipating and addressing changes in federal accountability and accreditation policies regarding educator preparation. The state institutions would no longer be eligible for accreditation.*

Respectfully submitted,

Frank Edelblut
Commissioner of Education
