DEPARTMENT OF ENVIRONMENTAL SERVICES

April 29, 2015

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Environmental Services to amend an Asset Management and Financial Planning grant (PO# 9005136) to the City of Dover, (VC# 177380-B001), Dover, NH by extending the completion date to December 31, 2015 from May 31, 2015, effective upon Governor and Council approval. No additional funding is involved in this time extension. The original grant was approved by Governor and Council on September 3, 2014, Item #90. 100% Federal Funds.

EXPLANATION

We are requesting approval of this no cost time extension to the grant agreement in order to provide the City of Dover additional time in which to complete the agreed upon scope of services. The City of Dover is using the grant funds to develop and prepare an asset inventory and condition assessment, optimized operations and maintenance plan, and financial and communications plan for their water system.

The City did not obtain authorization to hire a contractor to complete the work until December of 2014. Due to the significant amount of snow cover along with the frigid conditions this winter certain tasks such as, hydrant flow testing and evaluation of water mains, could not be completed. Therefore, the entire project was delayed and that is the reason for the extension. To date, no grant funds have been disbursed to the City.

We respectfully request your approval.

Thomas S. Burack
Commissioner

ITEM # 90

REQUESTED ACTION

Authorize the Department of Environmental Services to award an Asset Management grant to the City of Dover, (VC #177380-B001), Dover, NH in the amount of \$15,000 to improve public water system management, effective upon Governor and Council approval through May 31, 2015. 100% Federal Funds.

Funding is available in the account as follows.

EXPLANATION

The Department of Environmental Services issued a request for proposals for 2013/2014 Asset Management and Financial Planning Grants. These grants are funded by set-asides under the Drinking Water State Revolving Loan Fund. They can be used to develop and implement asset management plans for public water systems. Twenty one proposals were received, then evaluated and ranked based on criteria included in the request for proposals, such as whether the project completes a condition assessment on all assets, that a financial plan is developed and addresses investment priorities, and that the plan is communicated to customers and decision-makers. Based on the available federal funding, the Department determined that it could offer grants to thirteen of the twenty one applicants. See attachment A for the project rankings and list of reviewers.

The City of Dover will use the grant funds for asset management planning for the City's drinking water system.

In the event that federal funds no longer become available, general funds will not be requested to support this program. This agreement has been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval.
