**EXPLANATION**

This project is part of the State's Ten Year Transportation Improvement Plan under the Guardrail Replacement Program (GRR). The project involves the replacement of approximately 9,200 feet of cable and beam guardrail and "F" terminal units. The existing cable guardrail and "F" terminal units will be upgraded to meet the current guardrail standards. The cable guardrail and "F" terminal units are

Page 2

located along US Route 3, a Tier 2 roadway in Maintenance District 1, from MM 176.2 in Northumberland north to MM 188.8 in Stratford.

The existing cable guardrail and "F" terminal units along US Route 3 do not meet the current safety standards by the Federal Highway Administration and the New Hampshire Department of Transportation. The purpose of this project is to replace the existing sub-standard rail and end units with new beam guardrail and end units that do meet the current standards.

The proposed contingency amount is 5% of the contract amount. This is to account for unanticipated traffic control needs and any guardrail adjustments that may need to be made in the field.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% Federal (Program: Guardrail Replacement (GRR)) utilizing Turnpike Toll credits as the State's 20% match, effectively using 100% Federal Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan  
Commissioner
