EXPLANATION

The purpose of this request is to amend the agreements for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals by increasing the price limitation and extending the completion date.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following services:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. A non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable

activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The original contracts were competitively bid. The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services. Two (2) of these agencies, Child and Family Services, and Community Action Program of Belknap-Merrimack, are entering into unrelated sole source amendments due to increase in scope and are not included in this request.

The Department is satisfied with the services provided by the vendors. The attached amendment calls for the renewal of the provision of these services for one (1) year. The original agreement reserved the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval, leaving (1) year of renewal. The Department intends to issue a Request for Proposals for these services prior to the expiration of these amendments.

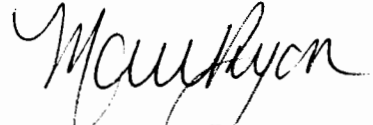

As stated in the amendment, notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2017, and the Department shall not be liable for any payments for services provided after June 30, 2017, unless and until an appropriation for these services has been received from the state legislature and funds encumbered for the SFY 2018-2019 biennia.

Should Governor and Executive Council not authorize this request, individuals and families who are without housing and resources may resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education, and treatment.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended December 31, 2015.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2015 and 2014, and its cash flows for the years then ended, and the changes in its net assets for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Partnership of Strafford County's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 10, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and schedule of revenues and expenditures – Electrical Assistance Program are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. COMMUNITY ACTION PARTNERSHIP OF STRAFFORD COUNTY

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014**

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Partnership of Strafford County (the Agency) is a 501(c)(3) private New Hampshire non-profit organization established under the provisions of the Equal Opportunity Act of 1964. Without services provided by the Agency, many local residents would be without a means to provide for their basic needs, including food, education, child care, utilities assistance, transportation, housing, emergency shelter and access to other services. The mission of the Agency is to educate, advocate and assist people in Strafford County to help meet their basic needs and promote self-sufficiency. The vision of the Agency is to eliminate poverty in Strafford County through compassion, education, self-sufficiency, transparency, accountability, team work, client focus and professionalism.

In addition to its administrative office located in Dover, the Agency maintains its outreach capacity by operating program offices in Farmington, Milton, Rochester, Dover and Somersworth. The Agency is funded by Federal, state, county and local funds, as well as United Way grants, public utilities, foundation and charitable grant funds, fees for service, private business donations, and donations from individuals. The Agency is governed by a tripartite board of directors made up of elected officials, community leaders from for-profit and non-profit organizations and residents who are low income. The board is responsible for assuring that the Agency continues to assess and respond to the causes and conditions of poverty in its community, achieve anticipated family and community outcomes, and remain administratively and fiscally sound. The Agency administers a wide range of coordinated programs to more than 15,000 people annually, and the programs are designed to have a measureable impact on poverty and health status among the most vulnerable residents: those under the age of 6, the elderly and those living in poverty. This coordinated approach is accomplished by providing a broad array of services that are locally defined, planned and managed with community agencies.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

The financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958-210, the Agency is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets

and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Agency.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor-imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

At December 31, 2015 and 2014 the Agency had unrestricted and temporarily restricted net assets.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services are performed or expenditures are incurred.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Agency reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

Fair Value of Financial Instruments

Accounting Standard Codification No. 825, "Financial Instruments", requires the Agency to disclose estimated fair value for its financial instruments. The carrying amounts of cash, investments, accounts receivable, prepaid expenses, inventory, accounts payable, accrued expenses, and refundable advances approximate fair value because of the short maturity of those instruments.

Inventory

Inventory materials are fixtures for installation and recorded at cost or contributed value, using the first-in, first-out method.

Property and Depreciation

Property and equipment, which have a cost greater than \$5,000, are capitalized at cost or, if donated, at the approximate fair value at the date of donation. Specific grants and awards may have a threshold lower than this amount and that program will abide by those guidelines. Assets are depreciated over their estimated useful lives using the straight-line method as follows:

Buildings and improvements	15 - 40 years
Furniture, equipment and machinery	3 - 10 years
Vehicles	5 - 7 years

Depreciation expense aggregated \$43,903 and \$69,333 for the years ended December 31, 2015 and 2014, respectively.

Accrued Earned Time

The Agency has accrued a liability of \$81,878 and \$78,154 at December 31, 2015 and 2014, respectively, for future compensated leave time that its employees have earned and which is vested with the employee.

Income Taxes

The Agency is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Agency to be other than a private foundation. The Agency is also exempt from the New Hampshire Business Enterprise Tax.

Accounting Standard Codification No. 740, "Accounting for Income Taxes", establishes the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Agency's tax position taken on its information returns for the years (2012 through 2015), for the purposes of implementation, and has concluded that no additional provision for income taxes is necessary in the Agency's financial statements.

Cash and Cash Equivalents

The Agency considers all highly liquid financial instruments with original maturities of three months or less to be cash equivalents.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising Expenses

The Agency expenses advertising costs as they are incurred. Total advertising costs for the years ended December 31, 2015 and 2014 amounted to \$15,799 and \$12,641, respectively.

In-kind Donations

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$268,238 and \$199,684 for the years ended December 31, 2015 and 2014, respectively.

The Agency also receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$131,488 and \$82,809 for the years ended December 31, 2015 and 2014, respectively.

The Agency also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$136,081 and \$96,644, respectively, for the year ended December 31, 2015. For the year ended December 31, 2014, the estimated fair value of these food commodities and goods was determined to be \$132,268 and \$25,070, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through June 1, 2016, the date the December 31, 2015 financial statements were available for issuance.

NOTE 2. PROPERTY

As of December 31, 2015 and 2014, property consisted of the following:

	<u>2015</u>	<u>2014</u>
Land, buildings and improvements	\$ 430,128	\$ 416,435
Furniture, equipment and machinery	522,213	507,304
Vehicles	<u>249,779</u>	<u>302,466</u>
Total	1,202,120	1,226,205
Less accumulated depreciation	<u>723,696</u>	<u>790,759</u>
Net property	<u>\$ 478,424</u>	<u>\$ 435,446</u>

NOTE 3. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at December 31, 2015 and 2014. The Agency has no policy for charging interest on overdue accounts.

NOTE 4. PLEGGED ASSETS

As described in Note 5, all assets of the Agency are pledged as collateral under the Agency's demand note payable agreement.

NOTE 5. DEMAND NOTE PAYABLE

The Agency has available a revolving line of credit with a bank in the amount of \$250,000. The note is payable upon demand, but in the absence of demand, is due on November 30, 2016. Interest is stated at the prime rate plus 1% which result in an interest rate of 4.50% and 4.25% at December 31, 2015 and 2014, respectively. The note is collateralized by all the assets of the Agency.

NOTE 6. TEMPORARILY RESTRICTED NET ASSETS

At December 31, 2015 and 2014, the Agency had \$108,595 and \$129,297 in net assets temporarily restricted by donor-imposed use restrictions, respectively.

NOTE 7. LEASE COMMITMENTS

Facilities occupied by the Agency for its community service programs are rented under the terms of various operating leases. For the years ended December 31, 2015 and 2014, the annual lease/rent expense for the leased facilities was \$169,849 and \$163,615, respectively. Certain equipment is leased by the Agency under the terms of various operating leases.

The approximate future minimum lease payments on the above leases are as follows:

<u>Year Ended</u> <u>December 31</u>	<u>Amount</u>
2016	\$ 120,523
2017	34,071
2018	8,730
2019	2,022
2020	<u>204</u>
Total	<u>\$ 165,550</u>

NOTE 8. RETIREMENT PLAN

The Agency maintains a 403(b) Plan and Trust (the Plan) covering substantially all employees. Employee contributions to the Plan are made at predetermined rates elected by employees. Additionally the Agency provides a matching contribution equal to 25% of the first 5% of an employee's contribution. Effective April 1, 2016, the Agency instituted an auto enrollment feature mandating a minimum 1% employee contribution; however employees reserve the right to decline the auto enrollment. Employer matching contributions for the years ended December 31, 2015 and 2014 totaled \$13,047 and \$15,988, respectively.

NOTE 9. CONCENTRATION OF RISK

A large percentage of the Agency's total revenue was received from two contractors, the Federal Government and the State of New Hampshire. It is always considered to be at least reasonably possible that either contractor could be lost in the near term; however, Management feels this risk is of no particular concern at this time.

NOTE 10. CONCENTRATION OF CREDIT RISK

The Agency maintains its cash balances at several financial institutions in New Hampshire. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Agency maintains an agreement with its primary financial institution to collateralize the balances in excess of \$250,000. At December 31, 2015, the Agency had uninsured cash balances of approximately \$51,000. At December 31, 2014, there were no uninsured cash balances.

NOTE 11. CONTINGENCIES

The Agency receives grant funding from various sources. Under the terms of these agreements, the Agency is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Agency might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not been determined or assessed as of December 31, 2015 and 2014.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of cash flows for the years then ended, and the related notes to the financial statements, and the related statements of activities and functional expenses for the year ended December 31, 2015 and have issued our report thereon dated June 1, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Partnership of Strafford County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Partnership of Strafford County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

COMMUNITY ACTION PARTNERSHIP OF STRAFFORD COUNTY

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
Community Action Partnership of Strafford County
Dover, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Community Action Partnership of Strafford County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Partnership of Strafford County's major federal programs for the year ended December 31, 2015. Community Action Partnership of Strafford County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Partnership of Strafford County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Partnership of Strafford County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Partnership of Strafford County's compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Partnership of Strafford County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of Community Action Partnership of Strafford County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Partnership of Strafford County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Partnership of Strafford County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc. for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal opportunity laws. In addition, the Contractor shall comply with all applicable copyright laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

- 8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$250,000 per claim and \$2,000,000 per occurrence; and

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

- pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.
- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
 - g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
 - h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
 - i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
 - j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
 - k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
 - l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(4) **Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) **Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) **Miscellaneous**

- a. **Definitions and Regulatory References.** All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. **Amendment.** Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. **Data Ownership.** The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. **Interpretation.** The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. **Segregation.** If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. **Survival.** Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Cross Roads House, Inc.

We have audited the accompanying statements of financial position of Cross Roads House, Inc. (a nonprofit organization) as of June 30, 2015 and the related statements of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based upon our audit. The June 30, 2014 financial statements were audited by us and in our report, dated September 29, 2014, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cross Roads House, Inc. as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

CROSS ROADS HOUSE, INC.
NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Cross Roads House, Inc. (Cross Roads House), was organized March 24, 1982, but was essentially activated January 1, 1984. The purpose of the organization is to provide safe and supportive emergency and transitional shelter to individuals and families experiencing homelessness in southeastern New Hampshire.

Basis of Accounting

Income and expenses are reported on the accrual basis, which means that income is recognized as it is earned and expenses are recognized as they are incurred whether or not cash is received or paid out at that time.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

Cross Roads House received a letter of determination dated July 28, 1986 from the Internal Revenue Service advising it that it qualified as a non-profit organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, it is not subject to income tax. Cross Roads House is classified as other than a private foundation.

Financial Statement Presentation

Cross Roads House presents its financial statements in accordance with Accounting Standards Codification No. 958-210, "Financial Statements of Not-for-Profit Organizations". Under ASC No. 958-210, Cross Roads House is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, Cross Roads House is required to present a statement of cash flows.

Cash and Cash Equivalents

For purposes of these financial statements all non-custodial highly liquid investments with an initial maturity of less than three months or investments with a per share value constant at one dollar are considered to be cash equivalents. Cash equivalents were \$249,720 and \$180,756 as of June 30, 2015 and 2014.

Accounts Receivable

Accounts receivable consist primarily of amounts due from the State in support of homeless operations. An allowance for doubtful accounts is established based on historical experience and management's evaluation of outstanding accounts receivable at the end of each year. As of June 30, 2015 and 2014 management considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required.

 For the Year Ended June 30, 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

Subsequent events have been evaluated through September 2, 2015, the date the financial statements were available to be issued. One of the buildings has experienced some water damage. It has been determined that Cross Roads House is responsible for approximately one-third of the damage which amounts to \$20,000. The building contractor is responsible for the remainder of the repairs required.

Promises to Give/Contributions

Contributions are recognized when the donor makes a promise to give to Cross Roads House that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

An allowance for uncollectible unconditional promises is established based on historical experience and management's evaluation of outstanding unconditional pledges at the end of each year. As of June 30, 2015 and 2014, management considers all pledges to be fully collectible.

Unconditional promises to give consisted of the following as of June 30,

	2015	2014
Capital campaign	\$ 221,000	\$ 271,000
Wentworth Gala event	24,525	31,900
TOTALS	\$ <u>245,525</u>	\$ <u>302,900</u>

The fair value of promises to give that are due in more than one year is estimated by discounting the future cash flows using a current risk free rate of return based on the yield of a U.S. Treasury security with a maturity date similar to the expected collection period.

As of June 30, 2015, amounts were due in:

Less than one year	\$ 49,525
One to five years	196,000
Less discount to net present value	2,209
TOTAL	\$ <u>243,316</u>

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments at Fair Value

Cross Roads House records its marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets, in the statement of activities.

Following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of June 30, 2015, consisted of the following:

Cash & equivalents	\$ 249,720
Domestic equities	221,592
Domestic fixed income	156,809
International fixed income	<u>42,691</u>
TOTALS	\$ <u>670,812</u>

Property and Equipment

The cost of buildings and improvements is recovered using the straight-line method over estimated useful lives of 10 to 33 years. The cost of furniture, fixtures and equipment is recovered using the straight-line method over estimated useful lives of 2 to 7 years. Property and equipment as of June 30, 2015 consisted of the following:

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client’s eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department’s right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

SUPPLEMENTARY INFORMATION

December 31, 2016

(With Comparative Totals for 2015)

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Families in Transition, Inc. and Subsidiaries

We have audited the accompanying consolidated financial statements of Families in Transition, Inc. and Subsidiaries (the Organization), which comprise the consolidated statement of financial position as of December 31, 2016 and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Organization as of December 31, 2016, and the consolidated changes in their net assets and their consolidated cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Summarized Comparative Information

We have previously audited the Organization's 2015 consolidated financial statements and, in our report dated March 22, 2016, expressed an unmodified opinion on those audited consolidated financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2015 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Matter

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information, which consists of the consolidating statement of financial position as of December 31, 2016, and the related consolidating statements of activities and functional expenses for the year then ended, is presented for purposes of additional analysis, rather than to present the financial position and changes in net assets of the individual entities, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Organization

Families in Transition, Inc. (FIT or the Organization) is a New Hampshire nonprofit, incorporated on May 13, 1994, to provide housing and comprehensive social services to individuals and families who are homeless or at risk of becoming homeless in certain areas of southern New Hampshire, including Manchester, Concord and Dover.

The Organization directly owns and operates housing programs in facilities located on Amherst Street, Spruce Street, Lake Avenue and Douglas Street in Manchester, New Hampshire. Additional housing facilities are owned and operated by several limited partnerships of which the Organization is the sole general partner. These limited partnerships include Millyard Families II Limited Partnership (Millyard II), located on Market Street in Manchester, New Hampshire; Bicentennial Families Concord Limited Partnership (Bicentennial), located at Bicentennial Square in Concord, New Hampshire; Family Bridge Limited Partnership (Family Bridge), located on Second Street in Manchester, New Hampshire; and Family Willows Limited Partnership (Family Willows), located on South Beech Street in Manchester, New Hampshire (collectively referred to as the Limited Partnerships).

In 2008, the Organization created a Community Development Housing Organization, Housing Benefits, Inc. (Housing Benefits). Housing Benefits identifies and develops new housing units and refurbishes existing units to meet the persistent need of combating homelessness. Completed housing units are located on School & Third Streets, Lowell Street, Belmont Street, Market Street (Millyard Families I), Spruce Street and Hayward Street, in Manchester, New Hampshire as well as an additional housing unit located on Central Avenue in Dover, New Hampshire (Dover).

In 2012, the Organization became the sole member of Manchester Emergency Housing, Inc. (MEH), a New Hampshire nonprofit corporation providing immediate shelter to homeless families in the Manchester, New Hampshire area. MEH is the only family shelter in Manchester, New Hampshire.

The Organization also owns 100% of Family OutFITters, LLC (OutFITters), a limited liability corporation. OutFITters operates independent thrift stores in Concord and Manchester, New Hampshire with the sole purpose of generating an alternate funding stream for the Organization.

The Organization has several wholly-owned corporations which include Brick Mill House Families II, Inc. (Brick Mill), Bicentennial Families Concord, Inc. (Bicentennial Families), Second Street Family Mill, Inc. (Family Mill), and Big Shady Tree, Inc. (Big Shady Tree) (collectively referred to as the General Partners), all of which are New Hampshire corporations. These wholly-owned corporations represent the .01% sole general partners in the Limited Partnerships, whereby Brick Mill is a general partner of Millyard II, Bicentennial Families is a general partner of Bicentennial, Family Mill is a general partner of Family Bridge and Big Shady Tree is a general partner of Family Willows.

In 2012, the Organization became the sole member of The New Hampshire Coalition to End Homelessness, a statewide entity, whose mission is to "eliminate the causes for homelessness through research, education and advocacy". The activity of this entity is not deemed material and has not been included in the consolidated financial statements.

1. Summary of Significant Accounting Policies

Principles of Consolidation

Since the General Partners have control in the Limited Partnerships, in accordance with Financial Accounting Standards Board *Accounting Standards Codification* Topic 810-20-25, *Consolidation*, the financial statements of each of the Limited Partnerships' are required to be consolidated with the Organization's consolidated financial statements. The limited partners' ownership interest is reported in the consolidated statements of financial position as noncontrolling interest.

The consolidated financial statements include the net assets of the Organization, the Limited Partnerships, the General Partners, Housing Benefits, MEH and OutFITters. All significant inter-entity balances and transactions are eliminated in the accompanying consolidated financial statements.

Comparative Information

The consolidated financial statements include certain prior year summarized comparative information in total, but not by net asset classification. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Accordingly, such information should be read in conjunction with the Organization's December 31, 2015 consolidated financial statements, from which the summarized information was derived.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

Net assets and revenues, expenses, gains, and losses are classified as follows based on the existence or absence of donor imposed restrictions.

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets - Net assets subject to donor imposed stipulations that they be maintained permanently by the Organization. The donors of these assets permit the Organization to use all or part of the income earned on related contributions for general or specific purposes. The Organization had no permanently restricted net assets as of December 31, 2016 and 2015.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Organization records donor-restricted contributions whose restrictions are met in the same reporting period as unrestricted support in the year of the gift.

The Organization reports contributions of land, buildings or equipment as unrestricted support, unless a donor places explicit restriction on their use. Contributions of cash or other assets that must be used to acquire long-lived assets are reported as temporarily restricted support and reclassified to unrestricted net assets when the assets are acquired and placed in service.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts which, at times, may exceed the federally insured limits. Management regularly monitors the financial institutions, together with their respective cash balances, and attempts to maintain the potential risk at a minimum. The Organization has not experienced any losses in such accounts and management believes it is not exposed to any significant risk on these accounts.

Restricted deposits are those deposits of cash and cash equivalents not generally available for operating costs, but restricted to particular uses including operating and replacement reserves for rental properties as well as certain other social services and programs.

Notes to Consolidated Financial Statements

(With Comparative Totals for December 31, 2015)

Property and Equipment

Property and equipment are recorded at cost or, if donated, at estimated fair market value at the date of donation less accumulated depreciation. The Organization's capitalization policy requires the capitalization of capital expenditures greater than \$1,000, while ordinary maintenance and repairs are charged to expense. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets, ranging from 5 to 30 years. Assets not in service are not depreciated.

Volunteer Services

A number of volunteers have donated their time to the Organization's various programs and administrative services. The value of these services has not been included in the accompanying consolidated financial statements since the volunteers' time does not meet criteria for recognition. The estimated value of donated time for the years ended December 31, 2016 and 2015 is approximately \$995,000 and \$870,000, respectively.

Functional Expense Allocation

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

The Organization is a tax-exempt Section 170(b)(1)(A)(vi) public charity as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been reflected in these financial statements.

The standards for accounting for uncertainty in income taxes require the Organization to report any uncertain tax positions and to adjust its financial statements for the impact thereof. As of December 31, 2016 and 2015, the Organization determined that it had no tax positions that did not meet the more-likely-than-not threshold of being sustained by the applicable tax authority. The Organization files an informational return in the United States. This return is generally subject to examination by the federal government for up to three years.

No provision for taxes on income is made in the Limited Partnerships' financial statements since, as a partnership, all taxable income and losses are allocated to the partners for inclusion in their respective tax returns.

3. Development in Process

In December 2015, the Organization completed the construction on its Family Place Resource Center and Shelter through funding received from New Hampshire Housing Finance Authority (NHHFA), Community Development Finance Authority funds and donations. The Organization began providing services to individuals in January 2016 and placed the facility in service. The facility houses an expanded family shelter as well as a comprehensive resource center designed to meet the needs of homeless families and children. The shelter consists of 11 emergency housing units for families in immediate need of shelter. The services provided at the facility include, but are not limited to, centralized assessment and referral, hot meals, access to an onsite food pantry, onsite medical care and therapeutic preschool programming for children. At the time of completion the Organization had invested approximately \$1.8 million in the facility.

In September 2014, a three-family building and land located on Spruce Street in Manchester, New Hampshire was donated to FIT by the City of Manchester. The property was transferred from FIT to Housing Benefits. Housing Benefits rehabilitated the project into rental housing for low-income households. The construction incorporated energy efficiencies to reduce operating costs and help ensure long-term affordability. In July 2016, this facility was placed into service. At the time of completion the Organization had invested approximately \$595,000 in the facility.

Under the terms of the Limited Partnerships' Regulatory Agreements with NHHFA, each Limited Partnership is required to make deposits to various escrow accounts to fund expected future costs.

Each Limited Partnership has entered into a Land Use Restriction Agreement with NHHFA, as a condition of the allocation of low-income housing tax credits by NHHFA. Pursuant to the covenant, the Limited Partnerships are required to remain in compliance with Code Section 42 for the compliance period and an extended use period, unless terminated sooner.

8. Retirement Plan

The Organization has a tax deferred retirement plan which is available to all employees working greater than 25 hours a week. All employees are eligible to participate and are fully vested with the first contribution. The Organization matches contributions at 100% up to 3% of compensation. The Organization contributed \$34,176 and \$32,880 during the years ended December 31, 2016 and 2015, respectively.

11. Subsequent Events

For purposes of the preparation of these consolidated financial statements in conformity with U.S. GAAP, the Organization has considered transactions or events occurring through March 29, 2017, which was the date the consolidated financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the consolidated financial statements.

Millyard II

During 2016, Millyard II reached the end of the initial 15-year low-income housing tax credit compliance period. As a result, Community Capital 2000 (the limited partner) indicated it has decided to withdraw from Millyard II and is expected to do so in the first quarter of 2017. It is management's plan to have Housing Benefits acquire the remaining assets of Millyard II.

Wilson Street Development

The Organization is currently in the process of developing the Manchester Treatment and Recovery Center (the Center) on the second and third floors of 267 Wilson Street in Manchester, New Hampshire. Management plans to use the second floor of the building to expand the Organization's Family Willows Intensive Outpatient Treatment Program and to also provide sober and recovery housing. This additional space is anticipated to allow the Organization to double the number of people served with evidence based substance use disorder treatment services. The Organization plans to rehabilitate the third floor of the building to create substance free recovery housing for single women who are in the early stages of recovery. Consistent with recent evidence regarding successful recovery housing programs, women in these units will share living space with other women in the early stages of their recovery, thereby providing peer support and accountability to mitigate chances of relapse. Cost of development of the Center is estimated to range from \$3.6 million to \$4 million and is expected to be funded from the City of Manchester, NHHFA, CDFA funds, other grants and donations and additional long-term borrowings.

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc. for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

- p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) **Business Associate Use and Disclosure of Protected Health Information.**

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
 - I. For the proper management and administration of the Business Associate;
 - II. As required by law, pursuant to the terms set forth in paragraph d. below; or
 - III. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
 - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed
 - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

EXPLANATION

This request is **retroactive** because the Department did not receive the executed contract documents from the vendor until October 14, 2015. The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This agreement represents one (1) of twenty-seven (27) vendors selected to receive State Grant-in-Aid Program funding, and represents \$44,856 of the total \$6,569,941 being funded. Twenty-six (26) of the contracts were previously approved by the Governor and Executive Council. The Governor and Executive Council previously approved a total of twenty-six (26) State Grant-in-Aid agreements as follows:

- August 26, 2015, twenty-three (23) agreements were approved.
- September 16, 2015, two (2) agreements were approved.
- October 21, 2015, one (1) agreement was approved.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the proposals by a team of qualified personnel from the Bureau of Homeless and Housing Services, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreement calls for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should the Governor and Executive Council not authorized this request, individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP.

The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties

If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable

The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state.

Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

Report on the Financial Statements

We have audited the accompanying financial statements of Harbor Homes, Inc., which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Harbor Homes, Inc. as of June 30, 2016, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Harbor Homes, Inc.'s fiscal year 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 10, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2016 on our consideration of the Harbor Homes, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Harbor Homes Inc.'s internal control over financial reporting and compliance.

HARBOR HOMES, INC.

Notes to the Financial Statements

1. **Organization:**

Harbor Homes, Inc. (the Organization) is a nonprofit organization that creates and provides quality residential and supportive services for persons (and their families) challenged by mental illness and/or homelessness in the State of New Hampshire. Programs include mainstream housing, permanent housing, transitional housing, and emergency shelter, as well as comprehensive support services that include peer support programs, job training, a paid employment program, and social and educational activities.

In addition to housing and supportive services, the Organization runs a health care clinic that is a Federally Qualified Health Center (FQHC) offering primary medical services to the homeless and/or low-income individuals.

2. **Summary of Significant Accounting Policies:**

The following is a summary of significant accounting policies of the Organization used in preparing and presenting the accompanying financial statements.

Comparative Financial Information

The accompanying financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with Accounting Principles Generally Accepted in the United States of America (GAAP). Accordingly, such information should be read in conjunction with the audited financial statements for the year ended June 30, 2016, from which the summarized information was derived.

Accounting for Contributions and Financial Statement Presentation

The Organization follows *Accounting for Contributions Received and Contributions Made* and *Financial Statements of Not-for-Profit Organizations* as required by the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC). Under these guidelines, the Organization is required to distinguish between contributions that increase permanently restricted net assets, temporarily restricted net assets, and unrestricted net assets. It also requires recognition of contributions, including contributed services, meeting certain criteria at fair values. These reporting standards establish standards for financial statements of not-for-profit

organizations and require a Statement of Financial Position, a Statement of Activities, a Statement of Functional Expenses, and a Statement of Cash Flows.

Basis of Accounting

Revenues and expenses are reported on the accrual basis of accounting. Under this basis, revenues, other than contributions, and expenses are reported when incurred, without regard to the date of receipt or payment of cash. Contributions are reported in accordance with FASB ASC *Accounting for Contributions Received and Contributions Made*.

Restricted and Unrestricted Revenue

Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities.

Allowance for Doubtful Accounts

The adequacy of the allowance for doubtful accounts for receivables is reviewed on an ongoing basis by the Organization's management and adjusted as required through the provision for doubtful accounts (bad debt expense). In determining the amount required in the allowance, management has taken into account a variety of factors.

Patient Services Receivables, Net

Patient services receivables result from the health care services provided by the Organization's Federally Qualified Health Care Center. Additions to the allowance for doubtful accounts result from the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance for doubtful accounts. The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in Medicare and Medicaid health care coverage, and other indicators.

For receivables associated with services provided to patients who have third-party coverage, which includes patients with deductible and copayment balances due for which third-party coverage exists for part of the bill, the Organization analyzes contractually due amounts and provides an allowance for doubtful collections and a provision for doubtful collections, if necessary. For receivables associated with self-pay patients, the Organization records a significant provision for doubtful collections in the period of service on the basis of its past experience, which indicates that many patients are unable to pay the portion of their bill for which they are financially responsible. The difference between the billed rates and the amounts actually collected after all reasonable collections efforts have been exhausted is charged off against the allowance for doubtful collections. The Organization has not changed its financial assistance policy in 2016. The Organization does not maintain a material allowance for doubtful collections from third-party payors, nor did it have significant write-offs from third-party payors.

Property and Equipment

Property and equipment is recorded at cost or, if donated, at estimated fair market value at the date of donation. Major additions and improvements are capitalized, while ordinary maintenance and repairs are charged to expense. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. Assets not in service are not depreciated.

Patient Service Revenues, Net

Patient service revenues, net is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered. Self-pay revenue is recorded at published charges with charitable allowances deducted to arrive at net self-pay revenue. All other patient services revenue is recorded at published charges with contractual allowances deducted to arrive at patient services, net. Reimbursement rates are subject to revisions under the provisions of reimbursement regulations. Adjustments for such revisions are recognized in the fiscal year incurred. Included in third-party receivables are the outstanding uncompensated care pool payments.

Charity Care

The Organization provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Since the Organization does not pursue collection of amounts determined to qualify as charity care, these amounts are reported as deductions from revenue (see Note 25).

Functional Expenses

The costs of providing various programs and activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Donated Services

The Organization receives donated services from a variety of unpaid volunteers assisting the Organization in its programs. No amounts have been recognized in the accompanying statement of activities because the criteria for recognition of such volunteer effort under generally accepted accounting principles have not been satisfied.

Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual amounts could differ from those estimates.

Tax Status

Harbor Homes, Inc. is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions.

The Organization follows FASB ASC 740-10, *Accounting for Uncertainty in Income Taxes*, which clarifies the accounting for uncertainty in income

taxes and prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. FASB ASC 740-10 did not have a material impact on the Organization's financial statements.

The Organization's Federal Form 990 (Return of Organization Exempt From Income Tax) is subject to examination by the IRS, generally for three years after they were filed.

The Organization recognizes interest related to unrecognized tax benefits in interest expense and penalties that are included within reported expenses. During the year ended June 30, 2016, the Organization had no interest or penalties accrued related to unrecognized tax benefits.

23. Legal Settlement, Net:

In 2011, the State of New Hampshire removed the ability to bill for certain Medicaid services and the Organization filed suit. The Organization settled with the State in 2015 and was awarded \$1,350,000 in fiscal year 2016. The settlement was received net of legal fees.

24. Fair Value Measurements:

FASB ASC, *Fair Value Measurements*, provides guidance for using fair value to measure assets and liabilities. *Fair Value Measurements* applies whenever other standards require or permit assets or liabilities to be measured at their fair market value. The standard does not expand the use of fair value in any new circumstances. Under *Fair Value Measurements*, fair value refers to the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurements* clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions.

Under *Fair Value Measurements*, the Organization categorizes its fair value estimates based on a hierarchical framework associated with three levels of price transparency utilized in measuring financial instruments at fair value. Classification is based on the lowest level of input that is significant to the fair value of the instrument. The three levels are as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. The types of financial instruments included in Level 1 are highly liquid instruments with quoted prices;

- Level 2 - Inputs from active markets, other than quoted prices for identical instruments, are used to model fair value. Significant inputs are directly observable from active markets for substantially the full term of the asset or liability being valued; and
- Level 3 - Pricing inputs significant to the valuation are unobservable. Inputs are developed based on the best information available; however, significant judgment is required by management in developing the inputs.

The estimated fair value of the Organization's financial instruments is presented in the following table:

	Carrying Value	Fair Value	Level One	Level Two	Level Three
Investments	\$ 8,890	\$ 8,890	\$ 8,890	\$ -	\$ -

25. Patient Service Revenue, Net:

The Organization recognizes patient services revenue associated with services provided to patients who have Medicaid, Medicare, third-party payor, and managed care plans coverage on the basis of contractual rates for services rendered. For uninsured self-pay patients that do not qualify for charity care, the Organization recognizes revenue on the basis of its standard rates for services provided or on the basis of discounted rates if negotiated or provided by the Organization's policy. Charity care services are computed using a sliding fee scale based on patient income and family size. On the basis of historical experience, a significant portion of the Organization's uninsured patients will be unable or unwilling to pay for the services provided. Thus, the Organization records a provision for bad debts related to uninsured patients in the period the services are provided.

The Organization accepts patients regardless of their ability to pay. A patient is classified as a charity patient by reference to certain established policies, which define charity services as those costs for which no payment is anticipated. The Organization uses federally established poverty guidelines to assess the level of discount provided to the patient. The Organization is required to provide a full discount to patients with annual incomes at or below 100% of the poverty guidelines, but may charge a nominal copay. If the patient is unable to pay the copay, the amount is written off to charity care. All patients are charged in accordance with a sliding fee discount program based on household size and household income. No discounts may be provided to patients with incomes over 200% of federal poverty guidelines.

Patient services revenue, net of provision for bad debts and contractual allowances and discounts, consists of the following:

	2016			2015	
	Gross Charges	Contractual Allowances	Charitable Care Allowances	Net Patient Service Revenue	Net Patient Service Revenue
Medicaid	\$ 1,881,339	\$ (721,905)	\$ -	\$ 1,159,434	\$ 676,037

Total				\$ <u>1,736,275</u>	\$ <u>893,197</u>

26. Rent Expense:

The Organization has multiple grants requiring the payment of rents on behalf of the consumer. Rent expense totaling approximately \$5.0m is comprised of leases held in the Organization's name and the responsibility of the Organization, leases in consumers' names, or rents paid as client assistance.

27. Contingencies:

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations is subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments for patient service previously billed. Management is not aware of any material incidents of noncompliance; however, the possible future financial effects of this matter on the Organization, if any, are not presently determinable.

28. Subsequent Events:

In accordance with the provisions set forth by FASB ASC, *Subsequent Events*, events and transactions from July 1, 2016 through November 2, 2016, the date the financial statements were available to be issued, have been evaluated by management for disclosure.

On August 17, 2016, the Organization entered into a revolving line of credit agreement. Under this agreement, \$500,000 is available to the Organization to provide for working capital requirements through February 18, 2017.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless Intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
- o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed
 - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America: this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to the above present fairly, in all material respects, the financial position of Headrest, Inc. as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of functional expenses on page 11 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. HEADREST, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2016 AND 2015

NOTE 1 – NATURE OF ORGANIZATION

Headrest, Inc. ("Headrest") is a New Hampshire nonprofit corporation that provides information and referral, crisis intervention and other related services through the use of a telephone hotline and office visitations. Headrest also provides counseling and emergency shelter to transients, and information to the community relating to drugs and alcohol.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of Headrest is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of Headrest's management who is responsible for their integrity and objectivity. These accounting policies conform to U.S. generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

The financial statements of Headrest have been prepared on the accrual basis of accounting. The significant accounting policies followed are described below.

Financial statement presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations". Under SFAS No. 117, Headrest is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets are comprised of operating revenues and expenses and contributions pledged which are not subject to any donor-imposed restrictions. Headrest, Inc. currently has \$186,769 and \$174,663 unrestricted net assets as of June 30, 2016 and 2015, respectively.

Temporary restricted net assets are comprised of contributions and gifts for which donor-imposed restrictions will be met either by the passage of time or the actions of the Organization. Headrest, Inc. currently has no temporarily restricted net assets as of June 30, 2016 and 2015, respectively.

HEADREST, INC.
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2016 AND 2015

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Permanently restricted net assets include those assets for which donor-imposed restrictions stipulate that the asset be permanently maintained by the Organization. Headrest, Inc. has no permanently restricted net assets as of June 30, 2016 and 2015.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash equivalents – For purposes of the statement of cash flows, Headrest considers all short-term investments with an original maturity of three months or less to be cash equivalents. At June 30, 2016 and 2015 there were no cash equivalents.

Assets limited as to use

Assets Limited as to Use represent board-designated assets for capital expenditures and reserves amounting to \$51,127 and \$132,753 at June 30, 2016 and 2015. Assets limited to use consist of cash and cash equivalents however these amounts have not been included in cash and cash equivalents for cash flow purposes.

Allowance for doubtful accounts – Headrest considers accounts receivable to be fully collectible, accordingly, no allowance for doubtful accounts is required.

Depreciation and fixed assets – Property and equipment are stated at cost if purchased and at fair market value on the date of the donations if donated. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted or temporarily restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, Headrest reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. Headrest reclassifies temporarily restricted net assets to unrestricted net assets at that time. Depreciation is computed using straight-line and accelerated methods based on the estimated useful life of each asset. Estimated useful lives used for building and improvements are ten to thirty- nine years and for furniture and fixtures three to seven years.

Public support and revenue – All contributions are considered to be available or unrestricted use unless specifically restricted by the donor.

HEADREST, INC.
 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED JUNE 30, 2016 AND 2015

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income taxes – The Organization is a not-for-profit organization that is exempt from income taxes under Section 501©(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation.

The Organization adopted the recognition requirements for uncertain income tax positions as required by generally accepted accounting principles, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more –likely-than-not be sustained upon examination by taxing authorities. The Organization has analyzed tax positions taken for filing with the Internal Revenue Service and the state jurisdiction where it operates. The Organization believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse affect on the Organization’s financial condition, results of operations or cash flows. Accordingly, the Organization has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at June 30, 2016.

Donated services and materials - Donated supplies and equipment are reflected as contributions in the accompanying financial statements at their estimated fair market values.

Functional expenses – Functional and administrative expenses have been allocated among program services based on an analysis of personnel time and space utilized for the activities.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc. for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP.

The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties.

If not funded, there would be no Homeless intervention services available in Belknap and Merrimack counties, which is unacceptable.

The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state.

Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Helping Hands Outreach Ministries, Inc.
Manchester, New Hampshire

We have audited the accompanying statement of financial position of Helping Hands Outreach Ministries, Inc. as of June 30, 2016, and the related statements of activities and cash flows for the year then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

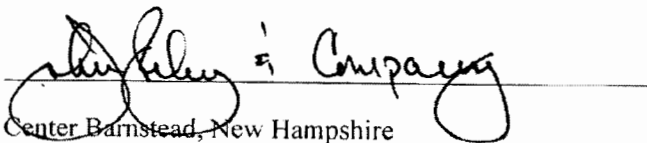

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Helping Hands Outreach Ministries, Inc. as of June 30, 2016, and the results of its operations, changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization:

Helping Hands Outreach Ministries, Inc. (the Ministry) is a New Hampshire nonprofit corporation organized to provide services to the needy such as transitional housing, food, clothing and other services so as to provide relief from poverty and distress in the community. The Ministry is supported primarily through donor contributions and grants.

Significant Accounting Policies

Basis of accounting:

The financial records of the Ministry are maintained on the accrual basis of accounting.

Financial Statement Presentation:

The Ministry adheres to the Presentation of Financial Statements for Not-for-Profit Organizations topic of the FASB Accounting Standards Codification as expressed in FASC ASC 958-205. Under ASC 958-205, the Ministry is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. As of June 30, 2016, the Ministry had no permanently restricted net assets.

The Ministry accounts for contributions received in accordance with FASB ASC 958-605. In accordance with ASC 958-605, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions. ASC 958-310 requires that unconditional promises to give (pledges) be recorded as receivables and recognized as revenues.

Cash and Cash Equivalents:

For purpose of the statement of cash flows, the Ministry considers cash and cash equivalents to include only cash on hand, cash in checking accounts, and certain savings accounts, certificates of deposit and money market accounts if readily available for current operations.

Promises to Gives:

Contributions are recognized when the donor makes a promise to give to the Ministry, that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets if restrictions expire within the fiscal year in which the contribution is recognized. All other donor-restricted contributions are reported as temporarily or permanently restricted net assets depending upon the nature of the restrictions. When a restriction expires, temporarily restricted assets are reclassified to unrestricted net assets.

HELPING HANDS OUTREACH MINISTRIES, INC.
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Tax Status:

The Ministry is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, any income from activities not directly related to the Ministry's tax-exempt purpose is subjected to taxation as unrelated business income. In addition, the Ministry qualifies for the charitable contribution deduction under Section 170(b)(1)(A) of the Code, and has been classified as an organization that is not a private foundation under Section 509(a).

Property and Equipment:

Property and equipment are recorded at cost if purchased or, if contributed, at fair market value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets of 5 to 39 years.

The Ministry's policy is to capitalize property and equipment acquisitions and improvements that either increase the value of an asset or increase the estimated useful life of an asset.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Donated Materials, Facilities and Services:

Donated materials and facilities are recorded as contributions and as property and equipment or expense in the period received at fair value. SFAS 116 requires unconditional promises to give materials and facilities to be recorded as contributions even though the Ministry may not receive the assets or benefits until a future period.

NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Shelter Furnishings:

Furnishings for the shelter operated by the Ministry consist primarily of donated furniture and fixtures. No amounts for donated shelter furnishings have been reflected on the statement of financial position, as the Ministry does not deem such amounts to be materially sufficient to warrant capitalization. Purchased shelter furnishings are generally expensed in the year of purchase.

Functional Expenses:

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Accounts Receivable:

Accounts receivable do not include an allowance for doubtful accounts since the Ministry believes all amounts to be collectible.

NOTE 2. IN-KIND DONATIONS

A substantial number of volunteers have donated significant amounts of time to the Ministry's programs and support services. However, no amounts have been reflected in the statement of activities for contributed services as no objective basis is available to measure the value of such services. Contributed services include services in such areas as counseling, distribution of food, clothing and household goods, computer programming and maintenance, management, accounting and finance, legal and professional, fundraising and administrative support.

In accordance with generally accepted accounting principles, no amounts are reflected in the statements of operations for donated goods that are received by the Ministry and redistributed to the ultimate beneficiaries. Donated services of \$1,225 have been reflected in the financial statements, relating to professional fees valued at \$3,725 for which the Ministry was billed \$2,500.

NOTE 3. RESTRICTIONS ON NET ASSETS

As of June 30, 2016, there were no temporarily restricted net assets.

Long-term debt	<u>(37,463)</u>
	<u>\$ 589,448</u>

The Ministry has a line of credit arrangement with TD Banknorth (Manchester, NH) in the amount of \$50,000. At June 30, 2016, borrowings against this line amounted to \$39,864. At June 30, 2016, the Ministry was substantially in compliance with the terms and conditions with its debt covenants with respect to the line of credit.

The Ministry was in technical default on certain long-term borrowings. As of June 30, 2016, the Ministry has successfully refinanced these obligations.

Future maturities of long-term debt are as follows:

NOTE 5. SUPPORT FROM GRANTS AND AWARDS

Unconditional grants and awards consist of promises received during the year ended June 30, 2016:

Temporarily restricted:

State of New Hampshire – Grant-In-Aid	\$ 60,000
Federal Emergency Management Agency grant	4,517
Total Unrestricted	<u>\$ 64,517</u>

Temporarily restricted:

U.S Department of Housing and Urban Development – Operating grant	<u>\$ 27,300</u>
--	------------------

NOTE 6. ECONOMIC DEPENDENCY

The Ministry receives a substantial portion of its support from federal and state government entities. A significant reduction in the level of this support, if it were to occur, might have an effect on the Ministry's ability to deliver its programs and conduct its activities.

NOTE 7. CONTINGENCIES

The facility from which the Ministry operates is not in technical compliance with the Federal Code Requirements of the Americans with Disabilities Act (ADA). Management has estimated that a cost of \$65,000 would be required to bring the facility up to code standards. The Ministry's ability to receive future grant awards could be negatively impacted should the Ministry's facility not be brought into compliance with the ADA in the near future.

The Ministry has adopted FASB Interpretation No. 48, *Accounting for Uncertainties in Income Taxes* (FASB ASC 740). Accordingly, management has evaluated the Ministry's tax positions and has concluded that the Ministry has maintained its tax-exempt status, does not have any significant unrelated business taxable income and has taken no uncertain tax positions that require adjustment or disclosure in the financial statements at June 30, 2015.

The Ministry files Form 990. With few exceptions, the Ministry is no longer subject to U.S. federal tax examinations for years prior to 2012.

NOTE 8. SUBSEQUENT EVENTS

The Ministry has evaluated subsequent events through August 19, 2016, the date which the financial statements were available to be issued, and has not evaluated subsequent events after that date. No subsequent events were identified that would require disclosure in the financial statements for the period ended June 30, 2016.

EXPLANATION

This request is **sole source** because the increase in price limitation is greater than 10% of the original contract value.

This purpose of this amendment is to have the Vendor provide overnight respite care services for the Safe Stations program in Manchester.

Safe Stations is a Manchester based program that is designed to be an access point whereby the ten fire houses throughout the city serve as a designated safe environment for individuals seeking assistance with their substance use disorder. Anyone can walk into a fire station, be medically cleared and then be connected with a service provider within 24 hours to begin their treatment and recovery. A key component of the Safe Stations program has been overnight respite care for individuals in the program who would not otherwise have a safe place to sleep while they are waiting for placement in treatment.

Since August, the Safe Stations program has served 361 unique individuals from all over the state of New Hampshire, ranging in ages from 18-69. The Safe Stations model provides for access to a licensed professional through a local treatment provider, who then works collaboratively alongside the respite program to serve the client. Between the hours of 9:00am-3:00pm, Safe Stations clients are served by licensed professionals through the Serenity Place WRAP program. The Serenity Place WRAP program, funded in part through the Bureau of Drug and Alcohol Services, provides a safe place for Safe Stations clients to be during the day with access to interim level services. The respite center provided by the Vendor will serve as a place where Safe Stations clients can stay overnight for a short period of time while they await placement in an appropriate level of care at a treatment facility or are able to access a safe housing alternative.

The initial contract for the Vendor is through the Bureau of Homeless and Housing Services and is for transitional, emergency, specialty shelter care, and intervention services for homeless individuals. The contract is being amended to allow for funding of an additional 16 beds specifically to support clients of the Safe Stations program in Manchester.

Funding under this amendment will be used to provide staff for 16 beds, care for the basic needs of Safe Stations clients during the hours of 3:00pm-9:00am, and accommodate the additional cost of utilities required for 24 hours, 7 days per week, and 365 days of the year of operations of the facility. Funding for this program will also enable the Vendor to work collaboratively with community

service providers, like Serenity Place, to ensure seamless transitions to care for assessment and treatment. The Vendor is uniquely qualified to work with the Safe Stations model given their existing scope of services which specializes in providing sober living environments through provision of shelter, food, case management, volunteer opportunities, and job training, while providing peer supports and a positive structure for those within the programs.

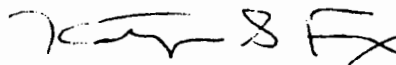

These services fit into the Department's overall strategy for the treatment of substance use disorders by ensuring individuals have access to services the moment they are ready to engage in recovery. Safe and supportive housing is a critical component of the continuum of care that is supported by the Department. Expanding access to a safe place during a crisis period will increase the chances of these individuals entering treatment and achieving recovery; thereby increasing the client's health and well-being and reducing the medical, legal, social, and other costs to the community and state associated with on-going substance misuse.

Should the Governor and Executive Council determine to not authorize this Request, individuals seeking services through Safe Stations who do not have safe overnight accommodations likely would remain in unsafe environments associated with an increased risk of substance misuse, overdose, and/or other physical harm.

Area served: Manchester.

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no homeless intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

- o. "Unsecured Protected Health Information" means protected health information that is not secured by a technology standard that renders protected health information unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute.
- p. Other Definitions - All terms not otherwise defined herein shall have the meaning established under 45 C.F.R. Parts 160, 162 and 164, as amended from time to time, and the HITECH Act.

(2) Business Associate Use and Disclosure of Protected Health Information.

- a. Business Associate shall not use, disclose, maintain or transmit Protected Health Information (PHI) except as reasonably necessary to provide the services outlined under Exhibit A of the Agreement. Further, Business Associate, including but not limited to all its directors, officers, employees and agents, shall not use, disclose, maintain or transmit PHI in any manner that would constitute a violation of the Privacy and Security Rule.
- b. Business Associate may use or disclose PHI:
 - i. For the proper management and administration of the Business Associate;
 - ii. As required by law, pursuant to the terms set forth in paragraph d. below; or
 - iii. For data aggregation purposes for the health care operations of Covered Entity.
- c. To the extent Business Associate is permitted under the Agreement to disclose PHI to a third party, Business Associate must obtain, prior to making any such disclosure, (i) reasonable assurances from the third party that such PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the third party; and (ii) an agreement from such third party to notify Business Associate, in accordance with the HIPAA Privacy, Security, and Breach Notification Rules of any breaches of the confidentiality of the PHI, to the extent it has obtained knowledge of such breach.
- d. The Business Associate shall not, unless such disclosure is reasonably necessary to provide services under Exhibit A of the Agreement, disclose any PHI in response to a request for disclosure on the basis that it is required by law, without first notifying Covered Entity so that Covered Entity has an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such disclosure, the Business

Exhibit I

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

(3) Obligations and Activities of Business Associate.

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
 - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed
 - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
- g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
- h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have duly executed this Exhibit I.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Program Services

LACLT develops and supports its operations through strategic management of critical functions. Through staff effort and board oversight, the functions of accounting, fundraising, accountability to and support from the community and funding sources, and organization management and development are maintained to ensure the organization's integrity and sustainability. LACLT serves the community through six programs as follows:

Transitional Services

LACLT's transitional service program serves families, primarily women and children, who are homeless or at imminent risk of homelessness. Families receive affordable rent and develop aggressive family self-sufficiency plans to recover from homelessness and become economically self-sufficient.

Tenant Support

LACLT residents who desire support services are provided with a full range of support and life skills training. A resident services coordinator assists families to retain their housing, strengthen family stability and enhance economic self-sufficiency.

Affordable Housing Production

LACLT develops affordable housing with new construction, gut rehabilitation, historic preservation, urban infill, brownfield, and adaptive reuse production, and preserves it as permanently affordable through the unique mechanisms of the community land trust model.

Rental Properties and Asset Management

LACLT retained the services of a third party management agent for its portfolio of properties effective April 1, 2006. LACLT provides asset management services related to these properties.

Homeownership Center

LACLT provides homebuyer and financial literacy training through its HOMEteam collaborative. Participants receive education and support which assists them in becoming successful homeowners. The initiative is also intended to encompass the development of homeownership opportunities for low- and moderate-income families.

Basis of Presentation

Financial statement presentation follows recommendations of the Financial Accounting Standards Board in its Accounting Standards Codifications (ASC) 958-205, *Financial Statements of Not-for-Profit Organizations*. Under ASC 958-205, LACLT is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

1. Summary of Significant Accounting Policies (continued)

Organizational Structure

LACLT is incorporated under the laws of the State of New Hampshire as a non-profit corporation. LACLT is exempt from federal income taxes under Internal Revenue Code section 501(c)(3).

LACLT Corporation is incorporated under the laws of the State of New Hampshire as a for-profit corporation. It is a wholly owned subsidiary of LACLT.

Winni River Housing Corp is incorporated under the laws of the State of New Hampshire as a for-profit corporation. It is a wholly owned subsidiary of LACLT.

Revenue Recognition

The accompanying financial statements were prepared using the accrual basis of accounting, the purpose of which is to record revenues when they are earned or awarded and record expenses when they are incurred.

Cash and Equivalents

Cash and cash equivalents include investments in highly liquid debt instruments with a maturity of three months or less. Restricted cash is not considered cash equivalents.

Rents Receivable – Recognition of Bad Debts

LACLT considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Uncertainty in Income Taxes

LACLT is not a taxpaying entity for federal or state income tax purposes; accordingly, a provision for income taxes has not been recorded in the accompanying financial statements; no reserves for uncertain income tax positions were recorded; and LACLT did not record a cumulative effect adjustment related to the adoption of ASC 740.

Subsequent Events

Events that occur after the balance sheet date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the balance sheet date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the balance sheet date require disclosure in the accompanying notes. Management evaluated the activity of LACLT through March 23, 2017 and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

1. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

LACLT determines the fair market values of its financial assets and liabilities, as well as non-financial assets and liabilities that are recognized or disclosed at fair value on a recurring basis, based on the fair value hierarchy established in the accordance with generally accepted accounting principles for *Fair Value Measurement ASC 820*.

Level 1: Quoted prices in active markets for identical assets or liabilities. LACLT currently has no Level 1 assets or liabilities that are measured at fair value on a recurring basis.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. LACLT currently has no Level 2 assets or liabilities that are measured at fair value on a recurring basis.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include items where the determination of fair value requires significant management judgment or estimation. LACLT currently has no Level 3 assets or liabilities that are measured at fair value on a recurring basis.

Change in Accounting Principle

During the year ended December 31, 2016, LACLT adopted the provisions of Accounting Standards Update 2015-03, *Simplifying the Presentation of Debt Issuance Costs* (ASU 2015-03). ASU 2015-03 requires organizations to present debt issuance costs as a direct deduction from the carrying value of the related debt liability and amortization is required to be included with interest expense in the statement of functional expenses. Certain amounts in the December 31, 2015 financial statements have been reclassified to conform to the December 31, 2016 presentation.

Advertising

LACLT expenses advertising costs as they are incurred.

13. Ground Lease

LACLT entered into a ground lease with an individual on March 21, 2003. The lease of land on Jameson Street, Laconia, is for a period of ninety-nine years with an option to renew for an additional period of ninety-nine years. The lease calls for monthly payments of \$25.

14. Concentration of Credit Risk

Financial instruments that potentially subject LACLT to a concentration of credit risk consist principally of cash and cash equivalents. LACLT cash balances at December 31, 2016 were FDIC insured, or collateralized by the bank's assets.

LACLT receives approximately 24% of its funding from grants. A reduction in the funding would impair its ability to operate. LACLT's management does not anticipate a reduction in funding.

LACONIA AREA COMMUNITY LAND TRUST, INC.
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

15. Equity Equivalent Investment

LACLT received an equity equivalent investment in the amount of \$110,000 from Meredith Village Savings Bank during the year ended December 31, 2008. A promissory note has been entered into requiring repayment of this investment on or before December 19, 2018 or such later date as may be determined by the lender. Interest shall be payable at an annual rate of 3% commencing on December 19, 2009 and at maturity. The outstanding balance at December 31, 2016 and 2015 was \$110,000 and \$110,000, respectively.

16. Amortization

Debt issuance costs, net of accumulated amortization, are presented as a deduction from the carrying value of the mortgage notes payable. Debt issuance costs include finance fees of \$6,468 which are amortized over 66 months, \$13,064 which are amortized over 20 years, \$22,501 which are amortized over 30 years, and \$4,343 which are amortized over 40 years. Amortization expense for the years ended December 31, 2016 and 2015 was \$3,483 and \$1,076, respectively. Amortization expense on debt issuance costs has been included as interest expense on the statement of functional expenses.

17. Commitments and Contingencies

LACLT has acted as sponsor for various low-income and affordable housing developments. These developments have received various forms of funding from federal, state and local sources. The terms of these funding agreements generally require that the projects maintain affordable housing and low-income eligibility status. If such status is not maintained, LACLT may be obligated to remedy any defaults in the requirements and may be liable to repay certain amounts to investors and lenders. Management is not aware of any instances of noncompliance that would impair its assets.

In addition, LACLT, as project sponsor, has, in some cases, agreed to advance funds to its related partnerships as guarantor of its or the general partner's obligation to fund operating deficits, development cost overruns, payments for reduced tax benefits to investors and other circumstances affecting the partnerships, as defined in the partnership agreements. As of the date of this report, LACLT was not obligated for any balance over what had been paid or advanced through December 31, 2016, see Note 6.

LACLT received a grant from Meredith Village Savings Bank in the amount of \$400,000 during the year ended December 31, 2014. The grant was restricted to the rehabilitation of rental real estate for the Harriman Hill Phase II project. LACLT entered into an affordable housing program agreement with Meredith Village Savings Bank. The agreement stipulates that the project comply with certain affordability restrictions for 20 years. If the stipulations of the agreements are not met, the grant is subject to recapture in full. LACLT believes it is in compliance with the restrictions at December 31, 2016 and 2015.

18. Loss on Disposition of Investment

During the year ended December 31, 2016, LACLT purchased the assets of LNI, LP. As a result of the purchase, LACLT disposed of its investment in the partnership and recognized a loss of \$195,755.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Laconia Area Community Land Trust, Inc.
Laconia, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Laconia Area Community Land Trust (LACLT), Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 23, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered LACLT's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of LACLT's internal control. Accordingly, we do not express an opinion on the effectiveness of LACLT's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether LACLT's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

EXPLANATION

This request is **retroactive** because the awards were not made until June 9th, 2015.

The purpose of this request is for the provision of intervention services and/or emergency shelter and related services, including essential services, to homeless individuals.

This package includes twenty-three (23) of the twenty-seven (27) vendors chosen to receive State Grant-in-Aid Program funding, and represents \$5,759,549 of the total \$6,569,941 being funded.

The State Grant-in-Aid (SGIA) Funds program provides funding support for the following:

Emergency Shelter - Any facility, the primary purpose of which is to provide temporary shelter for homeless individuals or families. Non-permanent shelter, which is crisis-oriented and designed to meet the basic needs of homeless clients. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Transitional Shelter - A time-limited independent housing residence, designed to provide a person or family, safe semi-private housing and comprehensive supportive services. Case management, educational or rehabilitative programs and referrals help to strengthen resiliency, enhance life skills and financial independence, and prepare for a successful transition to permanent housing. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties.

If not funded, there would be no Homeless intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

(3) Obligations and Activities of Business Associate.

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
 - o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
 - o The unauthorized person used the protected health information or to whom the disclosure was made;
 - o Whether the protected health information was actually acquired or viewed

- e. - f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
- i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. - b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Marguerite's Place, Inc. as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2015 and 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Marguerite's Place, Inc. is a not-for-profit organization. It provides supportive services, which include transitional housing, aftercare and child care for women and their children who are in crisis.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Support is recorded when received or pledged. Revenue is recorded when services are rendered. Expenses are recorded when the obligation has been incurred. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations. All contributions are considered to be available for unrestricted use unless specifically restricted by donor.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are classified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization.

Contributions

Contributions, including unconditional promises to give, are recorded as made. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give due in the next year are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value, using risk-free interest rates applicable to the years in which the promises are to be received.

MARGUERITE'S PLACE, INC.
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2015 and 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions (Continued)

Contributions of donated non-cash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, which are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Accounts Receivable

The Agency utilizes the reserve method of accounting for bad debts and uncollectible promises to give. Management determines reserves based on historical experience and an evaluation of the current status of the specific accounts. A reserve for accounts receivable was not required for the years ended December 31, 2015 and 2014.

Property, Equipment and Depreciation

Property and equipment are recorded at cost (or fair market value if donated) and are depreciated using the straight-line method over estimated useful lives as follows:

<u>Description</u>	<u>Life</u>
Building and improvements	10-39 years
Equipment	3-5 years
Furniture and fixtures	7 years

Income Taxes

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Organization's income tax filings are subject to audit by various taxing authorities. The Organization's open audit periods are 2012 through 2015. The Organization believes it has met all the requirements to maintain its not-for-profit status and does not have any unrelated business income which would result in taxable income. It is the Organization's policy to expense when paid any interest and penalties associated with its income tax obligations.

Statement of Cash Flow

The Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2015 and 2014

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the programs and supporting services benefited.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

NOTE B. CASH RESTRICTED

Funds are being held by the City of Nashua that also holds mortgages on the property. The funds are to be used for capital and operating expenses with the city's approval.

NOTE C. INVESTMENTS

Investments are stated at fair value and consist of various mutual fund shares as follows:

	<u>Cost</u>	<u>Fair Market Value</u>	<u>Unrealized Appreciation</u>

Mutual funds shares	\$ 1,324,640	\$ 1,351,670	\$ 27,030

NOTE C. INVESTMENTS (Continued)

The following schedule summarizes the investment return for the year:

	<u>2015</u>	<u>2014</u>
Interest and dividend income	\$ 31,278	\$ 23,854
Realized gains	68,140	89,759
Unrealized gains (loss)	<u>(114,787)</u>	<u>(16,893)</u>
	<u>\$ (15,369)</u>	<u>\$ 96,720</u>

NOTE D. MORTGAGE RECEIVABLE

The Organization loaned a non-profit agency (MP Housing, Inc.) funds so it could purchase residential housing. The mortgage was paid off by MP Housing as of December 31, 2015. Interest only was due semi-annually at 5% starting January 2001. The mortgage was secured by a lien on the real estate owned by the agency.

NOTE E. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted assets result from funding, which has either time or usage restrictions placed on it by the funding source. The balance consists of the following amounts allocated to the following year:

	<u>2015</u>	<u>2014</u>
City of Nashua	\$ 10,929	\$ 8,294
Playground	-	23,475
Supportive services	<u>7,070</u>	<u>3,345</u>
	<u>\$ 17,999</u>	<u>\$ 35,114</u>

NOTE F. PERMANENTLY RESTRICTED NET ASSET

Permanently restricted net assets at December 31, 2015, and 2014 consist of an endowment fund established in 1999. Contributions to the endowment fund are subject to donor restrictions that stipulate the original principal of the gift is to be held and invested by the Organization indefinitely and income from the fund is to be expended for programs. Income from the fund is classified as unrestricted and used for current year expenditures.

MARGUERITE'S PLACE, INC.
NOTES TO FINANCIAL STATEMENTS
For The Years Ended December 31, 2015 and 2014

NOTE F. PERMANENTLY RESTRICTED NET ASSET (Continued)

The Organization has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment.

The Organization has adopted investment policies designed to provide capital growth in order to sufficiently meet future operational needs. Investment policies are to provide for diversification, and stipulate an asset mix between equities, fixed income securities, and cash in order to meet the desired goal of capital growth with a moderate to aggressive risk level. The funds are invested in publically traded mutual funds.

There were no additions to the endowment fund during 2015 or 2014.

	<u>2015</u>	<u>2014</u>
Investment income used by operations:		
Interest	\$ 1,434	\$ 1,063
Appreciation (depreciation)	<u>(2,146)</u>	<u>3,496</u>
	<u>\$ (712)</u>	<u>\$ 4,559</u>

NOTE G. LOAN PAYABLE

The Organization received a loan from MP Housing, Inc. in 2008. The note was unsecured, non-interest-bearing, and was due on demand. In December 2015, MP Housing, Inc. voted to forgive the balance due.

NOTE H. LONG-TERM DEBT

Long-term debt consists of the following:

	<u>2015</u>	<u>2014</u>
Notes payable, City of Nashua, secured by real estate. No principal or interest is due until real estate is sold or certain occupancy levels are not met. When either occurs, payment is due upon demand.	\$ 333,520	\$ 333,520

There are no principal reductions due unless there is a violation of the terms of the agreement related to occupancy requirements or the real estate is sold.

NOTE L. FAIR VALUE INVESTMENTS

The Fair Value Measurements and Disclosures Topic of the codification defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and sets out a fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined under the Topic as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy under the Topic are described below:

Level 1: Quoted market prices in active markets, such as the New York Stock Exchange, for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

The Organization assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2015 and 2014 there were no such transfers.

For the years ended December 31, 2015 and 2014, the application of valuation techniques applied to similar assets and liabilities has been consistent. The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis:

Investments

The fair value of investments is based upon the fair value of the assets held by the Organization.

Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and transitional shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Specialty Shelter - An emergency shelter for designed solely to serve the specialized needs of an identifiable subgroup of homeless individuals. Allowable activities include: Essential Services, such as assistance in finding permanent housing, employment counseling, substance abuse counseling, assistance in accessing other community services; staff salaries and benefits; and specialty shelter operational costs such as administration, rent, utilities, insurance, and supplies.

Intervention Services – Non-shelter services that assist persons who are homeless, or at imminent risk of homelessness through case management, assisted referrals, or other targeted services intended to assist persons experiencing homelessness obtain or maintain shelter. Examples of intervention activities include (but are not limited to) information and referrals to assist clients in exiting homelessness, assessing a client's eligibility for shelter/housing placement, legal services, HMIS, and drop-in centers or other facilities where clients have access to case managers as well as telephone/internet access for education, housing, employment purposes.

The Department of Health of Human Services received a total of thirty-eight (38) applications from twenty-eight (28) agencies for State Grant-in-Aid Funding Program in response to a Request for Applications that was posted to the Departments website from December 5, 2014 through February 13, 2015. After review of the applicants, by a team of qualified personnel from the Bureau of Homeless and Housing, twenty-seven (27) agencies were chosen. Priority was given to vendors that provide Emergency, Specialty and Transitional Shelter services.

The attached agreements call for the provision of these services for two years and reserves the Department's right to renew the agreements for up to two (2) additional years, based upon satisfactory delivery of services, and continued availability of funds and Governor and Executive Council approval.

Should Governor and Executive Council not authorized this request, Individuals and families who are without housing and resources will resort to seeking local shelter in places that are not fit for people to live in, or will attempt to travel to shelters in other communities. This will increase the likelihood that homeless people will be in danger of injury or death, and will be cut off from basic supports for health, education and treatment.

BMCAP is being funded ahead of Veteran's Inc for the New Start program, although Veteran's Inc (VI) scored higher than BMCAP. The reason is because BMCAP is providing a homeless intervention program to the general population in 2 counties. If not funded, there would be no Homeless intervention services available in Belknap and Merrimack counties, which is unacceptable. The VI program is a new project, and although statewide, serves a specific subpopulation of homeless (veterans) that represent less than 9% of the total homeless population in the state. Given the limited resources available I believe it is imperative we fund services accessible to all over those accessible to a small sub population.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
