State Fiscal Year	Class/Account	Class Title	Job Number	Total Amount

2021	102-500731	Contracts for Prog Svc	92057040	\$0
			<b>Total</b>	<b>\$2,111,500</b>

**EXPLANATION**

This request is **sole source** because the Department required immediate coverage due to the current scarcity of respite beds and identified these two (2) vendors as willing to provide services.

The purpose of this request is to provide a safe and secure location, with non-clinical, non-medical supervision, to individuals in crisis due to opioid use who are seeking treatment services. As

one component of the State's comprehensive approach to the Opioid Crisis, these crisis respite services are needed to fill a gap identified by the Doorways. These beds are critical to retaining individuals in treatment and keeping individuals engaged in their communities. An additional purpose is to reduce the number of individuals who currently utilize other community services due to a lack of service availability, specifically, hospital emergency rooms or arrests and incarceration for public intoxication or vagrancy.

Approximately twenty-three (23) beds will be available each day. The rate per bed per day will be \$250 regardless of whether the bed is being utilized or not as the beds are being set aside specifically for Doorways clients. Granite Recovery Respite will provide 11 beds in Effingham for men and women. NH Respite will provide 12 beds in Nashua for men.

These contracts will benefit the Department through increased capacity to provide respite beds for individuals in crises. The individuals will benefit from having access to respite beds that enable them to be housed in a safe and stable environment that may be safer than their current situation and, which gives them a more stable foundation on which to pursue treatment and recovery. In addition to these services, a robust level of client-specific data will be available, which will be collected in coordination with the Doorways.

The State Opioid Response grant is being used to make critical investments in the substance use disorder system in order to reduce unmet treatment needs, reduce opioid overdose fatalities, and increase access to medication assisted treatment. Through collaborative agreements with these Contractors, the Doorways will be responsible for gathering data on client-related outcomes including, but not limited to, recovery status, criminal justice involvement, employment, and housing needs at the time intervals listed above. This data will enable the Department to measure short and long-term outcomes associated with SOR-funded initiatives and to determine which programs are generating the best results for the clients served.

As referenced in the Exhibit C-1 of these agreements, the parties have the option to extend contract services for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Executive Council.

Should the Governor and Executive Council not authorize this request, clients of the Doorways may not have access to a safe and secure space to wait for substance use treatment, which may lead to an increase in the number of deaths due to overdose and the number of individuals who utilize other community services which may be inappropriate to their situation, such as emergency rooms or jail.

Area served: Statewide.

Source of Funds: 100% Federal Funds from the Substance Abuse and Mental Health Services Administration, State Opioid Response Grant (CFDA #93.788, FAIN TI081685).

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jeffrey A. Meyers  
Commissioner

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.
