

Victoria F. Sheehan
Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

William Cass, P.E.
Assistant Commissioner

Bureau of Construction
August 12, 2019

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Transportation to amend Contract #7001472, with ExeVision, Inc., Orem, UT, Vendor #261357, for the Department's computer software based Project Development and Construction Management Systems, by extending the completion date an additional seven months, for the continued support, maintenance, and hosting of the Department's computer software based Project Development and Construction Management Systems, effective upon Governor and Council approval, through April 30, 2020. No change to funding.

EXPLANATION

On October 15, 2014, the Governor and Council authorized the original agreement (Item #20; copy of Resolution attached) in the amount of \$3,260,000.00, and on June 7, 2017 (Item #45; copy of Resolution attached) authorized an amendment to exercise a renewal option in the agreement by increasing the total amount payable by \$995,853.00 (from \$3,260,000.00 to \$4,255,853.00) to provide and install new Project Development System that includes: Construction Management, Materials Management, and Labor Compliance modules. The new system allows the Department to electronically create project estimates, advertise contracts, pre-qualify contractors, and electronically receive contractor bids. This system will also allow the Department to process contractor progress payments (totaling many million dollars), track contractor payments, collect material test results and record activities throughout the life of highway and bridge construction projects. As part of this project, the Department's older Project Estimating, Bidding, Construction Management, Laboratory Information, and Labor Compliance/Civil Rights systems are being or have been replaced with newer technology resulting in time savings, increased efficiencies, information systems availability, and, most significantly, elimination of the risk of system failure. The failure of existing systems to function electronically would result in a monumental manual effort on the part of DOT employees to perform these same functions.

Continuing with the ongoing support, maintenance, and hosting of this software meets the Department's critical business needs. ExeVision, Inc. is responsible for all aspects of the project, including, but not limited to: the design, development, installation, implementation, testing, hosting, training, and support of the automated Project Development System.

The Department has annual options to extend the agreement for ongoing software support and maintenance. This amended agreement has been approved by the Attorney General as to form and execution. The Department of Information Technology (DoIT) has reviewed and approved the amended agreement. Copies of the fully-executed amended agreement are on file at the Secretary of State's Office and the Department of Administrative Services Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

It is respectfully requested that authority be given to amend this agreement as outlined above.

Sincerely,

Victoria F. Sheehan
Commissioner
Department of Transportation

Denis Goulet
Commissioner
Department of Information Technology

Victoria F. Sheehan
Commissioner
Department of Transportation
State of New Hampshire
John O. Morton Bldg., 7 Hazen Drive
Concord, NH 03302-0483

Dear Commissioner Sheehan:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your agency's request to enter into a contract amendment with ExeVision, Inc. (Vendor #261357) as described below and referenced as DoIT No. 2014-080B.

The purpose of this contract amendment is for the continuation of support, maintenance, and hosting of the Department of Transportation's computer software based Project Development and Construction Management Systems.

This contract amendment is for time only, no additional funds or change in scope of work. This contract amendment shall become effective upon Governor and Council approval through April 30, 2020.

A copy of this letter should accompany the Department of Transportation's submission to the Governor and Executive Council for approval.

Sincerely,

Denis Goulet

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION
PROJECT DEVELOPMENT SYSTEMS
CONTRACT 2014-080
CONTRACT AMENDMENT B**

WHEREAS, pursuant to an agreement approved by Governor and Council, on October 15, 2014, Item #20, Contract #2014-080 and amended on June 7, 2017, Item #45 (herein after referred to as the "Agreement"), ExeVision, Inc. (hereinafter referred to as ExeVision) agreed to supply certain services upon the terms and conditions specified in the Agreement and in consideration of payment by the Department of Transportation (hereinafter referred to as the "Department"), certain sums as specified therein;

WHEREAS, pursuant to the Agreement Section 18: *Amendment*, and the provisions of the Agreement, the Agreement may be modified or amended only by a written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, pursuant to the Agreement Part 2, Section 1.3: *Contract Term*, and the provisions of the Agreement, the Agreement may be extended up to four (4) years at the sole option of the State, subject to the parties' prior written Agreement on applicable fees for each extended term, up to but not beyond September 30, 2023;

WHEREAS, ExeVision and the Department have agreed to amend the Agreement in certain respects;

WHEREAS, the Department added the Department of Information Technology (hereinafter referred to as DoIT) as a party to this Agreement;

WHEREAS, the Department wishes to extend the Completion Date of the Agreement from September 30, 2019 to April 30, 2020;

NOW THEREFORE, in consideration of the foregoing, and the covenants and conditions contained in the Agreement and set forth herein, the parties hereto do agree as follows:

The Agreement is hereby amended as follows:

1. Amend General Provision 1.7 of the Agreement (Page 1) by changing the Completion Date from September 30, 2019 to April 30, 2020.
2. The Agreement, Part 2, is further amended by deleting Section 3.4 *State Contract Manager* and replacing 3.4 as described below:

3.4 State Contract Manager

The State shall assign Agency Contract Managers who shall function as the State's representatives with regard to Contract administration. The State Contract Managers are:

VICTORIA F. SHEEHAN
COMMISSIONER

WILLIAM CASS, P.E.
ASSISTANT COMMISSIONER

Bureau of Construction
April 20, 2017

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to amend Contract #7001472, with ExeVision, Inc., Orem, UT, Vendor #261357, by exercising a renewal option for the Department's computer software based Project Development and Construction Management Systems, by increasing the total amount payable by \$995,853 (from \$3,260,000 to \$4,255,853) and extending the completion date from September 30, 2017 to September 30, 2019 for continued support, maintenance, and hosting of the Systems, to be effective upon Governor and Council approval. 100% DoIT Other Funds(Transfer from DOT).

Funds to support this request are available in the following account in State FY 2017, and are contingent upon the availability and continued appropriation of funds in FY 2018 and FY 2019, with the ability to adjust encumbrances between State Fiscal Years if needed and justified:

Table with 4 columns: Description, FY 2017, FY 2018, FY 2019. Rows include 010-003-76960000-IT for Transportation, 038-509038 Agency Application Software, and Job Number: 03960020.

EXPLANATION

This is a joint contract by DoIT and DOT with ExeVision. The funding (shown above) for this contract is with DoIT directly into their Class 038 (Software), and will be part of the transfer to DoIT from DOT's Class 027 (Transfers to DoIT).

On October 15, 2014, the Governor and Council authorized the original agreement (Item #20; copy of Resolution attached) in the amount of \$3,260,000 to provide and install a new Project Development and Construction Management Systems. The new system allows the Department to electronically create project estimates, advertise contracts, pre-qualify contractors, and electronically receive contractor bids. The new system will also allow the Department to process contractor progress payments (totaling many million dollars), track contractor payments, collect material test results, and record activities throughout the life of highway and bridge construction projects. As part of this project, the Department's older Project Estimating, Bidding, Construction Management, Laboratory Information, and Labor Compliance/Civil Rights systems are being or have been replaced with newer technology resulting in time savings, increased efficiencies, information systems availability, and, most significantly, elimination of the risk of system failure. The failure of existing systems to function electronically would result in a monumental manual effort on the part of DOT employees to perform these same functions.

Continuing with the ongoing support, maintenance, and hosting of this software meets the Department's critical business needs. ExeVision, Inc. is responsible for all aspects of the project, including, but not

limited to: the design, development, installation, implementation, testing, hosting, training, and support of the automated Project Development System.

The increase in fee as proposed is commensurate with the additional software support and maintenance services to be furnished. The Department has an annual option to extend the agreement for an additional four (4) years for ongoing software support and maintenance.

This amended agreement has been approved by the Attorney General as to form and execution. The Department of Information Technology (DoIT) has reviewed and approved the amended agreement. The DOT has certified that the necessary funds are available. Copies of the fully-executed amended agreement are on file at the Secretary of State's Office and the Department of Administrative Services Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

It is respectfully requested that authority be given to amend this agreement as outlined above.

Sincerely,

Victoria F. Sheehan

Victoria F. Sheehan
Commissioner
Department of Transportation
State of New Hampshire
John O. Morton Bldg., 7 Hazen Drive
Concord, NH 03302-0483

Dear Commissioner Sheehan:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your agency's request to enter into a contract amendment with ExeVision, Inc. (Vendor #261357) as described below and referenced as DoIT No. 2014-080A.

The purpose of this contract amendment is to exercise an option to extend the completion date for an additional two years for the continued support, maintenance and hosting of the Department of Transportation's computer software based Project Development and Construction Management Systems. This system allows the DOT to electronically create project estimates, advertise contracts, pre-qualify contractors, electronically receive contractor bids, and process contractor payments.

The total contract amount will increase by \$995,853 from \$3,260,000 to \$4,255,853 and shall become effective upon Governor and Council approval through September 30, 2019.

A copy of this letter should accompany the Department of Transportation's submission to the Governor and Executive Council for approval.

Sincerely,

Denis Goulet

CONTRACT 2014-080
CONTRACT AMENDMENT A**

WHEREAS, pursuant to an agreement approved by Governor and Council, on October 15, 2014, Item #20, Contract #2014-080 (herein after referred to as the "Agreement"), ExeVision, Inc. (hereinafter referred to as ExeVision) agreed to supply certain services upon the terms and conditions specified in the Agreement and in consideration of payment by the Department of Transportation (hereinafter referred to as the "Department"), certain sums as specified therein;

WHEREAS, pursuant to the Agreement Section 18: *Amendment*, and the provisions of the Agreement, the Agreement may be modified or amended only by a written instrument executed by the parties thereto and approved by the Governor and Executive Council;

WHEREAS, pursuant to the Agreement Part 2, Section 1.3: *Contract Term*, and the provisions of the Agreement, the Agreement may be extended up to six (6) years at the sole option of the State, subject to the parties' prior written Agreement on applicable fees for each extended term, up to but not beyond September 30, 2023;

WHEREAS, ExeVision and the Department have agreed to amend the Agreement in certain respects;

WHEREAS, the Department wishes to add the Department of Information Technology (hereinafter referred to as DoIT) as a party to this Agreement;

WHEREAS, the Department wishes to extend the Completion Date of the Agreement from September 30, 2017 to September 30, 2019

WHEREAS, the Department wishes to increase the Contract price limitation by \$995,853 to bring the total contract price to \$4,255,853

NOW THEREFORE, in consideration of the foregoing, and the covenants and conditions contained in the Agreement and set forth herein, the parties hereto do agree as follows:

The Agreement is hereby amended as follows:

1. Amend General Provision 1.1 of the Agreement (Page 1) by adding the New Hampshire Department of Information Technology
2. Amend General Provision 1.2 of the Agreement (Page 1) by adding the DoIT address of 27 Hazen Drive, Concord, NH 03301
3. Amend General Provision 1.6 of the Agreement (Page 1) by adding an additional funding string of 010-003-7696-0300-038-9038
4. Amend General Provision 1.7 of the Agreement (Page 1) by changing the Completion Date from September 30, 2017 to September 30, 2019.
5. Amend General Provision 1.8 of the Agreement (Page 1) by increasing the Price Limitation by \$995,853 from \$3,260,000 to \$4,255,853
6. Amend General Provision 1.9 of the Agreement (Page 1) by adding Denis C. Goulet, Commissioner/CIO of DoIT
7. Amend General Provision 1.10 of the Agreement (Page 1) by adding the DoIT telephone number of 603-223-5703
8. The Agreement, Part 2, is further amended by deleting Section 3.4 *State Contract Manager* and replacing 3.4 as described below:

11. The Agreement, Part 3, Exhibit B, is further amended by deleting Paragraph 1.1 *Not to Exceed* and replacing Paragraph 1.1 as described below:

1.1 Not to Exceed

This is a Not to Exceed (NTE) Contract not to exceed the Price Limitation of the Part I P-37 General Provisions Block 1.8 Price Limitation for the period between the Effective Date through the Completion Date of the Part I P-37 General Provisions Block 1.7 Completion Date. ExeVision Inc. shall be responsible for performing its obligations in accordance with the Contract. This Contract will allow ExeVision to invoice the State for the following Activities, Deliverables, or Milestones at pricing/rates appearing in the price and payment tables below, based on the Exhibit B below.

The Agreement is further amended by Adding Table A1A to Part 3, Exhibit B paragraph 1.1 as described below:

Table A1A - Software and Services		
Reference Number	Activity, Deliverable, or Milestone	Payment Amount
1	Provide Preconstruction Maintenance support and CMS software licensing, maintenance, and support.	\$152,388

REQUESTED ACTION

Authorize the Department of Transportation to enter into an Agreement with ExeVision, Inc. (Vendor #261357) Orem, UT for an amount not to exceed \$3,260,000, for replacing and upgrading the Department's computer software based Project Development and Construction Management Systems, effective upon Governor and Council approval, through September 30, 2017. 100% State Bonded Capital Funds.

Funding is available as follows for FY 2015, and is contingent upon the availability and continued appropriation of funds in FY 2016 and FY 2017:

	FY 2015	FY 2016	FY 2017
04-096-96-9600-79870000 Capital Funds			
034 500099 Major IT Systems	\$707,700	\$1,175,795	\$1,376,505

EXPLANATION

The Department of Transportation (DOT) seeks to procure services to provide and install a new Project Development System. DOT has several computer software systems that currently interact poorly or not at all, often requiring manual intervention to complete project advertising, contractor progress payments (totaling many million dollars), and record keeping activities throughout the life of highway and bridge construction projects. The new system will allow the Department to replace older computer systems used in creating project estimates, collecting material test results, and tracking contractor payments. New system functionality will also be added to allow the Department to both release and receive bids electronically to/from contractors. As part of this project, the Department's existing Project Estimating, Bidding, Construction Management, Laboratory Information, and Labor Compliance/Civil Rights systems will be replaced with newer technology resulting in time savings, increased efficiencies, information system availability, and most significantly elimination of the risk of system failure. The failure of existing systems to function electronically would result in a monumental manual effort on the part of DOT employees to perform these same functions.

A Capital Budget appropriation in the amount of \$3,260,000 has been approved to fund this project. The vendor selection process for this contract was initiated by a solicitation for information technology services through a Request for Proposals (RFP), which was posted on the State Administrative Services website from March 17, 2014 to May 20, 2014. Answers to vendor's questions regarding clarification of the solicitation were posted to the Administrative Services website on April 8, 2014. As a result of the solicitation, three firms submitted proposals: AASHTO, Washington, DC; ExeVision, Inc., Orem, UT; and Parsons Transportation Group, Inc., Washington, DC.

The selection process for this contract consisted of review and ranking of solicited written proposals by a selection panel comprised of eight members representing the Department of Transportation and the Department of Information Technology. The selection panel included the Chief of Engineering Audit, Chief of Labor Compliance, Contracts Program Specialist, Project Manager for the Bureau of Highway Design, Concrete/Soils Supervisor for the Bureau of Materials & Research, Bridge Computer Applications Analyst/Engineer for the Bureau of Bridge Design, Regional Construction Engineer for the Bureau of Construction, and IT Project Manager from the Department of Information Technology.

The selection panel members reviewed the proposals individually and met on Wednesday, June 25, 2014 to recommend a vendor. The Committee rated each firm based on the Proposed Software Solution, Proposed Software Solution Functionality, Vendor Technical Service and Project Manager Experience, Vendor Company and Staffing Qualifications, and Solution Cost. Having assessed all of the aforementioned factors, the selection panel scored and ranked ExeVision, Inc. the highest of the three firms. The Scoring Summary is below:

Firma	Score as rated by Selection Committee 200 Possible Points	Overall Rank
ExeVision	157.4	1
Parsons	142.3	2
AASHTO	138.3	3

ExeVision, Inc. was selected and is highly regarded in the field of Project Development Systems. Their software has recently been implemented at the Illinois Department of Transportation and they have similar system implementations for State transportation agencies in Texas, Wyoming, Nevada and Utah. The selection panel's ranking was submitted to the Assistant Commissioner for consideration and approval.

ExeVision, Inc. has agreed to furnish the required implementation and maintenance services in a three (3) year agreement for a total amount not to exceed \$3,260,000. The Department has an annual option to extend the agreement for an additional six (6) years for ongoing software support and maintenance. The hourly rates, software, and annual software maintenance and technical support expenses are commensurate with the complexity and the scope of engineering and technical services to be furnished.

The agreement has been approved by the Attorney General as to form and execution. The Department of Information Technology (DoIT) has reviewed and approved the agreement. The DOT has certified that the necessary funds are available. Copies of the fully executed agreement are on file at the Secretary of State's Office and the Department of Administrative Services Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

Your approval of this resolution is respectfully requested.

Sincerely,

Christopher D. Clement, Sr.
Commissioner

May 4, 2017

Project Development Systems

Contract 2014-080

Amendment A

ExeVision

Response to Request for Additional Information regarding FY17 and future year funding:

In accordance with the original contract (#2014-080), work began on replacing an outdated DOT Project Development System in October 2014. The work effort involved implementing a new Commercial-off-the-Shelf software system with software customizations to meet NHDOT business needs. The new Project Development System includes many different system modules for Project Estimating, Contractor Prequalification, Electronic Bidding, Construction Management, Materials Management, and Labor Compliance.

As the various system modules are implemented for use, the DOT is responsible for paying system hosting and maintenance fees for technical support and software upgrades. Hosting and maintenance fees are paid in advance on an annual basis.

The original contract expiring September 30th is funded through a Capital Budget appropriation and covers the one-time costs, including software licensing and professional services. The contract Amendment A provides funding for the hosting and maintenance fees due to be paid in June 2017. This funding was previously established in the DoIT Operating Budget in accordance with the costs identified in the original 2014-080 contract.

An additional contract amendment will be needed for FY20 and beyond as the final system modules have yet to be customized, deployed, and made operational. Hence the ongoing hosting and maintenance fees for these modules are unknown at this time.

Please let me know if you have any additional questions.
