- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.

Covered Entity shall have the responsibility of responding to forwarded requests. - l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2016

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Merrimack Valley Assistance Program, Inc. (the Organization) was organized as a nonprofit entity under Section 501(c)(3) of the Internal Revenue Code. The Organization is a non-profit entity organized for the purpose of providing a variety of supportive services and housing assistance to persons with certain infectious diseases. The Organization includes Greater Manchester AIDS Project, which was formed to provide support and assistance to HIV/AIDS affected individuals and their families in the greater Manchester, New Hampshire, area, and which was acquired by the Organization in 2000. The Organization receives most of its support from government grants and private donations.

The accounting policies of Merrimack Valley Assistance Program, Inc. conform to accounting principles generally accepted in the United States of America as applicable to nonprofit entities except as indicated hereafter. The following is a summary of significant accounting policies.

Basis of Presentation

The financial statements have been prepared in accordance with the reporting pronouncements pertaining to Not-for-Profit Entities included within the FASB Accounting Standards Codification. The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets, based upon the existence or absence of donor-imposed restrictions. The Organization only has unrestricted net assets.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Recognition of Donor Restrictions

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Cash and Cash Equivalents

For the purposes of the Statement of Cash Flows, the Organization considers cash and cash equivalents to include cash on hand and other cash accounts with an original maturity of 90 days or less.

Property and Equipment

Property and equipment is recorded at cost for purchased items and at estimated fair value for donated items. The Organization's policy is to capitalize assets purchased, built, or leased with a useful life of one

MERRIMACK VALLEY ASSISTANCE PROGRAM, INC.
NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2016

year or greater and a cost of \$1,000 or more or expenditures for repairs or renovations of \$1,000 or more that extend the life of the asset. Maintenance and repairs are charged to expenses as incurred. Depreciation is computed using the straight-line method over estimated three to forty year lives for property and equipment. Depreciation expense was \$8,830 for the year ended June 30, 2016.

Bad Debts

The Organization uses the reserve method for accounting for bad debts. It is the Organization's policy to charge off uncollectible accounts receivable when management determines the receivable will not be collected. No allowance has been recorded as of June 30, 2016, because management of the Organization believes that all outstanding receivables are fully collectible.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services based primarily on estimates made by the Organization's management.

Fair Value of Financial Instruments

Cash, grants and contracts receivable, accounts receivable and accounts payable are carried in the financial statements at amounts which approximate fair value due to the inherently short-term nature of the transactions. The fair values determined for financial instruments are estimates, which for certain accounts may differ significantly from the amount which could be realized upon immediate liquidation.

NOTE 2--SIGNIFICANT CONCENTRATIONS OF CREDIT RISK

The Organization maintains its cash balances at local financial institutions located in New Hampshire. The balances are insured by the Federal Deposit Insurance Corporation up to a combined total of \$250,000 per financial institution as of June 30, 2016. The bank balances may, at times, materially exceed federally insured limits. The Organization has not experienced any losses on such accounts. The Organization had no uninsured cash balance as of June 30, 2016.

NOTE 10--INCOME TAXES

In addition, the Organization has been determined by the Internal Revenue Service not to be a "Private Foundation" within the meaning of Section 509(a) of the Code.

MERRIMACK VALLEY ASSISTANCE PROGRAM, INC.
NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2016

Financial Accounting Standards Board (FASB) prescribes rules regarding how the entity should recognize, measure and disclose in its financial statements tax positions that were taken or will be taken on the Organization's tax return that are reflected in measuring current or deferred income tax assets and liabilities for interim or annual periods. Differences between tax positions taken in a tax return and amounts recognized in the financial statements will generally result in an increase in a liability for income taxes payable, or a reduction in a deferred tax asset or an increase in a deferred tax liability. The Organization does not have any unrecognized tax benefits which would be material to the financial statements. During the fiscal year 2016, no new additional unrecognized tax benefits were identified. As of June 30, 2016, the tax years ending June 30, 2015, 2014 and 2013 are open for possible tax examination.

NOTE 11--COMMITMENTS AND CONTINGENCIES

Contracts with AIDS Service Organizations

The Organization has contracted with several AIDS service organizations to deliver services in various parts of the State of New Hampshire into fiscal year 2017. These commitments total approximately \$55,292 at June 30, 2016.

Federal Grants

The Organization receives funds under contracts from State and Federal sources, which require that the Organization use the funds within certain periods and for purposes specified by governing laws and regulations. If expenses should be found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds.

No provisions have been made for these contingencies because specific amounts, if any, have not been determined or assessed by government audits as of June 30, 2016.

NOTE 12--ECONOMIC DEPENDENCY

For the year ended June 30, 2016, approximately 66% of total support and revenue was derived from various grants and contracts from the State of New Hampshire Department of Health and Human Services' Bureau of Homeless and Housing Services and Division of Public Health. The discontinuation of the State grants and contracts would result in a decrease in services provided by the Organization, until alternative revenues could be obtained.

NOTE 13--SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 15, 2016 which is the date the financial statements were available to be issued.

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
My Friend's Place
Dover, New Hampshire

We have audited the accompanying financial statements of My Friend's Place (a New Hampshire Non-Profit Organization), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(continued)

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of My Friend's Place as of June 30, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

MY FRIEND'S PLACE
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

My Friend's Place was organized February 3, 1987. The purpose of the organization is to provide safe and supportive emergency and transitional shelter to individuals and families experiencing homelessness in Strafford County, New Hampshire.

Basis of Accounting

Income and expenses are reported on the accrual basis, which means that income is recognized as it is earned and expenses are recognized as they are incurred whether or not cash is received or paid out at that time.

Financial Statement Presentation

My Friend's Place reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, My Friend's Place is required to present a statement of cash flows.

Cash and Cash Equivalents

For purposes of the statement of cash flows, My Friend's Place considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

My Friend's Place maintains a repurchasing account with a banking institution. Repurchase agreements are short-term investments, typically sold by banks as alternatives to certificates of deposit. Transfers to and from the account are made daily to cover checks clearing in operating accounts. The repurchase account held by My Friend's Place is collateralized by a pool of U.S. Government agencies or U.S. Treasury notes.

Cash does not include \$24,938 and \$27,387 held by the Organization as of June 30, 2015 and 2014, respectively. As required by State of New Hampshire regulations, this amount was held by the Organization in a separate account to be used as prizes for Bingo games. This cash is not available for any other purpose.

Grants Receivable

Grants receivable represents amounts due from Federal, State and local governments for grant revenue which has been earned.

Marketable Securities

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

MY FRIEND'S PLACE
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Promises to Give

Contributions are recognized when the donor makes a promise to give to My Friend's Place that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. An allowance for uncollectible unconditional promises to give is established based on historical experience and management's evaluation of outstanding unconditional promises to give at the end of each year. As of June 30, 2015 and 2014, the balance of Promises to Give was \$0 and \$0, respectively.

Fair Value of Financial Instruments

Unless otherwise indicated, the fair values of all reported assets and liabilities which represent financial instruments, none of which are held for trading purposes, approximate the carrying values of such amounts.

Inventory

Inventory of Bingo materials and supplies are recorded at the lower of cost (first in, first out basis) or market.

Property, Plant and Equipment

Property and equipment are recorded at cost for those items which have been purchased, and at estimated fair values for those items which have been donated. The cost basis of the land and buildings acquired by My Friend's Place is allocated based on real estate tax valuation. The cost of buildings and improvements is recovered using the straight-line method over estimated useful lives of 10 to 40 years. The cost of furniture, fixtures and equipment is recovered using the straight-line method over estimated useful lives of 5 to 15 years.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

Donated Services

Contributions of services are recognized in the financial statements if the services enhance or create nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. My Friend's Place typically receives contributed services to assist with general administrative and maintenance tasks. For the years ended June 30, 2015 and 2014, no amounts for contributions of services were recognized in the financial statements.

MY FRIEND'S PLACE
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Donated Materials

My Friend's Place records donated materials at fair value. Donations of food, personal care items and household supply items for the use of residents are not recorded in the financial statements because of the difficulty in determining fair value.

Functional Allocation of Expenses

The costs of the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the programs and supporting services benefited.

Income Taxes

My Friend's Place has received a letter of determination dated June 20, 1988 from the Internal Revenue Service advising it that it qualifies as a non-profit organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, it is not subject to income tax. My Friend's Place is classified as other than a private foundation.

The Federal and State tax-exempt returns for the years ended June 30, 2015, 2014, and 2013 are subject to examination by the taxing authorities, generally for three years after they were filed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through May 27, 2016, the date that the financial statements were available to be issued.

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. (5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Nashua Soup Kitchen and Shelter, Inc.:

We have audited the accompanying financial statements of Nashua Soup Kitchen and Shelter, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Nashua Soup Kitchen and Shelter, Inc. as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Nashua Soup Kitchen and Shelter, Inc.'s 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 5, 2015. In our opinion, the summarized comparative information presents herein as of and for the year ended June 30, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Temporary restricted net assets - Represents amounts that have been contributed to the Organization that have restrictions that preclude the Organization from using funds to a future period.

Permanently restricted net assets - Net assets resulting from public support and revenue whose use by the Organization is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

1. Summary of significant accounting policies (cont'd):

Land, building and equipment - Land, building and equipment purchased are recorded at cost. The Organization follows the policy of charging to expenses annual amounts of depreciation which allocates the cost of buildings and equipment over their estimated useful lives. The Organization employs the straight-line method for determining the annual charge for depreciation. The ranges of the estimated useful lives used are as follows:

	<u>Years</u>
Buildings	27.5 - 40
Building improvements	27.5
Kitchen equipment	10
Furniture, fixtures and equipment	5 - 10

Expenditures for repairs and maintenance are expensed when incurred and betterments are capitalized. Assets sold or otherwise disposed of are removed from the accounts, along with the related accumulated depreciation, and any gain or loss is recognized.

Use of estimates - The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and cash equivalents - All highly liquid investments with a maturity of one year or less are considered to be cash equivalents. At June 30, 2016, the carrying amount of the Organization's cash was \$492,243 and the institution balance was \$487,192. Of this amount, \$487,192 was covered by federal depositor's insurance and none was uninsured.

Grants and accounts receivable - Grants and accounts receivable consists principally of the grants receivable from governmental agencies and rent receivable from tenants. Grants and accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to trade accounts receivable. Changes in the valuation allowance have not been material to the financial statements. The accounts receivable in the accompanying consolidated financial statements have been reduced by an allowance for doubtful accounts of \$ 0.

Advertising costs - The Company expenses all advertising costs as incurred. Advertising and marketing expenses for the year ended June 30, 2016 amounted to \$3,082.

NASHUA SOUP KITCHEN AND SHELTER, INC.

5. Retirement plan:

The Organization offers a defined contribution retirement plan under the Internal Revenue Code 403(b) voluntary tax deferred annuity program. Full-time employees are eligible for this benefit after one year of continuous employment. The Organization matches each dollar contributed by employees up to a maximum of 5% of regular salary. After five years of continuous employment, the Organization will match up to 12% of the employee's regular salary at a ratio of 1 to 1, not to exceed limits allowed under tax law. Total Organizational contributions for the year ended June 30, 2016 were \$38,784.

6. Permanently restricted funds:

The restricted permanent fund is a fund that was created by one donor whereby a principal gift of \$100,000 was permanently restricted with income available for general charitable purposes; provided, however, that if the income of the fund is less than 6%, additional funds from capital gains or from corpus, may be expended so that the minimum of 6% shall be expended annually for its general charitable purposes. The permanent fund value at June 30, 2016 was \$77,262.

Interpretation of relevant law - The Board of the Organization follows the Uniform Prudent Management of Institutional Funds Acts (the Act) and has interpreted the Act as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

NASHUA SOUP KITCHEN AND SHELTER, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016

6. Permanently restricted funds (cont'd):

The remaining portion of a donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by the Act. In accordance with the Act, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Organization
7. The investment policies of the Organization

Return objections and risk parameters - The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets.

Strategies employed for achieving objectives - To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on investments in equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending policy and how the investment objectives relate to spending policy - As noted previously, the one restricted donation lost a significant amount of its value the year after it was received. Even though the provision of the gift allows the Board to spend 6% of the fund each year, they have decided not to take any funds until the original donation value is restored.

8. Capital Campaign:

The Organization has grown significantly over the past 10 years as it continues to provide additional services to the poor and homeless families of Greater Nashua area. The increase in demand and services has led to the need for a new kitchen and operations facility for the Organization. To fund the acquisition and renovation of the new facility, the Organization began a capital campaign in the fall of 2012 to raise necessary funds.

The Organization located and purchased a new facility in April 2013 and completed the renovation in August 2014. Cash and promises to give are restricted to the payment of the costs and expenses of this capital campaign. As of June 30, 2016, the campaign had raised in total, \$2,531,630 and had incurred costs of \$2,531,630. The temporary restricted funds represent funds that have been collected or pledged as of June 30, 2016 that were restricted to the capital fund but were not spent as of that time.

9. Evaluation of subsequent events:

The Organization has evaluated events through September 21, 2016, the date which the financial statements were available to be issued.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorize this request, individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP.

The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties.

If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable.

The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state.

Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no

such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Horizons For New Hampshire, Inc. as of June 30, 2016, and the changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

Notes to Financial Statements

1. Description of Organization

New Horizons For New Hampshire, Inc. (the Organization) is a nonprofit organization that provides emergency shelter, soup kitchen, food pantry, case management, and referral services to individuals in the southern New Hampshire area. The Organization impacts lives through the following service areas:

- *Shelter.* Available to homeless individuals 18 years and older, the emergency shelter dormitory accommodates up to 76 individuals per night, providing residents with a warm place to sleep. There are shower and laundry facilities on-site for resident use as well.
- *Soup Kitchen and Food Pantry.* Providing food for those in need. The Soup Kitchen serves breakfast for residents and dinner daily for any individual without restrictions. In fiscal year 2016, the Soup Kitchen provided 73,822 meals. The Food Pantry provides Manchester families access to prepacked groceries based on income and household occupancy. Choices of fresh fruits, vegetables, meats and bakery items are offered. In fiscal year 2016, the Food Pantry provided 11,588 food bags for impoverished individuals and families.

Management and general activities include functions necessary to provide support to the Organization's program activities. Management and general activities include those that provide governance (Board of Directors), oversight, business management, financial record keeping, budgeting, and similar activities that ensure an adequate working environment and an equitable employment program.

Fundraising activities include publicizing and conducting fundraising campaigns; maintaining donor lists; conducting special fundraising events; and other activities involved with soliciting contributions from corporations, foundations, individuals, and others.

2. Significant Accounting Policies

Comparative Financial Information

The accompanying financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with Accounting Principles Generally Accepted in the United States of America

(GAAP). Accordingly, such information should be read in conjunction with the audited financial statements for the year ended June 30, 2015, from which the summarized information was derived.

Cash Equivalents

All cash and highly liquid financial instruments with original maturities of three months or less, and which are neither held for nor restricted by donors for long-term purposes, are considered to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to building projects, permanent endowment, or other long-term purposes are excluded from this definition.

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities.

Receivables

Accounts receivable consist primarily of noninterest-bearing amounts due for services and programs. The allowance for uncollectable accounts receivable is based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectable. At June 30, 2016, management believed all receivables to be collectable.

Property and Equipment

Property and equipment is reported in the Statement of Financial Position at cost, if purchased, and at fair value at the date of donation, if donated. Property and equipment is capitalized if it has a cost of \$1,000 or more and a useful life when acquired of more than one year. Repairs and maintenance that do not significantly increase the useful life of the asset are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, as follows:

Buildings and improvements	7 – 40 years
Furniture, fixtures, and equipment	5 – 15 years
Vehicles	5 years

Property and equipment is reviewed for impairment when a significant change in the asset's use or another indicator of possible impairment is present. No impairment losses were recognized in the financial statements in the current period.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Unrestricted Net Assets – Net assets available for use in general operations.

Temporarily Restricted Net Assets – Net assets subject to donor restrictions that may or will be met by expenditures or actions and/or the passage of time. Contributions are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Permanently Restricted Net Assets – Net assets whose use is limited by donor-imposed restrictions that neither expire by the passage of time nor can be fulfilled or otherwise removed. The restrictions stipulate that resources be maintained permanently, but permit expending of the income generated in accordance with the provisions of the agreements.

Revenue Recognition

Revenue is recognized when earned. Program service fees and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed or expenditures are incurred, respectively.

Accounting for Contributions

Contributions are recognized when received. All contributions are reported as increases in unrestricted net assets unless use of the contributed assets is specifically restricted by the donor. Amounts received that are restricted by the donor to use in future periods or for specific purposes are reported as increases in either temporarily restricted or permanently restricted net assets, consistent with the nature of the restriction. Unconditional promises with payments due in future years have an implied restriction to be used in the year the payment is due and, therefore, are reported as temporarily restricted until the payment is due unless the contribution is clearly intended to support activities of the current fiscal year or is received with permanent restrictions. Conditional promises, such as matching grants, are not recognized until they become unconditional, that is, until all conditions on which they depend are substantially met.

Gifts-in-Kind Contributions

The Organization periodically receives contributions in a form other than cash or investments. Contributed property and equipment is recognized as an asset at its estimated fair value at the date of gift, provided that the value of the asset and its estimated useful life meets the Organization's capitalization policy. Donated use of facilities is reported as contributions and as expenses at the estimated fair value of similar space for rent under similar conditions. If the use of the space is promised unconditionally for a period greater than one year, the contribution is reported as a contribution and an unconditional promise to give at the date of gift, and the expense is reported over the term of use. Donated supplies are recorded as contributions at the date of gift and as expenses when the donated items are placed into service or distributed.

The Organization benefits from personal services provided by a substantial number of volunteers. Those volunteers have donated significant amounts of time and services in the Organization's program operations and in its fundraising campaigns. However, the majority of the contributed services do not meet the criteria for recognition in financial statements. Generally Accepted Accounting Principles allow recognition of contributed services only if (a) the services create or enhance nonfinancial assets or (b) the services would have been purchased if not provided by contribution, require specialized skills, and are provided by individuals possessing those skills.

Grant Revenue

Grant revenue is recognized when the qualifying costs are incurred for cost-reimbursement grants or contracts or when a unit of service is provided for performance grants.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the Statement of Activities. The Statement of Functional Expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Management and general expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the Organization.

Fundraising costs are expensed as incurred, even though they may result in contributions received in future years.

Income Taxes

New Horizons For New Hampshire, Inc. is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions.

The Organization follows FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, which clarifies the accounting for uncertainty in income taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. FASB ASC 740-10 did not have a material impact on the Organization's financial statements.

The Organization's Federal Form 990 (Return of Organization Exempt From Income Tax) is subject to examination by the IRS, generally for three years after filing.

Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Financial Instruments and Credit Risk

Deposit concentration risk is managed by placing cash and money market accounts with financial institutions believed to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, no losses have been experienced in any of these accounts. Credit risk associated with accounts and contributions receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of the Organization's mission. Investments are monitored by the Finance Committee of the Board of Directors. Although the fair values of investments are subject to fluctuation on a year-to-year basis, the Finance Committee believes that the investment policies and guidelines are prudent for the long-term welfare of the Organization.

Fair Value Measurements and Disclosures

Certain assets and liabilities are reported at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most

advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, inputs are developed using the best information available in the circumstances.

When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. However, Level 1 inputs are not available for many of the assets and liabilities that the Organization is required to measure at fair value (for example, unconditional contributions receivable and in-kind contributions).

The primary uses of fair value measures in the Organization's financial statements are:

- initial measurement of noncash gifts, including gifts of investment assets and unconditional contributions receivable.
- recurring measurement of investments (note 4).
- cash surrender value of life insurance (note 5).
- recurring measurement of notes payable (note 7).

The carrying amounts of cash and cash equivalents, restricted cash, accounts receivable, accounts payable, and accrued payroll and related liabilities, approximate fair value due to the short-term nature of the items, and are considered to fall within Level 1 of the fair value hierarchy. The carrying amount of

contributions receivable due in more than one year is based on the discounted net present value of the expected future cash receipts, and approximates fair value.

3. Restricted Cash

Restricted cash represents temporarily restricted net assets for the purchase of long-term assets.

4. Investments

Investments consist of the following at June 30, 2016:

<u>Investment Type</u>	<u>Cost</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Mutual funds	\$ 828,080	\$ 1,623,329	\$ -	\$ 1,623,329
Money market funds	4,558	4,558	-	4,558
U.S. common stocks	423	26,202	26,202	-
Total	<u>\$ 833,061</u>	<u>\$ 1,654,089</u>	<u>\$ 26,202</u>	<u>\$ 1,627,887</u>

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of the investment, the greater the sensitivity of its fair value to changes in market interest rates. Information about the sensitivity of the fair values of the Organization's investments to interest rate fluctuations is as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>				<u>N/A</u>
		<u>Less Than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More Than 10</u>	
Mutual funds	\$ 1,623,329	\$ -	\$ -	\$ -	\$ -	\$ 1,623,329
Money market funds	4,558	-	-	-	-	4,558
U.S. common stocks	26,202	-	-	-	-	26,202
Total	<u>\$ 1,654,089</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,654,089</u>

As discussed in Note 2 to these financial statements, the Organization is required to report its fair value measurements in one of three levels, which are based on the ability to observe in the marketplace the inputs to the Organization's valuation techniques. Level 1, the most observable level of inputs, is for investments measured at quoted prices in active markets for identical investments as of June 30, 2016. Level 2 is for investments measured using inputs such as quoted prices for similar assets, quoted prices for the identical asset in inactive markets, and for investments measured at net asset value that can be redeemed in the near term. Level 3 is for investments measured using inputs that are unobservable, and is used in situations for which there is little, if any, market activity for the investment.

5. Cash Surrender Value of Life Insurance

The Organization is a beneficiary on two life insurance policies carried on a former Executive Director. At June 30, 2016 and 2015, the cash surrender value of these life insurance policies was \$25,525 and 28,551, respectively.

As discussed in Note 2 to these financial statements, the Organization is required to report its fair value measurements in one of three levels, which are based on the ability to observe in the marketplace the inputs to the Organization's valuation techniques. Level 3 is for assets measured using inputs that are unobservable, and is used in situations for which there is little, if any, market activity for the asset. The estimated fair value of cash surrender value of life insurance at June 30, 2016 was \$25,525. The following is a summary of cash surrender value of life insurance Level 3 activity:

	Fair Value Measurement Using Significant Unobservable Inputs Level 3 <u>Cash Surrender Value of Life Insurance</u>

7. Notes Payable

During fiscal year 2010, the Organization received a \$60,000 non-interest bearing Community Improvement Program note from the City of Manchester for capital improvements at the shelter. Principal payments of \$6,000 are due annually by October 1st over a ten-year term. Any principal amount remaining unpaid after the earlier of ten years from acceptable completion of construction or October 1, 2019 will be due and payable. The balance of this note was \$24,000 and \$30,000 at June 30, 2016 and 2015, respectively.

During fiscal year 2011, the Organization received a \$170,000 note from the New Hampshire Community Development Finance Authority for capital improvements at the shelter. This note has 0.0% interest for the first 18 months and then 2.0% interest for the remaining life of the note. This note is secured by a second mortgage on the 199 Manchester Street property. The balance of this note was \$87,009 and \$103,651 at June 30, 2016 and 2015, respectively.

The following is a summary of future payments on the previously mentioned long-term debt at June 30, 2016:

<u>Fiscal Year</u>	<u>Amount</u>
2017	\$ 22,977
2018	23,320
2019	23,670
2020	24,026
2021	<u>17,016</u>
Total	<u>\$ 111,009</u>

As discussed in Note 2 to these financial statements, the Organization is required to report its fair value measurements in one of three levels, which are based on the ability to observe in the marketplace the inputs to the Organization's valuation techniques. Level 3 is for liabilities measured using inputs that are unobservable, and is used in situations for which there is little, if any, market activity for the liability. The estimated fair value of notes payable at June 30, 2016 was \$111,009. The following is a summary of notes payable Level 3 activity:

	Fair Value Measurement Using Significant Unobservable Inputs <u>Level 3</u> <u>Notes Payable</u>

EXPLANATION

This request is **retroactive** because there was a delay in receiving the executed contract from the vendor. The purpose of this request is for the provision of emergency shelter services and related services to homeless individuals.

This agreement is one (1) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$406,172 of the total \$6,569,941 being funded. Twenty-five (23) of the contracts were previously approved by the Governor and Executive Council approval on the August 26, 2015 and two (2) contracts are anticipated to be scheduled for Governor and Executive Council approval on the September 16, 2015 meeting.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Intervention Services - Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc. for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP.

The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties.

If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable.

The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state.

Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

Report on the Financial Statements

We have audited the accompanying financial statements of New Hampshire Coalition Against Domestic and Sexual Violence (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016 and the related statement of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Hampshire Coalition Against Domestic and Sexual Violence as of June 30, 2016 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the New Hampshire Coalition Against Domestic and Sexual Violence's 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 6, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Other information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 3, 2016, on our consideration of New Hampshire Coalition Against Domestic and Sexual Violence's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New Hampshire Coalition Against Domestic and Sexual Violence's internal control over financial reporting and compliance.

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The New Hampshire Coalition Against Domestic and Sexual Violence (the Coalition) is a statewide network of 13 independent member programs committed to ending domestic and sexual violence. The Coalition assists its member groups by providing technical assistance and training, support in developing new programs, and by serving as a statewide clearinghouse and coordinating organization. It administers state and federal contracts that provide funding for its member programs.

Vision

All New Hampshire communities provide safety for every person.

Mission

The New Hampshire Coalition Against Domestic and Sexual Violence creates safe and just communities through advocacy, prevention and empowerment of anyone affected by sexual violence, domestic violence and stalking.

This mission is accomplished by the Coalition, which includes 13 independent community-based member programs, a board of directors and a central staff working together to:

- Influence public policy on the local, state and national levels;
- Ensure that quality services are provided to victims;
- Promote the accountability of societal systems and communities for their responses to sexual violence, domestic violence and stalking;
- Prevent violence and abuse before they occur.

The Coalition is an umbrella organization that provides technical and financial support to 13 member agency crisis centers who in turn provide services to survivors of sexual assault, domestic violence, human trafficking, and stalking.

The Coalition supports member agency staff with specialized training and resources, convenes member programs to facilitate shared learning and peer support, and collects and disseminates best practices and current information. Coalition staff participates in numerous statewide boards and commissions to advocate for effective responses to victims.

Coalitions staff provide legal education and training to court and law enforcement officials and attorneys, and collaborates with legal assistance organizations that provide lawyers for survivors and their families. Coalition staff work to promote cross-system collaboration with child protective services and child advocacy centers to assure safety for children exposed to or who have experienced domestic and sexual violence, and for their parents.

The Coalition's Public Policy staff work closely with other advocacy groups and legislators on drafting legislation, organizing testimony, and advocating for policy change throughout the session. The Coalition either takes an active role in or tracks close to 150 bills each Legislative Session. These bills address a wide range of issues including domestic and sexual violence; stalking; family law; divorce and child custody/visitation/support; reproductive rights; judicial matters and law enforcement; privacy and personal information; healthcare; and economic justice issues.

The Coalition has sponsored research on the prevalence of violence in New Hampshire. Coalition staff provides resources and sources for responsible news media and reporting.

The Coalition also manages several specific programs to assist its member crisis centers and the public. The following are three distinct programs that directly affect survivors of domestic violence, sexual violence and stalking:

AmeriCorps Victim Assistance Program (AVAP)

The AmeriCorps Victim Assistance Program (AVAP) is a multi-agency collaboration housed by the Coalition that ensures direct services are available to victims of domestic and sexual violence and stalking throughout New Hampshire.

Members of the AmeriCorps Victim Assistance Program are placed throughout New Hampshire at crisis centers, police departments, prosecutor offices, the New Hampshire Department of Corrections, and child advocacy centers to offer support and information to victims of domestic and sexual violence and stalking. Providing support and advocacy to victims in district court is a core component of AVAP, extending the services that are available to victims throughout the state.

AVAP is part of AmeriCorps, a national service program that offers opportunities to Americans who are interested in making a substantial commitment to serve their country through national service.

Sexual Assault Nurse Examiner (SANE) Program

The Sexual Assault Nurse Examiner Program, known as SANE, is a joint project of the Coalition and the NH Department of Justice. A Sexual Assault Nurse Examiner is a Registered Nurse who has been specially trained to provide comprehensive care to sexual assault survivors, who demonstrates competency in conducting medical/forensic examinations and who has the ability to be a witness if a sexual assault case goes to trial. Coalition staff are responsible for working with registered SANEs and medical professionals across the state to ensure that sexual assault victims receive consistent and professional care during forensic exams. The NH Department of Justice and the Coalition co-convene the SANE Advisory Board.

The Family Violence Prevention Specialist Program (formerly Domestic Violence Specialist)

Research shows a high correlation (40-60%) between the perpetration of domestic violence and the perpetration of child abuse and neglect (co-occurrence) in the same family. The Family Violence Prevention Specialist Program was built on the principle that abused and neglected children are best served when they can remain in a safe household with a non-violent parent.

The Family Violence Prevention Specialist program began in 1998 as a coordinated effort between the Coalition and the Division for Children, Youth, and Families (DCYF). Family Violence Prevention Specialists (FVPSs) are employed by local member programs of the Coalition, and are co-located at local District Offices of DCYF. The FVPSs are a source of assistance and training to child protective service workers while providing advocacy services to victims of domestic violence involved with DCYF. This program results in more effective assistance to victims through the development of interventions that recognize the adult victim's need for support and advocacy in order to improve safety outcomes for children.

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)

Significant Accounting Policies

The financial statements of the Coalition have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to not-for-profits. The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for establishing accounting and financial reporting principles for not-for-profits. The more significant of the FASB's generally accepted accounting principles applicable to the Coalition, and the Coalition's conformity with such principles, are described below. These disclosures are an integral part of the Coalition's financial statements.

Financial Statement Presentation

The Coalition is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Coalition is required to present a statement of cash flows. The Coalition additionally maintains a classification of land, building and equipment within its unrestricted net asset statements of activity, which is combined into total unrestricted net assets.

Grants Receivable and Promises to Give

Contributions are recognized when the donor makes a promise to give to the Coalition that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Contributed Services

During the years ended June 30, 2016 and 2015, the value of contributed services relating to printing, community education, direct training and professional fees were \$169,443 and \$186,547, respectively. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

In addition, many individuals volunteer their time and perform a variety of tasks that assist the Coalition; these amounts have not been recognized in the accompanying statement of activities because the criterion for recognition of such volunteer effort is that services must be specialized skills, which would be purchased if not donated.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE A-NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES, (continued)

Allocation of Expenses

The Coalition allocates expenses among program services, management and general, and fundraising based on direct costs and other factors, including space utilization and time.

Property and Equipment

It is the Coalition's policy to capitalize property and equipment over \$2,500 and all expenditures for repairs, maintenance, renewals and betterments that prolong the useful lives of assets. Lesser amounts are expensed. Purchased property and equipment is capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Coalition reports expiration of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Coalition reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-line method. The ranges of useful lives are as follows:

Building and Improvements	39 Years
Equipment	3-7 Years

Depreciation expense recorded by the Coalition for the years ended June 30, 2016 and 2015 was \$9,882 and \$10,103, respectively.

Income Taxes

The Coalition is a not-for-profit corporation under Section 501(c) (3) of the Internal Revenue Code, is exempt from federal income taxes, and is classified as other than a private foundation. In addition, the Coalition qualifies for the charitable contribution deduction under Section 170(b)(1)(A).

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Coalition considers all highly liquid investments (short-term investments such as certificates of deposits and money market accounts) with an initial maturity of three months or less to be cash equivalents. There were no cash equivalents as of June 30, 2016 and 2015.

Segregation of Accounts

Under Title 1, New Hampshire, The State and Its Government, Chapter 15 Lobbyist Section 15:1-a, the Coalition is required to physically and financially separate state funds from any non-state funds that may be used for the purposes of lobby or attempt to influence legislations, participate in political activity, or contribute funds to any entity engaged in these activities. The Coalition has established and maintains a separate bank account for this purpose. The account balances were \$3,250 and \$3,908 at June 30, 2016 and 2015, respectively.

NOTE E – CONCENTRATION OF CREDIT RISK

The Coalition maintains cash balances in several accounts at a local bank. These accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000. At June 30, 2016 and 2015 the Organization had \$60,925 and \$83,747 uninsured cash balances, respectively.

During their budgeting process, the Board of Directors determines the amount to be contributed annually. Employer contributions for the years ended June 30, 2016 and 2015 totaled \$6,999 and \$4,850, respectively.

NOTE H - TAX EXEMPT STATUS

The Coalition is a public charity exempt from Federal income tax under Section 501 (c) (3) of the Internal Revenue Code. The Coalition does not believe it has done anything during the past year that would jeopardize its tax exempt status at either the state or Federal level. The Coalition reports its activities to the IRS in an annual information return. These filings are subject to review by the taxing authorities and the federal income tax returns for 2015, 2014, and 2013 are subject to examination by the IRS, generally for three years after they were filed.

In accordance with FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, the Coalition is under the opinion that there are no unsustainable positions that have been taken in regards to federal or state income tax reporting requirements. Accordingly, management is not aware of any unrecognized tax benefits or liabilities that should be recognized in the accompanying statements.

NOTE I - SUBSEQUENT EVENT

Management has evaluated subsequent events through October 3, 2016, the date on which the financial statements were available to be issued to determine if any are of such significance to require disclosure. It has been determined that no subsequent events matching this criterion occurred during this period.

NOTE J - FAIR VALUE MEASUREMENTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
New Hampshire Coalition
Against Domestic and Sexual Violence
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of New Hampshire Coalition Against Domestic and Sexual Violence (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 3, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered New Hampshire Coalition Against Domestic and Sexual Violence's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control. Accordingly, we do not express an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether New Hampshire Coalition Against Domestic and Sexual Violence's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
New Hampshire Coalition
Against Domestic and Sexual Violence
Concord, New Hampshire

Report on Compliance for Each Major Federal Award Program

We have audited New Hampshire Coalition Against Domestic and Sexual Violence's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs for the year ended June 30, 2016. New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of New Hampshire Coalition Against Domestic and Sexual Violence's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about New Hampshire Coalition Against Domestic and Sexual Violence's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of New Hampshire Coalition Against Domestic and Sexual Violence's compliance.

Opinion on Each Major Federal Program

In our opinion, New Hampshire Coalition Against Domestic and Sexual Violence complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of New Hampshire Coalition Against Domestic and Sexual Violence is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered New Hampshire Coalition Against Domestic and Sexual Violence's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of New Hampshire Coalition Against Domestic and Sexual Violence's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc. for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. Mission & History

Mission

NHLA's mission is to fulfill America's promise of equal justice by providing civil legal services to New Hampshire's poor, including education and empowerment, advice, representation, and advocacy for systemic change.

We offer our clients high quality civil legal services to address the legal problems that affect their daily survival and most basic needs. These services range from simple legal information and advice to vigorous and thorough representation in all of New Hampshire's courts and before many of the local, state and federal agencies which play large roles in their lives. In providing legal services to the poor, NHLA helps balance the scales of justice for all citizens.

History

Origins. NHLA was created in 1971 through the merger of two smaller programs, Southern New Hampshire Legal Services and Tri-County Legal Services, which served the North Country. Since our founding NHLA has continuously enjoyed the steadfast support of the New Hampshire Bar Association and the New Hampshire judiciary.

Funding Resilience. In 1996, federal funding was drastically reduced and restrictions were added that would have barred NHLA from undertaking legislative advocacy and large-scale litigation. NHLA did not accept these funds, equivalent to half of its budget, but instead helped create the Legal Advice & Referral Center (LARC) to use the remaining funds within the new restrictions. Though two of NHLA's five offices closed, within two years NHLA replaced all lost funds with federal grants, first-time state support to re-open a North Country office, and other new funding.

Collaboration. Since 1997, recognizing the importance of coordination with the Pro Bono Program and LARC, the two other major legal services providers in the state, NHLA has been engaged in a joint comprehensive statewide planning process. In 2000, NHLA integrated its Board with LARC's Board. The Boards meet together, share officers and the same committee structure, and function as one policy creating and oversight body to unify the vision and direction of the two agencies.

To the Board of Directors
New Hampshire Legal Assistance, Inc.

We have audited the accompanying financial statements of New Hampshire Legal Assistance, Inc., which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Hampshire Legal Assistance, Inc., as of December 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of functional expenses and the combining statements of financial position and activities are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2016 and 2015

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

New Hampshire Legal Assistance, Inc. is a non-profit organization incorporated in 1971, with the mission to fulfill America's promise of equal justice by providing civil legal services to New Hampshire's poor, including education and empowerment, advice, representation, and advocacy for systemic change.

The accounting policies of New Hampshire Legal Assistance, Inc. (the 'Entity'), conform to accounting principles generally accepted in the United States of America as applicable to nonprofit entities except as indicated hereafter. The following is a summary of significant accounting policies.

Basis of Presentation

The financial statements have been prepared in accordance with the reporting pronouncements pertaining to Not-for-Profit Entities included within the FASB Accounting Standards Codification. The Entity is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets, based upon the existence or absence of donor-imposed restrictions. The Entity has no permanently restricted net assets.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Recognition of Donor Restrictions

Contributions are recognized when the donor makes a promise to give to the Entity that is, in substance, unconditional. Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and other cash accounts with a maturity of 90 days or less. For the purpose of the Statements of Cash Flows, cash and cash equivalents consist of the following:

	<u>2016</u>	<u>2015</u>
As presented on the Statements of Financial Position -		
Cash and equivalents	\$ 1,428,475	\$ 1,480,364
Cash, restricted	50,494	109,206
	<u>\$ 1,478,969</u>	<u>\$ 1,589,570</u>

NEW HAMPSHIRE LEGAL ASSISTANCE, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
For the Years Ended December 31, 2016 and 2015

Investments

Investments, which consist of unit investment trusts, are carried at market value at December 31, 2016 and 2015. Unrealized gains and losses on investments are reflected in the statements of activities.

Contributions Receivable

Unconditional pledges are recorded as made. These amounts are recorded at the present value of the estimated fair value. Conditional pledges are recognized only when the conditions on which they depend are substantially met and the pledges become unconditional. Contributions receivable are collectible as follows:

	<u>Total</u>	<u>0-1 Years</u>	<u>1-5 Years</u>
Contributions receivable	\$ 61,851	\$ 56,851	\$ 5,000

Land, Building and Equipment

Property and equipment is recorded at cost for purchased items and at estimated fair value for donated items and is summarized as follows:

	<u>2016</u>	<u>2015</u>
Land	\$ 10,000	\$ 10,000
Building	447,807	421,175
Equipment	<u>224,209</u>	<u>215,635</u>
	682,016	646,810
Less: Accumulated Depreciation	<u>(433,373)</u>	<u>(412,243)</u>
	<u>\$ 248,643</u>	<u>\$ 234,567</u>

Depreciation is computed using the straight-line method over estimated three to ten year lives for equipment, and seven to forty year lives for the building and improvements. Expenditures for repairs and maintenance are expensed when incurred and betterments with a useful life in excess of two years are capitalized.

Depreciation expense for the years ending December 31, 2016 and 2015 was \$21,130 and \$21,020, respectively.

Deposits Held for Others

Deposits held for others consist of funds that are held for the express purpose of third party individuals and organizations, and are therefore not available to support the Entity's own programs.

Bad Debts

The Entity uses the reserve method for accounting for bad debts. It is the Entity's policy to charge off uncollectible receivables when management determines the receivable will not be collected. No allowance has been recorded as of December 31, 2016 and 2015, because management of the Entity believes that all outstanding receivables are fully collectible.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
For the Years Ended December 31, 2016 and 2015

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statements of activities. Accordingly, certain indirect costs have been allocated among the programs and supporting services benefited, based primarily on percentage allocations calculated based on hours worked.

Fund Raising Activities

Fund raising expenses represent the allocated costs of the Campaign for Legal Services (See Note 14 below). Distributions of campaign donations to the Entity's campaign partner agencies have been included as fundraising expense because the Entity has an agreement to distribute these funds, which do not represent typical, out-of-pocket operating expenses of the Entity. Distributions of campaign donations for the year ended December 31, 2016 and 2015 totaled \$69,300 and \$35,297, respectively.

Donated Services

The Entity receives donated services from a variety of part-time volunteers in the form of administrative assistance, as well as paralegal and legal services. The estimated fair value of these donations is recorded as revenue and expenses in the accompanying Statements of Activities. Donated services recognized as revenue and expenses in the Statements of Activities for the years ending December 31, 2016 and 2015 was \$102,459 and \$56,438, respectively.

Fair Value of Financial Instruments

Cash and equivalents, accounts receivable, accounts payable, and accrued expenses are carried in the financial statements at amounts which approximate fair value due to the inherently short-term nature of the transactions. The fair values determined for financial instruments are estimates, which for certain accounts may differ significantly from the amounts that could be realized upon immediate liquidation.

Reclassification

Certain reclassifications have been made to the December 31, 2015 financial statement presentation to correspond to the current year format. These reclassifications had no effect on the change in net assets for the year ending December 31, 2015, as previously reported.

Fair Value Measurements

The Entity reports under the Fair Value Measurements pronouncements of the FASB Accounting Standards Codification (FASB ASC 820-10), which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Entity has the ability to access.

Level 2 – Inputs to the valuation include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs at the closing price reported on the active market on which the individual securities are traded.

Following is a description of the valuation methodologies used for assets measured at fair value.

Unit Investment Trusts: Valued at the quoted liquidation price for similar assets or liabilities in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Entity believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Entity's assets at fair value as of December 31, 2016 and 2015:

NOTE 10--INCOME TAXES

The Entity is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is also exempt from State of New Hampshire income taxes and, therefore, has made no provision for Federal or State income taxes. In addition, the Entity has been determined by the Internal Revenue Service not to be a "Private Foundation" within the meaning of Section 509(a) of the Code.

The Entity has adopted FASB Accounting Standards Codification Topic 740 entitled *Accounting for Income Taxes* which requires the Entity to report uncertain tax positions for financial reporting purposes. FASB ASC 740 prescribes rules regarding how the Entity should recognize, measure and disclose in its financial statements, tax positions that were taken or will be taken on the Entity's tax returns that are reflected in measuring current or deferred income tax assets and liabilities. Differences between tax positions taken in a tax return and amounts recognized in the financial statements will generally result in an increase in a liability for income tax payable or a reduction in a deferred tax asset or an increase in a deferred tax liability. The Entity had no uncertain tax positions as of December 31, 2016 and, accordingly

NEW HAMPSHIRE LEGAL ASSISTANCE, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

does not have any unrecognized tax benefits that need to be recognized or disclosed in the financial statements.

As of December 31, 2016, the tax years 2015, 2014 and 2013 remain subject to possible examination by major tax jurisdictions.

NOTE 11--CASE REVENUE

The Entity receives a regular stream of case revenue from fees in Social Security and SSI disability cases. These fee awards must be approved by the Social Security Administration Administrative Law Judge. From time to time the Entity also receives larger attorney fee awards in individual and class action cases. These class action fee awards are episodic and it is not possible to predict in advance their amounts or the dates they will be received. Rather than spending these entire awards in the year they are received, the Entity allocates them over a period of years to avoid wide fluctuations in staff size.

NOTE 12--ECONOMIC DEPENDENCY

For the years ended December 31, 2016 and 2015, approximately 34% and 36%, respectively, of total unrestricted support and revenue was derived from an appropriation from the State of New Hampshire. The discontinuation or reduction of the State appropriation would likely result in a decrease in services provided by the Entity, until alternative revenues could be obtained.

NOTE 13--SIGNIFICANT CONCENTRATIONS OF CREDIT RISK

The Entity maintains bank deposits at financial institutions with local branches located in New Hampshire. The Entity's cash balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to a total of \$250,000 for all cash checking and sweep accounts. The Entity has entered into agreements with the financial institutions to move funds in excess of FDIC limits into insured cash sweep accounts. Funds held in the insured cash sweep accounts are placed into FDIC insured deposit accounts with other financial institutions throughout the United States. As of December 31, 2016 and 2015 the Entity's bank deposits were fully insured.

NOTE 14--CAMPAIGN FOR LEGAL SERVICES

In June 2005, the Entity assumed administration of the Campaign for Legal Services (the Campaign) from the New Hampshire Bar Foundation. The Campaign is a joint fundraising effort on behalf of the Entity, the Legal Advice and Referral Center (LARC) and the Pro Bono Referral Program of the New Hampshire Bar Association (Pro Bono), all not-for-profit entities providing civil legal services to low-income people. During the year ended December 31, 2015 Pro Bono withdrew from the joint fundraising effort and did not participate in any distributions from the Campaign. Revenue and expenses of these activities have been reported as contributions received and made and as fund raising expenses in these financial statements. For the years ended December 31, 2016 and 2015 the Campaign had total unrestricted revenue and support of \$290,827 and \$235,654, respectively, and total expenses excluding distributions of \$92,827 and \$134,805, respectively. Distributions to the Campaign partners during the years ended December 31, 2016 and 2015 totaled \$198,000 and \$100,849, respectively. Distributions were allocated and made as follows for the years ended December 31, 2016 and 2015: the Entity received \$128,700 and \$65,552, respectively, and LARC received \$69,300 and \$35,297, respectively.

ELLIOTT BERRY

EDUCATION:

University of Michigan, 1967-1971
B.A. Far Eastern Studies, Chinese Language and Literature

J. D., Boston College Law School, 1975

EMPLOYMENT:

September, 1975-Present: Attorney, New Hampshire Legal Assistance.

Housing specialist for statewide legal services program with substantial experience in the following areas: private landlord/tenant; conventional public housing; Section 8 housing; Section 236 housing; FmHA § 502 and 515 housing; manufactured housing; zoning; rent controls; community development block grants; housing finance, and housing development.

I have advocated on housing issues in diverse forums: impact litigation, individual service cases, legislative drafting and lobbying, block grant advocacy, training and supervision, program support, and community education.

LITIGATION:

1. *Britton v. Town of Chester*

Lead counsel in both three-week trial and appeal in successful challenge to exclusionary zoning by a developing municipality in metropolitan Manchester. New Hampshire Supreme Court accepted plaintiff's position that housing for all socio-economic classes is an essential element of the general welfare and that municipal zoning ordinances must afford realistic opportunities for development of housing for indigenous low-moderate income families and for a proportionate share of the regional need for such housing.

2. *Soares, et al. v. Town of Atkinson* - (N.H. Supreme Court)

This was an attack on exclusionary zoning based on the "Mt. Laurel Doctrine." After a 4-week trial, the Rockingham County Superior Court issued a 107-page decision adopting Mt. Laurel "fair share" principles. The Town amended its ordinances and included some "inclusionary zoning ordinances." Town's appeal dismissed as moot due to amendment.

3. *Eastman v. Block* - (U.S. District Court).

Filed December 13, 1982. Action challenging the refusal of the Farmers Home Administration to provide financing for the purchase of manufactured housing as mandated by a 1974 amendment to Housing Act. Over the course of the litigation, Congress amended the legislation and regulations have been promulgated granting Section 502 mortgages and interest credits for manufactured housing.

4. ***Scruton v. HUD*** - (U.S. District Ct.).

Suit against private owner of subsidized housing for under utilization of project-based Section 8 subsidies and discrimination against voucher and certificate holders. HUD was also a defendant for failure to enforce full utilization requirements of HAP contract. Settlement provided agreement from private developer to utilize all Section 8's and to prohibit discrimination against certificate holders.

5. ***Simpson v. Pierce*** - (U.S. District Court).

Action to enjoin rent increase for welfare recipients residing in Section 8 and conventional public housing based on OBRA amendments to U.S. Housing Act. In the alternative, plaintiffs sought an order against the state welfare department directing them to increase plaintiffs' welfare checks to cover the rent increase. Final stipulation filed ensuring that rents for AFDC recipients would not exceed the shelter component of their AFDC grant.

6. ***South End Tenants Association v. Laconia Housing and Redevelopment Authority*** - (U.S. District Court).

Action to enjoin local housing authority and HUD from terminating a Section 236 new construction contract (thus dispossessing 48 large tenant families) prior to the expiration of the ten-year term. Consent decree providing Section 8 Existing Housing certificates for all displaced tenants.

7. ***Girard v. Town of Allenstown*** - [121 N.H. 268 (1981)].

Authored the only municipal rent control ever enacted in N.H. Represented tenant-intervenors in defense of the ordinance. Town refused to defend ordinance passed at town meeting. Supreme Court ruled that town did not have power to enact rent controls in absence of state enabling legislation.

8. ***Luksa v. Harris*** - (U.S. District Court).

Action to enjoin HUD from charging AFDC recipients who reside in public housing the amount of the maximum shelter allowance given by state welfare to AFDC recipients pursuant to "Brooke III," 42 U.S.C. § 1437 and 24 C.F.R. § 860.404. HUD agreed to accept \$110 per month per unit rather than the \$155 maximum shelter allowance paid by the N.H. Division of Welfare. This provided AFDC families in public housing the same per unit HUD subsidy as was provided to the average non-AFDC public housing tenant household.

9. ***Dussault v. Hills*** - (U.S. District Court). May, 1977.

Preliminary injunction entered against HUD ordering payment of Section 236 operating subsidy on behalf of tenants in Nashua. After several months of payment preliminary injunction was vacated and plaintiffs were subsumed in nationwide class certified in *Underwood v. Hills*.

10. ***Kologiski v. Hills*** - (U.S. District Court).

Plaintiffs, tenants in 221(d)(3) development sued to enjoin arbitrary eviction. Preliminary agreement. Final case settled with promulgation of 24 C.F.R. § 450 by HUD.

BLOCK GRANT ADVOCACY:

1. ***Souhegan Valley Manufactured Housing Cooperative***

Wrote a block grant application (small cities) for the Town of Milford, N.H. on behalf of mobile home owners renting lots in park which was being closed by a new owner. The N.H. Office of State Planning made the maximum single purpose grant of \$350,000 which enabled the tenants to leverage the financing necessary to purchase the park.

2. *LISTEN v. City of Lebanon*

Administrative complaint against 1978 application for Community Development Block Grant (Entitlement Program) filed on behalf of community organization contesting the city's failure to include programs which benefit low-income families, its over-emphasis on the housing needs of homeowners, its failure to comply with HAP proportionality requirements, and inadequate citizen participation. Complaint caused a shift in over twenty percent of funds, which was acceptable to community plaintiffs.

3. *Manchester Emergency Housing*

Co-founder of housing coalition formed to create an emergency shelter in Manchester for battered women and other homeless persons. Wrote and successfully lobbied for \$85,000 CDBG grant for purchase and rehabilitation of the shelter.

LEGISLATION:

1. "Affordable Housing Fund" (1988). Wrote and lobbied statute establishing "Affordable Housing Fund" (1988), state's first state-funded program for grants and low-interest loans for community-based housing initiatives.
2. Wrote and lobbied statute providing pro se injunctive relief for victims of landlord self-help, and providing for substantial damages.
3. Wrote, testified, and successfully lobbied New Hampshire's statewide "good cause eviction bill" in 1985.
4. Co-authored, negotiated, lobbied tenant protection from condominium conversion. Tenants have nine months notice; when they are elderly or disabled, in which case they get 18 months notice. Tenants have an exclusive right to purchase their unit for 60 days.
5. Co-authored, testified in both House and Senate hearings, lobbied. Authorization for rent withholding.
6. Co-authored retaliatory eviction amendments to include protection for tenant organizing and rent withholding.
7. Authored bill providing tenants in mobile home parks with opportunity to petition superior court for injunctive relief to remedy health and safety problems, and for the appointment of a receiver in certain cases.

OTHER ACTIVITIES:

1. N. H. Community Loan Fund, Inc. Co-founder and president of one of the nation's first non-profit loan funds for community-based housing development. We make loans to housing cooperatives and other community based non-profit housing projects and are capitalized with below-market rate loans from religious and other charitable organizations and individuals.
2. Chairman, 1987-present, Manchester Housing Council, created by legislative body of state's largest city.
3. President, Manchester Area Housing Trust, 1991-present. Founder and initial president of non-profit community based housing development organization in state's largest municipality.

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc. for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties.

If not funded, there would be no Homeless intervention services available in Belknap and Merrimack counties, which is unacceptable.

The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
 - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed
 - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

In July 2011, Rockingham Community Action (RCA), the Community Action Agency serving Rockingham County, was merged with Southern New Hampshire Services. As a result of this merger, SNHS now provides services to residents of the 66 towns and 2 cities in Hillsborough and Rockingham Counties.

The Economic Opportunity Act of 1964 and subsequent federal legislation establishing the Community Services Block Grant define our basic mission. Under these provisions the fundamental mission of SNHS is:

- A. To provide a range of services and activities having a measurable and potentially major impact on causes of poverty in the community or those areas of the community where poverty is a particularly acute problem.
- B. To provide activities designed to assist low-income participants including homeless individuals and families, migrants, and the elderly poor to:
 - 1. Secure and retain meaningful employment
 - 2. Attain an adequate education
 - 3. Make better use of available income
 - 4. Obtain and maintain adequate housing and a suitable living environment
 - 5. Obtain emergency assistance through loans or grants to meet immediate and urgent individual and family needs, including the need for health services, nutritious food, housing, and employment related assistance
 - 6. Remove obstacles and solve problems which block the achievement of self-sufficiency
 - 7. Achieve greater participation in the affairs of the community, and
 - 8. Make more effective use of other programs related to the purposes of the enabling federal legislation.
- C. To provide on an emergency basis for the provision of such supplies and services, nutritious foodstuffs, and related services, as may be necessary to counteract conditions of starvation and malnutrition among the poor.
- D. To coordinate and establish linkages between governmental and other social service programs to assure the effective delivery of such services to low-income individuals.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined financial statements of Southern New Hampshire Services, Inc. (the Organization) and affiliate, which comprise the combined statement of financial position as of July 31, 2016, and the related combined statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the combined financial statements, and have issued our report thereon dated April 28, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the combined financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's combined financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern New Hampshire Services, Inc. and affiliate's combined financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance and Schedule of Expenditures of Federal Awards Required by The Uniform Guidance

To the Board of Directors
Southern New Hampshire Services, Inc. and Affiliate
Manchester, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southern New Hampshire Services, Inc. (the Organization) and affiliate's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southern New Hampshire Services, Inc. and affiliate's major federal programs for the year ended July 31, 2016. Southern New Hampshire Services, Inc. and affiliate's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Southern New Hampshire Services, Inc. and affiliate's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern New Hampshire Services, Inc. and affiliate's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southern New Hampshire Services, Inc. and affiliate's compliance.

Opinion on Each Major Federal Program

In our opinion, Southern New Hampshire Services, Inc. and affiliate complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended July 31, 2016.

Report on Internal Control over Compliance

Management of Southern New Hampshire Services, Inc. and affiliate is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southern New Hampshire Services, Inc. and affiliate's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern New Hampshire Services, Inc. and affiliate's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the combined financial statements of Southern New Hampshire Services, Inc. and affiliate as of and for the year ended July 31, 2016, and have issued our report thereon dated April 28, 2017, which contained an unmodified opinion on those combined financial statements. Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the combined financial statements as a whole.

Independent Auditor's Report

To the Board of Directors
Southern New Hampshire Services, Inc.
Manchester, New Hampshire

Report on the Financial Statements

We have audited the accompanying combined financial statements of Southern New Hampshire Services, Inc. (a nonprofit organization) and affiliate, which comprise the combined statements of financial position as of July 31, 2016 and 2015, and the related combined statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Southern New Hampshire Services, Inc. and affiliate, as of July 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in the Reporting Entity

As discussed in Note 1 to the financial statements, the 2015 combined financial statements included certain low-income housing corporations as part of the overall reporting entity that were not included in the 2016 combined financial statements. The 2015 combined financial statements have been retrospectively adjusted to reflect the new reporting entity. Our opinion is not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The combining schedule of financial position and the combining schedule of activities are presented for purposes of additional analysis and are not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the combined financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated April 28, 2017 on our consideration of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and on our tests on its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and compliance.

SOUTHERN NEW HAMPSHIRE SERVICES, INC. AND AFFILIATE

NOTES TO COMBINED FINANCIAL STATEMENTS

JULY 31, 2016 AND 2015

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Organization

Southern New Hampshire Services, Inc. (SNHS) is an umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in New Hampshire's Hillsborough County and Rockingham County. The Organization's programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing and homelessness prevention. The Organization is committed to providing respectful support services and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts. Services are provided through Southern New Hampshire Services, Inc. and SNHS Management Corporation.

Basis of Accounting and Presentation

The Organization prepares its combined financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; and accordingly reflect all significant receivables, payables, and other liabilities. Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets - Unrestricted net assets of the Organization are net assets that are neither permanently restricted nor temporarily restricted by donor-imposed restrictions.

Temporarily restricted net assets - Temporarily restricted net assets are net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations.

Permanently restricted net assets - Permanently restricted net assets are net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

The Organization has no temporarily restricted or permanently restricted net assets at July 31, 2016 and 2015.

Combined Financial Statements – Change in Reporting Entity

All significant intercompany items and transactions have been eliminated from the basic combined financial statements. The combined financial statements include the accounts of SNHS Management Corporation because Southern New Hampshire Services, Inc. controls more than 50% of the voting power. The previously issued 2015 combined financial statements included certain low-income housing corporations. Management has elected not to combine these entities in the 2016 combined financial statements and retrospectively adjusted the 2015 combined financial statements to reflect the new reporting entity for comparative purposes. The adjustment increased the 2015 change in net assets by \$1,330,881.

Use of Estimates

The preparation of combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results may differ from these amounts.

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For the purpose of the combined statements of cash flows, the Organization considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Current Vulnerabilities Due to Certain Concentrations

The Organization maintains its cash balances at several financial institutions located in New Hampshire and Maine. The balances are insured by the Federal Deposit Insurance Organization (FDIC) up to \$250,000 per financial institution. In addition, on October 2, 2008, the Organization entered into an agreement with its principal banking partner to collateralize deposits in excess of the FDIC insurance limitation on some accounts. The balances, at times, may exceed amounts covered by the FDIC and collateralization agreements. It is the opinion of management that there is no significant risk with respect to these deposits at this time.

Accounts and Contracts Receivable

All accounts and contracts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Receivables are recorded on the accrual basis of accounting primarily based on reimbursable contracts, grants and agreements. Balances outstanding after management has used reasonable collection efforts are written off through a charge to bad debt expense and a credit to the applicable accounts receivable. Management does not believe an allowance for uncollectible accounts receivable is necessary at July 31, 2016 and 2015.

Revenue Recognition

The Organization's revenue is recognized primarily from federal and state grants and contracts generally structured as reimbursed contracts for services and therefore revenue is recognized based on when their individual allowable budgeted expenditures occur. Federal and state grant revenue comprised approximately 90% of total revenue in the fiscal years ended July 31, 2016 and 2015, respectively.

Contributions and In-Kind Donations

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statements of activities as net assets released from restrictions. In-kind revenues and expenses represent fair market value of volunteer services and non-paid goods which were donated to the Organization during the current fiscal year. All in-kind revenues in the fiscal year 2016 and 2015 were generated through the Head Start and Economic Workforce Development programs.

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities.

JULY 31, 2016 AND 2015

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fixed Assets

Fixed assets acquired by the Organization are capitalized at cost if purchased or fair value if donated. It is the Organization's policy to capitalize expenditures for these items in excess of \$5,000. Major additions and renewals are capitalized, while repairs and maintenance are expensed as incurred. Depreciation is calculated using the straight-line basis over the estimated useful lives of the assets, which range from three to forty years. Depreciation expense for July 31, 2016 and 2015 was \$338,948 and \$329,982, respectively.

Fixed assets purchased with grant funds are owned by the Organization while used in the program for which they were purchased or in other future authorized programs. However, the various funding sources have a reversionary interest in the fixed assets purchased with grant funds. The disposition of fixed assets, as well as the ownership of any proceeds is subject to funding source regulations.

Advertising

The Organization uses advertising to promote programs among the people it serves. The production costs of advertising are expensed as incurred.

Functional Allocation of Expenses

The costs associated with providing program services and management and general support services are presented by natural classification on the combined statement of functional expenses and have been summarized on a functional basis on the combined statements of activities.

Subsequent Events

Management has made an evaluation of subsequent events through April 28, 2017, which represents the date on which the combined financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of these combined financial statements.

Reclassifications

Certain reclassifications have been made to the 2015 combined financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE 2: RESTRICTED CASH

The Organization, as stipulated in many of the loan agreements associated with the housing projects included in SNHS Management Corporation, is required to maintain separate accounts and make monthly deposits into certain restricted reserves for the replacement of property and other expenditures. In addition, the Organization is required to maintain separate accounts for tenant security deposits and any surplus cash that may result from annual operations. These accounts are also not available for operating purposes and generally need additional approval from oversight agencies before withdrawal and use of these funds can occur.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2016 and 2015.

Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of July 31, 2016 and 2015:

The leases expire at various times through January 2018. Some of the leases contain renewal options that are contingent upon federal funding and some contain renewal options subject to renegotiation of lease terms.

The following is a schedule of future minimum lease payments for the operating leases as of July 31, 2016:

	2017	\$ 445,890

Participating employees must contribute at least 5% of their wages, while the Organization contributes 10% of their wages. The pension expense for the years ended July 31, 2016 and 2015 was \$756,990 and \$747,193, respectively.

NOTE 8: RISKS AND UNCERTAINTIES

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules, and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

NOTE 9: CONTINGENCIES AND CONTINGENT LIABILITIES

The Organization receives contract funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not yet been determined.

Cotton Mill Square

In 2015, SNHS Management Corporation entered into a contract as part of the Community Development Investment Tax Credit Program with the Community Development Finance Authority (CDFA) and was awarded \$1,000,000 to provide funding for the development and adaptive reuse of an abandoned historic cotton mill in downtown Nashua, NH. Under this program, the Project (Cotton Mill Square) created 109 units of housing and was required to reserve 55 of these units for low to moderate income households.

As stipulated by the contract and after a 20% program fee retained by the CDFA, SNHS Management Corporation entered into a subrecipient agreement with the owners of the Project (Cotton Mill Square LLC) to provide a promissory note and mortgage of the remaining award amount of \$800,000. The 20 year note to Cotton Mill Square LLC is non-interest bearing and the principle is forgivable at a rate of 5% each year the Project maintains the required minimum of 55 low to moderate income household units.

The Cotton Mill Square Project was awarded the certificate of occupancy on August 22, 2014 and remains in full compliance with the required regulations as of July 31, 2016 and 2015. SNHS Management Corporation feels that it is extremely unlikely that the Project will fall into noncompliance in future periods. Therefore, SNHS Management Corporation has not recorded any contingent receivable or liability related to this transaction. The current unforgiven principle amount at July 31, 2016 and 2015 is \$720,000 and \$760,000, respectively. The note repayment is accelerated if the units fall out of compliance.

J. Brown Homestead Property

On July 1, 2011, Rockingham Community Acton (RCA) was acquired by SNHS. As part of this merger, SNHS assumed all the assets, liabilities and obligations of RCA which included the J. Brown Homestead Property.

The J. Brown Homestead Property was conveyed to RCA in 1999 by the Town of Raymond for \$1 and a mortgage lien of \$604,418. The property contains four apartments limited to low-income seniors, office space for the Outreach operations, space for the Food Pantry operation, and a common meeting room for use by Town of Raymond organizations. The Town of Raymond included a requirement that the property be used for a social service center for a period of 20 years, called the benefit period, after which this requirement terminates.

J. Brown Homestead Property (Continued)

In the event that SNHS sells or otherwise conveys the property within the benefit period, the remaining lien will be either paid from the proceeds of the sale or remain with the land to any subsequent purchaser for the remaining benefit period.

This mortgage lien has no scheduled principle or interest payments and is forgivable at a rate of 5% each year of the benefit period until it is completely forgiven in year 2019. The value of this lien at July 31, 2016 and 2015 is \$120,884 and \$151,105, respectively. SNHS has no plans to sell or transfer this property. Therefore, the contingent mortgage lien liability has not been included in the financial statements.

NOTE 10: AQUISITIONS OF LOW-INCOME HOUSING PROJECTS

During 2016, SNHS Management Corporation acquired J.B. Milette Limited Partnership (Milette Manor), located in Nashua, NH and Epping Senior Housing Associates Limited Partnership (Whispering Pines), located in Epping, NH. SNHS Management Corporation obtained the project operations and assumed all assets, liabilities, debt and equity for both projects at fair market value. The acquisition and allocation of both projects was as follows:

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP.

The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties.

If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable.

The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Southwestern Community Services, Inc. and related companies (a New Hampshire nonprofit corporation), which comprise the consolidated statements of financial position as of May 31, 2015 and 2014, and the related consolidated statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended May 31, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. as of May 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the Schedule of Functional Revenues and Expenses are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2015, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2015 AND 2014**

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Southwestern Community Services, Inc. (the Organization) is a New Hampshire nonprofit corporation formed as an umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in the Cheshire and Sullivan counties of New Hampshire. Various programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing, and homelessness prevention. Services are provided through Southwestern Community Services, Inc., and its related corporations, SCS Management Corp., SCS Housing, Inc., Drewsville Carriage House Associates, LP (Drewsville), North Walpole Village Housing Associates, LP (North Walpole), Troy Common Associates, LP (Troy), Peterborough/Finlay, LLC (Peterborough), Hinsdale Main Street Associates LP (Hinsdale) and Jaffrey Housing Associates LP (Jaffrey). The Organization is committed to providing respectful support service and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts.

Basis of Accounting

The financial statements of Southwestern Community Services, Inc. have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles. The financial statements include the accounts of Southwestern Community Services, Inc., SCS Management Corp., and SCS Housing, Inc. The three corporations are combined because Southwestern Community Services, Inc. controls more than 50% of the voting power. All significant intercompany items and transactions have been eliminated from the basic financial statements.

For the years ended May 31, 2015 and 2014, Drewsville Carriage House Associates, LP, North Walpole Village Housing Associates, LP, and Troy Common Associates, LP have been consolidated with the Organization because the Organization owns 100% of the voting power. During the year ended May 31 2015, the Organization acquired 100% of Peterborough/Finlay, LLC, Hinsdale Main Street Associates LP and Jaffrey Housing Associates LP (see Note 13) and these entities have also been consolidated with the Organization. All significant intercompany items and transactions have been eliminated from the basic financial statements.

Basis of Presentation

Financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, Financial Statements of Not-for-Profit Organizations. Under FASB ASC 958-210, the Organization is required to

report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets based upon the existence or absence of donor-imposed restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Organization.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor - imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

As of May 31, 2015 and 2014, the Organization had unrestricted and temporarily restricted net assets.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2014, from which the summarized information was derived.

Refundable Advances

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

In-Kind Support

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

Accounts Receivable

The Organization has adopted the allowance method for accounting for uncollectible receivables. The Organization estimated the allowance for uncollectible receivables at zero for the year ended May 31, 2015 and 2014.

Notes Receivable

The Organization has two notes receivable from an unrelated third party. The notes receivable are stated at the amount that is expected to be collected at year end. Interest is accrued at a rate of 4% annually. The balance of the notes receivable and related interest receivable is \$112,000 and \$32,107, respectively at May 31, 2015 and \$112,000 and \$27,627, respectively at May 31, 2014.

Inventory

Inventory is recorded at cost or at fair value if contributed. Inventory consists of property developments, which when complete, will be held for sale.

Current Vulnerability Due to Certain Concentrations

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2015 and 2014, approximately 68% and 66%, respectively, of the Organization's total revenue was received from government agencies. The future nature of the organization is dependent upon continued support from the government.

Concentration of Credit Risk

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts. At May 31, 2015 and 2014, no balance exceeded the federally insured limits.

Property and Depreciation

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property.

The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property.

Advertising

The Organization expenses advertising costs as incurred.

Revenue Recognition

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as restricted if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Income Taxes

The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation. As such, the Organization is exempt from income tax on its exempt function income.

SCS Housing, Inc. is a C Corporation and is subject to income tax. Management does not believe this entity will have taxable income as there is net operating loss carryforwards of \$800,793 and \$673,130 at May 31, 2015 and 2014, respectively, and therefore, there is no tax provision.

Drewsville Carriage House Associates, LP, North Walpole Village Housing Associates, LP, Troy Common Associates, LP, Peterborough/Finlay, LLC, Hinsdale Main Street Associates LP, and Jaffrey Housing Associates LP are partnerships and do not pay taxes on their income. Rather, the partners will pay the taxes on the partnership net income.

Accounting Standard Codification No. 740, "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Organization's tax position taken on its income tax returns for all open years (tax years ending May 31, 2012 – 2015), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Fair Value of Financial Instruments

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value

which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, inventory, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through December 23, 2015, the date the financial statements were available to be issued.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southwestern Community Services, Inc. and related companies (a New Hampshire nonprofit corporation), which comprise the consolidated statement of financial position as of May 31, 2015, and the related consolidated statements of activities, cash flows, and functional expenses for the year then ended, and the related consolidated notes to the financial statements, and have issued our report thereon dated December 23, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Southwestern Community Services, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses, however, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southwestern Community Services, Inc.'s consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors of
Southwestern Community Services, Inc.
Keene, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Southwestern Community Services, Inc. and related companies (a New Hampshire nonprofit corporation) compliance with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Southwestern Community Services, Inc.'s major federal programs for the year ended May 31, 2015. Southwestern Community Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Southwestern Community Services, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southwestern Community Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southwestern Community Services, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Southwestern Community Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended May 31, 2015.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2015-001. Our opinion on each major federal program is not modified with respect to these matters.

Southwestern Community Services, Inc.'s response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Southwestern Community Services, Inc.'s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Southwestern Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwestern Community Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. And therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2015-001, that we consider to be a material weakness.

Southwestern Community Services, Inc.'s response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Southwestern Community Services, Inc.'s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

Department of Health and Human Services

2015-001 Head Start - CFDA No. 93.600 (material weakness)

Condition: In testing drawdowns for the Head Start program, it was noted that all but three drawdowns lacked supporting documentation of the Head Start expenditures for which the drawdown was requested.

Criteria: All drawdowns must be for current expenditures incurred for the Head Start program and must be accompanied by supporting documentation.

Effect: Failure to maintain supporting documentation for each drawdown could result in advanced drawdowns of Head Start funds for purposes other than those allowed by Head Start.

Cause: Lack of internal control surrounding the documentation and approval of Head Start drawdowns.

Recommendation: The Organization needs to strengthen controls over its cash management processes to ensure compliance with federal requirements. We recommend that procedures be implemented so that each Head Start drawdown requires approval of either a member of the finance committee or the Head Start Program Director. Each drawdown must be accompanied by supporting documentation of the expenditures for which the drawdown is being made.

Management Response:

The Organization, in an effort to strengthen controls over its cash management process, ensuring compliance with federal requirements; has put into place a policy with regards to Cash Advances of Federal Grants, effective immediately.

Cash advances shall be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purpose of the approved program or project. The timing and amount of cash advances shall be as close as is administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs [CFR Part 74.22(b)(2)].

Cash advances under this section shall require submission of satisfactory documentation of the expenses for which the cash is being drawn down, for the approval of both CEO (or designee) and a member of the Executive Committee of the Agency Board of Directors. Documentation and approvals will be maintained by the CEO (or designee) in accordance with the agencies file retention policy.

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS

To the Board of Directors
The Bridge House, Inc.
Plymouth, New Hampshire

We have audited the accompanying financial statements of The Bridge House, Inc., which comprises the statements of financial position as of June 30, 2015 and 2014 and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Bridge House, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2015 and 2014

NOTE 1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Bridge House was incorporated in 2004, under the laws of the State of New Hampshire, as a “not-for-profit” organization. In accordance with its Mission Statement, the not-for-profit organization provides shelter and services, including case management, to the homeless population of the community to help them find and maintain permanent housing. Residents are provided with services that include budgeting and credit counseling, parenting classes, substance abuse counseling, and assistance in acquiring additional services from other state and federal programs.

Significant Accounting Policies

The summary of significant accounting policies of the Organization is presented to assist in understanding the Organization’s financial statements. The financial statements and notes are representations of the Organization’s management who is responsible for their integrity and objectivity. These accounting policies conform to U.S. generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Financial Statement Presentation

Basis of Presentation: The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets are comprised of operating revenues and expenses and contributions pledged which are not subject to any donor-imposed restrictions. Unrestricted net assets balances as of June 30, 2015 and 2014 totaled \$620,696 and \$656,768 respectively.

Temporarily restricted net assets are comprised of contributions and gifts for which donor-imposed restrictions will be met either by the passage of time or the actions of the Organization. Temporarily restricted net assets balances as of June 30, 2015 and 2014 totaled \$763,120 and \$775,567, respectively.

Permanently restricted net assets include those assets for which donor-imposed restrictions stipulate that the asset be permanently maintained by the Organization. As of June 30, 2015 and 2014 the Organization had no permanently restricted net assets.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2015 and 2014

NOTE 1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Property and Equipment

All acquisitions of property and equipment in excess of \$100 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using primarily the straight-line method. Depreciation Expense was \$18,019 and \$29,773 for the years ended June 30, 2015 and 2014, respectively.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. For the years ended June 30, 2015 and 2014 the Organization had no cash equivalents.

Income Taxes

The Organization is exempt from federal income tax under Section 501(c)(3) of the U.S. Internal Revenue Code. However, income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under section 509(a)(2).

Pledges (Contracts) Receivable and Recognition of Donor Restricted Contributions

Contributions are recognized when the donor makes an unconditional promise to give to the Organization. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. Contributions of long-lived assets are considered unrestricted unless the donor specifies a time-restriction.

The Organization provides for losses on grants and pledges receivable using the allowance method. The allowance is based on experience, third-party contracts, and other circumstances, which may affect the ability of donors to meet their obligations. Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms. It is the Organization's policy to charge off uncollectible grants and pledges receivable when management determines the receivable will not be collected. There were no balances in the allowance account related to pledges receivable as of June 30, 2015 and 2014 because all amounts were deemed collectable.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2015 and 2014

NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Public Support and Revenue

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Functional Expenses

Functional and administrative expenses have been allocated among program services based on an analysis of personnel time and space utilized for the related activities.

Compensated Absences

It is the Organization's policy to permit certain employees to accumulate earned benefit time throughout the year which will be paid upon termination

Allowance for Doubtful Accounts

The contracts receivable allowance for doubtful accounts is based upon management's assessment of the credit history with agencies, organizations and individuals having outstanding balances and current relationships with them. There was no balance in the allowance for doubtful accounts as of June 30, 2015 and 2014.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. CONCENTRATION OF RISK

The Organization maintains cash balances in several accounts at local banks. These accounts are insured by the Federal Deposit Insurance Organization up to \$250,000. At June 30, 2015 and 2014 the Organization had \$187,012 and \$170,032 in uninsured balance respectively.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2015 and 2014

NOTE 3. CONCENTRATION IN SUPPORT REVENUE

Government and private sector grants accounted for approximately 45% and 79% of the Organization's revenues for the years ended June 30, 2015 and 2014, respectively. Contributions accounted for approximately 13% and 11% of the Organization's revenues for the years ended June 30, 2015 and 2014, respectively.

NOTE 4. CONTRACTS RECEIVABLE

Contracts receivable are comprised primarily of State of New Hampshire, Grafton County and Town of Plymouth service agreements. In addition a private foundation has pledged support for the Organization.

NOTE 5. TEMPORARILY RESTRICTED NET ASSETS

The Organization received a \$700,000 block grant from the Town of Plymouth, NH to assist with the construction of a new facility during the year ended June 20, 2005. A mortgage deed in the amount of \$670,000 related to this grant has been recorded against the title of the property. The Organization is required to continue the building's use as a homeless shelter for a period of twenty years. In the event of default, the Organization must return the funds or relinquish ownership of the building to satisfy the restrictions.

Temporarily restricted net assets include the following at June 30:

	<u>2015</u>	<u>2014</u>
Town of Plymouth, NH	\$700,000	\$700,000
Thrift Store start up funding	61,307	67,307
Veterans expenses	<u>1,813</u>	<u>-</u>
Total temporarily restricted net assets	<u>\$763,120</u>	<u>\$775,567</u>

NOTE 6. OPERATING LEASE

Effective October 5, 2004, the Organization entered into a lease agreement with Whole Village Family Resource Center to lease a portion of the Center's Premises. The term of the lease is for 50 years and expires October 4, 2054. The rent is \$1 plus incremental costs, which are defined as snow removal, repairs, lawn care and landscaping, utility services, water and sewer, insurance and other incidental costs incurred by the Organization use of the premise. There is no lease expense for the years ending June 30, 2015 and 2014. Incremental costs of use of the premise are included in operating expenses and allocated by function.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2015 and 2014

Note 7. TAX EXEMPT STATUS

The Organization is a public charity exempt from Federal income tax under Section 501 (c) (3) of the Internal Revenue Code. The Organization reports its activities on federal form 990 annual information return and does not believe it has done anything during the past year that would jeopardize its tax-exempt status at either the state or Federal level. These filings are subject to review by the taxing authorities and the federal income tax returns for 2014, 2013, and 2012 are subject to examination by the IRS, generally for three years after they were filed.

In accordance with FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, the Organization is under the opinion that there are no unsustainable positions that have been taken in regards to federal or state income tax reporting requirements. Accordingly, management is not aware of any unrecognized tax benefits or liabilities that should be recognized in the accompanying statements.

NOTE 8. FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Organization is required to disclose certain information about its financial assets and liabilities. Fair values of assets measured on a recurring basis at June 30 were as follows:

	<u>Fair Value</u>	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant other Observable Inputs (Level 2)
2015:			
Contracts receivable	<u>\$ 1,500</u>	<u>\$ -</u>	<u>\$ 1,500</u>
2014:			
Contracts receivable	<u>\$ 77,508</u>	<u>\$ -</u>	<u>\$ 77,508</u>

The fair market value of contracts receivable are estimated at the present value of expected future cash flows.

NOTE 9. CONTINGENT LIABILITIES

The Organization receives money under various state and federal programs. Under the terms of these programs, the Organization is required to expend the funds within the designated period for purposes specified in the grant proposal. If expenditures of the funds were found not to have been made in compliance with the proposal, the Organization might be required to return this portion of funds to the grantor. As of June 30, 2015 and 2014, there were no known disallowed expenditures and the Organization's management deems such a contingency unlikely. Accordingly, no provision has been made for this contingency.

NOTE 10. SUBSEQUENT EVENTS

Management has considered subsequent events through February 2, 2016, the date on which the financial statements were available to be issued to determine if any are of such significance to require disclosure. It has been determined that no subsequent events matching this criterion occurred during this period.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
The Bridge House, Inc
Plymouth, New Hampshire

We have audited the accompanying financial statements of The Bridge House, Inc. (a New Hampshire nonprofit corporation), which comprises the statements of financial position as of June 30, 2014 and 2013 and the related statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Bridge House, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Bridge House was incorporated in 2004, under the laws of the State of New Hampshire, as a “not-for-profit” organization. In accordance with its Mission Statement, the not-for-profit organization provides shelter and services, including case management, to the homeless population of the community to help them find and maintain permanent housing. Residents are provided with services that include budgeting and credit counseling, parenting classes, substance abuse counseling, and assistance in acquiring additional services from other state and federal programs.

Significant Accounting Policies

The summary of significant accounting policies of the Organization is presented to assist in understanding the Organization’s financial statements. The financial statements and notes are representations of the Organization’s management who is responsible for their integrity and objectivity. These accounting policies conform to U.S. generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Financial Statement Presentation

Basis of Presentation: The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets are comprised of operating revenues and expenses and contributions pledged which are not subject to any donor-imposed restrictions. Unrestricted net assets balances as of June 30, 2014 and 2013 totaled \$656,768 and \$515,407 respectively.

Temporarily restricted net assets are comprised of contributions and gifts for which donor-imposed restrictions will be met either by the passage of time or the actions of the Organization. Temporarily restricted net assets balances as of June 30, 2014 and 2013 totaled \$775,567 and \$700,000, respectively.

Permanently restricted net assets include those assets for which donor-imposed restrictions stipulate that the asset be permanently maintained by the Organization. As of June 30, 2014 and 2013 the Organization had no permanently restricted net assets.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Property and Equipment

All acquisitions of property and equipment in excess of \$100 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using primarily the straight-line method. Depreciation Expense was \$29,773 and \$26,975 for the years ended June 30, 2014 and 2013, respectively.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. For the years ended June 30, 2014 and 2013 the Organization had no cash equivalents.

Income Taxes

The Organization is exempt from federal income tax under Section 501(c)(3) of the U.S. Internal Revenue Code. However, income from certain activities not directly related to the Organization's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under section 509(a)(2).

Pledges (Contracts) Receivable and Recognition of Donor Restricted Contributions

Contributions are recognized when the donor makes an unconditional promise to give to the Organization. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. Contributions of long-lived assets are considered unrestricted unless the donor specifies a time-restriction.

The Organization provides for losses on grants and pledges receivable using the allowance method. The allowance is based on experience, third-party contracts, and other circumstances, which may affect the ability of donors to meet their obligations. Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms. It is the Organization's policy to charge off uncollectible grants and pledges receivable when management determines the receivable will not be collected. There were no balances in the allowance account related to pledges receivable as of June 30, 2014 and 2013 because all amounts were deemed collectable.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES (continued)

Public Support and Revenue

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Functional Expenses

Functional and administrative expenses have been allocated among program services based on an analysis of personnel time and space utilized for the related activities.

Compensated Absences

It is the Organization's policy to permit certain employees to accumulate earned benefit Time throughout the year which will be paid upon termination

Allowance for Doubtful Accounts

The contracts receivable allowance for doubtful accounts is based upon management's assessment of the credit history with agencies, organizations and individuals having outstanding balances and current relationships with them. There was no balance in the allowance for doubtful accounts as of June 30, 2014 and 2013.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. CONCENTRATION OF RISK

The Organization maintains cash balances in several accounts at local banks. These accounts are insured by the Federal Deposit Insurance Organization up to \$250,000. At June 30, 2014 and 2013 the Organization had \$170,032 and \$136,891 in uninsured balance respectively.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 3. CONCENTRATION IN SUPPORT REVENUE

Government and private sector grants accounted for approximately 79% and 70% of the Organization's revenues for the years ended June 30, 2014 and 2013, respectively. Contributions accounted for approximately 11% and 14% of the Organization's revenues for the years ended June 30, 2014 and 2013, respectively.

NOTE 4. CONTRACTS RECEIVABLE

Contracts receivable are comprised primarily of State of New Hampshire, Grafton County and Town of Plymouth service agreements. In addition a private foundation has pledged support for the Organization.

NOTE 5. TEMPORARILY RESTRICTED NET ASSETS

The Organization received a \$700,000 block grant from the Town of Plymouth, NH to assist with the construction of a new facility during the year ended June 20, 2005. A mortgage deed in the amount of \$670,000 related to this grant has been recorded against the title of the property. The Organization is required to continue the building's use as a homeless shelter for a period of twenty years. In the event of default, the Organization must return the funds or relinquish ownership of the building to satisfy the restrictions.

Temporarily restricted net assets include the following at June 30:

	<u>2014</u>	<u>2013</u>
Town of Plymouth, NH	\$ 700,000	\$ 700,000
Thrift Store Start Up Funding	<u>75,567</u>	<u>-</u>
Net temporarily restricted net assets	<u>\$ 775,567</u>	<u>\$ 700,000</u>

NOTE 6. OPERATING LEASE

Effective October 5, 2004, the Organization entered into a lease agreement with Whole Village Family Resource Center to lease a portion of the Center's Premises. The term of the lease is for 50 years and expires October 4, 2054. The rent is \$1 plus incremental costs, which are defined as snow removal, repairs, lawn care and landscaping, utility services, water and sewer, insurance and other incidental costs incurred by the Organization use of the premise. There is no lease expense for the years ending June 30, 2014 and 2013. Incremental costs of use of the premise are included in operating expenses and allocated by function.

THE BRIDGE HOUSE, INC
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

Note 7. TAX EXEMPT STATUS

The Organization is a public charity exempt from Federal income tax under Section 501 (c) (3) of the Internal revenue Code. The Organization reports its activities on federal form 990 annual information return and does not believe it has done anything during the past year that would jeopardize its tax-exempt status at either the state or Federal level. These filings are subject to review by the taxing authorities and the federal income tax returns for 2013, 2012, and 2011 are subject to examination by the IRS, generally for three years after they were filed.

In accordance with FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, the Organization is under the opinion that there are no unsustainable positions that have been taken in regards to federal or state income tax reporting requirements. Accordingly, management is not aware of any unrecognized tax benefits or liabilities that should be recognized in the accompanying statements.

NOTE 8. FAIR VALUE MEASUREMENTS

In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the Organization is required to disclose certain information about its financial assets and liabilities. As of June 30, 2014 and 2013 the Organization had no financial instruments subject to the disclosure requirements. Cash, contracts receivable, accounts payable and accrued expenses reported in the statement of financial position approximate fair values because of the short maturities of those instruments or because of the fixed rate of interest required to be paid.

NOTE 9. CONTINGENT LIABILITIES

The Organization receives money under various state and federal programs. Under the terms of these programs, the Organization is required to expend the funds within the designated period for purposes specified in the grant proposal. If expenditures of the funds were found not to have been made in compliance with the proposal, the Organization might be required to return this portion of funds to the grantor. As of June 30, 2014 and 2013, there were no known disallowed expenditures and the Organization's management deems such a contingency unlikely. Accordingly, no provision has been made for this contingency.

NOTE 10. SUBSEQUENT EVENTS

Management has considered subsequent events through January 15, 2015, the date the financial statements were available to be issued. At that time, there were no material subsequent events.

EXPLANATION

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties.

If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable.

The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. **Segregation.** If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. **Survival.** Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of The Friends Program, Inc. (a New Hampshire nonprofit organization), which comprise the statement of financial position as of September 30, 2015, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Friends Program, Inc. as of September 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2015, on our consideration of The Friends Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering The Friends Program, Inc.'s internal control over financial reporting and compliance.

Report on Summarized Comparative Information

The 2014 financial statements of The Friends Program, Inc. were audited by a previous auditor. The previous auditor expressed an unmodified audit opinion on those audited financial statements in their report dated December 10, 2014. The summarized comparative information presented herein as of and for the year ended September 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

THE FRIENDS PROGRAM, INC.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED SEPTEMBER 30, 2015 AND 2014**

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Friends Program, Inc., Inc. (the Organization) is an independent not-for-profit corporation organized in the State of New Hampshire. The Organization is exempt from income taxes under section 501(c)(3) of the Internal Revenue Code (Code). In addition, the Organization has been determined by the Internal Revenue Service not to be a "private foundation" within the meaning of Section 509(a)(2) of the Code. The Organizations primary purpose consists of the following program services:

Youth Mentoring – mentor program, matching volunteer mentors with at-risk children and teens.

Emergency Housing – short-term housing for homeless families.

Foster Grandparents – mentor program that places income eligible senior citizen volunteer's in schools and child day care centers to work with special and at-risk children.

Retired Senior Volunteers – volunteer program targeting individuals 55 years of age or older who become engaged in a variety of volunteer roles.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting. In accordance with generally accepted accounting principles, revenue is recognized when earned and expenses are recognized when incurred.

Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets based upon the existence or absence of donor-imposed restrictions.

Unrestricted Net Assets - These assets result from contributions and other inflows which have no restrictions and over which the Board of Directors retains full control to use in achieving any of its institutional purposes.

Undesignated – Undesignated, unrestricted net assets include the revenues and expenses associated with the principal operating mission of the Organization.

Board Designated – Board designated net assets include the revenues from operations and various unrestricted contributions that the Board of Trustees has set aside and elected to use towards future operations.

Temporarily Restricted Net Assets - These assets result from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of the Organization. Restrictions released within one operating period are reported as unrestricted.

Permanently Restricted Net Assets - These assets result from contributions and other inflows of assets whose use by the Organization is restricted in perpetuity.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restrictions. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Donated Materials and Services

The Organization recognizes the value of volunteer services and expenses when there is an objective basis available to measure their value, relative to its various activities.

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits, petty cash funds and investments with a maturity of three months or less, and exclude amounts whose use is limited by Board designation. As of September 30, 2015 and 2014, the Organization had no cash equivalents.

Investments

Investments consist of mutual funds and interest bearing investments and are stated at fair value on the statements of financial position based on quoted market prices. The Organization's investments are subject to various risks, such as interest rate, credit and overall market volatility, which may substantially impact the fair value of such investments at any given time.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to activities and a credit to a valuation allowance based on historical account write-off patterns by the payor, adjusted as necessary to reflect current conditions. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The Organization has no policy for charging interest on overdue accounts nor are its accounts receivable pledged as collateral. Management has estimated accounts receivable to be fully collectible for both the years ended September 30, 2015 and 2014.

Property, Plant and Depreciation

The Organization capitalizes property, plant and equipment purchased at a cost greater than \$1,000. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Furniture, fixtures and equipment	5 - 7 years
Building improvements	15 - 20 years
Buildings	20 years

Depreciation expense for the year ended September 30, 2015 and 2014 amounted to \$24,145 and \$25,025, respectively.

Costs for repairs and maintenance are expensed when incurred and betterments are capitalized. Assets sold or otherwise disposed of are removed from the accounts, along with the related accumulated depreciation, and any gain or loss is recognized.

The Organization reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimating future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, as well as the effects of obsolescence, demand, competition and other economic factors.

As of September 30, 2015 and 2014, the Organization found no reason for impairment of any assets.

Summarized Financial Information

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended September 30, 2014, from which the summarized information was derived.

Deferred Revenue

The Organization recognizes revenues when earned. Amounts received in advance of the period in which service is rendered are recorded as a liability under “deferred revenue”.

Vacation Pay and Fringe Benefits

Vacation pay is accrued and charged to the appropriate program expense when earned by the employee. Fringe benefits are allocated to the appropriate program expense based on the percentage of program salaries to total salaries.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an organization that is not a private foundation.

Management has evaluated the Organization’s tax positions and concluded that the Organization has maintained its tax-exempt status and has taken no uncertain tax positions that would require adjustment to the financial statements. The Organization is no longer subject to income tax examinations by the United States Federal or State tax authorities prior to 2011.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefitted.

Advertising

The Organization expenses advertising costs as incurred.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Non recognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date; but arose after that date. Management has evaluated subsequent events through November 11, 2015, the date the September 30, 2015 financial statements were available for issuance.

NOTE 2 OTHER RECEIVABLES

Other receivables consist of the following at September 30, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Town	\$ 1,550	\$ 1,550
Grants	<u>112,466</u>	<u>152,074</u>
Total other receivables	<u>\$ 114,016</u>	<u>\$ 153,624</u>

NOTE 3 LINE OF CREDIT

The Organization has available a \$150,000 revolving line of credit with a local bank, due upon demand. The credit line is secured by all assets. Bank advances on the credit line are payable on demand and carry an interest rate at prime (3.25% at September 30, 2015 and 2014). There was no outstanding balance at September 30, 2015 and 2014.

NOTE 4 TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are available for the following purposes:

	<u>2015</u>	<u>2014</u>
Time restricted appreciation on endowment funds	<u>\$ 1,888</u>	<u>\$ 1,949</u>
Total temporarily restricted net assets	<u>\$ 1,888</u>	<u>\$ 1,949</u>

NOTE 5 ENDOWMENT

The Organization's endowment consists of a gift restricted by a donor for long-term support of the Organization's youth mentoring program, and the accumulated investment returns on this gift. The accumulated investment returns consist of endowment net investment return that has not been appropriated by the Board of Trustees for expenditure to support operating and non-operating activities of the Organization.

Spending Policy and How the Investment Objectives Relate to the Spending Policy

The Organization's policy is to appropriate for distribution each year 0-6% of a 12 quarter moving average of the fund's total market value based upon the finance committee's annual recommendation and approved by the Board of Trustees. Distribution of funds shall not occur until after the fund has accumulated a value of \$100,000. In establishing this policy, the Organization considered the long-term expected return on its endowment. Accordingly, over the long term, the Organization expects the current spending policy to allow its endowment to grow at an average of 5 percent annually.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. In accordance with GAAP, there were no deficiencies of this nature that are reported in unrestricted net assets as of September 30, 2015 and 2014.

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide additional funding to the youth mentoring program while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a weighted ratio on equity-based and fixed income investments to achieve its long-term return objectives within prudent risk constraints.

NOTE 11 FAIR VALUE MEASUREMENTS

FASB ASC Topic No. 820-10 provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with *FASB ASC 820-10*, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, *ASC Topic 820* establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under *ASC Topic 820* are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The Organization's financial instruments consist of cash, short-term receivables and payables, and refundable advances. The carrying value for all such instruments, considering the terms, approximates fair value at September 30, 2015 and 2014.

The table below segregates all financial assets and liabilities as of September 30, 2015 and 2014 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

NOTE 12 RECLASSIFICATIONS

Certain reclassifications have been made to the prior year's financial statements to conform to the current year presentation. These classifications had no effect on the previously reported change in net assets, or net assets amounts.

NOTE 13 PRIOR-PERIOD ADJUSTMENTS

The Organization did not record an asset for an unemployment savings account in previously issued financial statements, rather recording unemployment tax expense when deposits were made to the account. Management has determined that the balance in the unemployment tax account should have been recorded as an asset. As of September 30, 2014 the correction of this error created an asset in the unemployment savings account of \$44,897, decreased accrued unemployment tax by \$5,600 and lowered undesignated net assets by \$50,497.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees
The Friends Program, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Friends Program, Inc. (a New Hampshire nonprofit organization), which comprise the statement of financial position as of September 30, 2015, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 11, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered The Friends Program, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Friends Program, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Friends Program, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Trustees
The Friends Program, Inc.
Concord, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited The Friends Program, Inc.'s (A New Hampshire nonprofit organization) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of The Friends Program, Inc.'s major federal programs for the year ended September 30, 2015. The Friends Program, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of The Friends Program, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The Friends Program, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of The Friends Program, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, The Friends Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

Report on Internal Control Over Compliance

Management of The Friends Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered The Friends Program, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Friends Program, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc. for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

Management's Responsibility for the Financial Statements

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

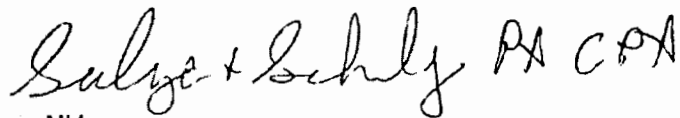

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. Its community service outreach program is made available to residents of Nashua, New Hampshire and its surrounding towns. It provides housing-related supportive services including; rental and utility assistance, extensive transitional housing services, security deposit loans, and other housing related needs. In addition, it provides assistance with transportation, medical and dental care, food, and with the holidays. It also offers a comprehensive financial literacy program.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Support is recorded when received or pledged. Revenue is recorded when services are rendered. Expenses are recorded when the obligation has been incurred.

Non-cash Contributions

Contributions of donated non-cash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, which are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Agency that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Financial Statement Presentation

The Agency reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

THE FRONT DOOR AGENCY, INC.
NOTES TO FINANCIAL STATEMENTS
For The Year Ended June 30, 2016

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations. All contributions are considered to be available for unrestricted use unless specifically restricted by donor.

Temporarily and permanently restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Agency or the passage of time, or are permanent in nature. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Agency considers all unrestricted, highly-liquid investments with an initial maturity of three months or less, to be cash equivalents.

Investment Securities

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

Property and Depreciation

Property is recorded at cost (or fair market value if donated) and is depreciated using the straight-line method over estimated useful lives as follows:

<u>Description</u>	<u>Life</u>
Building and improvements	4-27
Leasehold improvements	4-10
Equipment & furniture	3-7

Allowance Method

The Agency uses the allowance method to account for bad debts. The allowance is based on prior years' experience and management's analysis of specific promises to give. An allowance for bad debts of \$5,000 was required for the year ended June 30, 2016.

THE FRONT DOOR AGENCY, INC.
NOTES TO FINANCIAL STATEMENTS
For The Year Ended June 30, 2016

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Revenue

Deferred revenue of \$28,250 consists of sponsorships for future events.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the programs and supporting services benefited.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Income Taxes

The Agency is exempt from federal income taxes pursuant to the Internal Revenue Code Section 501(c)(3).

The Agency's income tax filings are subject to audit by various taxing authorities. At June 30, 2016, the Agency's open audit periods included periods ended June 30, 2013 through 2016. The Agency believes it has met all the requirements to maintain its not-for-profit status and does not have any unrelated business income which would result in taxable income. It is the Agency's policy to expense when paid any interest and penalties associated with its income tax obligations.

NOTE C. CASH RESTRICTED

As a requirement of some of the mortgages, segregated annual contributions are required and will be used for capital improvements subject to the approval of mortgagor.

Net assets associated with endowment funds are classified as unrestricted, temporarily restricted or permanently restricted based on the existence or absence of donor-imposed restrictions as required by accounting principles generally accepted in the United States of America.

The Agency's spending policy is to appropriate up to 7% of the average market value of the endowment fund annually from temporarily and unrestricted funds while maintaining the donor-imposed permanent restriction.

THE FRONT DOOR AGENCY, INC.
NOTES TO FINANCIAL STATEMENTS
For The Year Ended June 30, 2016

NOTE F. HOMELESS HOUSING AND ACCESS REVOLVING LOAN FUND (HHARLF) – CLIENT RECEIVABLES

The Homeless Housing and Access Revolving Loan Fund provides guarantees of rental security deposits and/or first month's rent to eligible persons. A voucher is issued to the landlord for the client's security deposit and cash is advanced for the first month's rent. The client is responsible for making monthly payments toward the security deposit and/or first month's rent to the Agency. When the security deposit is paid in full, the Agency redeems the voucher for cash to the landlord. If the lease is terminated and the landlord redeems the voucher, the Agency purchases the voucher.

NOTE G. HOUSING SECURITY GUARANTEE PROGRAM (HSGP) – CLIENT RECEIVABLE AND STATE RECEIVABLE

The Agency and the State of New Hampshire are working together with the Housing Security Guarantee Program. Landlords are provided with vouchers instead of cash for security deposits. The client agrees to pay back the Agency for the security deposit. When the deposit is repaid in full, the Agency redeems the voucher to the landlord for cash. If the lease terminates and the landlord redeems the voucher, any unpaid balance remaining from the client is billed to the State.

NOTE H. REVOLVING LOAN FUND (RLF) - CLIENT RECEIVABLES

The Agency obtained non-governmental grants to assist individuals with their mortgage payments. The amounts are to be repaid by the recipients of the program.

NOTE I. REVOLVING LINE OF CREDIT

The Agency has a \$75,000 revolving line of credit with Triangle Credit Union that was unused as of June 30, 2016. Amounts borrowed on the credit line are payable on demand and carry an interest rate of the prime rate plus .5% (currently 4%). The credit line is secured by a security interest in all The Front Door Agency, Inc.'s assets, and expires October 30, 2021.

Additionally, some of the mortgage obligations to the City of Nashua are being forgiven annually if certain criteria are met. The amount forgiven in the current year is \$53,984.

THE FRONT DOOR AGENCY, INC.
NOTES TO FINANCIAL STATEMENTS
For The Year Ended June 30, 2016

NOTE M. PENSION PLAN (Continued)

Additionally, the Agency can make discretionary pro-rata contributions. Matching contributions are vested immediately and pro-rata contributions are fully vested after five years.

Pension expense for the plan charged to operations for the year ended June 30, 2016, was \$9,734.

NOTE N. OPERATING LEASE OBLIGATIONS

The Agency leases office space located at 7 Concord Street, Nashua, New Hampshire, as a tenant-at-will, at a rate of \$1,400 per month. The Agency also rents two apartments, one for \$400 per month under a lease expiring on December 31, 2016 and an apartment for \$400 per month under a lease expiring January 31, 2017.

The Agency leases a telephone system under the terms of an agreement that was renewed in April 2015. Under the renewal, which expires April 2017, the monthly lease payments increased from \$672 to \$705.

The Agency also leases a copier for \$308 per month. The copier lease expires in June 2017.

Minimum annual lease payments under the terms of non-cancelable leases are as follows:

Year ending June 30:

2017	\$ 15,946
------	-----------

NOTE O. CONTINGENCIES/PROGRAM RELATED

The Agency receives funding from various state and federal programs. Under the terms of these programs, the Agency is required to use the funding within the period for purposes specified in the proposal. If expenditures of the program were found not to have been made in compliance with the proposal, the Agency might be required to repay the funds.

NOTE P. CONTINGENCY/FACILITY RELATED

In June of 2012, the Agency purchased a building to provide housing at below-market rent to low and moderate income households. In addition to first and second mortgages on the property (Note J) the building was acquired subject to an additional performance only mortgage.

THE FRONT DOOR AGENCY, INC.
NOTES TO FINANCIAL STATEMENTS
For The Year Ended June 30, 2016

NOTE P. CONTINGENCY/FACILITY RELATED (Continued)

No principal or interest payments are required on the performance mortgage as long as the Agency maintains ownership of the property and rents to tenants with income less than 60% of the Area Median Income.

For each month the Agency meets the ownership and use performance requirements, the non-performance mortgage liability reduces from \$115,440 at June 30, 2016 to zero in 2019.

Compliance is fully intended through 2019 and beyond and therefore this contingent liability is not recorded in the accompanying financial statements.

NOTE Q. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of financial instruments including cash, accounts receivable, accounts payable and short-term debt approximated fair value as of June 30, 2016, because of the relatively short maturity of these instruments. The recorded values of notes payable and long-term debt approximate their fair values, as interest approximates market rates.

NOTE R. FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures in accordance with FASB ASC Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and sets out a fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined under the Topic as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy under the Topic are described below:

Level 1: Quoted market prices in active markets, such as the New York Stock Exchange, for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

The Agency assess the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer. For the year ended June 30, 2016, there were no such transfers.

THE FRONT DOOR AGENCY, INC.
NOTES TO FINANCIAL STATEMENTS
For The Year Ended June 30, 2016

NOTE R. FAIR VALUE MEASUREMENTS (Continued)

For the year ended June 30, 2016, the application of valuation techniques applied to similar assets and liabilities has been consistent. The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis:

Investment Securities

The fair value of publicly traded mutual funds is based upon market quotations of national security exchanges, and all are considered Level 1.

NOTE S. SUBSEQUENT EVENTS

Management has evaluated events through November 9, 2016, the date that the financial statements were available to be issued.
