REQUESTED ACTION

1) Authorize the Office of Strategic initiatives (OSI) to enter into a **SOLE SOURCE** contract with Community Action Program Belknap-Merrimack Counties, Inc. (VC #177203), Concord, NH in the amount of \$185,302.00 for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services, effective July 1, 2018 through June 30, 2019, upon approval of Governor and Executive Council. 100% Federal Funds (US DHHS/LIHEAP).

Funding is available in the following account, contingent upon the availability and continued appropriation of funds in the FY 2019 operating budget, as follows:

<u>Office of Strategic Initiatives, Fuel Assistance</u>	<u>FY 2019</u>
01-02-02-024010-77050000-074-500587	
Grants for Pub Assist & Relief	\$185,302.00

2) Further request authorization to advance the vendor \$31,687.00 of the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** because although the Heating Repair and Replacement Program (HRRP) is funded by the US Department of Health and Human Services, it is implemented in coordination with the US Department of Energy's (US DOE) Weatherization Assistance Program. The Weatherization Program is delivered by the New Hampshire Community Action Agencies (CAAs), as they have preferred status under US DOE grant guidance due to their nonprofit status, their role providing a range of services to clients eligible for weatherization, and their historical performance in delivering the Weatherization Assistance Program.

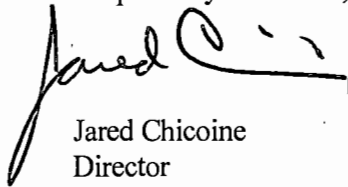

OSI is responsible for administering both the Weatherization Assistance Program and the HRRP. The objective of the Weatherization Assistance Program is to weatherize homes to reduce energy consumption and energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high energy usage. The HRRP funds provide important repairs or heating system replacements to eligible families whose heating systems have failed or which require repair in order to operate safely. Each year dozens of heating systems are repaired or replaced, providing much needed heat to low income families, and often enabling weatherization improvements to their homes.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

The advance of funds will allow the CAA to respond quickly when the need arises for a heating system repair or replacement, so that they can pay contractors and vendors in advance of receiving monthly reimbursements from the State. Smaller contractors often do not have the capital to carry expenses for extended periods of time, and the CAAs often do not have other funds sufficient to pay the contractors before monthly reimbursement is received.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Scope of Services

1. The Heating Repair and Replacement Program (HRRP) provides funds for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services from the Community Action Agencies. The HRRP is funded through the Federal Low Income Home Energy Assistance Program (LIHEAP) administered by the Office of Strategic Initiatives.
2. This Heating Repair and Replacement Program (HRRP) contract term is from July 1, 2018 through June 30, 2019, pending approval of the Governor and Executive Council.
3. Community Action Program Belknap-Merrimack Counties, Inc., hereinafter "the Contractor," agrees to perform HRRP Weatherization-related services, and all such services and other work necessary to implement said services for low income individuals in accordance with the regulations set forth by the U.S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 2 CFR 200 as amended, when applicable in accordance with the Low Income Home Energy Assistance Program Federal regulations 45 CFR 96; and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, NHWAP Policies and Procedures Manual (P&PM) and Field Guide; and as otherwise administered by the NH Office of Strategic Initiatives (OSI).

Periodically OSI may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NHWAP Policies and Procedures Manual. The Contractor agrees to alter the Program procedures in accordance with a SG, SN, or other instructions.

4. The Contractor agrees to perform HRRP and weatherization services, as identified in Exhibit "B," using HRRP funds, on the number of units proposed in the Contractor's Management Plan submitted to and approved by OSI. All such services shall be implemented according to the standards outlined in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide, as modified by the rules governing LIHEAP-funded weatherization practices.
 - a) No HRRP funds shall be reimbursed to the Contractor until a management plan and a budget for the Contractor's HRRP project period have been approved by OSI.
 - b) Unit production – the number of heating systems repaired or replaced and the amount of funds expended – shall conform to the Management Plan approved by OSI. Best efforts should be made to expend all funds within the allotted contract period. Shortfalls of more than 20% from expected production goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors. Reallocations will occur at OSI's discretion.
 - c) HRRP funds shall only be used for the repair and/or replacement of heating and heating distribution systems, domestic hot water systems, and associated repairs necessary to perform said heating system or distribution system repairs and such systems shall be repaired or

replaced as described in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide. Any completed units determined by OSI not to meet minimum program standards shall be improved by the Contractor to meet said standards within thirty days of notification or the costs associated with such unit will be disallowed by OSI and the unit will not count as a production completion.

5. This agreement consists of the following documents: Exhibits A, B, C, D, E, F, G, H, I, and J, which are all incorporated herein by reference as if fully set forth herein.

The cash advance will be distributed after approval of this contract by the Governor and Executive Council but not before the funds are available federally, by and for the State.

Drawdowns from the total contracted amount will be paid to the Contractor only after written documentation of cash need is submitted to OSI. Disbursement of the contracted amount shall be made in accordance with the procedures established by the State and 2 CFR 200.305(b) on an advance basis; limited to minimum amounts needed; and be timed to be in accordance with the actual, immediate cash requirements of the Contractor in carrying out the purpose of the program. RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS**

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Strategic initiatives (OSI) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when OSI determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OSI may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the OSI agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76.

- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OSI may terminate this transaction for cause or default.

(a nonprofit organization), which comprise the statements of financial position as of February 28, 2017 and February 29, 2016, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended February 28, 2017.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 28, 2017 and February 29, 2016, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Program Belknap-Merrimack Counties, Inc.'s 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 25, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended February 29, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, the schedule of revenues and expenditures, and the schedule of refundable advances are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2017, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 28, 2017**

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Program Belknap – Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions. As of February 28, 2017 the Organization had no permanently restricted net assets and had temporarily restricted net assets of \$644,111.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended February 29, 2016, from which the summarized information was derived.

Income Taxes

The Organization is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

The Organization files information returns in the United States and the State of New Hampshire. The Organization is no longer subject to examinations by tax authorities for years before 2013.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed its tax position taken on its information returns for the years (2013 through 2016), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Property

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 7 years

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$1,100,528 in donated facilities, services and supplies for the year ended February 28, 2017 as follows:

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$200,362 for the year ended February 28, 2017.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$898,566 for the year ended February 28, 2017.

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$1,600 for the year ended February 28, 2017.

Advertising

The Organization expenses advertising costs as they are incurred. Total advertising costs for the year ended February 28, 2017 amounted to \$46,709.

2. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at February 28, 2017. The Organization has no policy for charging interest on overdue accounts.

3. REFUNDABLE ADVANCES

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$1,159,331 as of February 28, 2017.

4. RETIREMENT PLAN

The Organization has a qualified contributory pension plan which covers substantially all employees. The cost of the plan is charged to programs administered by the Organization. The expense of the plan for the year ended February 28, 2017 totaled \$207,607.

5. **LEASED FACILITIES**

For the year ended February 28, 2017, approximately \$9,500,000 (44%) of the Organization's total revenue was received from the Department of Health and Human Services. The future scale and nature of the Organization is dependent upon continued support from this department.

15. FAIR VALUE OF FINANCIAL INSTRUMENTS

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$84,225 at February 28, 2017.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 28, 2017, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

Beginning balance – mutual funds	\$ 72,306
Total gains (losses) - realized /unrealized	11,443
Purchases	<u>476</u>
Ending Balance – mutual funds	<u>\$ 84,225</u>

The carrying amount of cash, current assets, other assets and current liabilities, approximates fair value because of the short maturity of those instruments.

The Organization invested \$1,000 during the year ended February 28, 2017 in a Partnership, The Lakes Region Partnership for Public Health.

16. FISCAL AGENT

Community Action Program Belknap-Merrimack Counties, Inc. acts as the fiscal agent for the following community organizations: Franklin Community Services Building (Franklin), the Common Pantry (Laconia), the Caring Fund (Meredith), the NH Food Pantry Coalition, the NH Rotary Food Challenge and FGP/SCP Association Region 1. 17. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through October 30, 2017, the date the financial statements were available to be issued.
