EXPLANATION

The purpose of this request is to provide New Hampshire Hospital with inspection, testing, preventative and corrective maintenance services for the Life Safety Systems equipment in the Acute Psychiatric Services building.

New Hampshire Hospital has several Life Safety Systems which include the following: smoke detectors, heat detectors, audio/visual devices, door magnets, fire alarm systems, Nurse Call systems and security and duress alarm systems. These systems require regular inspection, testing and maintenance to assure they are in proper working order in the event of emergency situations.

A Request for Proposals for Life Safety Systems Testing and Maintenance services was posted on the New Hampshire Department of Health and Human Services website from April 29, 2014 through May 27, 2014. In addition, two (2) Requests for Proposals were emailed to known vendors who provide

this service. Two (2) proposals were received in response to the Request for Proposals, and both vendors participated in a non-mandatory walk-through on May 12, 2014.

A team of four (4) reviewers from New Hampshire Hospital evaluated and scored the proposals according to the criteria as defined in the Request for Proposals. This team consisted of New Hampshire Hospital's Life Safety Shop Manager, Health Care Safety Officer, and Business Administrator and the New Hampshire Department of Health and Human Services Administrator with the Office of Improvement and Integrity who together brought many years of experience in life safety systems, finance and familiarity with evaluating proposals. Points were awarded based on each bidder's competitive cost structure and on each bidder's technical proposal. Norris, Inc. met all requirements of the Request for Proposals, scored the highest number of points, was the lowest bidder and was awarded the contract for the provision of these services. In providing these Life Safety Systems services, Norris, Inc. has met the satisfaction of New Hampshire Hospital. Please find a copy of the scoring summary sheet attached.

Should Governor and Executive Council determine not to approve this request, patient care at New Hampshire Hospital could be compromised. New Hampshire Hospital employees would not be alerted when a patient was in distress if the Nurse Call System failed, and employees would not be able to ensure the safety and welfare of the patients in the event of various emergencies addressed by the Life Safety Systems equipment.

- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.
