July 19, 2013

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, NH 03301

REQUESTED ACTION

Authorize the New Hampshire Fish and Game Department (NH FGD) to enter into a Transfer Agreement with the Sector Management of the Northeast Fishery Sectors XI and XII for the transfer of Annual Catch Entitlement (ACE) of groundfish from federal fisheries permits residing in the New Hampshire State Permit Bank (NHSPB) from date of Governor and Council approval through April 30, 2014.

EXPLANATION

The goal of the NHSPB program is twofold: 1) provide short-term economic assistance to small commercial fishing vessels operating from rural NH ports, and 2) potentially providing future access to rebuilt stocks for NH's commercial fishing industry and associated coastal communities. The NHSPB was able to purchase four federal fishing permits in 2012 with funds provided by NOAA Fisheries (NMFS) with allocated groundfish ACE that can be transferred and used by the two New Hampshire commercial fishing sectors. The ACE of a federal fisheries permit/vessel is calculated based on the groundfish landings history attached to each permit. The ACE relating to the four permits can be transferred and applied to a sector's total shared ACE, which is the amount (weight) of each groundfish stock that can be harvested by a fishing sector within a fishing year.

The NH FGD and the Sector Management of the two New Hampshire fishing sectors have developed and signed a Transfer Agreement (Attachment 1) that establishes the terms and conditions of ACE transfer from the NHSPB to the two New Hampshire fishing sectors, which are managed by one Sector Board and manager.

Page 2

NH FGD will continue to work closely with the New Hampshire Fishing Sector Management to support New Hampshire's traditional and important fishing industry while supporting conservation management decisions to maintain sustainable fisheries. The fishing privileges and ACE attached to the permits that reside with the NHSPB will be equally distributed annually to commercial fishing vessels in New Hampshire groundfish sectors that meet the requirements defined in the MOA jointly signed by NHFG and NOAA (Attachment 2). The statement of work is outlined Attachment 3.

Respectfully submitted,

Glenn Normandeau
Executive Director

Kathy Ann LaBonte
Chief Business Division

TRANSFER AGREEMENT

Between

New Hampshire Fish and Game Department

And

The Northeast Fishery Sector XI

And

The Northeast Fishery Sector XII

For The

Transfer of Annual Catch Entitlement

From the State of New Hampshire Permit Bank

April 2013

I. Parties to the Agreement

This document constitutes an agreement between the New Hampshire Fish and Game Department (NH FGD) and XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. (Attachment A). This agreement shall be referred to herein as the Agreement.

The NH FGD was established to act as stewards of the fish, wildlife and marine resources of the State of New Hampshire, to protect, propagate, and preserve the fish, game and wildlife resources of the State, and to adopt rules for the adequate and effective control, management, restoration, conservation and regulation of the fish, game, bird and wildlife resources of the State, and the regulation and promotion of both recreational and commercial marine fishing in the salt waters of the State.

XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. were organized pursuant to Amendment 16 to the Northeast Multispecies Fishery Management Plan and regulations promulgated by the National Oceanic and Atmospheric Administration Fisheries Service (NMFS). A Sector is a group of persons holding limited access multispecies vessel permits that form self-selecting voluntary sectors for fishery management. As a condition to forming a sector under Amendment 16, the persons wishing to do so must enter into a binding agreement and abide by the Sector operations plan.

See Attachment B for identification of contact representatives for each party.

II. References and Authorities

- 1) N.H. Rev. Stat. Ann. 206:23-a, which states the executive director, with the consent of the commission, shall have the power and authority to enter into agreements with individuals, partnerships, and corporations, whether resident or nonresident, for the purpose of implementing fishways or fish ladders and any other matters relative to the protection, propagation, and preservation of fish, game, and fur-bearing animals of this state.

III. Purpose

New Hampshire's State Permit Bank (NHSPB) allocates Annual Catch Entitlements (ACE) based on purchased federal fishing vessel permits, under the terms and conditions of the applicable Federal grant agreements and memoranda of agreement established between the State of New Hampshire and National Marine Fisheries Service, for the purpose of enhancing the fishing opportunities available to sector members by:

- Providing options to fishermen with little access to capital;
- Helping fishermen to improve cooperation and operating efficiencies;
- Maintaining small-boat enterprises through the combination of a variety of permit attributes (e.g., DAS, PSC) to meet the needs of fishermen and fishing communities for access to fishery resources;

- Helping fishing communities achieve stable access to local fishery resources for local fishermen.
- Securing continued access to fishery resources for local, small-scale fishermen from small fishing communities throughout New Hampshire;
- Creating and protecting sustainable local fisheries;
- Supplementing existing access rights held by fishermen in small New Hampshire communities; and
- Mitigating the effects of fishing effort consolidation on small-scale fishermen and rural fishing communities in New Hampshire.

This Transfer Agreement establishes the terms and conditions of transfers of ACE to XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc.

IV. Definitions

Annual Catch Entitlement (ACE) means the amount (weight) of each stock that can be harvested by a sector that fishing year. The ACE is derived as the share of the annual total allowable catch (TAC) for a stock that is allocated to a sector, calculated based on the landings history attached to each permit that joins a sector in a given year, multiplied by the available catch. The ACE may be adjusted, if necessary, due to prior overages and/or penalties.

Common Pool means the collection of vessels whose owners did not join a sector, and will fish under the constraints of the DAS system and any other regulations imposed for non-sector vessels.

Days-at-Sea (DAS) are the total days, including steaming time, that a boat spends at sea to fish. Amendment 13 to the Northeast Multispecies FMP categorized DAS for the multispecies fishery into three categories, based on each individual vessel's fishing history during fishing years 1996 through 2001. The three categories are: Category A, which can be used to target any groundfish stock; Category B, which can only be used to target healthy stocks; and Category C, which cannot be used until some point in the future. Category B DAS are further divided equally into Category B-regular and Category B-reserve.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance that provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Potential sector contribution (PSC) means an individual fishing vessel permit's share (proportion) of the annual catch limit for each stock, based upon the fishing history associated with each permit.

Sector means a group of persons (three or more persons, none of whom have an ownership interest in the vessels owned or permits held by the other two persons in the sector) holding limited access vessel permits who have voluntarily entered into a contract and agree to certain fishing restrictions for a specified period of time, and which has been granted a TAC in order to achieve objectives consistent with applicable FMP goals and objectives. For the purposes of this Agreement, a Sector is one of the qualifying groups identified in 50 CFR 648.87.

Sub Annual Catch Entitlement (Sub ACL) means smaller portions of the overall ACL for a stock attributed to specific fisheries. The ACL for each groundfish stock is broken into three sub-ACLs: State; Groundfish; and Other. The State sub-ACL accounts for catch in state waters by state-permitted fisheries. The Groundfish sub-ACL accounts for all catch under the Northeast Multispecies FMP (including recreational catch by recreational vessels and commercial catch by sector vessels and common pool vessels). The Other sub-ACL accounts for assorted catch not otherwise accounted for, such as bycatch in exempted fisheries. The Groundfish sub-ACL is further broken into at least two sub-components, Common Pool and Sector, and may also include a Recreational sub-component. Sub-components are further divisions of a sub-ACL that are not considered ACL's.

V. Terms and Conditions

1. The State of New Hampshire, acting through its Fish and Game Department, agrees to transfer to XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. the ACE held by the NHSPB based on the federal fishing vessel permits acquired by NH FGD. Said transfers shall be effective contingent upon NMFS's approval of the allocation proposal pursuant to paragraph 4, below, and shall expire on April 30, 2014.
2. The utilization of the transferred ACE from a NHSPB fishing vessel permit(s) by XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. does not imply any permanent transfer or sale, nor that the NH FGD will provide or surrender any of the rights and privileges associated with the permit.
3. In addition to the specific terms and conditions described herein, XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. warrants each individual sector member shall fish in a responsible and sustainable manner and shall fully comply with all applicable Federal and State laws and regulations, and specifically those concerning the NHSPB.
4. As a prerequisite for the transfer of the ACE, and at least 45 days prior to the transfer, the Sector Manager shall submit to the NH FGD contact representative (Attachment B) a proposal describing how each sector plans to allocate the ACE from the NHSPB to qualified fishing vessel owners and/or the Sector and how the allocation is consistent with the Memorandum of Agreement between NH FGD and NOAA's National Marine Fisheries Service. Any changes to the allocation proposal must be made in writing and submitted to NH FGD prior to implementing the revised allocation plan.
5. XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. warrants that at least 75% of the vessels enrolled in each Sector are based principally in New Hampshire (Attachment C). XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc.

further warrants that at least 75 percent of the fishing vessels enrolled in the Sector, and the owners of said vessels, individually

- a. Own and materially participate in the operation of a fishing vessel permitted to fish in the Federal limited access Northeast multispecies fishery that is not more than 45 feet in registered length overall, according to the vessel baseline specifications as documented in the NMFS vessel permit database at the time allocation proposal is submitted;
- b. Have, for the current fishing year and at least the preceding 3 fishing years, no record of substantial Federal permit sanctions or major violations of any Federal fishing regulations;
- c. Reside in, and/or operate their fishing vessels from, a New Hampshire town or city with a population of no more than 30,000 residents.

6. The Sector Manager hereby identifies the specific active fishing vessels enrolled in the Sector that are intended to utilize the transferred ACE (Attachment D).

7. XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. shall not sub-transfer the ACE initially provided to each Sector vessel from the NHSPB, with the following exception: Sub-transferring of ACE received from the NHSPB can only occur between XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. and may only occur in the last 2 weeks of the fishing year for which the initial transaction was processed, or in the first 2 weeks of the subsequent fishing year.

8. On or before March 1 of each Northeast multispecies fishing year (May 1-April 30), the Sector Manager shall submit to the NH FGD contact representative (Attachment B) a written declaration for each Federal fishing vessel permit subject to the terms and conditions of this Agreement identifying whether the fishing access rights associated with that permit are to be used in the coming fishing year. Such declaration shall be binding for the duration of the coming fishing year.

9. Changes to either party's contact representative (Attachment B), or contact information for that representative, shall be made by written notification to each party within 30 days of the change.

10. The XI Northeast Fishery Sector Inc., and XII Northeast Fishery Sector Inc., agree to jointly and severally indemnify, defend and hold the NH FGD harmless from and against any third party claims, damages, fines, penalties and liabilities of any kind whatsoever asserted against the NH FGD in connection with the Sector's Board, Manager's, or Members' actions under this Agreement.

11. Upon dissolution of the NHSPB or termination of this Agreement by either NH FGD, or XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc., the NMFS Regional Administrator, Northeast Region, may suspend, cancel, fail to renew, modify, or otherwise rescind any Federal fishing vessel permit, including the rights thereto, obtained by the NHSPB using a Federal grant award for the purposes of the NHSPB, provided, however, that any ACE transferred to a Sector, by the NHSPB prior to the effective date of such

termination shall not be affected by such termination for the duration of the fishing year for which the transaction was made.

VI. Period of Performance

This Agreement shall be effective on the date it is signed by all parties and shall terminate on April 30, 2014.

VII. Funding, Payments, and Program Revenue

There will be no exchange of funds between the parties unless otherwise agreed in a separate agreement. Each party shall arrange for appropriate funding necessary to discharge its respective responsibilities under this agreement.

The ability of each party to carry out its responsibilities under this Agreement is subject to each party's respective funding procedures and the availability of appropriated funds. Should either party encounter budgetary problems in the course of its respective internal procedures that may affect the activities to be carried out under this Agreement, that party will notify and consult with the other party within 45 days.

All revenue generated through the operation of the Permit Bank, either through the leasing of DAS or transferring of ACE, or through other means, shall be considered as program income, as defined in Department of Commerce regulations at 15 CFR 24.25, and shall be retained by NH FGD and used to offset costs incurred by NH FGD in the operation and administration of the Permit Bank program, consistent with the terms of Department of Commerce regulations at 15 CFR 24.25. Any unexpended program income remaining at the end of the agreement period shall remain with NH FGD to be used by it for purposes not inconsistent with this Agreement.

VIII. Performance Reports

The Sector Manager shall prepare, and submit to the NH FGD contact representative, two reports regarding the NHSPB transactions between XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. Such reports shall be due to NH FGD on June 15, 2014, and shall include, at a minimum, the following information:

- a. For each Permit Bank transaction in the preceding fishing year for each Sector:
 - 1) The Federal permit number of the permit held by the NHSPB and whether the fishing access rights associated with the permit were used for (1) DAS leasing or (2) ACE transfers;
 - 2) The number of DAS leased or amount of ACE transferred (by stock);
 - 3) The federal fishing vessel permit number(s) of the fishing vessel(s) that received either the DAS lease or ACE transfer associated with the NHSPB's permit(s);
 - 4) For ACE transfers or sub-transfers to a Sector, the name of the Sector and a copy of the transfer agreement with that Sector;

- 5) The price paid, if any, by the Sector for the transaction (by DAS or, for ACE, by stock);
 - 6) The effective date of the transaction.
- b. Summary information for the preceding fishing year, including:
- 1) The total number of transactions;
 - 2) The total number of DAS leased;
 - 3) The total amount of ACE transferred, by stock;
 - 4) The number of unique vessels receiving the transactions;
 - 5) The total program income generated by NHSPB from the DAS leases and ACE transfers; and
- c. An evaluation of the impact of the Permit Bank program, including:
- 1) The degree to which the operation of the NHSPB achieved the purposes and objectives of the NHSPB identified in section III above;
 - 2) Issues, concerns, or problems related to the operation of the NHSPB; and
 - 3) Suggestions/recommendations to improve the operation of the NHSPB to more fully achieve the purposes and objectives.

IX. Enforcement

NH FGD shall be authorized to take appropriate actions if XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc., as recipients, fails to meet its obligations under the terms and conditions of this Agreement.

X. Amendments and Review

This Agreement may only be amended in writing signed by NH FGD, XI Northeast Fishery Sector Inc., XII Northeast Fishery Sector Inc., and Office of the NH Attorney General.

XI. Other Provisions

This Agreement shall be construed to be consistent with the Magnuson-Stevens Act and other applicable Federal laws and regulations promulgated thereunder.

Nothing herein is intended to conflict with the Agreement between NH FGD, XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc., or NH FGD directives. If the terms of this Agreement are inconsistent with existing directives of the organizations entering into this Agreement, then those portions of this Agreement that are determined to be inconsistent shall be invalid, but the remaining terms and conditions not affected by the inconsistency shall remain in full force and effect. Should such an inconsistency be identified, the parties shall, at the first opportunity, amend this Agreement consistent with section X above.

Should disagreements arise on the interpretation of the provisions of this Agreement, or any amendment and/or revisions thereto, that cannot be resolved at the operating level, the area(s) of disagreement shall be stated in writing by each party and presented to the other party for consideration. If agreement on interpretation is not reached within 30 days of the latest presentation of a party's position, the parties shall forward the written presentation of the disagreement to respective higher officials for appropriate resolution.

The terms and conditions described in this Agreement regarding the operation of the NHSPB, particularly as to the qualifying criteria of individual fishing vessels, vessel owners, and Sectors for access to the DAS and/or ACE held by the Permit Bank, are intended to serve as minimum criteria. NH FGD may decide to impose more restrictive criteria, or additional requirements, on potential participants, but will consult with XI Northeast Fishery Sector Inc. and XII Northeast Fishery Sector Inc. Sector Management (Attachment A) prior to imposing such additional restrictions.

XII. Terms of the Agreement

The terms of this agreement shall become effective upon the signature of all the approving officials of the respective organizations entering into this agreement.

The terms of this agreement shall remain in effect until terminated by: Mutual agreement, in writing; or the ending date of the period of performance, whichever shall occur first.

For the purposes of this Agreement, all Federal fishing vessel permits obtained by the State of New Hampshire for the purpose of operating the NHSPB shall be considered "intangible property" under the terms of 15 CFR 24.34(b). Accordingly, such permits shall be used for the originally authorized purpose as long as needed for that purpose (determined as the period of effectiveness of this Agreement) and the State of New Hampshire, or its agents, shall not dispose of or encumber its title or other interests. When no longer needed for the originally intended purpose, and upon mutual agreement by all parties, disposition of such permits shall be made as provided in 15 CFR 24.32(e).
