EXPLANATION

These requests are **sole source** because federal regulations require the Department to specify each vendor's name during the federal Continuum of Care program renewal application process, completed annually, prior to the grant award being issued. The U.S. Department of Housing and Urban Development reviews the applications and awards funding based on its criteria. The application process and timing of grant terms do not align with state or federal fiscal years. The start date of a grant is based on the month in which each grant's original federal agreement was issued. This results in Continuum of Care program grant start dates, and subsequent renewal approval requests, occurring in various months throughout the year.

The attached agreements represent two (2) of twenty-nine (29) total agreements with vendors who are located throughout the state to ensure statewide delivery of housing services through New Hampshire's Continuum of Care Program.

Based on the continued receipt and availability of federal funds, and pursuant to these agreements, vendors will utilize Continuum of Care funds to provide supportive, operating and administrative services and rental/leasing assistance for permanent housing programs for chronically homeless individuals and families to promote the ability of participants to live more independently.

The U.S. Department of Housing and Urban Development established the Continuum of Care concept to support communities in their efforts to address the problems of housing and homelessness in a coordinated, comprehensive, and strategic fashion. The Continuum of Care serves three main purposes:

- (1) A strategic planning process for addressing homelessness in the community.
- (2) A process to engage broad-based, community-wide involvement in addressing homelessness on a year-round basis.
- (3) An opportunity for communities to submit an application to the U.S. Department of Housing and Urban Development for resources targeting housing and support services for homeless individuals and families.

The Bureau assures contract compliance and vendor performance in the following ways:

- (1) Annual compliance reviews shall be performed that include the collection of data relating to compliance with administrative rules and contractual agreements.
- (2) Statistical reports shall be submitted on a semi-annual basis from all funded vendors, including various demographic information and income and expense reports including match dollars.
- (3) All vendors funded for transitional, permanent or coordinated entry housing, or outreach services will be required to maintain timely and accurate data entry on the New Hampshire Homeless Management Information System, unless they are required by law to use an alternate data collection. The NH Homeless Management Information System will be the primary reporting tool for outcomes and activities of shelter and housing programs funded through this contract.

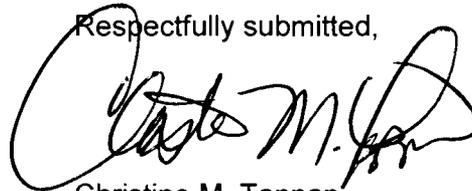

Should the Governor and Executive Council not authorize these requests, supportive services for homeless individuals and their families may not be available in their communities, and there may be an increase in demand for services placed upon the region's local welfare authorities. It may also cause individuals and/or families to become homeless.

Area served: Statewide.

Source of funds: 100% Federal Funds from the U.S. Department of Housing and Urban Development, grant numbers: NH0001L1T001604, NH0100L1T001600, Office of Community Planning and Development, Catalog of Federal Domestic Assistance Number (CFDA) #14.267.

In the event that the federal funds become no longer available, general funds will not be requested to support this program.

Respectfully submitted,

Christine M. Tappan
Associate Commissioner

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

1. Confidential Information: In addition to Paragraph #9 of the General Provisions (P-37) for the purpose of this RFP, the Department's Confidential information includes any and all information owned or managed by the State of NH - created, received from or on behalf of the Department of Health and Human Services (DHHS) or accessed in the course of performing contracted services - of which collection, disclosure, protection, and disposition is governed by state or federal law or regulation. This information includes, but is not limited to Personal Health Information (PHI), Personally Identifiable Information (PII), Federal Tax Information (FTI), Social Security Numbers (SSN), Payment Card Industry (PCI), and or other sensitive and confidential information.

2. The vendor will maintain proper security controls to protect Department confidential information collected, processed, managed, and/or stored in the delivery of contracted services. Minimum expectations include:
 - 2.1. Maintain policies and procedures to protect Department confidential information throughout the information lifecycle, where applicable, (from creation, transformation, use, storage and secure destruction) regardless of the media used to store the data (i.e., tape, disk, paper, etc.).
 - 2.2. Maintain appropriate authentication and access controls to contractor systems that collect, transmit, or store Department confidential information where applicable.
 - 2.3. Encrypt, at a minimum, any Department confidential data stored on portable media, e.g., laptops, USB drives, as well as when transmitted over public networks like the Internet using current industry standards and best practices for strong encryption.
 - 2.4. Ensure proper security monitoring capabilities are in place to detect potential security events that can impact State of NH systems and/or Department confidential information for contractor provided systems.
 - 2.5. Provide security awareness and education for its employees, contractors and sub-contractors in support of protecting Department confidential information
 - 2.6. Maintain a documented breach notification and incident response process. The vendor will contact the Department within twenty-four 24 hours to the Department's contract manager, and additional email addresses provided in this section, of a confidential information breach, computer security incident, or suspected breach which affects or includes any State of New Hampshire systems that connect to the State of New Hampshire network.
 - 2.6.1. "Breach" shall have the same meaning as the term "Breach" in section 164.402 of Title 45, Code of Federal Regulations. "Computer Security Incident" shall have the same meaning "Computer Security Incident" in section two (2) of NIST Publication 800-61, Computer Security Incident Handling Guide, National Institute of Standards and Technology, U.S. Department of Commerce.
Breach notifications will be sent to the following email addresses:
 - 2.6.1.1. DHHSChiefInformationOfficer@dhhs.nh.gov
 - 2.6.1.2. DHHSInformationSecurityOffice@dhhs.nh.gov
 - 2.7. If the vendor will maintain any Confidential Information on its systems (or its sub-contractor systems), the vendor will maintain a documented process for securely disposing of such data upon request or contract termination; and will obtain written certification for any State of New Hampshire data destroyed by the vendor or any subcontractors as a part of ongoing, emergency, and or disaster recovery operations. When no longer in use, electronic media containing State of New Hampshire data shall be rendered unrecoverable via a secure wipe program in accordance with industry-accepted standards for secure

deletion, or otherwise physically destroying the media (for example, degaussing). The vendor will document and certify in writing at time of the data destruction, and will provide written certification to the Department upon request. The written certification will include all details necessary to demonstrate data has been properly destroyed and validated. Where applicable, regulatory and professional standards for retention requirements will be jointly evaluated by the State and vendor prior to destruction.

- 2.8. If the vendor will be sub-contracting any core functions of the engagement supporting the services for State of New Hampshire, the vendor will maintain a program of an internal process or processes that defines specific security expectations, and monitoring compliance to security requirements that at a minimum match those for the vendor, including breach notification requirements.
3. The vendor will work with the Department to sign and comply with all applicable State of New Hampshire and Department system access and authorization policies and procedures, systems access forms, and computer use agreements as part of obtaining and maintaining access to any Department system(s). Agreements will be completed and signed by the vendor and any applicable sub-contractors prior to system access being authorized.
4. If the Department determines the vendor is a Business Associate pursuant to 45 CFR 160.103, the vendor will work with the Department to sign and execute a HIPAA Business Associate Agreement (BAA) with the Department and is responsible for maintaining compliance with the agreement.
5. The vendor will work with the Department at its request to complete a survey. The purpose of the survey is to enable the Department and vendor to monitor for any changes in risks, threats, and vulnerabilities that may occur over the life of the vendor engagement. The survey will be completed annually, or an alternate time frame at the Departments discretion with agreement by the vendor, or the Department may request the survey be completed when the scope of the engagement between the Department and the vendor changes. The vendor will not store, knowingly or unknowingly, any State of New Hampshire or Department data offshore or outside the boundaries of the United States unless prior express written consent is obtained from the appropriate authorized data owner or leadership member within the Department.

Independent Auditor's Report

To the Board of Directors of
The Mental Health Center for Southern New Hampshire
d/b/a/ CLM Center for Life Management and Affiliates

We have audited the accompanying consolidated financial statements of The Mental Health Center for Southern New Hampshire d/b/a/ CLM Center for Life Management and Affiliates (a nonprofit organization), which are comprised of the consolidated statements of financial position as of June 30, 2016 and 2015, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Mental Health Center for Southern New Hampshire d/b/a/ CLM Center for Life Management and Affiliates as of June 30, 2016 and 2015, and the changes in its net assets and its cash

flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 16-22 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Consolidated Financial Statements
June 30, 2016 and 2015

Note 1. Nature of organization

The Mental Health Center for Southern New Hampshire d/b/a CLM Center for Life Management (the “Agency”) is a not-for-profit corporation, organized under New Hampshire law to provide services in the areas of mental health and related non-mental health programs.

During 2006, the Center for Life Management Foundation (the “Foundation”) was established to act for the benefit of, to carry out the functions of, and to assist the Agency. It is affiliated with The Mental Health Center for Southern New Hampshire d/b/a CLM Center for Life Management through common board members and management. In addition, the Agency is the sole member.

The Mental Health Center for Southern New Hampshire d/b/a CLM Center for Life Management and the Center for Life Management Foundation are collectively referred to the “Organization”.

Basis of consolidation

The consolidated financial statements include the accounts of The Mental Health Center for Southern New Hampshire d/b/a CLM Center for Life Management and its Affiliates and the Center for Life Management Foundation. All intercompany transactions have been eliminated in consolidation.

Note 2. Basis of accounting and summary of significant accounting policies

Basis of accounting

The financial statements are prepared on the accrual basis of accounting. Under this basis, revenues, other than contributions, and expenses are reported when incurred, without regard to date of receipt or payment of cash. Contributions are reported in accordance with FASB Accounting Standards Codification (“ASC”) *Accounting for Contributions Received and Contributions Made*.

Basis of presentation

The Organization’s financial statement presentation is required by the Not-for-Profit *Presentation of Financial Statements* topic of the FASB ASC. The Organization is required to report information regarding its financial position and activities according to the following three classifications of net assets based on the existence or absence of donor-imposed restrictions.

Unrestricted net assets – Net assets that are not subject to donor-imposed restrictions.

Temporarily restricted net assets – Net assets subject to donor-imposed restrictions that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions.

Permanently restricted net assets – Net assets subject to donor-imposed restrictions that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

Note 2. Basis of accounting and summary of significant accounting policies (continued)

At June 30, 2016 and 2015, the Organization had no temporarily or permanently restricted net assets.

General

The significant accounting policies of the Organization are presented to assist in understanding the Organization's financial statements. The financial statements and the notes are representations of the Organization's management. The Organization is responsible for the integrity and objectivity of the financial statements.

Use of estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

Cash and cash equivalents

The Organization considers all highly liquid investments purchased with an original maturity of three months or less to be cash and cash equivalents. Cash equivalents include savings, money market accounts, and certificates of deposits.

Accounts receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management writes off accounts when they are deemed uncollectible and establishes an allowance for doubtful accounts for estimated uncollectible amounts. The Organization had an allowance for doubtful accounts of \$271,488 and \$328,278 as of June 30, 2016 and 2015, respectively. Refer to Note 4 for additional discussion of accounts receivable.

Property

Property is recorded at cost, except for donated assets which are recorded at estimated fair value at the date of donation. Depreciation is computed on the straight line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	15 – 40 years
Automobiles	3 – 15 years
Equipment	5 – 7 years

All equipment valued at \$500 or more is capitalized. Expenditures for repairs and maintenance are expensed when incurred and betterments are capitalized. Assets sold or otherwise disposed of are removed from the accounts, along with the related accumulated depreciation, and any gain or loss is recognized.

Depreciation expense was \$236,342 and \$210,671 for the years ended June 30, 2016 and 2015, respectively.

Vacation pay and fringe benefits

Vacation pay is accrued and charged to programs when earned by the employee. Fringe benefits are allocated to the appropriate program expense based on the percentage of actual time spent on programs.

Fair value measurements and financial instruments

The Company adopted FASB ASC 820, Fair Value Measurements and Disclosures, for assets and liabilities measured at fair value on a recurring basis. The codification established a common definition for fair value to be applied to existing generally accepted accounting principles that requires the use of fair value measurements, establishes a framework for measuring fair value, and expands disclosure about such fair value measurements.

FASB ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Additionally, FASB ASC 820 requires the use of valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. These inputs are prioritized as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

The Organization's financial instruments consist primarily of cash, accounts receivables, accounts payable and accrued expenses. The carrying amount of the Organization's financial instruments approximates their fair value due to the short-term nature of such instruments. The carrying value of long-term debt approximates fair value due to their bearing interest at rates that approximate current market rates for notes with similar maturities and credit quality.

The Organizations interest rate swap agreements are classified as level 2 in the hierarchy, as all significant inputs to the fair value measurement are directly observable, such as the underlying interest rate assumptions.

Contributions

Contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence or nature of any donor restrictions.

Note 2. Basis of accounting and summary of significant accounting policies (continued)

All donor-restricted contributions received are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of support, revenues, and expenses as net assets released from restrictions.

Restricted contributions that meet the restriction in the same reporting period are reported as increases in unrestricted net assets.

Third-party contractual arrangements

A significant portion of revenue is derived from services to patients insured by third-party payers. Reimbursements from Medicare, Medicaid, and other commercial payers are at defined service rates for services rendered to patients covered by these programs are received. The difference between the established billing rates and the actual rate of reimbursement is recorded as an allowance when received. A provision for estimated contractual allowances is provided on outstanding patient receivables at the statement of financial position date.

Interest rate swap

The Organization uses an interest rate swap to effectively convert the variable rate on its State Authority Bond to a fixed rate, as described in Note 10. The change in the fair value of the swap agreement and the payments to or receipts from the counterparty to the swap are netted with the interest expense on the bonds. Cash flows from interest rate swap contracts are classified as a financing activity on the statement of cash flows.

Advertising expenses

The Organization expenses advertising costs as they are incurred.

Expense allocation

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income taxes

The Agency is a non-profit organization exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Agency has also been classified as an entity that is not a private foundation within the meaning of 509(a) and qualifies for deductible contributions.

The Foundation is a non-profit organization exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. It is an organization that is organized and operated exclusively for the benefit of the Agency.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statements of financial position as of February 29, 2016 and February 28, 2015, and the related statements of cash flows for the years then ended and the statements of activities and functional expenses and the related notes to the financial statements for the year ended February 29, 2016.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Program Belknap-Merrimack Counties, Inc. as of February 29, 2016 and February 28, 2015, and its cash flows for the years then ended, and the changes in its net assets for the year ended February 29, 2016 in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Community Action Program Belknap-Merrimack Counties, Inc.'s 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 2, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2016, on our consideration of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

COMMUNITY ACTION PROGRAM BELKNAP – MERRIMACK COUNTIES, INC.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED FEBRUARY 29, 2016**

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Community Action Program Belknap – Merrimack Counties, Inc. (the Organization) is a New Hampshire nonprofit organization that serves nutritional, health, living and support needs of the low income and elderly clients in the two county service areas, as well as state wide. These services are provided with the financial support of various federal, state, county and local organizations.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) of the United States.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the FASB in its Accounting Standard Codification No. 958 *Financial Statements of Not-For-Profit Organizations*. Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The classes of net assets are determined by the presence or absence of donor restrictions. As of February 29, 2016 the Organization had no permanently restricted net assets and had temporarily restricted net assets of \$616,264.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended February 28, 2015, from which the summarized information was derived.

Income Taxes

Community Action Program Belknap – Merrimack Counties, Inc. is organized as a nonprofit corporation and is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Internal Revenue Service has determined them to be other than a private foundation.

Community Action Program Belknap – Merrimack Counties, Inc. files information returns in the United States and the State of New Hampshire. Community Action Program Belknap – Merrimack Counties, Inc. is no longer subject to examinations by tax authorities for years before 2012.

Accounting Standard Codification No. 740 (ASC 740), *Accounting for Income Taxes*, established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. The Organization has analyzed

its tax position taken on its information returns for the years (2012 through 2015), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

Property

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 7 years

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents. The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support, depending on the nature of the restriction. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$906,423 in donated facilities, services and supplies for the year ended February 29, 2016 as follows:

The Organization receives contributed professional services that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these services was determined to be \$511,159 for the year ended February 29, 2016.

The Organization also receives contributed food commodities and other goods that are required to be recorded in accordance with FASB ASC No. 958. The estimated fair value of these food commodities and goods was determined to be \$390,584 for the year ended February 29, 2016.

The Agency pays below-market rent for the use of certain facilities. In accordance with generally accepted accounting principles, the difference between amounts paid for the use of the facilities and the fair market value of the rental space has been recorded as an in-kind donation and as an in-kind expense in the accompanying financial statements. The estimated fair value of the donation was determined to be \$4,680 for the year ended February 29, 2016.

Advertising

The Organization expenses advertising costs as they are incurred. Total advertising costs for the year ended February 29, 2016 amounted to \$24,277.

2. ACCOUNTS RECEIVABLE

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at February 29, 2016. The Organization has no policy for charging interest on overdue accounts.

3. REFUNDABLE ADVANCES

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are performed or incurred. Funds received in advance of grantor conditions being met aggregated \$1,122,035 as of February 29, 2016.

4. RETIREMENT PLAN

The Organization has a qualified contributory pension plan which covers substantially all employees. The cost of the plan is charged to programs administered by the Organization. The expense of the plan for the year ended February 29, 2016 totaled \$258,117.

5. LEASED FACILITIES

Facilities occupied by the Organization for its community service programs are leased under various operating leases. The lease terms range from month to month to every two years. For the year ended February 29, 2016, the annual lease expense for the leased facilities was \$455,024.

The approximate future minimum lease payments on the above leases are as follows:

<u>Year Ended February 28</u>	<u>Amount</u>

2018	16,631
2019	<u>4,923</u>

The line calls for monthly variable interest payments based on the Wall Street Journal Prime Rate (3.25% for the year ended February 29, 2016) plus 1%, but not less than 6% per annum. The line is secured by all the Organization's assets. There was no outstanding balance on the line at February 29, 2016.

8. **LONG TERM DEBT**

Long term debt consisted of the following as of February 29, 2016:

Interest is stated at 1% above the prime rate as published by the Wall Street Journal, which resulted in an interest rate of 4.25% at February 29, 2016. The note is secured by a first real estate mortgage and assignment of rents and leases on property located in Concord, New Hampshire for Early Head Start. 359,440

Property and equipment, net	<u>\$ 3,736,694</u>

Depreciation expense for the year ended February 29, 2016 was \$314,017.

10. **CONTINGENCIES**

The Organization receives grant funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this

contingency because specific amounts, if any, have not been determined or assessed as of February 29, 2016. Monitoring has not indicated any discrepancies.

11. CONCENTRATION OF RISK

For the year ended February 29, 2016, approximately \$10,100,000 (46%) of the Organization's total revenue was received from the Department of Health and Human Services. The future scale and nature of the Organization is dependent upon continued support from this department.

The Organization maintains its cash accounts in several financial institutions in southern New Hampshire. At February 29, 2016, the balances were insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Effective July 1, 2010, one of the financial institutions agreed to collateralize all deposits with them in excess of the FDIC limit. Another financial institution agreed to collateralize the Organization's sweep repurchase account up to 110% of the account balance with US Government Agencies. At February 29, 2016, there were no deposits in excess of the uninsured limits.

14. RECLASSIFICATION

Certain amounts and accounts from the prior year financial statements have been reclassified to enhance the comparability with the presentation of the current year.

15. FAIR VALUE OF FINANCIAL INSTRUMENTS

Community Action Program Belknap-Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$72,306 at February 29, 2016.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 29, 2016, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

Beginning balance – mutual funds	\$ 70,897
Total gains (losses) - realized /unrealized	(2,153)
Purchases	<u>3,562</u>
Ending Balance – mutual funds	<u>\$ 72,306</u>

The carrying amount of cash, current assets, other assets and current liabilities, approximates fair value because of the short maturity of those instruments.

16. FISCAL AGENT

Community Action Program Belknap-Merrimack Counties, Inc. acts as the fiscal agent for the following community organizations: Franklin Community Services Building (Franklin), the Common Pantry (Laconia), the Caring Fund (Meredith), the NH Food Pantry Coalition, the NH Rotary Food Challenge and FGP/SCP Association Region 1. The Agency provides the management and oversight of the revenues received (donations) and the expenses (utilities, food and emergency services).

17. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before the financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through October 25, 2016, the date the financial statements were available to be issued.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statement of financial position as of February 29, 2016, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 25, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Community Action Program Belknap-Merrimack Counties, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Program Belknap-Merrimack Counties, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors
Community Action Program Belknep-Merrimack Counties, Inc.
Concord, New Hampshire

Report on Compliance for Each Major Federal Program

We have audited Community Action Program Belknep-Merrimack Counties, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Program Belknep-Merrimack Counties, Inc.'s major federal programs for the year ended February 29, 2016. Community Action Program Belknep-Merrimack Counties, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Community Action Program Belknep-Merrimack Counties, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Community Action Program Belknep-Merrimack Counties, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Community Action Program Belknep-Merrimack Counties, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Community Action Program Belknep-Merrimack Counties, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 29, 2016.

Report on Internal Control Over Compliance

Management of Community Action Program Belknap-Merrimack Counties, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
