### REQUESTED ACTION

Authorize the Department of Administrative Services, Bureau of Purchase and Property, to enter into a contract with Weld Power Service Co., 14 Technology Drive, Auburn MA (Vendor No. 208300), for an amount not to exceed \$200,000.00 for a three year contract for generator maintenance. The term shall be for three years beginning with Governor and Council approval and ending on December 31, 2015.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there is not sufficient appropriation to cover the expenditure.

### EXPLANATION

This contract was sought in order to provide state agencies with access to services related to generators including: preventive maintenance and miscellaneous repair; emergency calls and rental of temporary generators.

On August 15, 2012, the Bureau issued a request for bid for generator maintenance contracts. On August 29, 2012, four compliant bids were received. Bids were evaluated on the basis of the bidders' lowest applicable fees in conjunction with a weighted measure for various criteria. The intent was to award contracts per county for the lowest price meeting the specifications. Attached are copies of the bid tab evaluation of the compliant bids. The advertisement soliciting bids was placed in a statewide newspaper August 20-22, 2012 and the bid was also posted on the Purchase & Property web site.

Based on the foregoing, I am respectfully recommending approval of the contract with Weld Power Service Co.

Respectfully submitted,

Linda M. Hodgdon  
Commissioner
