COMMISSIONER

JEFF BRILLHART, P.E.
ASSISTANT COMMISSIONER

Bureau of Construction
March 21, 2014

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Stephens Marquis Associates, Inc. (Vendor 157584) of Merrimack, NH on the basis of a low bid of \$856,000.00 for a new fueling facility and removing the existing fuel tanks at the Andover, Franklin and Canterbury Sheds, from the date of Governor and Council approval through November 14, 2014 unless extended by the Department in accordance with the Standard Specifications. 100% Capital Budget Funds.

Table with 3 columns: Funding is available as follows, FY 2014, FY 2015. Rows include 04-96-96-960030-7986, 13-195:2-II-A Underground Fuel Tanks, and 034-500161 Capital Budget Funds.

2. Further authorize that a contingency in the amount of \$85,600.00 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Table with 3 columns: Funding is available as follows, FY 2014, FY 2015. Rows include 04-96-96-960030-7986, 13-195:2-II-A Underground Fuel Tanks, and 034-500161 Capital Budget Funds.

EXPLANATION

This is a Capital Budget funded project as part of the Tank Replacement Program. This project consists of constructing a new vehicle fueling facility and removing the existing fueling facility at the Andover Shed (PS 210), Franklin Shed (PS 211), and Canterbury Shed (PS 525). The work at each facility includes the installation of an underground storage tank (UST), a dispenser fueling pad with pre-manufactured pump enclosure, and all other associated fueling system equipment and appurtenances. The project also includes the removal of the existing UST's, dispenser, associated fueling pad, dispenser shed and all associated fueling system equipment. The Department of Transportation is required to comply with all DES rules relative to the testing and removal of all UST's. All single walled tanks are required to be removed by 2015.

Page 2

The contingency amount is proposed to be 10% of the contract amount. These are sites with high groundwater and are being constructed during a time of rising fuel prices. The work includes replacement of substandard underground fuel storage tanks and typically has higher risks of cost overruns due to the potential for contaminated soils and groundwater to remediate. Until the existing tank is removed and soil and water testing completed, the true extent of the dewatering and remediation efforts is only an estimate.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Christopher D. Clement, Sr.
Commissioner

CDC/md

Department Estimate: \$893,470.00
Contract Amount: \$856,000.00
Under Estimate: \$ 37,470.00

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project consists of constructing new vehicle fueling facilities and removing the existing fueling facilities at the Andover Shed (PS 210), Franklin Shed (PS 211), and Canterbury Shed (PS 525). The scope of work at the Andover facility will include the installation of one (1) 4,000-gallon diesel underground storage tank (UST), one (1) single-product dispenser and fueling pad with pre-manufactured pump enclosure, and all other associated fueling system equipment and appurtenances. The scope of work at the Franklin facility will include the installation of one (1) compartmented 15,000-gallon underground storage tank (UST) (10,000 gallon diesel, 5,000 gallon gasoline), one (1) two-product dispenser and fueling pad with 2-sided pre-manufactured pump enclosure, and all other associated fueling system equipment and appurtenances. The scope of work at the Canterbury facility will include the installation of one (1) 6,000-gallon diesel underground storage tank (UST), one (1) single-product dispenser and fueling pad with pre-manufactured pump enclosure, and all other associated fueling system equipment and appurtenances. The project will also include the removal of one (1) existing 3,000-gallon UST, one (1) existing dispenser and associated fueling pad, the dispenser shed and all associated fueling system equipment and appurtenances related to the existing fueling systems each at each location.

FEDERAL FUNDING: 0% (Non-Federal)

CONTINGENCY: The Contingency amount is proposed to be 10% of the contract amount. These are sites with high groundwater levels and are being constructed during a time of rising fuel prices. The work includes replacement of substandard underground fuel storage tanks and typically has higher risks of cost overruns due to the potential for contaminated soils and groundwater to remediate. Until the existing tanks are removed and soil and water testing completed, the true extent of the dewatering and remediation efforts is only an estimate.

PROJECT INITIATED: To meet Department of Environmental Services (DES) requirements for the replacement of single walled Underground Storage Tanks (UST).

PROJECT EXPLANATION: The Department of Transportation is required to comply with all DES rules relative to the testing and removal of all UST's. All single walled tanks are required to be removed by 2015.

TRAFFIC IMPLICATIONS: All the required work will be performed within the limits of the Patrol Shed yards.

COMPLETION DATE: November 14, 2014.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)
3/27/2014

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
